Item 1.01 Entry into a Material Definitive Agreement.

On June 13, 2005, the Company issued the press release attached hereto as Exhibit 99.5 announcing that it had obtained amendments to its senior credit facility. The amendments provide, among other things, for waivers of existing covenant defaults, relaxed EBITDA and leverage ratio covenants for fiscal 2006, an increase in the interest rate under the facility and an extension for three years of the Company's obligation to pay fees to the lenders upon a refinancing of the credit facility debt, as well as an expansion of the circumstances in which such fees are payable upon asset sales. The amendments are contained in the document filed with this report as Exhibit 99.1.

In a separate press release issued on June 13, 2005, attached hereto as Exhibit 99.6, the Company announced that it had reached agreement with the Pension Benefit Guaranty Corporation ("PBGC") regarding security acceptable to the PBGC for the temporary waiver of approximately \$50 million in unfunded pension liabilities for plan years 2003 and 2004. The security arrangement was a condition of the November 17, 2004 letters from the Internal Revenue Service granting the Company's requests for temporary waivers for the affected plan years.

Under the terms of the agreement, the approximately \$50 million of unfunded liabilities are secured by a second lien on the Company's domestic personal property, including stock of its U.S. and direct foreign subsidiaries. The security and pledge agreements with the PBGC and the intercreditor agreement among the Company, the administrative agent under the senior credit facility, the trustee for the Company's two series of notes and the PBGC are attached as Exhibits 99.2, 99.3 and 99.4.
