Item 7.01. Regulation FD Disclosure.

Caterpillar Inc. (“Caterpillar”) is furnishing supplemental information concerning deliveries to users for its Machinery and Engines lines of business. Caterpillar sells the majority of its machinery and engines to independently owned and operated dealers and Original Equipment Manufacturers (“OEMs”) to meet the demands of their customers, the end users. Due to time delays between Caterpillar’s sales to dealers and dealers’ deliveries to end users, Caterpillar believes this information may help readers better understand Caterpillar’s business and the industries it serves. This information is based on unaudited reports provided by Caterpillar’s independent dealers and is not subject to Caterpillar’s internal controls over financial reporting. This information is furnished under this Report with the Securities and Exchange Commission. All information provided is calculated in constant dollars. Caterpillar does not undertake to update this information.

In order to provide some historical context around Cat Japan and how the consolidation of their numbers would affect monthly dealer statistics, we have posted 2009 monthly dealer statistics prior to April with and without Cat Japan included. Both versions of the numbers are posted on our dealer statistics website at: <http://www.cat.com/cda/layout?m=73860&x=7>. April dealer statistics posted in May, will no longer include both. Instead, we will incorporate Cat Japan in the Asia/Pacific region.
