**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)****Note 1.****Basis of Presentation**

The condensed consolidated financial statements include the results of Wausau Paper Corp. and our consolidated subsidiaries. All significant intercompany transactions have been eliminated. The accompanying condensed consolidated financial statements, in the opinion of management, reflect all adjustments, which are normal, and recurring in nature and which are necessary for a fair statement of the results for the periods presented. Results for the interim period are not necessarily indicative of future results. In all regards, the financial statements have been presented in accordance with accounting principles generally accepted in the United States of America. Refer to notes to the financial statements, which appear in the Annual Report on Form 10-K for the year ended December 31, 2005, for our accounting policies and other disclosures, which are pertinent to these statements.

**Note 2.****Earnings Per Share**

Basic and diluted earnings (loss) per share ( EPS ) are reconciled as follows:

(all amounts in thousands, except per share data)	Three Months Ended June 30,		Six Months Ended June 30,	
	2006	2005	2006	2005
Net earnings (loss)	\$ 3,588	(\$ 2,691)	\$ 2,245	(\$ 755)
Basic weighted average common shares outstanding	51,041	51,589	51,041	51,640
Effect of dilutive securities:				
Share-based compensation awards	317		301	
Diluted weighted average common shares outstanding	51,358	51,589	51,342	51,640

Net earnings (loss) per share:

Edgar Filing: WAUSAU PAPER CORP. - Form 10-Q

Basic	<b>\$ 0.07</b>	(\$ 0.05)	<b>\$ 0.04</b>	(\$ 0.01)
Diluted	<b>\$ 0.07</b>	(\$ 0.05)	<b>\$ 0.04</b>	(\$ 0.01)

Share-based compensation awards for which the exercise price exceeds the average market price over the applicable period have an antidilutive effect on EPS, and accordingly, are excluded from the calculation of diluted EPS. For the three and six months ended June 30, 2006, 553,911 and 707,277 shares, respectively, under share-based compensation plans were excluded from the diluted EPS calculation because the shares were antidilutive. Due to the loss reported in the quarter and year-to-date periods ended June 30, 2005, all 1,950,729 shares awarded under share-based compensation plans were considered to be antidilutive.

**Note 3.**

**Share-Based Compensation**

Effective January 1, 2006, Wausau Paper adopted Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment ( SFAS 123R ), using the modified prospective application transition method. The modified prospective application transition method requires that as of the effective date, compensation cost related to share-based payment transactions is recognized as an operating expense in the statement of operations over the requisite service period of the grant based on the grant-date fair value of the award. As such, prior periods will not reflect restated amounts.

Prior to January 1, 2006, we measured compensation cost for stock-based compensation plans using the intrinsic value based method prescribed under Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. As a result, compensation expense for restricted stock was recognized ratably over the service period based upon the grant-date market value and compensation expense for performance stock awards was recognized ratably over the performance period based on changes in quoted market prices of Wausau Paper common stock and the likelihood of achieving performance goals. The exercise price of all employee stock options was at least equal to their grant-date market value. Accordingly, no compensation expense was recorded for stock options granted to employees.

Under SFAS 123R, share-based payment awards that are settled in cash continue to be classified as a liability; however, rather than remeasuring the award at the intrinsic value each reporting period, the award is remeasured at its fair value each reporting period until final settlement. The difference between the liability as previously computed (i.e., intrinsic value) and the fair value of the liability award on January 1, 2006, net of any related tax effects, was recorded as a cumulative effect of a change in accounting principle in the Condensed Consolidated Statement of Operations.

The impact of accounting for share-based compensation to our reported net earnings for the six months ended June 30, 2006 under the provisions of SFAS 123R using the fair value based method compared to the intrinsic based method was an after-tax expense of \$0.4 million, or approximately \$0.01 per share.

SFAS 123R also requires us to report the tax benefit from the tax deduction that is in excess of recognized compensation costs (excess tax benefits) as a financing cash flow rather than an operating cash flow. Before the adoption on January 1, 2006, we reported the entire tax benefit related to the exercise of stock options as an operating cash flow.

***Stock Options, Restricted Stock Awards, and Performance Units***

During the three months and six months ended June 30, 2006, we recognized, approximately \$0.1 million and \$0.2 million, respectively, in share-based compensation expense which included fixed option grants and performance unit awards. We recognize compensation expense on grants of stock options, restricted stock, and performance unit share-based compensation awards on a straight-line basis

-5-

---

over the requisite service period of each award. As of June 30, 2006, total unrecognized compensation cost related to share-based compensation awards was approximately \$0.1 million, net of estimated forfeitures, which we expect to recognize over a weighted average period of approximately .5 years.

We are authorized to deliver up to 3.7 million shares of our common stock upon exercise of non-qualified stock options or incentive stock options, or upon grant or in payment of performance shares, performance units, and restricted stock under various incentive plans. Wausau Paper has one stock incentive plan, the 2000 Stock Incentive Plan under which awards to grantees are available for future grant. Approximately 1.4 million shares were available under the 2000 Stock Incentive Plan for future grant at June 30, 2006. We use treasury stock to deliver common stock shares under these plans. Non-qualified stock options expire twenty years from the grant date.

#### *Stock Options*

During the six months ended June 30, 2006, 16,000 stock options were granted at a weighted average grant date fair value of \$4.20 per share. A summary of stock option activity during the six months ended June 30, 2006, is as follows:

(all dollar amounts in thousands)	Shares	Wtd. Avg. Exercise Price	Wtd. Avg. Remaining Contractual Term (years)	Aggregate Intrinsic Value
Outstanding at January 1, 2006	2,489,842	\$12.32		
Granted	16,000	13.92		
Exercised	(142,000)	10.12		
Forfeited/Cancelled	(157,750)	15.47		
Outstanding at June 30, 2006	2,206,092	\$12.25	14.9	\$4,545
Exercisable at June 30, 2006	1,824,624	\$12.37	12.2	\$4,522

We estimated the fair value of each option on the date of grant using the binomial tree model and the following assumptions:

Six Month

	Ended June 30, 2006
(all dollar amounts in thousands)	
Average risk-free interest rate	5.27%
Expected dividend yield	2.71%
Expected volatility	31.06%
Expected term (years)	11.42

-6-

---

The table below presents stock option exercise and vesting activity for the six months ended June 30, 2006 and 2005:

(all dollar amounts in thousands)	Six Months Ended June 30,	
	2006	2005
Total intrinsic value of stock options exercised	\$ 542	
Cash received from stock option exercises	1,437	
Income tax benefit from the exercise of stock options	99	
Total fair value of stock options vested during period	50	42

#### *Restricted Stock*

We may also grant restricted stock awards to certain employees. No grants of restricted stock were made during the six months ended June 30, 2006.

#### *Performance Units*

Under the 2000 Stock Incentive Plan, performance unit awards may be granted to certain employees and directors of Wausau Paper. The vesting of certain performance awards may be subject to (1) achieving certain operating profit levels and (2) completion of a service requirement. Service condition vesting ranges from zero to two years. We value performance unit awards at the average of the high and low sales price of our common stock on the date of grant.

A summary of performance unit activity for the six months ended June 30, 2006 is as follows:

(all dollar amounts in thousands)	Number of Units	Wtd. Avg. Fair Value	Aggregate Intrinsic Value
Nonvested at January 1, 2006	57,838	\$12.27	
Granted	10,825	11.09	
Vested	(10,640)	11.28	
Forfeited/Cancelled	(5,676)	12.21	

Nonvested at June 30, 2006	52,347	\$12.23	\$659
----------------------------	--------	---------	-------

***Stock Appreciation Rights and Dividend Equivalents***

Wausau Paper maintains various stock appreciation rights plans that entitle certain management employees to receive settlement in cash equal to the sum of the appreciation in the value of the stock and the hypothetical value of cash dividends which would have been paid on the stock covered by the grant assuming reinvestment in Wausau Paper common stock.

We also maintain a dividend equivalent plan. Under the plan, upon termination of employment, or at the time of exercise of options granted in tandem with the dividend

-7-

---

equivalents, participants are entitled to receive the cash value of the grant. The cash value is determined by the sum of the value of cash dividends that would have been paid on the stock covered by the grant had it been actual stock and assuming all such hypothetical dividends had been reinvested in Wausau Paper common stock.

All outstanding stock appreciation rights and dividend equivalents were fully vested as of January 1, 2006. During the six months ended June 30, 2006, \$8,827 was paid to a participant in settlement of dividend equivalents.

Share-based compensation provisions or credits related to stock appreciation rights and dividend equivalents are determined based upon a remeasurement to their fair value at each interim reporting period in accordance with the provisions of SFAS 123R. During the three months ended June 30, 2006, we recognized approximately \$0.5 million as a credit to share-based compensation related to these awards. For the six months ended June 30, 2006, we recognized approximately \$0.2 million in share-based compensation expense related to stock appreciation rights and dividend equivalents.

*Prior Year Pro forma Expense*

The following table illustrates the effect on net earnings and earnings per share as if the fair value-based method provided by SFAS No. 123, Accounting for Stock-Based Compensation had been applied for all outstanding and unvested awards for periods prior to the adoption of SFAS 123R:

	Three Months Ended June 30, 2005	Six Months Ended June 30, 2005
(all amounts in thousands, except per share amounts)		
Net loss, as reported	(\$2,691)	(\$ 755)
Add:		
Total stock-based employee compensation credit under APB No. 25, net of related tax effects	(518)	(1,714)
Deduct:		
Total stock-based compensation credit determined under fair-value based method for all awards , net of related tax effects	379	1,429
Proforma	(\$2,830)	(\$1,040)

Edgar Filing: WAUSAU PAPER CORP. - Form 10-Q

Loss per share basic:

As reported	(\$ 0.05)	(\$ 0.01)
Pro forma	(\$ 0.05)	(\$ 0.02)

Loss per share diluted:

As reported	(\$ 0.05)	(\$ 0.01)
Pro forma	(\$ 0.05)	(\$ 0.02)

-8-

---

**Note 4.****Receivables**

Accounts receivable consisted of the following:

(all dollar amounts in thousands)	<b>June 30, 2006</b>	December 31, 2005
Trade	<b>\$111,096</b>	\$97,829
Other	<b>1,116</b>	1,736
	<b>112,212</b>	99,565
Less: allowances for doubtful accounts	<b>(1,840)</b>	(1,661)
	<b>\$110,372</b>	\$97,904

**Note 5.****Inventory**

The various components of inventories were as follows:

(all dollar amounts in thousands)	<b>June 30, 2006</b>	December 31, 2005
Raw materials	<b>\$ 44,518</b>	\$ 36,810
Work in process and finished goods	<b>114,006</b>	112,776
Supplies	<b>34,450</b>	32,008
	<b>192,974</b>	181,594
Less: LIFO reserve	<b>(36,279)</b>	(35,748)
	<b>\$156,695</b>	\$145,846

**Note 6.**

**Accumulated Depreciation**

The accumulated depreciation on fixed assets was \$697.5 million as of June 30, 2006, and \$675.3 million as of December 31, 2005. The provision for depreciation, amortization, and depletion for the three months ended June 30, 2006 and June 30, 2005 was \$14.3 million and \$18.8 million, respectively. The provision for depreciation, amortization, and depletion for the six months ended June 30, 2006 and June 30, 2005 was \$28.9 million and \$34.1 million, respectively. Quarter-over-quarter and year-over-year decreases in depreciation expense are primarily the result of accelerated depreciation recorded in the three months ended June 30, 2005 in connection with the closure of Printing & Writing's sulfite pulp mill located in Brokaw, Wisconsin. See Note 9 for additional pulp mill closure information.

**Note 7.****Pension and Other Post-retirement Benefit Plans**

The components of net periodic benefit costs recognized in the Condensed Consolidated Statements of Operations for the three months ended June 30, 2006 and 2005 are as follows:

(all dollar amounts in thousands)	Pension Benefits		Other Post-retirement Benefits	
	2006	2005	2006	2005
Service cost	<b>\$1,959</b>	\$1,815	<b>\$ 797</b>	\$ 628
Interest cost	<b>2,595</b>	2,396	<b>1,378</b>	1,185
Expected return on plan assets	<b>(3,003)</b>	(2,708)		
Amortization of:				
Prior service cost	<b>539</b>	549	<b>(624)</b>	(764)
Actuarial loss	<b>798</b>	465	<b>573</b>	338
Net periodic benefit cost	<b>\$2,888</b>	\$2,517	<b>\$2,124</b>	\$1,387

The components of net periodic benefit costs recognized in the Condensed Consolidated Statements of Operations for the six months ended June 30, 2006 and 2005 are as follows:

(all dollar amounts in thousands)	Pension Benefits		Other Post-retirement Benefits	
	2006	2005	2006	2005
Service cost	<b>\$3,917</b>	\$3,625	<b>\$1,601</b>	\$1,257
Interest cost	<b>5,191</b>	4,792	<b>2,621</b>	2,370
Expected return on plan assets	<b>(6,006)</b>	(5,416)		
Amortization of:				
Prior service cost	<b>1,078</b>	1,098	<b>(1,662)</b>	(1,528)
Actuarial loss	<b>1,595</b>	931	<b>983</b>	676

Settlement			305		
Net periodic benefit cost		<b>\$5,775</b>	\$5,335	<b>\$3,543</b>	\$2,775

-10-

---

Wausau Paper previously disclosed in its consolidated financial statements for the year ended December 31, 2005, that although we do not have a minimum funding requirement for defined benefit pension plans in 2006, we may elect to make contributions of up to \$17.6 million to pension plans. As of June 30, 2006, we have made payments of \$8.1 million to our pension plans. In addition, as previously reported, we expect to contribute \$4.4 million directly to post-retirement plans. As of June 30, 2006, Wausau Paper has contributed \$2.1 million to our post-retirement plans.

**Note 8.**

**Debt**

As of June 30, 2006, Wausau Paper issued \$3.0 million of commercial paper under an existing unrated commercial paper placement agreement with a bank. This agreement requires unused credit availability under our unsecured revolving-credit agreement equal to the amount of outstanding commercial paper. The amount of commercial paper outstanding at June 30, 2006 has been classified as long-term as we intend and have the ability to refinance the obligations under the revolving - credit agreement.

In February 2006, we entered into a capital lease to finance certain equipment. As a result, we recorded a capital lease obligation and related asset in the amount of \$0.4 million.

On July 27, 2006, we amended and restated our existing \$100 million revolving-credit facility to provide an unsecured \$125 million facility with five financial institutions that will expire on July 27, 2011. Under the new credit agreement, we will pay an annual facility fee (initially, .175%). In addition to representations and warranties, covenants, and provisions for default customary for facilities of this nature for customers of the banks having similar creditworthiness, we are required to maintain a consolidated leverage ratio of not more than 55%, a consolidated interest coverage ratio of not less than 3.0 to 1, and a consolidated net worth of \$285.4 million (increased by 25% of net quarterly income and proceeds from equity sales). At June 30, 2006, we were in compliance with covenants related to the \$100 million revolving-credit facility.

**Note 9.**

**Pulp Mill Closure**

In July 2005, Wausau Paper announced plans to permanently close the sulfite pulp mill at our Brokaw, Wisconsin, facility. The pulp mill was closed in November 2005 and the related long-lived assets were abandoned. The cost of products sold for the three-month period ended June 30, 2006 and 2005, as reflected in the Condensed Consolidated Statements of Operations include \$0.1 million and \$9.3 million, respectively, in pre-tax charges for adjustments of pulp mill inventory to net realizable value and, in 2005, accelerated depreciation on the long-lived assets that were abandoned upon closure. Restructuring expense for the three months ended June 30, 2006 and 2005, reflect pre - tax charges of \$0.1 million and \$0.2 million, respectively, for other associated closure costs. In addition, other associated

closure costs of \$0.2 million were recorded in both six month periods ended June 30, 2006 and 2005.

-11-

---

**Note 10.****Interim Segment Information**

Wausau Paper has reclassified certain prior-year interim segment information to conform to the 2006 presentation. The reclassification is the result of a reporting change, effective January 1, 2006, for timberland assets held for sale and gains from the disposal of such assets from the operating segments to corporate.

***Factors Used to Identify Reportable Segments***

Wausau Paper's operations are classified into three principal reportable segments: Specialty Products, Printing & Writing, and Towel & Tissue, each providing different products. Separate management of each segment is required because each business unit is subject to different marketing, production, and technology strategies.

***Products from which Revenue is Derived***

Specialty Products produces specialty papers at its manufacturing facilities in Rhinelander, Wisconsin; Mosinee, Wisconsin; and Jay, Maine. Specialty Products also includes two converting facilities that produce laminated roll wrap and related specialty finishing and packaging products. Printing & Writing produces a broad line of premium printing and writing grades at manufacturing facilities in Brokaw, Wisconsin; Groveton, New Hampshire; and Brainerd, Minnesota. Printing & Writing also includes a converting facility which converts printing and writing grades. Towel & Tissue produces a complete line of towel and tissue products that are marketed along with soap and dispensing systems for the away-from-home market. Towel & Tissue operates a paper mill in Middletown, Ohio, and a converting facility in Harrodsburg, Kentucky.

***Reconciliations***

#### **Note 11.**

##### **Future Accounting Pronouncements**

In July 2006, the Financial Accounting Standards Board ( FASB ) issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 ( FIN 48 ), which clarifies the accounting for uncertainty in tax positions. This Interpretation requires that we recognize in our financial statements, the impact of a tax position, if that position is more likely than not of being sustained on audit, based on the technical merits of the position. The provisions of FIN 48 are effective as of January 1, 2007. We are currently evaluating the impact of adopting FIN 48 on our financial statements.

**Item 2.**

**Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Critical Accounting Policies and Estimates**

The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the condensed consolidated financial statements and revenue and expenses during the periods reported. Actual results could differ from those estimates. Please refer to the Annual Report on Form 10-K for the year ended December 31, 2005, for our accounting policies and other disclosures which are pertinent to these statements.

Wausau Paper has reclassified certain prior-year interim segment information to conform to the 2006 presentation. The reclassification is the result of a reporting change, effective January 1, 2006, for timberland assets held for sale from the operating segments to corporate.

**Overview**

In the second quarter of 2006, Wausau Paper reported net earnings of \$3.6 million or \$0.07 per share compared to a prior year net loss of \$2.7 million or \$0.05 per share. The net loss for the second quarter of 2005 included an after-tax charge of \$6.0 million, or \$0.12 per share related to the closure of the Printing & Writing segment's sulfite pulp mill in Brokaw, Wisconsin. For the six months ended June 30, 2006, we reported net earnings of \$2.2 million or \$0.04 per share compared to a net loss of \$0.8 million or \$0.01 per share in the first six months of 2005. Net earnings for the first six months of 2006 include a charge for the cumulative effect of a change in accounting principle, net of related income taxes, of \$0.4 million or \$0.01 per share as a result of our adoption of Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment on January 1, 2006. The net loss for the first six months of 2005 included an after-tax charge of \$6.0 million, or \$0.12 per share related to the closure of the Printing & Writing segment's sulfite pulp mill in Brokaw, Wisconsin.

Compared to 2005, net sales and shipments for the second quarter of 2006 increased 8% and 4%, respectively. Year-to-date, net sales improved 7% and shipments increased 3% in 2006 compared to the same period in 2005. Strong towel and tissue markets and improved uncoated freesheet market conditions drove much of the improvement in the quarter and year-to-date comparisons as both the Towel & Tissue and Printing & Writing segments posted gains in sales and shipments. Volume declines in paper mill packaging grades and competitive market conditions in other

sectors of the Specialty Products business segment resulted in weaker sales and shipments in this business segment.

In both the quarter and year-over-year consolidated comparisons, improvements in average selling prices and volume gains were nearly offset by higher manufacturing costs, including market pulp and energy prices.

## Operations Review

### Net Sales

(all dollar amounts in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2006	2005	2006	2005
Net sales	<b>\$297,286</b>	\$275,291	<b>\$580,949</b>	\$543,032
Percent increase	<b>8%</b>	4%	<b>7%</b>	5%

Consolidated net sales of \$297.3 million for the three months ended June 30, 2006 improved 8% over consolidated net sales of \$275.3 million for the three months ended June 30, 2005. Shipments increased 4% quarter-over-quarter with 232,005 tons shipped during the second quarter of 2006 and 222,081 tons shipped during the second quarter of 2005.

During the same comparative periods, average net selling price improved 3%, or approximately \$8.3 million, with actual product selling price increases driving substantially all of the improvement.

For the six months ended June 30, 2006 and 2005, consolidated net sales were \$580.9 million and \$543.0 million, respectively, or a 7% improvement year-over-year. Year-to-date shipments at June 30, 2006 were 456,212 tons which represented a 3% increase over the 443,316 tons shipped during the same six-month period in 2005. During the first six months of 2006, average net selling price improved nearly 4%, or \$19.5 million, with actual selling price increases accounting for approximately two-thirds of the increase and product mix improvements comprising the balance of the improvement.

Specialty Products net sales for the second quarter of 2006 were \$111.9 million, a decline of nearly 2% from net sales of \$114.0 million reported during the same period in 2005. Reduced paper mill packaging grade volume accounted for more than half of the 6% decline in shipments during the three months ended June 30, 2006 compared to the three months ended June 30, 2005, with 94,720 tons and 100,404 tons shipped during the quarter ended June 30, 2006 and 2005, respectively. Partially offsetting the decline in volume was an increase in average net selling price of nearly 3%, or approximately \$2.9 million, with actual selling price increases and product mix improvements contributing equally to the increase.

For the first half of 2006, Specialty Products net sales were similar at \$233.4 million compared to \$232.3 million in the first half of 2005. Shipment volume declined 4% to 197,007 tons during the first half of 2006 compared to

205,192 tons shipped during the first half of 2005. The decline in volume year-over-year was offset by a like increase in average net selling price of more than 3%. To date, product mix enhancements have accounted for the majority of the selling price improvement as the markets in which Specialty Products compete remain price sensitive.

For the three months ended June 30, 2006, Printing & Writing reported net sales of \$112.0 million, an increase of 18% over reported net sales in the second three months of 2005 of \$95.2 million. The current quarter improvement in net sales was due to a 16% increase in volume as 93,311 tons were shipped during the second quarter of 2006 compared to 80,411 tons during the

-15-

---

second quarter of 2005. Average net selling price improved more than 1%, with increases in actual product selling prices of approximately 3% more than offsetting a weaker product mix.

Year-to-date net sales for Printing & Writing increased 13% to \$211.4 million in 2006 from \$187.9 million in 2005. Shipment volume improved 10% year-over-year with 176,942 tons shipped during the six months ended June 30, 2006 and 160,571 tons shipped during the six months ended June 30, 2005. Average net selling price improved 2%, with actual selling price driving the increase quarter-over-quarter.

Towel & Tissue reported net sales of \$73.3 million for the three-month period ended June 30, 2006, an increase of 11% from net sales of \$66.1 million reported in the same three-month period of 2005. Total shipments increased 7% to 43,974 tons from 41,266 tons during the same period last year. Average net selling price increased nearly 5%, or approximately \$3.5 million, in the second quarter of 2006 over the second quarter of 2005 with modest mix improvement adding to the more significant pricing gains experienced in this business segment.

Net sales for the first six months of 2006 and 2005 were \$136.2 million and \$122.8 million, respectively, for Towel & Tissue an improvement of 11%. Product selling price increases of approximately 4% drove an increase in average net selling price of more than 5% as compared to 2005. In addition, shipments of 82,263 tons during the first half of 2006 increased 6% over shipments of 77,553 tons during the first half of 2005, while the away-from-home towel and tissue market expanded approximately 2% during the first half of 2006. For the first six months of 2006, shipments of our value-added products increased 14%.

### *Gross Profit*

(all dollar amounts in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2006	2005	2006	2005
Gross profit on sales	<b>\$28,340</b>	\$16,846	<b>\$50,665</b>	\$39,981
Gross profit margin	<b>10%</b>	6%	<b>9%</b>	7%

Gross profit for the three months ended June 30, 2006, was \$28.3 million compared to \$16.8 million for the three months ended June 30, 2005. Impacting gross profit margin in the second quarters of 2006 and 2005 were pre-tax charges of \$0.1 million and \$9.3 million, respectively, related to the closure of Printing & Writing's sulfite pulp mill located in Brokaw, Wisconsin. The closure was announced in July 2005. The pulp mill was closed in November

2005 and the related long-lived assets abandoned. In addition, gross profit for the second quarter of 2006 was impacted by the gain on sales of timberlands as described in the Liquidity and Capital Resources discussion. Overall improvements in average net selling price and volume gains in the quarter-over-quarter comparison more than offset unfavorable energy and fiber-related cost increases. In total, natural gas prices increased approximately 16% resulting in an additional cost of approximately \$1.4 million in the second quarter of 2006 compared to the second quarter of 2005. In addition, market pulp prices increased \$12 per air-dried metric ton, or approximately \$1.4 million.

-16-

---

Year-to-date, gross profit increased from \$40.0 million, or 7% of consolidated net sales, to \$50.7 million, or 9% of consolidated net sales. As in the quarterly comparison, the year-to-date comparisons include the impact of pulp mill closure charges of \$0.1 million for the first six months of 2006 and \$9.3 million for the first six months of 2005. As in the quarterly comparison, year-to-date gross margin was also impacted by the gain on sales of timberlands in 2006.

Please refer to the discussion of Liquidity and Capital Resources for additional information. Year-over-year, gains in average net selling price and shipments were entirely offset by unfavorable energy and fiber-related costs resulting in similar gross profit margins for the comparable periods. Year-over-year, natural gas increased nearly 29%, or \$4.8 million and market pulp prices increased 2%, or \$2.2 million.

In both the quarterly and year-to-date comparisons, Specialty Products' average selling price increase and cost-reduction efforts were more than offset by higher current year manufacturing costs, including market pulp, linerboard and energy, and lower shipment volumes resulting in lower gross margins of 6% in the second quarter and first six months of 2006 compared to 8% in the second quarter and first six months of 2005.

Printing & Writing's second quarter 2006 and 2005 gross margins were 3% and negative 7% of net sales, respectively.

Both quarterly periods were unfavorably impacted by a \$0.1 million and \$9.3 million pre-tax charge to cost of products sold in 2006 and 2005, respectively, as a result of the announced closure of the sulfite pulp mill located in Brokaw, Wisconsin. The pulp mill closure charge included accelerated depreciation on pulp mill related assets that were abandoned as a result of the closure completed in November 2005 and a write-down of related pulp mill inventory to net realizable value. Average net selling price improvements and volume gains in this business segment more than offset unfavorable market pulp and energy costs experienced in the second quarter of 2006 compared to the same period of 2005.

Year-to-date gross margins for the Printing & Writing business segment were 1% and a negative 3% for the six months ended June 30, 2006 and 2005, respectively. The pre-tax pulp mill closure charge described in the consolidated comparison was included in the cost of products sold for this business segment in the six months ending June 30, 2006 and 2005. Year-to-date, improvements in product selling price and volume gains have not offset the unfavorable manufacturing cost pressures experienced with respect to market pulp and energy.

The gross profit margin for Towel & Tissue was 23% for the second quarter of 2006 and 22% for the second quarter of 2005. Towel & Tissue gross profit margin was 22% during the first six months of 2006 and the first six months of 2005. In both the quarter-over-quarter and year-over-year comparisons, increased average selling price and improved operations offset unfavorable increases in purchased towel and tissue parent roll and energy prices.

Consolidated order backlogs decreased to approximately 42,900 tons at June 30, 2006, from approximately 43,200 tons at June 30, 2005. Backlog tons at June 30, 2006 represent \$55.3 million in sales compared to \$52.7 million in sales at June 30, 2005. Quarter-over-quarter improvements in customer backlog were evident in Printing & Writing and Towel & Tissue, while Specialty Products customer backlogs declined. Specialty Products backlog tons

-17-

---

declined from 29,700 tons as of June 30, 2005, to 23,600 tons at June 30, 2006. Printing & Writing backlog tons improved to 15,600 tons at the end of the second quarter of 2006 compared to 10,100 tons at the end of the second quarter of 2005. Towel & Tissue experienced slightly improved backlogs with 3,700 tons and 3,400 tons reported at the end of the second quarter of 2006 and 2005, respectively. The change in customer order backlogs does not necessarily indicate business conditions as a large portion of orders are shipped directly from inventory upon receipt and do not impact backlog numbers.

### *Selling and Administrative Expenses*

(all dollar amounts in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	2006	2005	2006	2005
Selling and administrative expense	<b>\$19,735</b>	\$18,376	<b>\$40,711</b>	\$35,903
Percent increase (decrease)	<b>7%</b>	(7%)	<b>13%</b>	(7%)
As a percent of net sales	<b>7%</b>	7%	<b>7%</b>	7%

Selling and administrative expenses in the second quarter of 2006 were \$19.7 million compared to \$18.4 million in the same period of 2005. Stock-based incentive compensation programs resulted in a credit of \$0.7 million and \$0.8 million for the three months ended June 30, 2006 and June 30, 2005, respectively. After adjusting for stock-based incentive compensation programs, increased wages, benefits, legal, and consulting expenses accounted for the increase quarter-over-quarter.

Selling and administrative expenses for the six months ended June 30, 2006 were \$40.7 million compared to \$35.9 million in the same period of 2005. Stock-based incentive compensation programs resulted in expense of \$0.6 million for the six months ended June 30, 2006 compared to a credit of \$2.7 million for the six months ended June 30, 2005.

As in the quarterly comparison, after adjusting for incentive compensation programs, the balance of the year-over-year increase is due to higher wages, benefits, legal, and consulting expenses.

### *Restructuring Charge*

As a result of the permanent closure of the sulfite pulp mill located at Printing & Writing's Brokaw, Wisconsin, papermaking mill, which was announced in July 2005 and completed in November 2005, we recorded a pre-tax closure charge of \$0.1 million and \$0.2 million in the second quarters of 2006 and 2005, respectively, and \$0.2

million in the year-to-date periods of both 2006 and 2005. In 2006, these charges related to other associated closure costs in connection with the closed facility. In 2005, the charge related to certain assets disposed as a direct result of the announced closing of the sulfite pulp mill.

-18-

---

*Other Income and Expense*

(all dollar amounts in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	<b>2006</b>	2005	<b>2006</b>	2005
Interest expense	<b>\$2,879</b>	\$2,687	<b>\$5,592</b>	\$5,337
Other income (expense), net	<b>47</b>	122	<b>89</b>	237

Interest expense was slightly higher between comparable quarterly periods of 2006 and 2005 at \$2.9 million and \$2.7 million, respectively, as well as comparable year-to-date periods of 2006 and 2005 at \$5.6 million and \$5.3 million, respectively. The increase was due to slightly higher debt levels in 2006 compared to 2005. Long-term debt was \$163.7 million and \$161.4 million at June 30, 2006 and 2005, respectively. Long-term debt at December 31, 2005, was \$161.0 million. Interest expense in 2006 is expected to be slightly higher than 2005 levels, as modestly higher debt average debt levels are expected to be carried in 2006. Other income, consisting principally of interest income, in the second quarter and year-to-date periods of 2006 is less than the same periods last year as a result of lower cash and cash equivalent balances in 2006.

*Income Taxes*

(all dollar amounts in thousands)	Three Months Ended June 30,		Six Months Ended June 30,	
	<b>2006</b>	2005	<b>2006</b>	2005
Provision (credit) for income taxes	<b>\$2,108</b>	(\$1,581)	<b>\$1,570</b>	(\$444)
Effective tax rate	<b>37%</b>	37%	<b>37%</b>	37%

The effective tax rates for the periods presented are indicative of the Company's normalized tax rate. The effective rate for 2006 is expected to remain at 37%.

**Liquidity and Capital Resources**

*Cash Flows and Capital Expenditures*

(all dollar amounts in thousands)	Six Months Ended June 30,	
	2006	2005
Cash provided by (used in) operating activities	\$ 5,191	(\$ 4,498)
Capital expenditures	11,779	15,631

For the six months ended June 30, 2006, cash provided by operating activities was \$5.2 million compared to cash used in operating activities of \$4.5 million for same period in 2005. More than one-half of the change in the year-over-year comparisons of cash provided by operating activities was related to the levels of inventory build during the respective time periods. For the first half of 2006, inventories increased approximately \$11 million compared to an increase in inventory

of approximately \$17 million during the first half of 2005. The increase in inventory levels is attributable to seasonal inventory builds in all business segments. In addition, the first half of 2005 included increased inventory requirements to support the operations of Printing & Writing's Brainerd mill which was acquired in the fourth quarter of 2004. The remaining provision of cash is related to a reduction in income taxes paid in the first six months of 2006 compared to the same period in 2005, offset somewhat by decreases in the change in accounts payable and other accrued liabilities and increases in accounts receivable and other assets from the December 31 of each year to June 30. On a combined basis, these items resulted in a use of cash of approximately \$3 million during the first half of 2006 compared to the first half of 2005.

Wausau Paper has established an average internal rate of return target of 17% on all capital projects approved in 2006. This objective was achieved on projects approved during the first six months of the year. Capital spending for the first six months of 2006 was \$11.8 million compared to \$15.6 million during the first six months of 2005. Total capital spending for the full-year of 2006 is expected to be slightly below \$30 million.

For 2006, capital expenditures for projects with total spending expected to exceed \$1.0 million occurred in all three business segments. Specialty Products spent \$3.3 million on a stock prep consolidation project at the Rhinelander, Wisconsin facility and \$0.9 million on paper mill related equipment at the Mosinee, Wisconsin paper mill. Printing & Writing spent \$0.2 million on a palletizer project at the Groveton, New Hampshire paper mill and Towel & Tissue spent \$0.1 million on various converting lines.

The balance of the spending for the first six months of 2006 was related to projects that individually are expected to cost less than \$1.0 million. These expenditures included approximately \$5.4 million for essential non-or low-return projects, and approximately \$1.9 million on projects expected to provide a return in excess of our targeted internal rate of return.

During 2005, we announced our intent to sell, over the next three to four years, approximately 42,000 acres of timberlands, generating expected after-tax earnings of \$29 million. Since introducing the timberland sales program, we have sold approximately 2,400 acres and have realized after-tax earnings of approximately \$3.1 million. During the second quarter of 2006, we sold approximately 500 acres of timberlands, resulting in an after-tax gain of \$0.8 million. Year-to-date, we have sold approximately 1,200 acres of timberlands, resulting in an after-tax gain of \$1.8 million. Timberland sales activity during the three months and year-to-date periods ended June 30, 2005, was not significant. We expect our timberland sales program to gain momentum during 2006 and ultimately increase to a pace that will allow for completion of our sales program within the time period specified.

*Debt and Equity*

(all dollar amounts in thousands)	<b>June 30, 2006</b>	December 31, 2005
Short-term debt	<b>\$ 265</b>	\$ 86
Long-term debt	<b>163,748</b>	161,011
Total debt	<b>164,013</b>	161,097
Stockholders' equity	<b>302,243</b>	310,219
Total capitalization	<b>466,256</b>	471,316
Long-term debt/capitalization ratio	<b>35%</b>	34%

As of June 30, 2006, long-term debt was \$163.7 million, or approximately \$2.7 million higher, than the \$161.0 million at December 31, 2005. The increase in debt is primarily due to seasonal builds in inventory.

At June 30, 2006, we had \$3.0 million of commercial paper issued under an existing unrated commercial paper placement agreement with a bank. This agreement requires unused credit availability under our unsecured revolving-credit facility in an amount equal to the amount of our outstanding commercial paper. The amount of commercial paper outstanding has been classified as long-term as we intend and have the ability to refinance the obligations under the revolving-credit facility.

On June 30, 2006, we had approximately \$97 million available borrowing capacity under the revolving-credit .. Our cash position and borrowing capacity is expected to provide sufficient liquidity to support operations, meet capital spending requirements, fund dividend payments to shareholders, and continue to repurchase shares of Wausau Paper common stock.

On July 27, 2006, we amended and restated our existing \$100 million revolving-credit facility to provide an unsecured \$125 million facility with five financial institutions that will expire on July 27, 2011. Under the new credit agreement, we will pay an annual facility fee (initially, .175%). In addition to representations and warranties, covenants, and provisions for default customary for facilities of this nature for customers of the banks having similar creditworthiness, we are required to maintain a consolidated leverage ratio of not more than 55%, a consolidated interest coverage ratio of not less than 3.0 to 1, and a consolidated net worth of \$285.4 million (increased by 25% of net quarterly income and proceeds from equity sales). At June 30, 2006, we were in compliance with covenants related to the \$100 million revolving-credit facility.

During 2005, we reactivated our common stock buy-back program. At December 31, 2005, there were approximately 2.0 million shares available for repurchase through an authorization approved by our Board of Directors in 2000.

Under this authorization, we have repurchased 234,400 shares during the first half of 2006 at a total cost of approximately \$3.2 million, with 159,600 shares at a cost of approximately \$2.2 million repurchased during the second quarter of 2006. At June 30, 2006, there are approximately 1.7 million shares available for repurchase.

Repurchases may be made from time to time in the open market or through privately negotiated

transactions. We intend to continue repurchasing shares at a similar pace to repurchases in recent quarters.

### *Dividends*

At a meeting held on June 16, 2006, the Board of Directors declared a quarterly cash dividend of \$0.085 per common share which is payable on August 15, 2006, to shareholders of record on August 1, 2006.

### **Information Concerning Forward - Looking Statements**

The foregoing discussion and analysis of our financial condition and results of operations contains forward-looking statements that involve risks, uncertainties, and assumptions. Forward-looking statements are not guarantees of performance. If the risks or uncertainties ever materialize or the assumptions prove incorrect, the results of Wausau Paper and our consolidated subsidiaries may differ materially from those expressed or implied by such forward-looking statements and assumptions. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. Forward-looking statements may be identified by, among other things, beliefs or expectations that certain events may occur or are anticipated and projections or statements of expectations with respect to various aspects of our business, our plans or intentions, our stock performance, the industry within which we operate, the economy, and any other expressions of similar import or covering other matters relating to our business and operations. Risks, uncertainties, and assumptions relating to our forward-looking statements include the level of competition for our products, changes in the paper industry, downturns in our target markets, adverse changes in our relationships with large customers and our labor unions, costs of compliance with environmental regulations, our ability to fund our operations, changes in the price or availability of raw materials and energy, the failure to develop new products that meet customer needs, unforeseen operating problems, changes in strategic plans or our ability to execute such plans, maintenance of adequate internal controls, changes in financial accounting standards, unforeseen liabilities arising from current or prospective claims, and the effect of certain organizational anti-takeover provisions. These and other risks, uncertainties, and assumptions are described under the caption "Risk Factors" in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2005, and from time to time in our other filings with the Securities and Exchange Commission after the date of such annual report. We do not intend to update these forward-looking statements.

### **Item 3.**

#### **Quantitative and Qualitative Disclosures About Market Risk**

There has been no material change in the information provided in response to Item 7A of Wausau Paper's Form 10-K for the year ended December 31, 2005.

**Item 4.**

**Controls and Procedures**

As of the end of the period covered by this report, management, under the supervision, and with the participation, of our President and Chief Executive Officer and the Chief Financial Officer, evaluated the effectiveness of the design and operation of Wausau Paper's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) and 15d-15(e)) under the Securities and Exchange Act of 1934, as amended (the Exchange Act) pursuant to Exchange Act Rule 13a-15. Based upon, and as of the date of such evaluation, our President and Chief Executive Officer and the Chief Financial Officer concluded that the our disclosure controls and procedures were effective. There were no changes in our internal control over financial reporting (as such term is defined in Exchange Act Rule 13a-15(f)) during the fiscal quarter covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### Item 1A.

#### Risk Factors

In addition to the other information set forth in this report, this report should be considered in light of the risk factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2005, which could materially affect our business, financial condition, or future results of operations. The risks described in our Annual Report on Form 10-K are not the only risks facing Wausau Paper. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition, and/or operating results.
