Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F:  Form 20-F  Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934:  Yes  No

If "Yes" is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): n/a

## Edgar Filing: Mechel OAO - Form 6-K

### MECHEL ANNOUNCES RECORD RESULTS AT POSIET PORT

Moscow, Russia – September 8, 2011 – Mechel OAO (NYSE: MTL), one of the leading Russian mining and metals companies, announces record coal transshipment results achieved by Trade Port Posiet OAO in August.

In August, Trade Port Posiet OAO loaded 26 cargo ships with a total of 509,000 tonnes of coal products, which is the best monthly result in the port's history. The record was achieved due to improvements in the port's technical support made within the framework of the large-scale modernization program scheduled to be completed by the end of 2012. By now, the port's drainage runs, crane runways and railway tracks had already been lengthened, which enabled the company to admit simultaneously three ships to loading berths. The port commissioned additional equipment, including two hydraulic grab loaders produced by Terex Fuchs and Liebherr Group of Germany, a portal loader produced by Finnish-based Mantsinen Group, and a mobile stacker produced by British-based Telestack. Mecheltrans Management OOO's Chief Executive Officer Alexander Starodubov commented on the record achievement: "This result became possible thanks to the improvement of the port's technical facilities, implementation of new ways of wagon supply, increase of the daily norm for wagon admission to the port, as well as the well-coordinated efforts of Mechel's entire transport division. Port Posiet thus achieved a new level in transshipment of coal, which is particularly important as the enterprise ensures access for Mechel OAO's products to key Pacific Asian markets."

As part of the modernization program, Trade Port Posiet OAO is currently undergoing technical re-equipment and expansion of the port's infrastructure, aimed at increasing the port's annual coal transshipment capacity to 9 million tonnes. Investment in Port Posiet coal complex's technical modernization will amount to some 73 million dollars.
