Form 10-Q
November 14, 2017

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549**

FORM 10-Q

Quarterly Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended September 30, 2017

Transition Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from _____ to _____

Commission File Number: **000-19202**

ChoiceOne Financial Services, Inc.
(Exact Name of Registrant as Specified in its Charter)

Michigan **38-2659066**
(State or Other Jurisdiction of (I.R.S. Employer Identification No.)
Incorporation or Organization)

109 East Division
Sparta, Michigan **49345**
(Address of Principal Executive Offices) (Zip Code)

(616) 887-7366
(Registrant's Telephone Number, including Area Code)

Indicate by checkmark whether the Registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of “large accelerated filer,” “accelerated filer,” and “smaller reporting company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer

Non-accelerated filer Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. Yes No

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes
No

As of October 31, 2017, the Registrant had outstanding 3,451,987 shares of common stock.

ChoiceOne Financial Services, Inc.

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include ChoiceOne Financial Services, Inc. (“ChoiceOne”) and its wholly-owned subsidiary, ChoiceOne Bank (the “Bank”), and the Bank’s wholly-owned subsidiary, ChoiceOne Insurance Agencies, Inc. Intercompany transactions and balances have been eliminated in consolidation.

The unaudited condensed financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the company believes that the disclosures made are adequate to make the information not misleading.

The accompanying consolidated financial statements reflect all adjustments ordinary in nature which are, in the opinion of management, necessary for a fair presentation of the Consolidated Balance Sheets as of September 30, 2017 and December 31, 2016, the Consolidated Statements of Income for the three- and nine-month periods ended September 30, 2017 and September 30, 2016, the Consolidated Statements of Comprehensive Income for the three- and nine-month periods ended September 30, 2017 and September 30, 2016, the Consolidated Statements of Changes in Shareholders’ Equity for the nine-month periods ended September 30, 2017 and September 30, 2016, and the Consolidated Statements of Cash Flows for the nine-month periods ended September 30, 2017 and September 30, 2016. Operating results for the nine months ended September 30, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017.

The accompanying consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in ChoiceOne’s Annual Report on Form 10-K for the year ended December 31, 2016.

Allowance for Loan Losses

The allowance for loan losses is maintained at a level believed adequate by management to absorb probable incurred losses inherent in the consolidated loan portfolio. Management’s evaluation of the adequacy of the allowance is an

estimate based on reviews of individual loans, assessments of the impact of current economic conditions on the portfolio and historical loss experience of seasoned loan portfolios. See Note 3 to the interim consolidated financial statements for additional information.

Management believes the accounting estimate related to the allowance for loan losses is a “critical accounting estimate” because (1) the estimate is highly susceptible to change from period to period because of assumptions concerning the changes in the types and volumes of the portfolios and economic conditions and (2) the impact of recognizing an impairment or loan loss could have a material effect on ChoiceOne’s reported assets and net income.

Stock Transactions

A total of 3,881 shares of common stock were issued to ChoiceOne’s Board of Directors for a cash price of \$89,000 under the terms of the Directors’ Stock Purchase Plan in the first nine months of 2017. A total of 1,000 shares of common stock were issued upon the exercise of stock options in the first three quarters of 2017. A total of 3,234 shares of common stock were issued to employees for a cash price of \$62,000 under the Employee Stock Purchase Plan in the first nine months of 2017. A total of 5,197 shares of common stock were issued to employees for Restricted Stock Units that vested during the first nine months of 2017.

Stock-Based Compensation

Effective July 1, 2013, ChoiceOne began granting Restricted Stock Units to a select group of employees under the Stock Incentive Plan of 2012. All of the Restricted Stock Units are initially unvested and vest in three annual installments on each of the next three anniversaries of the grant date. Certain additional vesting provisions apply. Each unit, once vested, is settled by delivery of one share of ChoiceOne common stock.

Comprehensive Income

Comprehensive income consists of net income and other comprehensive income or loss. Other comprehensive income or loss includes unrealized gains and losses on securities available for sale and changes in the funded status of post-retirement plans, net of tax, which are also recognized as a separate component of shareholders’ equity.

Revenue Recognition

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The ASU adopts a standardized approach for revenue recognition and was a joint effort with the International Accounting Standards Board (IASB). The new revenue recognition standard is based on a core principle of recognizing revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The ASU does not apply to financial instruments. The ASU is effective for public entities for reporting periods beginning after December 15, 2017 (therefore, for the year ending December 31, 2018 for the Corporation). Early implementation is not allowed for public companies. Management is completing an overall assessment of noninterest revenue streams and evaluating the expanded disclosure requirements.

Reclassifications

Certain amounts presented in prior periods have been reclassified to conform to the current presentation.

NOTE 2 - SECURITIES

The fair value of securities available for sale and the related gross unrealized gains and losses recognized in accumulated other comprehensive income (loss) were as follows:

(Dollars in thousands)	September 30, 2017			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
U.S. Government and federal agency	\$51,086	\$ 11	\$ (444)) \$50,653

Equity securities	2,617	266	—	2,883
Asset-backed securities	182	—	(4) 178
Total	\$175,451	\$ 1,079	\$ (2,142) \$174,388

ChoiceOne reviews its securities portfolio on a quarterly basis to determine whether unrealized losses are considered to be temporary or other-than-temporary. No other-than-temporary impairment charges were recorded in the nine months ended September 30, 2017. ChoiceOne believed that unrealized losses on securities were temporary in nature and were due to changes in interest rates and reduced market liquidity and not as a result of credit quality issues.

Presented below is a schedule of maturities of securities as of September 30, 2017, the fair value of securities as of September 30, 2017 and December 31, 2016, and the weighted average yields of securities as of September 30, 2017:

(Dollars in thousands)	Securities maturing within:				Fair Value at September 30, 2017	Fair Value at Dec. 31, 2016
	Less than	1 Year -	5 Years -	More than		
	1 Year	5 Years	10 Years	10 Years

The process to monitor the credit quality of ChoiceOne's loan portfolio includes tracking (1) the risk ratings of business loans, (2) the level of classified business loans, and (3) delinquent and nonperforming consumer loans. Business loans are risk rated on a scale of 1 to 8. A description of the characteristics of the ratings follows:

Risk ratings 1 and 2: These loans are considered pass credits. They exhibit good to exceptional credit risk and demonstrate the ability to repay the loan from normal business operations.

Risk rating 3: These loans are considered pass credits. They exhibit acceptable credit risk and demonstrate the ability to repay the loan from normal business operations.

Risk rating 4: These loans are considered pass credits. However, they have potential developing weaknesses that, if not corrected, may cause deterioration in the ability of the borrower to repay the loan. While a loss is possible for a loan with this rating, it is not anticipated.

Risk rating 5: These loans are considered special mention credits. Loans in this risk rating are considered to be inadequately protected by the net worth and debt service coverage of the borrower or of any pledged collateral. These loans have well defined weaknesses that may jeopardize the borrower's ability to repay the loan. If the weaknesses are not corrected, loss of principal and interest could be probable.

Risk rating 6: These loans are considered substandard credits. These loans have well defined weaknesses, the severity of which makes collection of principal and interest in full questionable. Loans in this category may be placed on nonaccrual status.

Risk rating 7: These loans are considered doubtful credits. Some loss of principal and interest has been determined to be probable. The estimate of the amount of loss could be affected by factors such as the borrower's ability to provide additional capital or collateral. Loans in this category are on nonaccrual status.

Risk rating 8: These loans are considered loss credits. They are considered uncollectible and will be charged off against the allowance for loan losses.

Information regarding the Bank's credit exposure is as follows:

There were no loans that were considered troubled debt restructurings ("TDRs") that were modified during the three- and nine-month periods ended September 30, 2017. The following schedule provides information on loans that were considered TDRs that were modified during the three- and nine-month periods ended September 30, 2016:

	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2016	
	Pre-Modification	Post-Modification	Pre-Modification	Post-Modification

Edgar Filing: CHOICEONE FINANCIAL SERVICES INC - Form 10-Q

(Dollars in thousands)	Outstanding		Outstanding		Outstanding	
	Number of Loans	Recorded Investment	Number of Loans	Recorded Investment	Number of Loans	Recorded Investment
Commercial Real estate	—	\$ —	1	\$ 113	—	\$ —
Residential Real Estate	—	\$ —	2	\$ 156	—	\$ —
Total	—	\$ —	3	\$ 269	—	\$ —

The pre-modification and post-modification outstanding recorded investment represents amounts as of the date of loan modification. If a difference exists between the pre-modification and post-modification outstanding recorded investment, it represents impairment recognized through the provision for loan losses computed based on a loan's post-modification present value of expected future cash flows discounted at the loan's original effective interest rate. If no difference exists, a loss is not expected to be incurred based on an assessment of the borrower's expected cash flows.

There were no TDRs as of September 30, 2017 where the borrower was past due with respect to principal and/or interest for 30 days or more during the three months and nine months ended September 30, 2017 that had been modified during the year prior to the default. The following schedule provides information on TDRs as of September 30, 2016 where the borrower was past due with respect to principal and/or interest for 30 days or more during the three months and nine months ended September 30, 2016 that had been modified during the year prior to the default:

(Dollars in thousands)	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2016	
	Number of Loans	Recorded Investment	Number of Loans	Recorded Investment
Commercial real estate	—	\$ —	1	\$ 113

Loans are classified as performing when they are current as to principal and interest payments or are past due on payments less than 90 days. Loans are classified as nonperforming when they are past due 90 days or more as to principal and interest payments or are considered a troubled debt restructuring.

Impaired loans by loan category as of September 30, 2017 and 2016 were as follows:

NOTE 4 - EARNINGS PER SHARE

Earnings per share are based on the weighted average number of shares outstanding during the period. A computation of basic earnings per share and diluted earnings per share follows:

(Dollars in thousands, except per share data)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
<u>Basic Earnings Per Share</u>				
Net income available to common shareholders	\$1,720	\$1,683	\$4,801	\$4,402
Weighted average common shares outstanding	3,452,278	3,439,633	3,448,341	3,455,141
Basic earnings per share	\$0.50	\$0.50	\$1.39	\$1.28
<u>Diluted Earnings Per Share</u>				
Net income available to common shareholders	\$1,720	\$1,683	\$4,801	\$4,402
Weighted average common shares outstanding	3,452,278	3,439,633	3,448,341	3,455,141
Plus dilutive stock options and restricted stock units	6,370	4,146	4,744	4,380
Weighted average common shares outstanding and potentially dilutive shares	3,458,648	3,443,780	3,453,085	3,459,520
Diluted earnings per share	\$0.50	\$0.50	\$1.39	\$1.28

Note that 2016 share amounts have been adjusted for the 5% stock dividend paid on May 31, 2017.

There were 31,500 stock options for the three months ended September 30, 2017 and 32,550 for the three months ended September 30, 2016 with an exercise price more than the average market price which have been excluded from the calculation of diluted earnings above.

NOTE 5 – FINANCIAL INSTRUMENTS

Federal Home Loan Bank advances	12,301	12,323	—	12,323	—
---------------------------------	--------	--------	---	--------	---

The estimated fair values approximate the carrying amounts for all financial instruments except those described later in this paragraph. The methodology for determining the estimated fair value for securities available for sale is described in Note 6. The estimated fair value for loans is based on the rates charged at September 30, 2017 and December 31, 2016 for new loans with similar maturities, applied until the loan is assumed to reprice or be paid. The allowance for loan losses is considered to be a reasonable estimate of discount for credit quality concerns. The estimated fair values for time deposits and Federal Home Loan Bank (“FHLB”) advances are based on the rates paid at September 30, 2017 and December 31, 2016 for new deposits or FHLB advances, applied until maturity. The estimated fair values for other financial instruments and off-balance sheet loan commitments are considered nominal.

NOTE 6 – FAIR VALUE MEASUREMENTS

The following tables present information about the Bank’s assets and liabilities measured at fair value on a recurring basis and the valuation techniques used by the Bank to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Bank has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Bank’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

There were no liabilities measured at fair value as of September 30, 2017 or December 31, 2016. Disclosures concerning assets measured at fair value are as follows:

Assets Measured at Fair Value on a Recurring Basis

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis

(Dollars in thousands)

	2017	2016
<u>Investment Securities, Available for Sale</u>		
Balance, January 1	\$15,103	\$11,799
Total realized and unrealized gains included in income	—	—
Total unrealized gains (losses) included in other comprehensive income	271	131
Net purchases, sales, calls, and maturities	(1,831)	2,598
Net transfers into Level 3	—	—
Balance, September 30	\$13,543	\$14,528

Of the Level 3 assets that were held by the Bank at September 30, 2017, the net unrealized gain for the nine months ended September 30, 2017 was \$271,000, which is recognized in other comprehensive income in the consolidated balance sheet. \$3.2 million of Level 3 securities were purchased during the first nine months of 2017, \$4.8 million of Level 3 securities matured or were called, and there were \$204,000 in principal paydowns in the same period. Of the Level 3 assets that were held by the Bank at September 30, 2016, the net unrealized gain for the nine months ended September 30, 2016 was \$131,000, which is recognized in other comprehensive income in the consolidated balance sheet. \$5.1 million of Level 3 securities were purchased during the first nine months of 2016, \$2.2 million of Level 3 securities matured or were called, and there were \$267,000 in principal payments in the same period.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 investment securities and liabilities. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Available for sale investment securities categorized as Level 3 assets primarily consist of bonds issued by local municipalities. The Bank estimates the fair value of these bonds based on the present value of expected future cash flows using management's best estimate of key assumptions, including forecasted interest yield and payment rates, credit quality and a discount rate commensurate with the current market and other risks involved.

The Bank also has assets that under certain conditions are subject to measurement at fair value on a non-recurring basis. These assets are not normally measured at fair value, but can be subject to fair value adjustments in certain circumstances, such as impairment. Disclosures concerning assets measured at fair value on a non-recurring basis are as follows:

Assets Measured at Fair Value on a Non-recurring Basis

(Dollars in thousands)	Balance at Dates Indicated	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>Impaired Loans</u>				
September 30, 2017	\$ 4,058	\$ —	\$ —	\$ 4,058
December 31, 2016	\$ 4,911	\$ —	\$ —	\$ 4,911
<u>Other Real Estate</u>				
September 30, 2017	\$ 182	\$ —	\$ —	\$ 182
December 31, 2016	\$ 437	\$ —	\$ —	\$ 437

Impaired loans categorized as Level 3 assets consist of non-homogeneous loans that are considered impaired. The Bank estimates the fair value of the loans based on the present value of expected future cash flows using management's estimate of key assumptions. These assumptions include future payment ability, timing of payment streams, and estimated realizable values of available collateral (typically based on outside appraisals). The changes in fair value consisted of charge-downs of impaired loans that were posted to the allowance for loan losses and write-downs of other real estate that were posted to a valuation account.

NOTE 7 – SUBSEQUENT EVENTS

On October 3, 2017 ChoiceOne Insurance Agencies Inc (“the Agency”) entered into an agreement with Ridgetown Investments LLC (“Ridgetown”), to sell a portion of the investment book of business previously managed by the Agency. Per the agreement, Ridgetown agreed to pay \$908,000 to the Agency for future revenue generated by the book of business. This transaction would result in a \$908,000 gain which will be reported in the fourth quarter of 2017.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion is designed to provide a review of the consolidated financial condition and results of operations of ChoiceOne Financial Services, Inc. ("ChoiceOne") and its wholly-owned subsidiary, ChoiceOne Bank (the "Bank"), and the Bank's wholly-owned subsidiary, ChoiceOne Insurance Agencies, Inc. This discussion should be read in conjunction with the interim consolidated financial statements and related notes.

FORWARD-LOOKING STATEMENTS

This discussion and other sections of this quarterly report contain forward-looking statements that are based on management's beliefs, assumptions, current expectations, estimates and projections about the financial services industry, the economy, and ChoiceOne itself. Words such as "anticipates," "believes," "estimates," "expects," "forecasts," "intends," "is likely," "plans," "predicts," "projects," "may," "could," and variations of such words and similar expressions are intended to identify such forward-looking statements. Management's determination of the provision and allowance for loan losses, the carrying value of goodwill and loan servicing rights, the fair value of investment securities (including whether any impairment on any investment security is temporary or other-than-temporary and the amount of any impairment) and management's assumptions concerning pension and other postretirement benefit plans involve judgments that are inherently forward-looking. All of the information concerning interest rate sensitivity is forward-looking. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions ("risk factors") that are difficult to predict with regard to timing, extent, likelihood, and degree of occurrence. Therefore, actual results and outcomes may materially differ from what may be expressed, implied or forecasted in such forward-looking statements. Furthermore, ChoiceOne undertakes no obligation to update, amend, or clarify forward-looking statements, whether as a result of new information, future events, or otherwise.

Risk factors include, but are not limited to, the risk factors discussed in Item 1A of ChoiceOne's Annual Report on Form 10-K for the year ended December 31, 2016. These are representative of the risk factors that could cause a difference between an ultimate actual outcome and a preceding forward-looking statement.

RESULTS OF OPERATIONS

Summary

Net income for the third quarter of 2017 was \$1,720,000, which represented an increase of \$37,000 compared to the same period in 2016. Net income for the first nine months of 2017 was \$4,801,000, which represented an increase of \$399,000 or 9% over the same period in 2016. Growth in net interest income and a relatively small reduction in noninterest expense were partially offset by a higher provision for loan losses and lower noninterest income in the first nine months of 2017 than in the same period in the prior year. Basic and diluted earnings per common share were

\$0.50 for the third quarter and \$1.39 for the first nine months of 2017, compared to adjusted amounts of \$0.50 and \$1.28, respectively, for the same periods in 2016. Earnings per share amounts for the prior year have been adjusted for the 5% stock dividend paid on May 31, 2017. The return on average assets (“ROAA”) and return on average shareholders’ equity (“ROAE”) percentages were 1.02% and 8.59%, respectively, for the first nine months of 2017, compared to 1.01% and 8.15%, respectively, for the same period in 2016. ROAA and ROAE percentages are non-GAAP financial measures management believes to be useful to investors.

Dividends

Cash dividends of \$585,000 or \$0.17 per share were declared in the third quarter of 2017, compared to \$557,000 or an adjusted \$0.16 per share in the third quarter of 2016. The cash dividends declared in the first nine months of 2017 were \$1,738,000 or an adjusted \$0.50 per share, compared to \$1,674,000 or an adjusted \$0.49 per share declared in the same period in 2016. Dividends per share amounts for the prior year have been adjusted for the 5% stock dividend paid on May 31, 2017.

Interest Income and Expense

Tables 1 and 2 on the following pages provide information regarding interest income and expense for the nine-month periods ended September 30, 2017 and 2016, respectively. Table 1 documents ChoiceOne’s average balances and interest income and expense, as well as the average rates earned or paid on assets and liabilities. Table 2 documents the effect on interest income and expense of changes in volume (average balance) and interest rates. These tables are referred to in the discussion of interest income, interest expense and net interest income.

Table 1 – Average Balances and Tax-Equivalent Interest Rates

(Dollars in thousands)	Nine Months Ended September 30,					
	2017			2016

Total liabilities and shareholders' equity	\$627,022			\$584,429		
Net interest income (tax-equivalent basis) - interest spread (Non-GAAP)		15,724	3.59%		14,964	3.69%
Tax-equivalent adjustment (1)		(553)			(563)	
Net interest income (GAAP)		\$15,171			\$14,401	
Net interest income as a percentage of earning assets (tax-equivalent basis) (Non-GAAP)			3.68%			3.76%

(1) Adjusted to a fully tax-equivalent basis to facilitate comparison to the taxable interest-earning assets. The adjustment uses an incremental tax rate of 34% for the periods presented.

(2) Includes the effect of unrealized gains or losses on securities.

(3) Taxable securities include dividend income from Federal Home Loan Bank and Federal Reserve Bank stock.

Table 2 – Changes in Tax-Equivalent Net Interest Income

(Dollars in thousands)	Nine Months Ended		
	September 30, 2017 Over 2016		
	Total	Volume	Rate
Increase (decrease) in interest income (1)			
Loans (2)	\$864	\$981	\$(117)
Taxable securities	204	131	73
Nontaxable securities (2)	(30)	66	(96)
Other	36	12	24
Net change in tax-equivalent interest income	1,074	1,190	(116)
Increase (decrease) in interest expense (1)			
Interest-bearing demand deposits	85	15	70
Savings deposits	(5)	1	(6)
Certificates of deposit	181	100	81
Advances from Federal Home Loan Bank	50	(41)	91
Other	3	(5)	8
Net change in interest expense	314	69	245
Net change in tax-equivalent net interest income	\$760	\$1,121	\$(361)

The volume variance is computed as the change in volume (average balance) multiplied by the previous year's interest rate. The rate variance is computed as the change in interest rate multiplied by the previous year's volume (1) (average balance). The change in interest due to both volume and rate has been allocated to the volume and rate changes in proportion to the relationship of the absolute dollar amounts of the change in each.

(2) Interest on nontaxable investment securities and loans has been adjusted to a fully tax-equivalent basis using an incremental tax rate of 34% for the periods presented.

Net Interest Income

The presentation of net interest income on a tax-equivalent basis is not in accordance with U.S. generally accepted accounting principles ("GAAP"), but is customary in the banking industry. This non-GAAP measure ensures comparability of net interest income arising from both taxable and tax-exempt loans and investment securities. The adjustments to determine net interest income on a tax-equivalent basis were \$553,000 and \$563,000 for the nine months ended September 30, 2017 and 2016, respectively. These adjustments were computed using a 34% federal income tax rate.

As shown in Tables 1 and 2, tax-equivalent net interest income increased \$760,000 in the first nine months of 2017 compared to the same period in 2016. The effect of growth in average interest-earning assets, partially offset by an increase in average interest-bearing liabilities, caused tax-equivalent net interest income to increase \$1.1 million in the first nine months of 2017 compared to the same period in the prior year. The net interest spread was reduced 10 basis points from 3.69% in the first nine months of 2016, to 3.59% in the first nine months in 2017, which caused a decrease in net interest income of \$361,000.

The decline in the interest spread was due to a 2 basis point decrease in the average rate earned on interest-earning assets in the first nine months of 2017 compared to the same nine months in 2016 plus the effect of an 8 basis point increase in the average rate paid on interest-bearing liabilities. The reduction in the average rate earned on interest-earning assets was caused by relatively low general market rates on new loan originations and securities purchased in 2016 and the first nine months of 2017. Interest rates on loans are also being impacted by rate pressure from competing financial institutions in the markets in which ChoiceOne operates. The higher rate paid on interest-bearing liabilities resulted from growth in brokered certificates of deposit, which increased the overall average rate on this deposit type, as well as increases in short-term interest rates in 2016 and the first nine months of 2017 which increased the average rate paid on advances from the Federal Home Loan Bank.

The average balance of loans increased \$27.2 million in the first nine months of 2017 compared to the same period in 2016. Average commercial and industrial and commercial real estate loans were \$22.1 million higher, while average consumer and residential mortgage loans grew \$2.2 million and \$2.9 million, respectively, in the first nine months of 2017. The increase in the average loans balance was offset by a 3 basis point decrease in the average rate earned. The combination of the loan growth and interest rate decline caused tax-equivalent interest income from loans to increase \$864,000 in the first nine months of 2017 compared to the same period in the prior year. The average balance of total securities grew \$10.2 million in the first nine months of 2017 compared to the same period in 2016. Additional securities were purchased in 2016 and in the first nine months of 2017 to provide added liquidity and to provide earning asset growth. Growth in the average balance of securities, offset by a small decline in the overall average interest rate earned, caused interest income on securities to increase \$174,000 in the first nine months of 2017 compared to the same period in 2016.

The average balance of interest-bearing demand deposits increased \$14.0 million in the first nine months of 2017 compared to the same period in 2016. This growth, plus the effect of a 5 basis point increase in the rate paid, caused interest expense to grow \$85,000 in the first three quarters of 2017 compared to the same period in the prior year. The average balance of certificates of deposit increased \$20.0 million in the first nine months of 2017 compared to the same period in 2016. The average balance of brokered certificates of deposit was \$26.4 million higher in the first nine months of 2017 and the balance of local certificates of deposit was \$6.4 million lower in the first nine months of 2017 compared to the same period in the prior year. The impact of growth in the average certificates balance and a 12 basis point increase in the average rate paid caused interest expense to grow \$181,000 in the first three quarters of 2017 compared to the same period in 2016. The effect of a \$5.2 million decline in the average balance of Federal Home Loan Bank advances was more than offset by a 50 basis point increase in the average rate paid which caused growth of \$50,000 in interest expense in the first nine months of 2017 compared to the same period in the prior year.

Provision and Allowance for Loan Losses

Total loans increased \$25.1 million in the first nine months of 2017, while the allowance for loan losses decreased \$61,000 during the same period. A provision for loan losses of \$95,000 was recorded in the third quarter and \$120,000 for the first nine months of 2017, compared to \$0 for the same periods in 2016. Nonperforming loans were \$3.9 million as of September 30, 2017, compared to \$4.6 million as of June 30, 2017 and \$5.1 million as of December 31, 2016. The decrease in nonperforming loans in the third quarter was due to lower balances of nonaccrual loans and loans past due 90 days or more and still accruing. The allowance for loan losses was 1.07% of total loans at September 30, 2017, compared to 1.08% at June 30, 2017, and 1.16% at December 31, 2016.

Charge-offs and recoveries for respective loan categories for the nine months ended September 30 were as follows:

(Dollars in thousands)	2017		2016	
	Charge-offs	Recoveries	Charge-offs	Recoveries
Agricultural	\$—	\$ —	\$—	\$ —

Edgar Filing: CHOICEONE FINANCIAL SERVICES INC - Form 10-Q

Commercial and industrial	374	4	33	31
Consumer	189	107	136	119
Commercial real estate	—	226	—	35
Construction real estate	—	40	—	—
Residential real estate	44	49	94	160
	\$607	\$ 426	\$263	\$ 345

Net recoveries were \$23,000 in the third quarter and net charge-offs were \$181,000 in the first nine months of 2017, compared to net charge-offs of \$20,000 and net recoveries of \$82,000 in the same periods in the prior year. Net charge-offs on an annualized basis as a percentage of average loans were 0.06% in the first nine months of 2017, compared to net recoveries of 0.03% for the same period in the prior year. Management is aware that the economic climate in Michigan will continue to affect business and individual borrowers. Management has worked and intends to continue to work with delinquent borrowers in an attempt to lessen the negative impact to ChoiceOne. As charge-offs, changes in the level of nonperforming loans, and changes within the composition of the loan portfolio occur in the remainder of 2017, the provision and allowance for loan losses will be reviewed by the Bank's management and adjusted as determined to be necessary.

Noninterest Income

Total noninterest income decreased \$82,000 in the third quarter and \$302,000 in the first nine months of 2017 compared to the same periods in 2016. The decline was caused by lower gains on sales of loans in the first nine months of 2017 when compared to the same period in 2016. The reduction in mortgage income was primarily due to higher interest rates in the current year and a relatively low inventory of homes available for sale in the Bank's primary market areas. Gains on sales of securities were also lower in the first three quarters of 2017 compared to the same period in the prior year as a result of higher interest rates in the current year which impacted ChoiceOne's ability to recognize gains.

Noninterest Expense

Total noninterest expense increased \$122,000 in the third quarter and decreased \$128,000 in the first nine months of 2017 compared to the same periods in 2016. An increase in salaries and benefits expense in both the third quarter and first nine months of 2017 compared to the same periods in 2016 resulted from higher salaries from raises and personnel additions and higher bonus accruals. Occupancy and equipment expense grew in the third quarter and first three quarters of 2017 compared to the same periods in the prior year due to higher building and equipment depreciation. The growth in salaries and benefits and occupancy and equipment expenses was partially offset by reductions of \$112,000 and \$336,000 in intangible amortization expense in the third quarter and the first nine months of 2017, respectively, compared to the same periods in the prior year. The Bank's intangible assets were completely amortized in the fourth quarter of 2016.

Income Tax Expense

Income tax expense was \$1,668,000 in the first nine months of 2017 compared to \$1,591,000 for the same period in 2016. The effective tax rate was 25.8% for the first nine months of 2017 and 26.5% for the same period in 2016. Income tax expense for the third quarter of 2017 was slightly lower than the same period in the prior year due to a larger impact from nontaxable income in the current year and slightly higher tax credits.

FINANCIAL CONDITION

Securities

The securities available for sale portfolio decreased \$7.1 million in the third quarter and declined \$1.1 million in the first nine months of 2017. The decrease in the securities portfolio helped to fund ChoiceOne's loan growth in the first three quarters of 2017. Various securities totaling \$34.0 million were purchased in the first nine months of 2017 to replace maturities, principal repayments, and calls within the securities portfolio. Approximately \$12.4 million of securities were called or matured in the first nine months of 2017. Principal repayments on securities totaled \$1.8 million in the first nine months of 2017. Approximately \$22.5 million of securities were sold in the first nine months of 2017 for a net gain of \$177,000.

Loans

Loans increased \$14.6 million in the third quarter of 2017 and \$25.1 million in the first nine months of 2017. Commercial real estate loans grew \$6.5 million, agricultural loans grew \$4.3 million, residential construction loans grew \$1.8 million, residential real estate loans grew \$1.4 million, and consumer loans grew \$0.6 million in the most recent quarter while commercial and industrial loans were unchanged. The environment for loan originations in ChoiceOne's market area has become increasingly competitive.

Asset Quality

Information regarding impaired loans can be found in Note 3 to the consolidated financial statements included in this report. The total balance of loans classified as impaired was \$4.1 million as of September 30, 2017, compared to \$4.4 million as of June 30, 2017 and \$4.9 million as of December 31, 2016. The impaired loans balance was steady or declined in all loan categories in the third quarter except for commercial real estate loans which were up slightly.

As part of its review of the loan portfolio, management also monitors the various nonperforming loans. Nonperforming loans are comprised of: (1) loans accounted for on a nonaccrual basis; (2) loans, not included in nonaccrual loans, which are contractually past due 90 days or more as to interest or principal payments; and (3) loans, not included in nonaccrual or loans past due 90 days or more, which are considered troubled debt restructurings.

The balances of these nonperforming loans were as follows:

(Dollars in thousands)	September 30, 2017	December 31, 2016
Loans accounted for on a nonaccrual basis	\$ 1,149	\$ 1,983
Accruing loans contractually past due 90 days or more as to principal or interest payments	132	229
Loans considered troubled debt restructurings	2,637	2,853
Total	\$ 3,918	\$ 5,065

At September 30, 2017, nonaccrual loans included \$423,000 in agricultural loans, \$59,000 in commercial and industrial loans, \$17,000 in consumer loans, \$211,000 in commercial real estate loans, and \$439,000 in residential real estate loans. At December 31, 2016, nonaccrual loans included \$482,000 in agricultural loans, \$245,000 in commercial and industrial loans, \$6,000 in consumer loans, \$458,000 in commercial real estate loans, and \$792,000 in residential real estate loans. Management believes the allowance allocated to its nonperforming loans is sufficient at September 30, 2017.

Deposits and Borrowings

Total deposits increased \$1.5 million in the third quarter of 2017 and \$13.5 million in the last nine months of 2016. Checking and savings deposits declined \$3.7 million in the first nine months of 2017, while local certificates of deposit increased \$4.2 million and brokered certificates of deposit grew \$13.0 million. Brokered deposits were obtained in the first three quarters of 2017 to supplement funding of asset growth. ChoiceOne continued to place an emphasis on building its core deposits base in the first nine months of 2017. The small decrease in checking and savings deposits in the first nine months of 2017 was a normal seasonal fluctuation for ChoiceOne.

Federal funds purchased grew to \$2.7 million as of September 30, 2017 as ChoiceOne used this as a short-term funding source. Repurchase agreements declined \$4.1 million in the first nine months of 2017 due to normal fluctuations in funds provided by bank customers and movement of certain funds into other types of accounts. Certain securities are sold under agreements to repurchase them the following day. Management plans to continue this practice as a low-cost source of funding. Federal Home Loan Bank advances grew \$18.0 million in the first three quarters of 2017 as advances were used to supplement the funding for earning asset growth.

Shareholders' Equity

Total shareholders' equity increased \$4.6 million from December 31, 2016 to September 30, 2017. Growth in equity resulted from current year's net income, an increase in accumulated other comprehensive income, and proceeds from the issuance of ChoiceOne stock, which were partially offset by a stock repurchase and cash dividends paid. The \$1.3 million increase in other comprehensive income in the first nine months of 2017 was caused by an increase in net unrealized gains on available for sale securities. The improvement in unrealized gains resulted from decreases in certain interest rate terms since December 31, 2016, which increased the market value of the Bank's securities.

Following is information regarding the Bank's compliance with regulatory capital requirements:

(Dollars in thousands)	Actual		Minimum Required for Capital Adequacy Purposes		Minimum Required to be Well Capitalized Under Prompt Corrective Action Regulations	
	Amount	Ratio	Amount	Ratio	Amount	Ratio

Common Equity Tier 1 Capital (to risk weighted assets)	54,709	13.3	19,754	4.5	28,534	6.5
Tier 1 capital (to risk weighted assets)	54,709	13.3	26,339	6.0	35,119	8.0
Tier 1 capital (to average assets)	54,709	9.9	23,504	4.0	29,380	5.0

Management reviews the capital levels of ChoiceOne and the Bank on a regular basis. The Board of Directors (the "Board") and management believe that the capital levels as of September 30, 2017 are adequate for the foreseeable future. The Board's determination of appropriate cash dividends for future periods will be based on, among other things, market conditions and ChoiceOne's requirements for cash and capital.

Liquidity

Net cash provided from operating activities was \$5.7 million for the nine months ended September 30, 2017 compared to \$8.2 million provided in the same period a year ago. The change was caused by a decrease in net proceeds provided by loans originated for sale in the secondary market. Net cash used for investing activities was \$36.0 million for the first nine months of 2017, compared to \$30.6 million in the same period in 2016. A higher level of growth in loans in the first nine months of 2017 compared to the same period in the prior year was partially offset by lower growth in securities available for sale. Net cash provided by financing activities was \$28.2 million in the first nine months of 2017, compared to \$23.9 million during the same period in the prior year. The impact of more growth in deposits was offset by a lower level of net growth in Federal Home Loan Bank advances.

Management believes that the current level of liquidity is sufficient to meet the Bank's normal operating needs. This belief is based upon the availability of deposits from both the local and national markets, maturities of securities, normal loan repayments, income retention, federal funds purchased from correspondent banks, and advances available from the Federal Home Loan Bank. The Bank also has a secured line of credit available from the Federal Reserve Bank.

Item 4. Controls and Procedures.

An evaluation was performed under the supervision and with the participation of ChoiceOne's management, including the Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of ChoiceOne's disclosure controls and procedures. Based on and as of the time of that evaluation, ChoiceOne's management, including the Chief Executive Officer and Principal Financial Officer, concluded that ChoiceOne's disclosure controls and procedures were effective as of the end of the period covered by this report to ensure that material information required to be disclosed in the reports that ChoiceOne files or submits under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports that ChoiceOne files or submits under the Exchange Act is accumulated and communicated to management, including ChoiceOne's principal executive and principal financial officers, as appropriate to allow for timely decisions regarding required disclosure. There was no change in ChoiceOne's internal control over financial reporting that occurred during the nine months ended September 30, 2017 that has materially affected, or that is reasonably likely to materially affect, ChoiceOne's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

There are no material pending legal proceedings to which ChoiceOne or the Bank is a party or to which any of their properties are subject, except for proceedings that arose in the ordinary course of business. In the belief of management, pending or current legal proceedings should not have a material effect on the consolidated financial condition of ChoiceOne.

Item 1A. Risk Factors.

Information concerning risk factors is contained in the discussion in Item 1A, "Risk Factors," in ChoiceOne's Annual Report on Form 10-K for the year ended December 31, 2016. As of the date of this report, ChoiceOne does not believe that there has been a material change in the nature or categories of ChoiceOne's risk factors, as compared to the information disclosed in ChoiceOne's Annual Report on Form 10-K for the year ended December 31, 2016.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

On July 28, 2017, ChoiceOne issued 709 shares of common stock, without par value, to the directors of ChoiceOne pursuant to the Directors' Stock Purchase Plan for an aggregate cash price of \$16,000. ChoiceOne relied on the exemption contained in Section 4(a)(5) of the Securities Act of 1933 in connection with these sales.

ISSUER PURCHASES OF EQUITY SECURITIES

The following table provides information regarding ChoiceOne's purchases of its common stock during the quarter ended September 30, 2017.

(Dollars in thousands, except per share data)	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of a Publicly Announced Plan	Maximum Number of Shares that May Yet be Purchased Under the Plan
Period				
July 1 - July 31, 2017				
Employee Transactions	—	\$—		
Repurchase Plan	—	\$—	—	24,224
August 1 - August 31, 2017				
Employee Transactions (1)	200	\$22.88		
Repurchase Plan	3,800	\$23.25	3,800	20,424
September 1 - September 30, 2017				
Employee Transactions	—	\$—		
Repurchase Plan	—	\$—	—	20,424

(1) Shares submitted for cancellation to satisfy tax withholding obligations that occur upon the vesting of restricted units. The value of the shares delivered or withheld is determined by the applicable stock compensation plan.

As of September 30, 2017, there are 20,424 shares remaining that may yet be purchased under approved plans. The (2) repurchase plan was adopted and announced on July 26, 2007. There is no stated expiration date. The plan authorized the repurchase of up to 100,000 shares.

Item 6. Exhibits.
