INDEPENDENT AUDITORS' REPORT  
-----

To the Plan Administrator and Participants of GMAC Insurance Personal Lines Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of GMAC Insurance Personal Lines Retirement Savings Plan (the "Plan") as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic

financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2001 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

GMAC INSURANCE PERSONAL LINES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEARS ENDED DECEMBER 31, 2001 AND 2000

1. INFORMATION REGARDING THE PLAN

The following brief description of GMAC Insurance Personal Lines Retirement Savings Plan (formerly Integon Employees' Retirement Savings Plan (the "Plan")) is provided for general informational purposes only. Participants should refer to the plan document for more complete information.

## Edgar Filing: GENERAL MOTORS CORP - Form 11-K

General - The Plan is a defined contribution plan designed to comply with the provisions of the Internal Revenue Code (the "Code") to qualify for exemption from taxation. The Plan was established effective April 1, 1991 and is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan covers all eligible employees of Integon Corporation (the "Sponsor"), NAVCO Corporation and other business entities. The Plan is administered by the GMAC Insurance Personal Lines Employees' Retirement Savings Plan Advisory Committee (the "Committee"), comprised of individuals appointed by the Sponsor's board of directors. The Sponsor is 100% owned by GMAC Insurance Holdings, Inc. ("GMACI"), which is a wholly owned subsidiary of General Motors Acceptance Corporation, which in turn is owned by General Motors Corporation.

Effective April 8, 2000, the NAVCO Employees' Savings Plan (the "NAVCO Plan") was merged into the Plan. At that time all assets and liabilities of the NAVCO Plan were transferred to the Plan. In addition, effective April 8, 2000, the Plan's name was amended and restated as the GMAC Insurance Personal Lines Retirement Savings Plan.

Eligibility - Employees, as defined by the Plan, are immediately eligible to participate in the Plan without regard to any age or service requirement. Temporary employees are eligible for participation in the Plan after one year of service providing they have worked at least 1,000 hours over 12 consecutive months and are 21 years of age or older, as defined by the Plan. Eligible temporary employee participation begins on the next plan entry date, the first day of each calendar month.

Administration of the Plan - Effective April 6, 2000, the trustee of the Plan was changed from First Union National Bank ("First Union") to Fidelity Management Trust Company ("Fidelity"). Fidelity also assists the Sponsor in its administration of the Plan. Although officers or employees of the Sponsor perform certain administrative functions, no such officer or employee receives compensation from the Plan.

Contributions - Eligible participants may voluntarily defer from 1% to 15% of their basic compensation, as defined by the Plan. Contributions are subject to certain Internal Revenue Code limitations. Employee after-tax contributions are not permitted. Eligible participants are permitted to make rollover contributions at the discretion of the Committee. For the plan years ended December 31, 2001 and 2000, the Sponsor's funding consisted of a matching contribution of 100% of the first 6% of a participant's compensation that had been deferred into the Plan.

### GMAC INSURANCE PERSONAL LINES RETIREMENT SAVINGS PLAN

#### NOTES TO FINANCIAL STATEMENTS - (continued)

Participant Accounts - a separate account is maintained by Fidelity (First Union prior to April 6, 2000) for each participant. These account balances are adjusted at the end of each pay period for the amount of the participant's compensation deferral and the Sponsor's matching contributions. Investment income or loss and other additions or deductions are credited or charged, as applicable, to the participant's account quarterly. Allocation of the Sponsor's contribution is based on

## Edgar Filing: GENERAL MOTORS CORP - Form 11-K

participant compensation, as defined. Allocation of plan earnings is based on the balances of the participant's individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options - Upon enrollment in the Plan, a participant may direct his or her contributions in one or more of various investment options. Participants may change their investment options as desired. The Plan currently offers one common trust fund, one common stock fund, and sixteen mutual funds as investment options.

Vesting participants are fully vested in the compensation that they defer into the Plan, the Sponsor matching contributions, and the related investment earnings on those deferrals and contributions.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his to her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Withdrawals may also be made for certain financial hardships as defined by the Plan.

Plan Termination - Although the Sponsor has not expressed any intention to do so, it has the right to terminate the Plan at anytime, subject to plan provisions. Upon such termination of the Plan, the vested account balance of each participant in the Plan will be distributed to such participant at the time prescribed by the Code.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles").

- 7 -

### GMAC INSURANCE PERSONAL LINES RETIREMENT SAVINGS PLAN

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably

## Edgar Filing: GENERAL MOTORS CORP - Form 11-K

possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value based on quoted market prices. Investments in common trust funds ("funds") are stated at estimated fair value, which has been determined by the trustee based on the unit values of the funds. Unit value as are determined by the organization sponsoring such funds by dividing that fund's net assets by its units outstanding at the valuation date. Contributions to and withdrawal payments from each fund are converted to units by dividing the amounts of each transaction by the unit values last determined, and the participant's accounts are charged or credited with the number of units. Mutual funds are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end. Participant loans are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Administrative expenses of the Plan are paid by either the Plan or Sponsor, as provided in the plan document.

Reclassification - Certain 2000 amounts have been reclassified to conform to the current year presentation.

### 3. INVESTMENTS

4. RELATED PARTY TRANSACTIONS

Certain plan investments are units of participation in common trust funds and shares of mutual funds managed by Fidelity and First Union, prior to April 6, 2000. Fidelity and First Union are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Sponsor pays a portion of the Fidelity administrative and trustee fees. Such fees were \$45,469 and \$67,387 for the years ended December 31, 2001 and 2000, respectively.

Certain plan investment are loans to participants who may be employees of the sponsor and, therefore, these transactions qualify as party-in-interest transactions.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 6, 1998, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. The Plan has been amended and restated since receiving the determination letter. A determination letter application is currently pending before the Internal Revenue Service. The Sponsor and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. SUBSEQUENT EVENTS

Beginning January 1, 2002, eligible participants may voluntarily defer 20% of their basic compensation, as defined by the Plan. The Sponsor's funding consisted of a matching contribution of 100% of the first 4% of a participant's compensation that had been deferred into the Plan.
