(Formally Silverstar Mining Corp).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Silverstar Resources, Inc (formally Silverstar Mining Corp) (the “Company”) was incorporated under the laws of the State of Nevada on December 5, 2003. On March 4, 2008, the Company completed a merger with its wholly-owned subsidiary, Silverstar Resources Corp., which was incorporated by the Company solely to effect the name change of the Company to Silverstar Resources Corp. The Company was incorporated for the purpose to promote and carry on any lawful business for which a corporation may be incorporated under the laws of the State of Nevada. On January 23, 2015 The Company changed its name to Silverstar Resources, Inc and affected a reverse split of its shares of one share for every five shares held.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (SEC), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company’s September 30, 2014 Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end September 30, as reported on Form 10-K, have been omitted.

NOTE 3 - GOING CONCERN

As shown in the accompanying financial statements, Silverstar Resources has an accumulated deficit of \$2,251,448 as of December 31, 2014 and incurred a net loss of \$26,807 for the three months period ended December 31, 2014. Unless the Company is able to attain profitability and increases in stockholders’ equity continue, these conditions raise substantial doubt as to Silverstar Resources’ ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might be necessary if Silverstar Resources is unable to continue as a

going concern.

Silverstar Resources continues to review its expense structure reviewing costs and their reduction to move towards profitability. The Company's expenses are planned to decrease as a percent of revenue resulting in profitability and increased shareholders' equity.

ITEM 2: MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

For the three month period ending December 31, 2014 and 2013 the Company did not have any revenue.

General and administrative expense was \$20,815 for the three months ended December 31, 2014 compared to \$111,687 for the three months ended December 31, 2013. The decrease in expenses for the three months period in 2014 over 2013 was due primarily to lower consulting and legal expenses in 2013 versus 2014.

The operating loss for the three month period ending December 31, 2014 consisted of an operating loss of \$26,807 compared to operating loss of \$118,885 in the same period in 2013. The larger loss in 2013 was due to larger legal and consulting fees in the three month period incurred in 2013 compared to the same periods in 2014.

Other expenses net for the three month period ending December 31, 2014 consisted of interest expense of \$5,992 compared to interest expenses of \$7,198 for the same period in 2013. Interest expense decreased in 2014 from 2013 due to the conversion convertible debt in the last year.

Net loss of \$26,807 was recorded for the three month period ending December 31, 2014 compared to net loss of \$118,885 for the same periods in 2013. The 2013 net loss amount for the three period included higher, legal, and consulting fees over 2014 for the same period.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2014, Silverstar Resources had current assets of \$130 and current liabilities of \$450,678 resulting in negative working capital of \$450,538. Stockholders' deficit as of December 31, 2014 was \$450,548.

Net cash used in operations for the three months ending December 31, 2014 was \$22,344 compared to net cash provided by operations of \$49,613 for the same period in 2013. The negative change of \$71,957 was primarily attributable increased accounts payable and accrued expenses along with shares that were to be issued.

Net cash provided by financing activities during the three month ended December 31, 2014 was \$22,450 compared to net cash used of \$55,359 in 2013, a negative change of \$32,909. The change was due to advances of \$22,450 in 2014 compared to repayments of convertible debt of \$55,359 in 2013.

Our existing capital may not be sufficient to meet Silverstar Resources' cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. This condition raises substantial doubt as to Silverstar Resources' ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if Silverstar Resources is unable to continue as a going concern.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Principal Executive Officer and the Principal Financial Officer, to allow timely decisions regarding required disclosures.

In connection with the preparation of this report, our management, under the supervision and with participation of our Principal Executive Officer and Principal Financial Officer (the "Certifying Officers") conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2014. Based on that evaluation, our management concluded that there is a material weakness in our disclosure controls and procedures over financial reporting. The material weakness results from a lack of written procedures which effectively documents the proper procedures and descriptions of the duties of all persons involved in the disclosure controls of the Company. The Company hopes to implement plans to document the procedures and internal controls of the Company. A material weakness is a deficiency, or a combination of control deficiencies, in disclosure control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. This does not include an evaluation by the Company's registered public accounting firm regarding the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
