

Item 8.01 Other Events.

On April 1, 2019, VistaGen Therapeutics, Inc. (the “Company”) announced additional results from a positive pilot Phase 3 study of PH94B, a potential first-in-class neuroactive nasal spray in development as an as-needed treatment for social anxiety disorder. The new data was presented in a poster session at the 2019 Anxiety and Depression Association of America annual conference in Chicago. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

See Exhibit Index.
