[Date], 2004

Dear Fellow Shareholder:

You are cordially invited to attend a special meeting of shareholders of Grand Toys International, Inc., which we refer to as Grand US, to be held at _____ a.m. on _____, 2004, at _____. At the meeting, we are presenting for your approval proposals for:

the reorganization of Grand US in which it will become a subsidiary of its Hong Kong subsidiary, which we refer to as Grand HK, and you will receive, in exchange for each of your shares of Grand US, the beneficial ownership of one Grand HK ordinary share, which will trade in the United States in the form of an American depositary share, or ADS, which will be represented by an American depositary receipt, or ADR; and

the issuance to Centralink Investments Limited of 10,000,000 Grand HK ADSs, which will be evidenced by Grand HK ADRs, in exchange for all of the shares of Playwell International Limited and cash and other consideration in a total amount of \$11,000,000.

The reorganization of Grand US, Grand HK's acquisition of the shares of Playwell International Limited, which we refer to as Playwell, and the issuance of Grand HK ADSs to Centralink Investments Limited, which we refer to as Centralink, are steps in a single transaction. Grand HK is a subsidiary of Grand US but will, as a result of the reorganization, become the publicly-traded holding company of both Grand US and Playwell. The reorganization will be accomplished through the merger of Grand US and a subsidiary of Grand HK. Grand US will continue to exist, but it will be a wholly-owned subsidiary of Grand HK. Unless you approve both proposals, neither of those transactions will be completed.

The number of Grand HK ADSs to be owned by you and represented by ADRs immediately after the transaction will be the same as the number of Grand US shares you own immediately prior to the transaction. However, as a result of the issuance to Centralink of 10,000,000 Grand HK ADSs as part of the transaction and Centralink's further purchase of approximately 924,187 Grand HK ADSs from current significant shareholders of Grand US, Mr. Hsieh Cheng (to whom we refer as Jeff Hsieh or Mr. Hsieh) the ultimate beneficial owner of Centralink, will become the majority beneficial owner of Grand HK, indirectly owning over 71% of all of the outstanding capital stock of Grand HK. As a result, these transactions on which you are voting will constitute a change in control of Grand HK, and Mr. Hsieh will be in a position to control the affairs of Grand HK after the consummation of these transactions.

After completion of the transactions described in the enclosed proxy statement/prospectus, Grand HK and its subsidiaries will continue to conduct the business now conducted by Grand US and its subsidiaries. Grand HK will also conduct the business of Playwell and its subsidiaries. In addition, Grand US's current directors will resign upon completion of the transaction and a new board of directors of Grand HK consisting of five persons, including Elliot L. Bier, the chairman of Grand US, will direct the operations of Grand HK and its subsidiaries. Grand US common stock is currently traded on the Nasdaq SmallCap Market under the symbol GRIN, and Grand HK has applied to have the Grand HK ADSs listed and traded after the reorganization merger on the Nasdaq SmallCap Market under the same symbol.

The proxy statement/prospectus enclosed with this letter provides you with detailed information regarding each of the proposals to be considered at the special meeting. We encourage you to read this entire document carefully. Please consider the risk factors beginning on page 32.

Table of Contents

Grand US board of directors has unanimously adopted the agreement and plan of merger to facilitate the reorganization merger and the subscription and exchange agreement which provides for the acquisition of Playwell and the issuance to Centralink of 10,000,000 Grand HK ADSs. Your board recommends that you vote FOR approval of the transactions described in those agreements, both of which must be approved if either is to go forward. Although the board's determination was unanimous, you should be aware that three of Grand US seven directors have interests in the transactions which are different from Grand US shareholders which may have created a conflict of interest in making their determination. These interests and potential conflicts are described in the proxy statement/prospectus enclosed with this letter in the section titled Interests of Grand US Directors and Officers in the Reorganization Merger and Subsequent Operation of Grand HK and Potential Conflicts of Interest on page 56.

If our shareholders approve the transactions at the special meeting, we expect to complete the reorganization merger, the Playwell acquisition and the related subscription transactions immediately after the special meeting. The board appreciates and encourages your participation. Whether or not you plan to attend the meeting, it is important that your shares be represented. PLEASE MARK, SIGN, DATE AND MAIL THE ENCLOSED PROXY IN THE ENVELOPE PROVIDED AT YOUR EARLIEST CONVENIENCE.

Very truly yours,

Elliot L. Bier
Chairman

QUESTIONS AND ANSWERS

ABOUT THE REORGANIZATION MERGER AND THE ISSUANCE OF SHARES TO CENTRALINK

Q. What am I being asked to vote on?

- A. You are being asked to vote in favor of a reorganization of Grand US, a Nasdaq SmallCap Market listed Nevada corporation, in which it will become a subsidiary of Grand HK, a Hong Kong company that is currently a subsidiary of Grand US. You are also being asked to vote on the related issuance to Centralink of Grand HK ADSs, which, when issued, will represent more than twenty percent of the issued and outstanding securities of Grand HK.

The reorganization of Grand US will be accomplished by a statutory merger. In the reorganization merger, your shares of Grand US common stock will automatically convert into the right to receive an identical number of Grand HK ADSs which will be represented by Grand HK ADRs.

Immediately after the completion of the reorganization merger but as part of the same transaction, 10,000,000 Grand HK ADSs will be issued to Centralink pursuant to a subscription and exchange agreement entered into by and among Centralink, Grand HK and Grand US. 5,000,000 of the Grand HK ADSs will be issued in exchange for all of the outstanding shares of Playwell, and another 5,000,000 Grand HK ADSs will be issued in consideration for investments by Centralink into Grand HK in the form of cash and other consideration having a total value of \$11,000,000.

Q. What vote is required to approve each of the proposals to be voted on at the meeting of shareholders?

- A. The approval of the reorganization merger requires the approval of a majority of the 5,355,244 shares of Grand US common stock outstanding as of the record date. The issuance of the 10,000,000 Grand HK ADSs to Centralink requires the approval of a majority of the shares present at the special meeting voting in person or by proxy. Unless you approve both proposals, neither of these transactions will be completed. The record date is June 15, 2004, and only holders of record of Grand US common stock on the record date are entitled to notice of and to vote at the special meeting. On the record date, directors and executive officers of Grand US and their affiliates owned in the aggregate 2,032,822 shares of Grand US common stock, representing 38% of the outstanding common stock of Grand US. These persons have informed Grand US that they intend to vote in favor of the proposals.

Q. Why are we proposing this reorganization merger?

- A. Although Grand US is a Nevada company, nearly all of its current business is carried on in Canada through its Canadian subsidiary, and its headquarters are in Canada. Grand US has relatively little business activity in the United States. As a result of the Centralink transaction, including the acquisition of Playwell, the vast majority of Grand HK's assets and operations will be located in Hong Kong or in nearby Guangdong province of southern China. The seat of management of Grand HK's operations will be in Hong Kong. Changing the corporate structure from a US holding company into a Hong Kong holding company will simplify corporate management and facilitate dealings with suppliers and customers in the region, who are accustomed to dealing with Hong Kong companies and sometimes hesitant to do business with United States companies, which are sometimes regarded as unduly litigious.

The reorganization also makes sense from a tax standpoint. In fact, Centralink would not consummate the Playwell acquisition or the related subscription transaction without the reorganization merger. It would not have been logical for Centralink, a British Virgin Islands company, to transfer the shares of Playwell, a Hong Kong

limited company, to a United States corporation. Hong Kong companies such as Playwell have a 17.5% tax rate on profits from Hong Kong operations only, and no capital gains, sales, turnover or similar taxes, compared to U.S. companies like Grand US, which generally pay an effective Federal tax of 35% on their worldwide income, including capital gains and may be subject to sales, use and other U.S. transaction taxes. Subjecting Playwell's income to U.S. corporate taxation would significantly reduce the after-tax returns of the Playwell business. The reorganization merger will not, of course, affect the tax position of the current Grand US business, which will continue to be operated through Grand US just as before.

You should be aware that pending United States federal tax legislation, if enacted and depending upon its final form, might result in the treatment of a foreign corporation formed through a so-called expatriation or inversion of a United States corporation like the proposed reorganization as if it continued to be a United States corporation. Grand US has the right not to, and does not intend to consummate the reorganization merger, if legislative proposals are enacted or proposed or passed by any committee of the United States Senate or House of Representatives that would materially and adversely affect the anticipated United States tax treatment of Grand US and its shareholders at the time of or following the reorganization merger. The applicability of any such legislation most likely will depend on certain factual determinations that will not be binding on any taxing authority and that could be affected by future developments relating to the business operations and assets of Grand HK. Accordingly, whether the tax advantages of the reorganization merger will ultimately be realized cannot be predicted with any certainty. Once the reorganization merger is consummated, it will be difficult if not impossible to return to the current structure even if those advantages were not realized.

Table of Contents

Q. Why are we acquiring Playwell and issuing 10,000,000 Grand HK ADSs to Centralink?

A. Centralink, the sole shareholder of Playwell, is being issued 5,000,000 Grand HK ADSs in exchange for all of the issued and outstanding shares of Playwell pursuant to the subscription and exchange agreement. Playwell is a holding company which owns four subsidiaries: Hong Kong Toy Centre Limited, a trading company which trades in and coordinates the manufacturing of toy products designed by customers and Playwell branded items; Gatelink Mould Engineering Limited, a manufacturer of moulds for the companies in the Playwell group; Great Wall Alliance Limited, the holder of Playwell trademarks; and Asian World Enterprises Co., Limited, which holds certain intellectual property licenses for Walt Disney Company and Crayola branded products. In addition to the acquisition by Grand HK of the Playwell shares, Centralink will also subscribe for 5,000,000 additional Grand HK ADSs for cash and other consideration having a total value of \$11,000,000 pursuant to the subscription and exchange agreement.

The principals of Grand US and Playwell have known and transacted business with each other for several years. Management of Grand US and Playwell believe that the combination of Playwell's manufacturing and sourcing expertise, financial resources and cost-management skills and experiences with Grand US' marketing and distribution presence in North America and the combined significant toy industry experience of the management of Playwell and Grand US will create a vertically-integrated company that will have manufacturing and distribution capabilities and allow Grand HK to expand its product offerings significantly.

Grand US and Playwell also believe that the acquisition will provide strategic and financial benefits to the shareholders of Grand US. Together, the combined company will be a stronger vehicle for future expansion. The board of directors of Grand US believes that the acquisition has the potential to facilitate Grand HK's expansion into Asian and other world markets where Playwell has a presence and provide economies of scale.

Grand US has also entered into the subscription and exchange agreement with Centralink because it believes that the acquisition of Playwell will result in a combined company being a much larger and financially more stable company. In addition, Grand US believes that characteristics resulting from the combination of Grand US and Playwell, including but not limited to, Grand HK's larger size, financial stability and international coverage, will afford Grand HK better access to capital which will support future growth. The \$11,000,000 in capital provided to Grand HK by Centralink will provide working capital to further expand the operations of Grand HK. Centralink will have no obligation to supply Grand HK with additional capital. The location of future operations will depend on the needs of the business, independent of Grand HK's place of incorporation. Grand US, Grand HK and Centralink are currently focused on consummating the proposed reorganization merger and related acquisition of Playwell. There are various acquisition opportunities being pursued by Cornerstone Investments Limited, Centralink's parent company and which is referred to as Cornerstone, and these companies or businesses, if acquired by Cornerstone, may be contributed to Grand HK. For further discussion of these potential acquisitions and the terms under which they may be contributed to Grand HK see the section titled "Recent Developments" on page 18.

Q. What are ADSs and ADRs, and why are they being issued instead of shares in Grand HK?

A. American depositary shares, or ADSs, represent ownership interests in the ordinary shares of a company. American depositary receipts, or ADRs, are certificates that evidence ownership of ADSs. The ADRs you will receive will be delivered by The Bank of New York and represent your ownership of Grand HK ADSs which, in turn, represent your beneficial ownership of the ordinary shares of Grand HK. Grand HK ADSs are publicly traded in place of the ordinary shares in Grand HK because the transfer of shares in a Hong Kong company under HK law requires the completion of corporate formalities and the payment of stamp duties. Compliance with these formalities is not practical with respect to shares that are publicly traded in the United States. Shares of many

foreign companies are traded in the United States as ADSs for similar reasons.

In the case of Grand HK, each ADS will represent beneficial ownership of one ordinary share issued by Grand HK and placed on deposit with The Hong Kong and Shanghai Banking Corporation Limited, as custodian.

Q. What will I receive in the reorganization merger?

A. Each share of Grand US common stock will be converted in the reorganization merger into one Grand HK ADS representing your beneficial ownership of one ordinary share of Grand HK. Your Grand HK ADSs will be evidenced by a Grand HK ADR. Grand HK expects to list the Grand HK ADSs for trading in the

-3-

Table of Contents

United States on the Nasdaq SmallCap Market. The number of Grand HK ADSs to be issued in the reorganization merger will not be adjusted based upon changes in the value of Grand US common stock. As a result, the value of Grand HK ADSs that you receive in the reorganization merger will not be determined at the time you vote on the reorganization merger and its value will go up or down as the market price of Grand US common stock changes.

Q. How will the reorganization be accomplished?

- A. GTI Acquisition Corp., a Nevada corporation, is a subsidiary of Grand HK, which in turn is currently a subsidiary of Grand US. In the reorganization, GTI Acquisition Corp. will merge with and into Grand US. Grand US will be the surviving company in the reorganization merger and thus will become a wholly-owned subsidiary of Grand HK. Upon completion of the reorganization merger, Grand US will cease to have any interest in Grand HK. The shares of Grand US held by you will automatically convert into the right to receive the same number of Grand HK ADSs. This procedure will result in your becoming a beneficial shareholder of Grand HK. Following the reorganization merger, you will own an interest in a Hong Kong holding company which, through Grand US, Playwell and the other Grand HK subsidiaries, will operate the same line of businesses that Grand US, Playwell and their respective subsidiaries were engaged in before the reorganization merger. The additional steps in the reorganization merger are fully described in the section titled "Proposal 1 Adoption and Approval of the Agreement and Plan of Merger" on page 61.

Q. Will the reorganization dilute my ownership interest?

- A. The reorganization merger itself will not dilute your ownership interest in Grand HK because, after the reorganization merger is consummated, you will own the same number of Grand HK ADSs as you own shares of Grand US common stock immediately before the completion of the reorganization merger. The total number of shares outstanding will be the same.

However, the reorganization merger is part of a larger transaction which includes the acquisition of Playwell and an additional investment by Centralink. This will result in the issuance by Grand HK of 10,000,000 new Grand HK ADSs to Centralink. Also in connection with but separate from the reorganization merger, Centralink has agreed to purchase from certain controlling shareholders of Grand US a total of 924,187 Grand HK ADSs. As a result of these transactions, Centralink will hold a total of 10,924,187 Grand HK ADSs out of a total of 15,355,244 Grand HK ADSs outstanding immediately after these transactions.

Accordingly, your percentage ownership interest in Grand HK will decrease and you and the other current holders of Grand US common stock will own 28.86% of Grand HK. Mr. Jeff Hsieh, the ultimate beneficial owner of Centralink, will control 71.14% of Grand HK immediately after the completion of all of the transactions described in this proxy statement/prospectus. By virtue of his ownership, Mr. Hsieh will be able to control the business and affairs of Grand HK.

Q. What is the tax effect on shareholders of Grand US as a result of this reorganization merger?

- A. Grand HK has obtained an opinion of its U.S. counsel to the effect that, if you are a United States shareholder, you will not be taxed on your receipt of Grand HK ADSs in exchange for your Grand US common stock pursuant to the reorganization merger, and will carry your tax basis and holding period with respect to your Grand US common stock over to the Grand HK ADSs received by you in the reorganization merger. However, if you receive Grand HK ADSs representing 5% or more (by either vote or value) of the outstanding ordinary shares of Grand HK, you will be subject to tax on your gain (if any) on the exchange unless you file a gain recognition agreement with the U.S. Internal Revenue Service, or IRS, and comply with certain certification requirements for the year in which the reorganization merger occurs and each of the five succeeding calendar years. Counsel's opinion relies on

certain factual representations and assumptions, and is not binding on the IRS or the courts.

If you are a non-corporate U.S. shareholder, dividends (if any) paid to you by Grand HK will be taxable to you in the same manner as dividends paid by Grand US, and (provided Grand HK ADRs are traded on the Nasdaq SmallCap Market or another U.S. exchange and you satisfy various holding period rules) these dividends paid to you through 2008 will be eligible for federal income taxation at a maximum 15% tax rate. However, dividends (if any) paid by Grand HK to U.S. shareholders that are corporations generally will not be eligible for the dividends

-4-

Table of Contents

received deduction. Dividends paid by Grand HK generally will be treated as foreign source income for purposes of calculating a U.S. shareholder's allowable foreign tax credits.

WE URGE YOU TO CONSULT YOUR OWN TAX ADVISORS REGARDING THE PARTICULAR TAX CONSEQUENCES TO YOU IN RELATION TO THE REORGANIZATION.

Q. Will Grand US or Grand HK be taxed as a result of the reorganization merger?

A. Grand US and Grand HK have been advised by their U.S. counsel that neither Grand HK nor Grand US will incur any material United States federal income or withholding taxes in connection with the reorganization merger.

Q. Why was Hong Kong selected as the domicile of the new parent company?

A. In addition to the business reasons discussed above, Grand US and Centralink chose Hong Kong for several other reasons. Administratively, it will be easier for Grand HK to operate as a Hong Kong company, in terms of corporate formalities and banking relationships, which are expected to be established principally with Hong Kong banks. Since the corporate headquarters of Grand HK will be physically located in Hong Kong, the corporate formalities, including filings with regulatory agencies and payment of franchise taxes, required for a Hong Kong company should be administratively easier to comply with than the corporate formalities of other jurisdictions. In addition, banks often require constant updates of corporate documentation in connection with loans and other transactions. As mentioned above, the corporate headquarters is expected to be located in Hong Kong, and administratively, it will be easier for Grand HK to handle such corporate responsibilities and banking relationships locally, with ready access to the relevant records and documents. Furthermore, since Hong Kong is a global financial center with significant banking presence and good access to capital, neither Grand US nor Centralink believes there to be any material business disadvantages to domiciling Grand HK in Hong Kong. The absence of any such disadvantages paired with the administrative convenience of domiciling Grand HK locally led Grand US and Centralink to conclude that the most efficient domicile for Grand HK is Hong Kong.

Moreover, Hong Kong is an internationally recognized global center of trade. The corporate law in Hong Kong, a Special Administrative Region of the People's Republic of China with its own government and legislature and which enjoys a high degree of autonomy from the People's Republic of China, is based on English law and is well-developed and substantially ensures effective protection of shareholder rights. We encourage you to read the section titled "Comparison of Rights of Grand HK Shareholders and Grand US Shareholders" beginning on page 72 for a more detailed description of the differences between your rights as a shareholder of Grand US under Nevada law and your rights as a shareholder of Grand HK under Hong Kong law.

Q. When do you expect to complete the reorganization merger and Playwell Acquisition?

A. Grand HK, Grand US and Centralink hope to complete the reorganization merger immediately after the special meeting of Grand US shareholders if the reorganization merger and the related transactions with Centralink are approved by the shareholders at the meeting.

Q. Will I be able to trade my Grand US shares during the time between the date of this proxy statement/prospectus and the effective time of the reorganization merger?

A. Yes. You will be able to trade your Grand US shares during the time between the date of this proxy statement/prospectus and the effective time of the reorganization merger.

Q. How does Grand US board of directors recommend that I vote?

A. Grand US board of directors unanimously recommends that you vote to approve and adopt the agreement and plan of merger and the issuance of the 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement. Although the board's decision was unanimous, you should be aware that three of Grand US's seven directors have interests in the transactions which are different from Grand US shareholders which may have created a conflict of interest in making their determination. These interests and potential conflicts of interest should be carefully considered by you in evaluating the board's recommendation. Please see the section titled "Interests of Grand US Directors and Officers in the Reorganization and Subsequent Operation of Grand HK and Potential Conflicts of Interest" on page 56.

Q. Am I entitled to appraisal rights in connection with the reorganization merger or the related transactions?

A. No. Under the General Corporation Law of the State of Nevada, shareholders voting against the agreement and plan of merger or the subscription and exchange agreement will not have appraisal rights.

Q. What risks should I consider in deciding whether to approve and adopt the reorganization merger and the issuance of 10,000,000 Grand HK ADSs to Centralink?

A. In evaluating the reorganization merger and the issuance of ADSs to Centralink, you should carefully read this proxy statement/prospectus and especially consider the factors discussed in the section titled "Risk Factors" beginning on page 32.

Q. How do I vote if my shares are registered in my name?

A. After you read this document, you may vote by MARKING, SIGNING, DATING AND MAILING your proxy card in the enclosed postage-prepaid envelope. Please vote as soon as possible even if you currently plan to attend the meeting in person so that your shares may be represented and voted at the special meeting.

Q. How do I vote if my broker holds my shares in Street Name ?

A. After you read this document, you should follow the voting instructions provided by your broker.

Q. If my broker holds my shares in Street Name, will my broker vote my shares for me?

A. No, not with respect to the reorganization merger or the issuance of the Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement, unless you provide your broker with instructions on how to vote your Street Name shares. If you do not provide instructions, your broker will not be permitted to vote your shares on the proposed reorganization merger or the issuance of the Grand HK ADSs to Centralink and the effect would be the same as a vote against the reorganization merger and the Centralink transactions. To ensure your shares are represented and voted at the special meeting, you should complete and return the enclosed form of proxy or be sure to provide your broker with instructions on how to vote your shares.

Q. Who can answer my questions?

The Reorganization Merger and the Acquisition of Playwell (see page 47)

The reorganization merger of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction.

Grand HK will, as a result of the reorganization merger and the Centralink transactions, become the publicly-traded holding company of both Grand US and Playwell. The reorganization merger will be accomplished through the merger of Grand US and GTI Acquisition Corp., which is a subsidiary of Grand HK. Grand US will continue to exist, but it will be a wholly-owned subsidiary of Grand HK. In the reorganization merger, each of your shares of Grand US common stock will be converted into the right to receive one Grand HK ADS. Each outstanding option and warrant to purchase shares of Grand US held by you will be converted into the right to acquire, upon exercise, the same number of Grand HK ADSs.

Immediately upon the completion of the reorganization merger, 10,000,000 Grand HK ADSs will be issued to Centralink pursuant to a subscription and exchange agreement entered into by and among Centralink, Grand HK and Grand US. 5,000,000 of the Grand HK ADSs will be issued in exchange for all of the outstanding shares of Playwell, and another 5,000,000 Grand HK ADSs will be issued in consideration for investments by Centralink into Grand HK in the form of cash and other consideration having a total value of \$11,000,000.

Recommendation of the Board of Grand US (see page 53)

After careful consideration, Grand US's board of directors unanimously determined that the reorganization merger to be effected pursuant to the agreement and plan of merger and the related acquisition of Playwell and issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are advisable and are fair to and in the best interests of Grand US and its shareholders. The directors of Grand US unanimously recommend that the Grand US shareholders vote:

FOR the proposal to approve and adopt the agreement and plan of merger; and

FOR the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement.

Although the board's determination was unanimous, you should be aware that three of Grand US's seven directors have interests in the transactions which are different from Grand US's shareholders, which may have created a conflict of interest in making their determination. These interests and potential conflicts are described under the section titled

Interests of Grand US Directors and Officers in the Reorganization Merger and Subsequent Operation of Grand HK and Potential Conflicts of Interest on page 56.

Share Conversion; Exchange of Shares (see page 61)

After the reorganization merger occurs, Grand HK will send a letter to Grand US shareholders that will provide instructions on exchanging their Grand US stock certificates for Grand HK ADRs which will evidence your ownership of Grand HK ADSs. Please do not send any stock certificates at this time.

Grand US Reasons for the Subscription and Exchange Transaction (see page 50)

The principal shareholders and executive officers of Grand US and Playwell have known and transacted business with each other for several years. Affiliates of Playwell supplied products to Grand US. The logic of the parties coming together in the current transaction is best understood against the background of the ongoing evolution and consolidation currently taking place in the global toy industry.

Grand US has historically been essentially a distributor of toy products developed and manufactured by others. Realizing that this has limited its opportunities for growth, Grand US has for some time sought ways of developing brands and proprietary products of its own. Having been largely unsuccessful in that effort, and faced with the consolidation of retailers in the toy industry and what had been declining revenues and profitability, Grand US was more than willing to consider a combination with a company like Playwell.

Table of Contents

Management of Grand US and Playwell believe that the combination of Playwell's manufacturing and sourcing expertise, financial resources and cost-management skills and experience and Grand US' marketing and distribution presence in North America and the combined significant toy industry experience of the management of Playwell and Grand US will create a vertically-integrated company that will have manufacturing and distribution capabilities and allow Grand HK to expand its product offerings significantly.

Grand US also believes that the acquisition will provide strategic and financial benefits to the shareholders of Grand US. Together, the combined company will be a stronger vehicle for future expansion. The board of directors of Grand US believes that the acquisition has the potential to facilitate Grand HK's expansion into Asian and other world markets where Playwell has a presence and provide economies of scale. Grand US also believes that the acquisition of Playwell will result in a combined company being larger and financially more stable company. In addition, Grand US believes that certain characteristics resulting from combining Grand US and Playwell, including but not limited to, Grand HK's larger size, financial stability and international coverage, will afford Grand HK better access to capital which will support future growth.

Grand US' Reasons for the Reorganization Merger (see page 50)

Apart from the fact that the reorganization merger is a condition to the Centralink transaction, nearly all of Grand US' current business is carried on in Canada through Canadian subsidiaries, and its headquarters are in Canada. It has relatively little business activity in the United States. As a result of the Centralink transaction, including the acquisition of Playwell, the vast majority of Grand HK's assets and operations will be located in Hong Kong or in nearby southern China, and the seat of management of Grand HK's operations will also be in Hong Kong. Reorganization of the company as a Hong Kong company will simplify corporate management and facilitate dealings with suppliers and customers in the region, who are accustomed to dealing with Hong Kong companies and sometimes hesitant to do business with United States companies, which are sometimes regarded as unduly litigious.

The reorganization merger also makes sense from a tax standpoint. In fact, Centralink would not consummate the Playwell acquisition or the related subscription transaction without the reorganization merger. It would not have been logical for Centralink, a British Virgin Islands company, to transfer the shares of Playwell, a Hong Kong limited company, to a United States corporation. Hong Kong companies such as Playwell have a 17.5% tax rate on profits from Hong Kong operations only, as well as no capital gains, sales, turnover or similar taxes compared to U.S. companies like Grand US, which generally have an effective Federal tax rate of 35% on worldwide income, are subject to capital gains taxes and may be subject to Federal and state sales, use and other taxes. Subjecting Playwell's income to U.S. corporate taxation would significantly reduce the after-tax returns of the Playwell business. The reorganization merger will not, of course, affect the tax position of the current Grand US business, which will continue to be operated through Grand US just as before.

Potential Disadvantages or Adverse Effects of the Reorganization Merger and the Playwell Acquisition on the Shareholders of Grand US

Although the board of directors has determined that the reorganization merger and the Playwell acquisition are in your best interests, the acquisition is not without risk. Among the potential disadvantages you should consider the following, all of which are described in detail in the section titled "Risk Factors" beginning on page 32.

The transactions will result in a change of control of Grand US. Mr. Hsieh, the ultimate controlling shareholder of Centralink, will control a majority of the outstanding shares of Grand HK. Although the board of Grand HK will consist of a majority of disinterested independent directors, Mr. Hsieh will have the right to influence the business of Grand HK and to decide any matters submitted to shareholders, even if his determination is not in your best interests;

As a result of Mr. Hsieh's ability to control Grand HK and the potential dilutive effect of the issuance of 10,000,000 Grand HK ADRs to Centralink, the share price of Grand HK may trade at a discount;

Pending U.S. tax legislation could result in Grand HK not being able to realize the tax benefits of being a Hong Kong holding company. This could have unfavorable tax consequences for Grand HK;

If the IRS were to successfully challenge Grand HK's assessment of the tax treatment of the reorganization merger, you could be taxed on the receipt of Grand HK ADSs in exchange for your shares of Grand US common stock;

The issuance of the 10,000,000 Grand HK ADSs to Centralink may be below the market price of the Grand HK ADSs;

It is possible that Grand HK will not receive all or any of the benefits that it believes will occur by combining the operations of Grand US and Playwell. Each of Grand US and Playwell will have incurred significant costs as a result of the transactions and the impact of these costs may have an adverse effect on the results of operations of Grand HK;

Playwell's business is and will continue to be dependent on transactions with related parties; and

Grand HK's operating results will be significantly dependent on the sales of products licensed from Marvel Enterprises, Inc.

In addition, although the reorganization merger, the Playwell acquisition and the related subscription transactions were negotiated by Grand US and Centralink on an arms-length basis, the relative values of Grand US and Playwell and the resulting number of Grand HK ADSs to be issued was determined by the management of Grand US and Centralink without the assistance of financial advisors. This determination was based on the historical operations of both companies, the prospects of each company and the prospects of the combined company. No competing transactions were solicited by Grand US because management believed that the transaction presented by Centralink was the best plan for you to achieve long term returns from your investment in Grand US.

Appraisal Rights (see page 73)

Grand US shareholders will not be entitled to appraisal rights in connection with any matter to be considered at the Grand US special meeting.

U.S. Federal Income Tax Consequences (see page 78)

Grand HK has obtained an opinion of its U.S. counsel to the effect that, if you are a U.S. shareholder, you will not be taxed on your receipt of Grand HK ADSs in exchange for your Grand US common stock pursuant to the reorganization merger, and will carry your tax basis and holding period with respect to your Grand US common stock over to the Grand HK ADSs received by you in the reorganization merger. However, if you receive Grand HK ADSs representing 5% or more (by either vote or value) of the outstanding ordinary shares of Grand HK, you will be subject to tax on your gain (if any) on the exchange unless you file a gain recognition agreement with the IRS and comply with certain certification requirements for the year in which the reorganization merger occurs and each of the five succeeding calendar years. Counsel's opinion relies on certain factual representations and assumptions, and is not binding on the IRS or the courts.

If you are a non-corporate U.S. shareholder, dividends (if any) paid to you by Grand HK will be taxable to you in the same manner as dividends paid by Grand US, and (provided Grand HK ADSs are traded on the Nasdaq Small Cap Market or another U.S. exchange and you satisfy various holding period rules) these dividends paid to you through 2008 will be eligible for federal income taxation at a maximum 15% tax rate. However, dividends (if any) paid by

Grand HK to U.S. shareholders that are corporations generally will not be eligible for the dividends received deduction. Dividends paid by Grand HK generally will be treated as foreign source income for purposes of calculating a U.S. shareholder's allowable foreign tax credits.

Table of Contents

In order for the tax treatment described above to apply, Grand US and/or Centralink intend to make various factual showings relating to, among other things, the assets of and the business conducted by one of Playwell's operating subsidiaries (Hong Kong Toy Centre Limited) outside the United States, and the ownership of shares in Grand HK by U.S. persons. Factual determinations by Grand US and/or Centralink will not be binding on any taxing authority or the courts.

If you are a non-U.S. shareholder of Grand US, you will not be subject to U.S. federal income tax on your gain (if any) on your receipt of Grand HK ADSs in exchange for your shares of Grand US common stock pursuant to the reorganization merger, provided that your gain is not effectively connected with your conduct of a U.S. trade or business and, if you are an individual, you are not present in the U.S. for 183 days or more in the year the reorganization merger occurs.

Table of Contents

Determining the actual tax consequences of the reorganization merger to you can be complicated. Your tax consequences will also depend on your specific situation. You should consult with your own tax advisor for a full understanding of the reorganization merger's tax consequences.

Fairness Opinion (see page 54)

Empire Valuation Consultants has delivered a written opinion to the Grand US board of directors as to the fairness, from a financial point of view, to Grand US and Grand US shareholders of the transactions contemplated by the subscription and exchange agreement. A copy of the full text of this opinion is attached to this document as Annex C. Grand US encourages you to read the opinion carefully in its entirety for a description of the procedures followed, assumptions made, matters considered and limitations on the review undertaken by Empire Valuation Consultants.

Empire Valuation Consultants provided its opinion for the information and assistance of the Grand US board in connection with its determination to proceed with the approval of the transactions contemplated by the subscription and exchange agreement, and such opinion is not a recommendation as to how you should vote with respect to the approval of the issuance of the Grand HK ADSs to Centralink in connection with such transactions. Apart from its compensation for evaluating the fairness of the transactions described in this proxy statement/prospectus, Empire Valuation Consultants has no other relationship with Grand US, Grand HK, Centralink or Playwell.

Interests of Grand US Directors and Officers in the Acquisition and Potential Conflicts of Interest (see page 56)

When you consider the recommendation of the Grand US board that Grand US shareholders vote in favor of the proposal to adopt and approve the agreement and plan of merger and the issuance to Centralink of Grand HK ADSs in connection with the Playwell acquisition and its subscription, you should be aware that certain executive officers of Grand US and members of Grand US board of directors have interests in the reorganization merger and acquisition and subscription that may be different from, or in addition to, both their current situation and your interests generally. These interests are described in the section titled *Interests of Grand US Directors and Officers in the Reorganization Merger and Subsequent Operation of Grand HK and Potential Conflicts of Interest* beginning on page 56, including:

the purchase by Centralink of 924,187 Grand HK ADSs from David Mars, a director of Grand US and Stephen Altro, a director and acting president of Grand US, at a price of \$4.00 per Grand HK ADS. This will eliminate any risk resulting from a decrease in the market price on one-half of the Grand HK ADSs owned by each of them and their affiliates;

the execution of a shareholders' agreement by and among Centralink, Stephen Altro, David Mars, Grand HK and certain other shareholders of Grand HK under which the shareholders have agreed that the provisions of the memorandum and articles of association of Grand HK limiting the size of the board to 5 persons will not be varied, and the shareholders will elect two directors who will be nominated by Messrs. Mars and Altro and two directors who will be nominated by Centralink. One designee of each of Centralink and Messrs. Mars and Altro must be independent within the meaning of current Nasdaq marketplace rules, as must the fifth director, who will be nominated by the other two independent directors and must be acceptable to Centralink and to Messrs. Mars and Altro. Mr. Altro and Mr. Mars intend to designate Elliot L. Bier, Grand US Chairman, and Michael Kron, a director of Grand US, as their designees with Mr. Kron being the independent nominee. This voting arrangement will remain in place until Grand HK's 2005 annual general meeting of shareholders;

the retention of Messrs. Mars and Altro as consultants to Grand Toys Ltd., Grand US Canadian subsidiary, at an aggregate of \$184,000 per annum. Messrs. Mars and Altro currently receive an aggregate of approximately \$78,000 per year for consulting services performed for Grand Toys Ltd.

the employment of Elliot L. Bier as a co-chairman of Grand HK pursuant to an employment agreement under which Mr. Bier will receive a salary of not less than \$150,000 per year, be eligible to receive performance bonuses and be granted options to purchase 300,000 Grand HK ADSs. Mr. Bier is not currently employed by Grand US, although he receives chairman fees of \$42,000 per year and automatic quarterly director option grants of 125 options per quarter. Furthermore, since January 1, 2004, Mr. Bier has also served as a paid consultant to Cornerstone;

the employment of Tania M. Clarke, Grand US current executive vice-president and chief financial officer, as vice president of finance of Grand HK and chief financial officer of Grand US pursuant to an employment agreement under which Ms. Clarke will receive a salary of not less than \$170,000 per year, an increase of approximately \$56,000 per year over her existing salary, be eligible to receive performance bonuses of up to 25% of her base salary and be granted options to purchase 50,000 Grand HK ADSs. Ms. Clarke's existing employment agreement does not contain specified bonus and option amounts;

the requirement of Grand US to continue to indemnify directors, officers and employees of Grand US for events occurring before the reorganization merger;

the purchase by Grand US of a directors and officers liability tail insurance policy, which will provide insurance coverage for acts and omissions of Grand US directors and officers before the reorganization merger for a period of six years after the reorganization merger;

the agreement of Cornerstone to pay or reimburse Grand US for obligations and liabilities that Grand US incurs on behalf of Cornerstone and its affiliates in connection with transactions Cornerstone is pursuing as described in the section titled Recent Developments on page 18. Cornerstone has also agreed to indemnify the directors, officers, employees, agents and representatives of Grand US for actions taken for Cornerstone in pursuing these transactions; and

the rights of officers and directors of Grand US who hold an aggregate of 46,125 options and 187,858 warrants to purchase Grand US common stock, which will become options and warrants to purchase Grand HK ADSs upon consummation of the transactions described in this proxy statement/prospectus.

Grand US board of directors was aware of and considered these potentially conflicting interests when the Grand US board, including the four disinterested members of the Grand US board, unanimously approved the agreement and plan of merger and the subscription and exchange agreement.

Conditions to Consummation of the Reorganization Merger and Playwell Acquisition (see page 88)

A number of conditions must be satisfied or waived before Grand HK and Centralink will complete the acquisition of Playwell and the related Centralink subscription transactions. Neither Grand US nor Centralink have any present intention to waive any of the closing conditions. The material closing conditions are summarized below.

The obligations of both Centralink and Grand US are subject to:

the reorganization merger shall have been completed in accordance with the terms of the agreement and plan of merger;

the execution of a shareholders agreement among Centralink, Grand HK, David Mars, Stephen Altro and certain affiliates of such persons pursuant to which, until Grand HK's 2005 annual meeting of shareholders, the shareholders have agreed that the provisions of the memorandum and articles of association of Grand HK limiting the size of its board of directors to five directors will not be varied and the shareholders will elect two directors nominated by Messrs. Mars and Altro and two directors nominated by Centralink. One designee of each of Centralink and Messrs. Mars and Altro must be independent within the meaning of current Nasdaq marketplace rules, as must be the fifth director, who will be nominated by the two independent nominees of Centralink and Messrs. Mars and Altro;

the registration statement of which this proxy statement/prospectus is a part shall have become effective under the Securities Act and the Grand HK ADSs to be issued pursuant to the reorganization merger and to Centralink pursuant to the subscription and exchange agreement will be listed on the Nasdaq SmallCap Market following completion of the reorganization merger;

the absence of any legislation that would materially and adversely affect the prospective tax treatment of Grand US following the reorganization merger as a result of the current tax treatment of the transactions described in this proxy statement/prospectus; and

the approval of the issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement by Grand US shareholders.

The obligations of Centralink are further subject to the following conditions:

the exercise of not less than 1,002,858 options and warrants currently outstanding for the purchase of shares of Grand US common stock; and

the receipt by Centralink of a letter from Messrs. Altro and Mars

indemnifying Centralink from any fraud by Grand US in inducing Centralink to enter into the subscription and exchange agreement or to consummate the acquisition of Playwell and the additional Centralink subscription for Grand HK ADSs, or from any intentional or willful misrepresentation or breach of, or omission of any material fact in, the representations and warranties of Grand US in the subscription and exchange agreement.

The obligations of Grand US are subject to the following conditions:

Grand US shareholders have approved the reorganization merger and the issuance of the Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement;

receipt of Empire Valuation Consultants' fairness opinion;

receipt of a third party valuation analysis to support a conclusion that Grand HK satisfies the substantiality test of Treasury Regulation Section 1.367(a)-3(c)(iii) that will allow the reorganization merger to be tax-free to Grand US shareholders;

the release of Playwell and its subsidiaries from any guarantee or other liability which any of them may have relating to the liabilities of Centralink or any affiliate of Centralink;

the satisfaction in full of any obligation, other than ordinary course obligations, owed by Centralink or its affiliates to Playwell or its subsidiaries;

the completion of a reorganization of Playwell's Gatelink subsidiary;

receipt of an indemnification letter from Cornerstone, Centralink's parent company, indemnifying Grand HK from any fraud by Centralink in inducing Grand US and Grand HK to proceed with the transactions contemplated by the subscription and exchange agreement or from any intentional or willful misrepresentation or breach of, or omission of material facts in the representations and warranties of Centralink, and assurances that Cornerstone is financially capable of satisfying its obligations pursuant to such indemnification;

Playwell or its subsidiaries shall enter into a facilities sharing agreement with Toy Biz Worldwide Ltd., which is referred to as Toy Biz, or other affiliates of Centralink, for the sharing of office and management facilities in Hong Kong and related matters; and

Hong Kong Toy Centre shall enter into a new supply agreement with Toy Biz, providing for the manufacture and sale of moulds and toys for Toy Biz.

At this time, subject to shareholder approval of the proposals, neither Grand US nor Centralink has any reason to believe that these conditions to closing will not be satisfied.

Prohibition on Grand US Soliciting Other Offers (see page 87)

The subscription and exchange agreement contains detailed provisions that prohibit Grand US and its affiliates and representatives from soliciting, discussing or participating in negotiations with any person about an acquisition

proposal. However, Grand US may, in response to an unsolicited superior proposal, furnish information to any person making a superior proposal. A superior proposal is defined as any proposal made by a third person to acquire, directly or indirectly, more than 50% of the combined voting power of Grand US or at least 50% or more of the assets of Grand US if:

the board of Grand US determines in its good faith judgment that the proposal is more favorable to Grand US shareholders than the reorganization merger, acquisition of Playwell and the related subscription by Centralink; and

the board of Grand US determines in good faith that participating in discussions or negotiations with respect to the superior proposal or withdrawing or modifying its recommendation with respect to the reorganization merger, acquisition of Playwell and the related subscription by Centralink or termination of the subscription and exchange agreement is required for it to comply with its fiduciary duties to Grand US shareholders.

Termination of the Subscription and Exchange Agreement (see page 91)

The subscription and exchange agreement may be terminated at any time before the completion of the Playwell acquisition and related subscription transaction, whether before or after approval of the reorganization merger by the Grand US shareholders:

Table of Contents

by mutual written consent of Grand US, Grand HK and Centralink;

by Grand US or Centralink if Grand US determines to pursue discussions and negotiations in connection with an unsolicited superior proposal;

by Grand US if satisfaction of any of the closing conditions for Grand US contained in the subscription and exchange agreement becomes impossible, other than through the failure of Grand US or Grand HK to comply with their obligations under the subscription and exchange agreement, and Grand US and Grand HK have not waived such condition on or before the closing of the Playwell acquisition and related subscription transaction;

by Centralink if satisfaction of any of the closing conditions for Centralink contained in the subscription and exchange agreement becomes impossible, other than through the failure of Centralink to comply with its obligations under the subscription and exchange agreement, and Centralink has not waived such condition on or before the closing of the Playwell acquisition and related subscription transaction;

by either Grand US or Centralink if the closing has not occurred, other than through the failure of the party seeking to terminate the subscription and exchange agreement fully to comply with its obligations under the subscription and exchange agreement, on or before July 31, 2004, or such later date as the parties may agree upon; or

by either Grand US or Centralink if the other party has committed a material breach of the subscription and exchange agreement and such breach has not been waived.

Expenses; Termination Fees (see page 92)

In the event the reorganization merger, Playwell acquisition and additional Centralink subscription are completed, all expenses paid by Centralink will be reimbursed by Playwell, Playwell shall cause to be paid all expenses incurred and estimated to be incurred by Centralink but unpaid prior to closing (including expenses associated with post-closing actions), and Centralink shall cause to be paid or reimbursed all expenses paid or incurred by Grand US prior to closing arising out of or related to the subscription and exchange agreement or the consummation of the transactions contemplated by the subscription and exchange agreement.

In the event that the subscription and exchange agreement is terminated by either Centralink or Grand US as a result of Grand US decision to pursue a superior proposal, Grand US would be obligated to pay Centralink a fee of the greater of \$500,000 or the actual expenses incurred by Centralink in connection with the negotiations and execution of the transactions contemplated by the subscription and exchange agreement. In the event of the termination of the subscription and exchange agreement for any other reason, subject to the rights of Centralink, Grand US and Grand HK if termination results from a material breach by the other party or parties, each of Centralink and Grand US will be responsible for its own fees and expenses.

Government and Regulatory Approvals (see page 88)

Except for the listing of the Grand HK ADSs on the Nasdaq SmallCap Market or another nationally recognized stock exchange, neither Grand HK, Grand US nor Centralink is aware of any regulatory approvals or actions that are required prior to the consummation of the agreement and plan of merger or the issuance of the Grand HK ADSs to Centralink and the consummation of the other transactions contemplated by the subscription and exchange agreement. Should any approvals be required, it is presently contemplated that such approvals would be sought, but neither Grand HK, Grand US, nor Centralink can assure you that such approvals would be obtained.

Comparison of Rights of Shareholders (see page 72)

Your rights as a Grand US shareholder are currently governed by the Nevada statutory and common law, Grand US amended and restated articles of incorporation, as amended, and Grand US amended and restated by-laws. As a result of the reorganization merger, your rights as the beneficial owner of Grand HK ordinary shares will be governed by Hong Kong statutory and common law and Grand HK's memorandum and articles of association and the depository agreement among Grand HK, the Bank of New York, as depository, and you. Hong Kong statutory law is modeled after United Kingdom corporate law and differs from laws applicable to Nevada corporations and their shareholders.

The following summarizes the material differences between your rights as a Grand US shareholder and your rights as a beneficial owner of Grand HK ordinary shares. For a discussion comparing the rights of Grand HK shareholders with Grand US shareholders, please see the section titled *Comparison of Rights of Grand HK Shareholders and Grand US Shareholders* on page 72.

Rights upon mergers or consolidations. Because Grand US is a public company, under Nevada law, you do not have the right to seek appraisal to obtain the fair value of your shares upon a merger or consolidation. Under Hong Kong law, you will have the right to apply to a court if you believe that the action of Grand HK is unfairly prejudicial to your rights as a shareholder.

In addition, if an acquiring company makes an offer and acquires 90% or more of the Grand HK ordinary shares which are the subject of the offer, you will have the right to require the acquiring company to purchase your shares. On the other hand, an acquiring company which makes such an offer and acquires 90% or more of the shares which are the subject of the offer has the right to demand that you sell your interest in Grand HK to such acquiring company even if you do not want to sell.

Cumulative Voting. Although Grand US does not presently provide for cumulative voting for its board, under Nevada law a corporation may provide for cumulative voting. Hong Kong law does not have provisions which allow cumulative voting.

Right to call shareholder meetings. Under Nevada law, a request to call a shareholder meeting requires not less than a majority of the outstanding shares of Grand US. Under Hong Kong law, shareholders holding not less than 1/20th of the outstanding capital of Grand HK have the right to request a shareholder meeting.

Action by written consent. Under Nevada law, shareholders holding a majority of the outstanding stock of Grand US can take action by written consent without a meeting. Under Hong Kong law, action can be taken without a meeting only if consented to by all of the shareholders of Grand HK.

Removal of Directors. Under Nevada law and Grand US by-laws, directors may be removed upon the vote of not less than 2/3 of the voting power of Grand US. Under Hong Kong law, directors of Grand HK may be removed by a vote of the majority of the outstanding shares of Grand HK.

Amendment of governing documents. Under Nevada law, the articles of incorporation of Grand US can be amended if approved by a majority of the board and a majority of the voting power of Grand US. Under HK law, the memorandum and articles of association of Grand HK may be amended if approved by not less than 75% of its shareholders.

Interested Director Transactions. Nevada law generally does not prohibit transactions with directors. Hong Kong law prohibits loans to directors, but does not prohibit all transactions with directors if the other directors are made aware of the director's interest and exercise their duty of care and discharge their fiduciary obligations in determining to approve the transaction.

Shareholder Suits. Under Nevada law, a shareholder may bring a derivative action on behalf of a corporation. Hong Kong law does not recognize derivative suits in the same manner as U.S. courts, although as a Grand HK

shareholder, you have the right to apply to the Hong Kong courts for relief if you believe that Grand HK's affairs are being operated in a manner that is unfairly prejudicial to your interests.

Restrictions on Business Combinations. Under Nevada law, transactions between Grand HK and interested shareholders are prohibited for three years unless the transaction is approved by the board prior to the interested shareholder becoming an interested shareholder. Hong Kong law does not have any similar prohibitions on transactions with interested shareholders.

Exchange Listing (see page 56)

Grand HK has applied to have the Grand HK ADSs approved for listing on the Nasdaq SmallCap Market under the symbol GRIN, which is the same symbol under which Grand US shares are currently listed.

Anticipated Accounting Treatment of the Reorganization Merger, Playwell Acquisition and Centralink Subscription (see page 61)

The reorganization merger of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction, and will be treated as a purchase with Playwell as the acquirer for accounting purposes (notwithstanding the fact that, as a legal matter, Grand HK is acquiring Playwell). Therefore, the purchase price will be allocated to Grand HK's assets and liabilities based on their estimated fair market values at the completion of the reorganization merger and related subscription and exchange. Any excess of the purchase price over these fair market values will be accounted for as goodwill and intangible assets.

Recent Developments

One of the principal reasons why Grand US and Centralink are pursuing the reorganization merger and the transactions contemplated by the subscription and exchange agreement is to combine the businesses of Grand US and Playwell to create a public company with greater revenues and assets which could serve as a platform for future expansion. In the future, Grand HK expects to seek to identify and acquire complementary companies which have experienced management with proven track records, but which lack cost-effective manufacturing and proper sales channels into mass market retailers and large distributors. In this regard, several acquisition opportunities have been identified as potentially attractive. However, Grand HK and Grand US are currently focused on consummating the proposed reorganization merger and the related acquisition of Playwell, and Grand US does not have the financial resources to pursue these acquisition opportunities.

Centralink's parent company, Cornerstone Overseas Investments, Limited, believes that these potential acquisition opportunities have businesses and/or personnel that would complement and enhance the prospective business and organization of Grand HK after the reorganization merger and the transactions contemplated by the subscription and exchange agreement. Cornerstone believes that these opportunities are only available for a finite amount of time. Since the reorganization merger and the Playwell acquisition has taken a significant amount of time, Cornerstone has pursued these negotiations on its own as there can be no assurance that these acquisition opportunities will continue to be available.

On May 25, 2004, Cornerstone acquired Hua Yang Holdings Co., Ltd., which is a holding company for Hua Yang Printing Holdings Co., Ltd., a company engaged in the business of printing hand-made books, specialty packaging and other paper products, Hua Yang Holdings Co., Ltd. is a subsidiary of Zindart Limited, a Nasdaq National Market listed company. In addition, at this time, Cornerstone has entered into letters of intent with three other companies pursuant to which Cornerstone would acquire all of the stock or assets of these entities. One acquisition candidate is engaged in the business of contract manufacturing of party favors for novelty product companies; one is engaged in the business of distributing licensed toys; and the third is engaged in developing, marketing and selling girls and activity toys. Cornerstone has also held preliminary discussions with various other potential acquisition candidates.

It is Cornerstone's intention to offer to contribute to Grand HK Hua Yang Holdings Co., Ltd. and other companies which are complementary to Grand HK that it successfully acquires, either before or after the consummation of the reorganization merger and the transactions contemplated by the subscription and exchange agreement. In fact, Grand US personnel has assisted and is assisting Cornerstone in pursuing these opportunities, including performing due diligence and financial analyses and assisting in negotiations. Cornerstone has advised Grand HK that the terms upon which it will contribute these businesses to Grand HK will first be negotiated on an arms-length basis between Cornerstone and the directors of Grand HK who are not affiliated with Cornerstone. If an agreement providing for the contribution of these businesses to Grand HK is reached between Cornerstone and a majority of the directors of Grand HK who are not affiliated with Cornerstone, the consummation of such transaction will be conditioned on the affirmative vote of a majority of the shareholders of Grand HK who are not affiliated with Cornerstone at a general meeting of Grand HK shareholders convened for that purpose. This self-imposed requirement that any transfer of any of these businesses from Cornerstone to Grand HK must be approved by the independent directors, who will constitute a majority of the board, and the disinterested shareholders of Grand HK provides assurance that such a transfer will occur, if at all, only if the contribution is in the best interest of Grand HK and then only on terms that are fair to its shareholders.

Exchange Rate Information

The Basic Law of Hong Kong provides that no foreign exchange control policies will be applied in Hong Kong and that the Hong Kong dollar will be freely convertible. Since October 17, 1983, the Hong Kong dollar has been linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The market exchange rate of the Hong Kong dollar against the U.S. dollar continues to be determined by the forces of supply and demand in the foreign exchange market. However, as a result of the fixed rate that applies to the issue of Hong Kong currency in the form of banknotes, the market exchange rate has not deviated significantly from the level of HK\$7.80 to US\$1.00. The exchange rates set forth below between the Hong Kong dollar and the U.S. dollar (in HK\$ per US\$) are based on the noon buying rate in New York City for cable transfers in Hong Kong dollars as certified for customs purposes by the Federal Reserve Bank of New York. On March 31, 2004, the exchange rate was HK\$7.793 per US\$1.00.

The following table sets out the exchange rate as of each of the days indicated:

	Exchange Rates
December 31, 2000	7.7999
2001	7.7980
2002	7.7988
2003	7.7640

The following table sets forth the high and low exchange rates and average calculated by using the average of the exchange rates on the last day of each month for each of the periods indicated:

Notes to Pro Forma Financial Statements

1. Accounting Treatment For Business Combination

The pro forma financial information presents the business combination of Grand HK with Playwell. The terms of the transaction are that concurrently the stockholder of Playwell will transfer to Grand HK its ownership of the shares of Playwell and cash and other consideration, which for purposes of the preparation of the pro-forma financial statements is characterized as a subscription receivable, having a total value of \$11 million. As consideration, Grand HK will issue to Playwell's shareholder 10,000,000 ADSs. As a consequence, the shareholder of Playwell will own after the transaction approximately 65% of the total shares outstanding of Grand HK.

The purchase method of accounting will be used to account for the business combination. Due to the terms of the acquisition, from an accounting viewpoint, Playwell is deemed to be the acquirer and Grand US will be the subject of the reverse takeover by Playwell, the accounting acquirer.

Application of purchase accounting results in the following:

- i. The identifiable tangible and intangible assets acquired and liabilities assumed from Grand US will be based on their fair values on the date of acquisition;
- ii. The excess of the acquisition cost over the identifiable assets acquired and liabilities assumed from Grand US will be reflected as goodwill; and
- iii. The results of operations of Grand US, as the acquired entity, for accounting purposes, will be included in the consolidated financial statements of Playwell as the acquirer, for accounting purposes, from the date of acquisition only.

2. Pro Forma Assumptions And Adjustments

The pro forma consolidated balance sheet gives effect to the acquisition as if such acquisition had taken place as at March 31, 2004. The pro forma consolidated statement of income for the year ended December 31, 2003 gives effect to the acquisition as if such acquisition had taken place as at January 1, 2003. The pro forma consolidated statement of income for the three months ended March 31, 2004 gives effect to the acquisition.

The accounting policies used in the preparation of the pro forma consolidated financial statements are those disclosed in the Grand US consolidated financial statements for the year ended December 31, 2003 and for the three months ended March 31, 2004 which are included elsewhere in this proxy statement/prospectus.

The financial information for both Playwell and Grand US are presented in US dollars and in accordance with US GAAP. The financial statements of Playwell have been converted into U.S. dollars using the rate of HK\$7.79 to US\$1.00 for both the balance sheet and the income statement.

The consideration of \$11,000,000 is assumed to be comprised of \$8,700,000 cash and a \$2,300,000 subscription receivable.

The pro forma consolidated financial statements give effect to the following assumptions and adjustments:

Grand US has never paid a cash dividend on its common stock. Future dividends declared and paid by Grand HK, if any, will be determined by Grand HK's board of directors in light of circumstances existing from time to time, including growth prospects, profitability, financial condition, results of operations and other factors that Grand HK's board of directors deems relevant.

Because there is no established trading market for Playwell's ordinary shares, information with respect to the market price of Playwell's shares on a historical and an equivalent per share basis has been omitted.

COMPARATIVE PER SHARE INFORMATION

RISK FACTORS

You should consider the following risk factors in evaluating whether to approve and adopt the agreement and plan of merger and the issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement. These factors should be considered in conjunction with the other information contained in this proxy statement/prospectus and the Annexes hereto. If any of the following risks actually occur, the business, financial condition or results of operations of any or all of Grand HK, Grand US and Playwell may be seriously harmed.

Risks Related to the Reorganization Merger

In deciding whether to vote in favor of the agreement and plan of merger, Grand US stockholders should consider the following risks.

Pending U.S. tax legislation could adversely affect both Grand HK and the current U.S. shareholders of Grand US

Congress is considering legislation under which, for U.S. federal income tax purposes, a domestic corporation that reincorporates in a foreign jurisdiction, in what is sometimes referred to as a corporate expatriation or corporate inversion transaction, generally would continue to be treated as a domestic corporation and, thus, would be subject to U.S. federal income tax, unless the applicable transaction satisfied certain requirements. Depending on the provisions and effective date of any legislation ultimately enacted, the anticipated tax-free treatment of the reorganization merger might not be realized and/or Grand HK might be subjected to U.S. taxation on the income of Playwell and its subsidiaries, which are not currently subject to such tax, thus reducing Grand HK's anticipated after-tax net profits.

While the reorganization merger, unlike those about which some members of Congress are concerned, would not remove from the U.S. tax jurisdiction any entities or income currently subject to such jurisdiction, it is possible that an overbroad form of the proposed legislation might be enacted which could have adverse effects on the reorganization merger, such as those described above. There can be no assurance that such tax legislation adopted after the completion of the reorganization merger would not be made applicable retroactively to the reorganization merger. Once the reorganization merger is completed, it will be difficult if not impossible to return to the current structure even if the anticipated tax advantages of the reorganization merger are not realized.

If you are a U.S. shareholder, you could be taxed as a result of the reorganization merger if the IRS successfully challenges the tax-free treatment of the reorganization merger

Apart from any changes in U.S. tax laws like those described above, the IRS or other taxing authority could disagree with Grand HK's assessment of the effects or interpretation of existing laws and regulations, or with certain factual determinations upon which the contemplated tax treatment of the reorganization merger depends. If the IRS were to challenge successfully the tax treatment of the reorganization merger, this could result in U.S. shareholders of Grand US being taxed on their receipt of Grand HK ADSs in exchange for their Grand US common stock pursuant to the reorganization merger. The tax would be imposed on the excess, if any, of the trading price of the Grand HK ADSs received by U.S. shareholder in exchange for Grand US common stock in the reorganization merger over the shareholder's adjusted tax basis in the shares of Grand US common stock exchanged therefor. Generally, any such gain would be capital gain.

Table of Contents

In the event the reorganization merger is approved and consummated, you will receive ADSs of Grand HK, which is a foreign private issuer and has disclosure obligations that are less stringent than those of Grand US and other U.S. domestic reporting companies

Grand HK is a foreign private issuer and, as a result, obtains relief from certain of the requirements the SEC imposes upon U.S. domestic issuers like Grand US. For example, Grand HK is not required to issue quarterly reports or proxy statements. Grand HK is allowed six months to issue annual reports instead of three, and Grand HK is not required to disclose executive compensation reports that are as detailed as U.S. domestic issuers. Grand HK's directors and officers are not required to report equity holdings under Section 16 of the Securities Exchange Act, although Grand HK will file reports under Section 13 of the Securities Exchange Act of 1934, if and when applicable. In general, because various of the disclosure obligations on Grand HK as a foreign private issuer are less stringent than those required of Grand US, in the event the reorganization merger is approved and consummated, Grand US stockholders who receive Grand HK ADSs should not expect to receive an equivalent amount of disclosure from Grand HK which they have received in the past from Grand US as a U.S. domestic reporting company.

In the event that the reorganization merger is approved and consummated, your rights as a beneficial owner of Grand HK's ordinary shares will be governed by Hong Kong law instead of Nevada law, and some of the provisions of Hong Kong law are less favorable to you than Nevada law

Grand HK will be organized under the laws of Hong Kong and your rights as a shareholder of a Hong Kong company will be different from your rights under Nevada law under which Grand US is organized. Some of these differences may be less favorable to you, including:

if not less than 90% of the Grand HK ordinary shares in respect of which an offer is made are acquired by a company, that company has the right to demand that you sell your interest in Grand HK to such company even if you do not wish to accept the offer.

Unlike Nevada law, Hong Kong law does not permit cumulative voting. Cumulative voting may allow minority shareholders of a company such as Grand HK to achieve board representation.

Under Nevada law, shareholders holding a majority of the outstanding stock of Grand US can take action by written consent without a meeting. Under Hong Kong law, action can be taken without a meeting only if consented to by all of the shareholders of Grand HK, thereby making action by written consent virtually impossible because of the large number of Grand HK shareholders.

Under Nevada law, the articles of incorporation of Grand US can be amended if approved by a majority of the board and a majority of the voting power of Grand US. Under HK law, the memorandum and articles of association of Grand HK may be amended if approved by not less than 75% of its shareholders. This will make it more difficult for shareholders to effect a change in Grand HK's governing documents.

Nevada law generally does not prohibit transactions with directors. Hong Kong law prohibits loans to directors, but does not prohibit all transactions with directors if the other directors are made aware of the director's interest and exercise their duty of care and discharge their fiduciary obligations in determining to approve the transaction.

Under Nevada law, a shareholder may bring a derivative action on behalf of a corporation. Hong Kong law does not recognize derivative suits in the same manner as United States courts.

Under Nevada law, transactions between Grand HK and interested shareholders are prohibited for three years unless the transaction is approved by the board prior to the interested shareholder becoming an interested

shareholder. This makes an unsolicited hostile takeover of a company such as Grand US more difficult. Hong Kong law does not have any similar prohibitions on transactions with interested shareholders.

Risks Related to the Issuance of 10,000,000 Grand HK ADSs to Centralink

In deciding whether to approve the issuance of the Grand HK ADSs to Centralink in exchange for the shares of Playwell and other consideration pursuant to the subscription and exchange agreement, Grand US shareholders should consider the following risks relating to the issuance of shares to Centralink.

Grand HK will be controlled by a single investor and this control could inhibit potential changes of control which could benefit shareholders

After the consummation of the reincorporation merger, the acquisition of Playwell, the additional subscription of Grand HK ADSs by Centralink and Centralink's purchase of certain shares held by two former directors of Grand US, Centralink will own 71.14% of the outstanding Grand HK ADSs. The ultimate beneficial owner of Centralink is Mr. Jeff Hsieh. Accordingly, Mr. Hsieh will have the ability to control the outcome of all matters requiring shareholder approval, including, after the expiration of the shareholders' agreement, the election and removal of Grand HK's entire board of directors, any merger, consolidation or sale of all or substantially all of Grand HK's assets, and the ability to control Grand HK's management and affairs. This concentrated control could discourage others from initiating any potential merger, takeover or other change of control transaction that may otherwise be beneficial to Grand HK's businesses. As a result, the market price of Grand HK's ADSs could be adversely affected.

The issuance of Grand HK ADSs to Centralink will have a dilutive effect on the current holders of Grand US common stock

After the consummation of the Playwell acquisition and the additional Centralink subscription, there will be 10,000,000 additional Grand HK ADSs outstanding, above the 5,355,244 Grand HK ADSs to be issued to the former owners of Grand US common stock. The Centralink issuance and the related purchase of certain shares held by two former directors of Grand US and the related purchase of certain shares held by two former directors of Grand US will, therefore, decrease the percentage equity ownership in Grand HK held by former owners of Grand US common stock from 100% to approximately 34.9%, thereby diluting the absolute ownership percentage of the Grand US shareholders.

The issuance of 5,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement may be below the market price for Grand HK ADSs

Under the terms of the subscription and exchange agreement, Centralink is subscribing for two tranches of Grand HK ADSs, one for 3,000,000 Grand HK ADSs at a price of \$1.00 per Grand HK ADS and one for 2,000,000 Grand HK ADSs at a price of \$4.00 per Grand HK ADS. The \$1.00 subscription price was agreed upon in January, 2003 at a time when Grand US' market price was \$1.00 per share and the \$4.00 subscription price was orally agreed upon in January, 2004 at a time when Grand US' market price was \$3.00 per share. Grand US believes that the terms of the Centralink subscription were and are fair to the shareholders of Grand US. However, the average price for the Grand HK ADSs to be purchased by Centralink is \$2.20 per Grand HK ADS compared to a closing price of Grand US common stock on March 31, 2004 of \$3.07 per share. Accordingly, if the market price of Grand US common stock remains above \$2.20 per share at the closing of the consummation of the Playwell acquisition and the additional Centralink Grand HK ADS issuance, the issuance of the Grand HK ADSs to Centralink will be below the market price of the Grand HK ADSs.

If the expected benefits of the reorganization merger and Playwell acquisition are not realized, the market price of the Grand HK ADSs may be adversely affected

Grand HK will operate the combined operations of Grand US and Playwell in a market environment that cannot be predicted and that involves significant risks, many of which will be beyond its control. The failure of Grand HK to realize any of the anticipated benefits of the reorganization merger and acquisition, including anticipated cost savings described in this proxy statement/prospectus, could seriously harm the results of operations of Grand HK, thereby reducing earnings and potentially affecting the market price of the Grand HK ADSs. The challenges involved include the following:

-33-

Table of Contents

demonstrating to the customers of Grand US and Playwell that the reorganization merger and Playwell acquisition will not result in adverse changes in customer service standards or business focus;

preserving distribution, marketing or other important relationships of both Grand US and Playwell and resolving potential conflicts that may arise;

minimizing the diversion of management attention from ongoing business concerns;

persuading employees that the business culture of Grand US and Playwell are compatible, maintaining employee morale and retaining key employees;

realizing economies of scale through the elimination of certain redundant administrative and overhead costs; and

realizing cost savings and strategic benefits due to vertical integration resulting from the combination of Grand US distribution capabilities and Playwell's manufacturing capabilities.

If the benefits of the reorganization merger and Playwell acquisition do not exceed the related costs, Grand HK's financial results could be negatively impacted

If the benefits of the reorganization merger and Playwell acquisition do not exceed the costs associated with the reorganization merger and acquisition, including transaction costs and the dilution to Grand HK's shareholders resulting from the issuance of Grand HK ADSs to Centralink, Grand HK's financial results, including earnings per share, could be decreased. Grand HK estimates that it will incur, on a consolidated basis, direct transaction costs of approximately \$2,500,000 in connection with the proposed reorganization merger and Playwell acquisition, which will be considered as part of the purchase price and will be allocated to the net assets of Grand HK. This amount is a preliminary estimate and could change. Grand HK may incur additional charges in subsequent quarters to reflect costs associated with the proposed reorganization merger and the Playwell acquisition.

Certain relationships among Grand HK's management and affiliates create various perceived, potential or actual conflicts of interest which could adversely affect Grand HK's business or the market price or liquidity of its ADSs

Grand HK will be engaged in business with companies that may be affiliated with members of management and its principal shareholder. As a result, situations may arise where an interested party would be required to vote on transactions with affiliated companies that could benefit such interested party and negatively impact Grand HK, or vice versa. Furthermore, a perceived or actual conflict of interest in Grand HK's management and/or its affiliates may discourage investors from investing in the Grand HK ADSs, which may negatively impact the stock price or liquidity of the Grand HK ADSs.

Risks Related to the Combined Operations of Grand US and Playwell After the Reorganization Merger and the Acquisition of Playwell

In deciding whether to approve the reorganization merger and the issuance of the Grand HK ADSs to Centralink in exchange for the shares of Playwell and other consideration, Grand US shareholders should consider the following risks that will result from the combined operations of Grand US and Playwell.

If Grand HK fails to maintain existing relationships Grand US and Playwell have with their related companies on which its business and operating results will be highly dependent, Grand HK's business and operating results may be adversely affected

Both Grand US and Playwell are, and will continue to be, very dependent on companies related to Centralink for the manufacturing, marketing and sale of its toy products. This dependency includes the following:

Playwell historically purchases most of its plastic products from a factory in Dongguan, China operated by Playwell Industry Limited, a subsidiary of Centralink, and most of its wooden products in

-34-

Table of Contents

certain factories in Zhejiang, China operated by Zhejiang Playwell Toy Co., Ltd., an indirect subsidiary of Cornerstone, the parent of Centralink;

55% of Playwell's net revenues in fiscal 2003 derived from Toy Biz Worldwide Ltd., a subsidiary of Cornerstone, which is referred to as Toy Biz;

Playwell also accesses, through Playwell Toy China Ltd., established retail outlets and multiple sales offices in Mainland China; and

62% and 67% of Grand US net sales in 2003 and 2002, respectively, were from products sold under license from Toy Biz.

If relationships such as those listed above are not maintained, the failure could adversely affect Grand HK's business and operating results.

Grand HK may not be able to obtain sufficient funding for Playwell's working capital needs

Historically, Playwell has funded its working capital needs through its cash flow from operations and loans from its affiliates, including Centralink. Therefore, Playwell does not currently have an established line of credit from a financial institution for its working capital needs. In the event that Playwell's cash flow from operations is not sufficient to meet its working capital needs and Centralink does not advance the required financing, Playwell could be forced to curtail or delay its business activities.

Grand HK's business and operating results are and will continue to be highly dependent on sales of products licensed from Marvel Enterprises, Inc.

A significant portion of the revenues of Grand US and Playwell are, and the revenues of Grand HK will continue to be, derived from the manufacture and distribution of toys based on certain Marvel comic and movie characters for Toy Biz. Toy Biz acquired the worldwide right to manufacture and sell toys based on these Marvel comic and movie characters from Marvel Enterprises Inc. through the end of 2006. In the event that Toy Biz is unable to secure the rights to continue to manufacture and sell these Marvel products after 2006, it would have a material adverse effect on the business of Playwell, Grand US and Grand HK, taken as a whole.

Grand HK may be adversely affected by the seasonal aspect of its business

The business of both Grand US and Playwell is seasonal and a majority of their sales take place in the third and fourth quarters of their fiscal years, therefore, Grand HK's annual operating results will depend, in large part, on sales during the relatively brief holiday season from September through December. Further, the impact of seasonality is increasing as large retailers become more efficient in their control of inventory levels through quick response management techniques. Rather than maintaining large on-hand inventories throughout the year to meet consumer demand, these customers are timing reorders so that they are being filled by suppliers closer to the time of purchase by retail customers, which to a large extent occur during September through December. While these techniques reduce a retailer's investment in inventory, they increase pressure on suppliers like Grand US and Playwell to fill orders promptly and shift a significant portion of inventory risk and carrying costs to the supplier. The limited inventory carried by retailers may also reduce or delay retail sales. Additionally, the logistics of supplying more and more products within shorter time periods will increase the risk that Grand US or Playwell may fail to achieve tight and compressed shipping schedules. This seasonal pattern requires significant use of working capital mainly to manufacture inventory during the year, prior to the holiday season, and requires accurate forecasting of demand for products during the holiday season. Grand HK's failure to accurately predict and respond to consumer demand could result in its under-producing popular items and overproducing less popular items.

Grand HK's attempts to acquire other companies may not prove fruitful or even if successful could have an adverse effect on its liquidity and earnings

Grand HK currently expects to pursue an acquisition strategy to expand its business and product offerings. This process will likely divert a significant amount of management time and effort. New acquisition discussions will likely distract Grand HK management from its day-to-day operations. Even if Grand HK does find companies that are worth acquiring, it may be extremely difficult to integrate their operations into its existing operations. In addition, there is no guaranty that its acquisitions will be successfully completed or, if completed will be financially successful. Thus, any such acquisition could have an adverse effect on Grand HK's future liquidity and earnings.

An inability to obtain financing could adversely impact Grand HK's ability to expand its operations

In order to achieve Grand HK's long-term expansion objectives and to enhance its competitive position in the worldwide toy industry, Grand HK will need additional financial resources over the next several years. The precise amount and timing of its future financing needs cannot be determined at this time and will depend upon a number of factors, including the demand for its products, the management of its working capital and the nature of

Table of Contents

companies which Grand HK plans to acquire. Grand HK may not be able to obtain additional financing on acceptable terms, or at all. If Grand HK is unable to obtain sufficient capital, it could be required to curtail its expansion plans.

Grand HK is dependent upon key personnel whose loss may adversely impact Grand HK's business

Grand HK will depend on the expertise, experience and continued services of its senior management employees, including Elliot L. Bier, who is chairman of Grand US and will become an officer and director of Grand HK, Henry Hu, a managing director of Playwell who will become the managing director of Grand HK, Raymond Chan, the chief operating officer of Playwell, David J. Fremed, who will become the chief financial officer of Grand HK, and Tania M. Clarke, who is the executive vice-president and chief financial officer of Grand US and will become a senior financial executive of Grand HK. Each of these individuals has acquired specialized knowledge and skills with respect to Grand US and Playwell, and their respective operations and most decisions concerning the business of Grand US and Playwell will be made or significantly influenced by them. Neither Grand US nor Playwell maintains key man insurance on the life of any of these persons. The loss of some of these senior management employees, or an inability to attract or retain other key individuals, could materially adversely affect Grand HK. Growth in Grand HK's business is dependent, to a large degree, on Grand HK's ability to retain and attract such employees. Grand HK, Playwell and Grand US seek to compensate and incentivize its key executives, as well as other employees, through competitive salaries, stock ownership and bonus plans, but there can be no assurance that these programs will allow it or Grand US or Playwell to retain key employees or hire new key employees. As a result, if any of these individuals were to leave Grand HK, Grand US or Playwell following the reorganization merger and Centralink transactions, the combined company could face substantial difficulty in hiring qualified successors and could experience a loss in productivity while any such successor obtains the necessary training and experience.

Grand HK may suffer from bad debts and returns of toy products manufactured or sold by Grand US or Playwell

Grand HK cannot be assured that any customer will not default on a payment of debt. Such a default could have a significant effect on its results. Furthermore, it is industry practice for retailers to hold back payments on slow moving stock or to request markdowns or returns on such stock. In certain instances, where retailers are unable to sell the quantity of products which have been ordered from Playwell or Grand US, Playwell and Grand US may, in accordance with industry practice, assist retailers to enable them to sell such excess inventory by offering discounts or accepting returns. A portion of firm orders, by their terms, may be canceled if shipment is not made by a certain date. There can be no assurance that these defaults, returns and cancellations will not have a material adverse effect on the business, financial conditions and results of operations of Grand HK.

In order to maintain its business, Grand HK will depend on obtaining and maintaining licenses for the manufacture and distribution of products

Playwell and Grand US have entered into various licenses and royalty agreements in which they pay fees in exchange for rights to the use of product inventions or trademarked names, shapes and likenesses for use in development of its product line. The two major licenses that Playwell currently holds is the right to certain Walt Disney Company and Crayola branded products. Grand US' major license is with Toy Biz. These agreements generally include minimum fee guarantees based on a reasonable expectation of the product sales to be generated throughout the life of the agreement. There can be no assurance that Playwell or Grand US will be able to meet these projected expectations and may be obligated to pay unearned fees as a result. License and royalty agreements are also mostly for fixed terms and often contain performance-related covenants. Playwell's licenses for such Walt Disney Company and Crayola branded products are both short-term agreements, expiring in 2006. Similarly, Grand US has no written agreement with Toy Biz to distribute its products. There is no assurance that Playwell or Grand US will be able to maintain or extend the rights to these or other of its existing licenses. The failure to renew these license agreements or any difficulty in entering into other license agreements with other entertainment companies will have an adverse effect

on Grand HK's business and results of operations.

Grand HK may fail to make new product introductions in a timely fashion which could negatively impact its operating results

Once a new product is conceived, the principal steps to the introduction of the product include design, sourcing and testing of components, tooling, and purchase and design of graphics and packaging. At any stage in the process, there may be difficulties or delays in completing the necessary steps to meet the contemplated product introduction schedule. It is, for example, common in new product introductions or product revisions to encounter technical and other difficulties affecting manufacturing efficiency and, at times, the ability to manufacture at all, that will typically be corrected or improved over a period of time with continued manufacturing experience and engineering efforts. If one or more aspects necessary for introduction of products are not met in a timely fashion, or if technical difficulties take longer than anticipated to overcome, the anticipated product introductions will be delayed, or in some cases may be terminated. Therefore, no assurances can be given that products will be introduced in a timely fashion. Significant delays in the introduction of, or the failure to introduce, new products or improved products would have an adverse effect on Grand HK's operating results.

Grand HK's operating results may be highly volatile which could have a material adverse impact on Grand HK's results of operations

The toy industry is known for a high level of volatility as a result of changing consumer tastes, competition and over saturation of popular products. Playwell and Grand US have both experienced significant volatility in their results in their past histories. While Grand HK is expected to diversify its business in the future to reduce volatility, there can be no guarantee that this history of volatility will not continue.

Because the life cycle for toy products is usually very short and consumer preferences are unpredictable, Grand HK's business may be adversely affected by its inability to develop or secure the right to distribute new products

Grand HK's business and operating results will depend largely upon the appeal of the toy products manufactured and sold by Grand US and Playwell. Consumer preferences in the toy industry are highly subjective, and there can be no assurance that consumers will continue to find existing products of Grand US or Playwell appealing or will find new products introduced by Playwell or Grand US appealing. As a result of changing consumer preferences, many toy products are successfully marketed for only one or two years. Grand HK's continued success will depend on the ability of Playwell and Grand US to redesign, restyle and extend its existing toy and fashion accessory products and to develop, acquire the right to, introduce and gain customer acceptance of new products. A decline in the popularity of its existing products and product lines or the failure of new products and product lines to achieve and sustain market acceptance could result in reduced overall revenues and margins, which could have a material adverse effect on Grand HK's business, financial condition and results of operations. There can be no assurances that

any of the current products or product lines manufactured or sold by Grand US or Playwell will continue to be popular for any significant period of time;

any new products or product lines subsequently manufactured or sold by Grand US or Playwell will achieve an adequate degree of market acceptance;

any new product's life cycle will be sufficient to permit Grand US or Playwell to recover development, manufacturing, marketing or other costs of the product; or

that retailers will react positively to any new product introduced by Playwell or Grand US.

If the market for new or existing products is less than expected, Playwell and Grand US may build excess quantities of certain products and subsequently may be required to sell inventory of such products at a substantial

discount or put inventory provisions in place to mark the value of excess inventory quantities down to their estimated market value.

Finally, Playwell continues to offer a relatively limited range of products that are all in the categories of generic toys in the infant, preschool, and activity toys for younger children. This exposes Playwell to the risks of any narrowly focused business.

Grand HK may become subject to U.S. corporate income tax, which would reduce Grand HK's net income

Although Grand US and its subsidiaries will continue to be subject to U.S. corporate income tax on their U.S. operations after the reorganization merger, Grand HK anticipates that its non-U.S. operations will not be subject to U.S. corporate income tax, under current U.S. tax law, other than withholding taxes imposed on certain U.S. source income. However, if Grand HK becomes subject to U.S. corporate income tax, its net income will be reduced.

Grand HK, Playwell and other non-U.S. affiliates of Grand HK intend to conduct their operations in a manner intended to ensure that they will not be treated as engaging in the conduct of a trade or business in the U.S. Thus, Grand HK, Playwell and its non-U.S. affiliates believe that they should not be required to pay U.S. corporate income tax, other than withholding tax on certain U.S. source income. However, if the IRS successfully contends that Grand HK, Playwell or any of the non-U.S. affiliates of Grand HK are engaged in a trade or business in the U.S., then Grand HK, Playwell or the non-U.S. affiliates of Grand HK would be required to pay U.S. corporate income tax on income that is subject to the taxing jurisdiction of the U.S., and possibly the U.S. branch profits tax.

Grand HK may have difficulty retaining or increasing market share because the segments of the toy industry in which Playwell and Grand US operate are highly competitive

Playwell and Grand US face significant competition in the segments of the toy industry in which they operate. Playwell faces significant competition in the infant and pre-school toy industry. The barriers for new producers to enter into Playwell's markets are relatively low and Playwell expects that it will face increased competition in the future. Some competitors offer products at lower prices, are better established in the industry and are larger than Playwell. In addition, with respect to original design manufacturing, or ODM, and original equipment manufacturing, or OEM, Playwell competes with a number of substantially larger and more experienced manufacturers.

Grand US primarily operates in the rapidly consolidating toy distribution business. Many other companies involved in the toy distribution industry in Canada and the U.S. have greater financial resources, larger sales forces, greater name recognition, larger facilities for product development and products that may be more competitively priced than Grand US products. As a result, some of Grand US's competitors may be able to obtain toy products in greater volume or more lucrative distribution contracts than Grand US can. In addition, as the toy industry consolidates, many retailers have begun to deal directly with toy manufacturers, thereby reducing or eliminating the need for distributors such as Grand US.

Grand HK may be involved in disputes regarding its ownership and use of intellectual property which, if unsuccessfully defended, may result in Grand HK being held responsible for payment of substantial amounts of money

From time to time, other companies and individuals may assert exclusive patent, copyright, trademark and other intellectual property rights to technologies or marks that are important to the toy industry generally or to Grand HK's business specifically. Grand HK and its subsidiaries will evaluate each claim relating to its products or other aspects of its business and, if appropriate, will seek a license to use the protected technology. There can be no assurance that Grand HK or its subsidiaries will be able to obtain licenses to intellectual property of third parties on commercially reasonable terms, if at all. In addition, Grand US and Playwell could be at a disadvantage if its competitors obtain licenses for protected technologies on more favorable terms than does Playwell or Grand US. If Playwell, Grand US or their suppliers are unable to license protected technology used in Playwell's or Grand US's products, Playwell and Grand US could be prohibited from marketing those products or may have to market products without desirable features. Playwell and Grand US could also incur substantial costs to redesign its products or to defend any legal action taken against Playwell or Grand US. If Playwell's or Grand US's products or manufacturing methods should be found to infringe protected technology, Playwell or Grand US could be enjoined from further infringement and

required to pay damages to the infringed party. Any of the foregoing could have an adverse effect on the results of operations and financial position of Grand HK.

Grand HK may not be able to protect its intellectual property

On occasion in the toy industry, successful products are knocked-off or copied. While Playwell and Grand US strive to protect their intellectual property, there can be no guarantee that knock-offs will not have a significant negative effect on its business. In addition, intellectual property laws are less developed in China than in the U.S., and historically, China has not protected companies' intellectual property rights to the same extent as the U.S. The costs incurred in protecting Grand US's and Playwell's intellectual

Table of Contents

property rights could be significant and there is no assurance that they will be able to successfully protect their rights.

Grand HK may be subject to product liability claims which, if not covered by adequate insurance, could result in Grand HK becoming responsible for paying substantial amount of damages, which could adversely impact its business, financial condition and results of operations

Grand US and Playwell are both subject to product liability claims relating to the products they manufacture and distribute. Since most of Playwell's products are manufactured for infants and pre-school children, safety has been a major concern in the toys that Playwell, in particular, designs, develops and has manufactured. However, neither Playwell nor Grand US can assure total safety of its products and therefore can be subject to possible claims for injury or damage, some or all of which may not be covered by insurance. Playwell is not currently, nor has it been in the past, a defendant in any product liability lawsuit. Grand US is currently a defendant in a product liability claim relating to a third party's product which was distributed by Grand US. A successful claim brought against Playwell or Grand US by a customer or a consumer and the adverse publicity that could accompany any such claim could have a material adverse effect on the business, financial condition and results of operations of Grand HK.

Grand HK is expected to operate across a number of international borders and may face unanticipated assessments from taxing authorities from these jurisdictions

Grand HK's operations will involve a significant number of cross-border transactions. Grand HK is expected to establish provisions for its known and estimated income tax obligations. However, whether through a challenge by one of the many tax authorities in international jurisdictions where Grand HK and its subsidiaries operate, through Grand HK's transfer pricing, or through challenges to Grand HK's claim regarding lack of permanent establishment, or other matters that may exist, Grand HK would be exposed to possible additional taxation that will not have been accrued.

Grand HK will be subject to many U.S. regulations when exporting toys into the U.S. that could result in the exclusion of some of its products from U.S. markets

U.S. customers of Grand US are and U.S. customers of Grand HK will be subject to the provisions of the Federal Hazardous Substances Act and the Federal Consumer Product Safety Act when importing or producing toys to be sold in the U.S. These laws empower the Consumer Product Safety Commission, or the CPSC, to protect consumers from hazardous toys and other articles. The CPSC has the authority to exclude products from the market that are found to be unsafe or hazardous, and can require a recall of such products under certain circumstances. Similar laws exist in some states and cities in the U.S., as well as in foreign jurisdictions. Grand HK will design and test the products it purchases or manufactures for compliance with regulatory standards, however, there can be no assurance that Grand HK's products will not be found to violate applicable laws, rules and regulations, which could have a material adverse effect on the business, financial condition and results of operations of Grand HK. In addition, there can be no assurance that more restrictive laws, rules and regulations will not be adopted in the future, or that Grand HK's products will not be marketed in the future in countries with more restrictive laws, rules and regulations, either of which could make compliance more difficult or expensive, and which could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Grand HK may be subject to tariffs and quotas that could restrict its ability to export products to the U.S.

A substantial portion of Grand HK's products are expected to be shipped to customers in the U.S. The U.S. may, from time to time, impose new quotas, duties, tariffs, or other charges or restrictions, or adjust presently prevailing quota, duty or tariff levels, which could adversely affect Grand HK's ability to continue to export products to the U.S. at the expected or increased levels. Grand HK cannot predict what regulatory changes may occur, if any, or the type or

extent of any financial impact on Grand HK that such changes may have in the future. In addition, various forms of protectionist trade legislation have been proposed in the U.S. Adverse changes in tariff structures or other trade policies could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Investment Risks

By voting in favor of the reorganization merger and the issuance of Grand HK ADSs to Centralink, Grand US shareholders will be choosing to invest in Grand HK. Owning Grand HK ADSs will subject holders to a number of risks, some of which are similar to those associated with owning Grand US common stock and some of which are different.

The market price of Grand HK ADSs may decline compared with the market price of Grand US common stock as a result of the reorganization merger and the Playwell acquisition

The acquisition of Playwell represents a fundamental change in the business and operations of Grand US. Playwell is a larger company than Grand US and is engaged in different lines of business. Accordingly, the historical market price of Grand US should not be used as an indication of the future market price of Grand HK ADSs. In fact, the market price of Grand HK ADSs may decline compared with the market price of Grand US common stock as a result of the reorganization merger and Playwell acquisition, if:

the integration of Grand US and Playwell is unsuccessful;

Grand HK does not achieve the perceived benefits of the reorganization merger and the Playwell acquisition as rapidly as it believes or as investors expect;

the effect of the reorganization merger and the Playwell acquisition on Grand HK's financial results is not consistent with the expectations of investors;

investors react negatively to the ownership concentration of a single investor like Mr. Hsieh and the fact that public shareholders will constitute a minority of Grand HK's shareholder base.

The market price of Grand HK ADSs is expected to be volatile

Market prices of the securities of toy companies are often volatile and Grand US's historical stock price has reflected this volatility. The trading price of Grand US common stock has been, and the trading price of Grand HK's ADSs may continue to be, subject to wide fluctuations. For the period from January 1, 2003 through March 31, 2004, the closing sale prices of Grand US common stock on the Nasdaq SmallCap Market ranged from \$1.00 to \$4.78. These broad market and industry fluctuations may result in the decline of the market price of Grand HK's ADSs, regardless of its operating performance.

The market price of Grand US common stock has been, and Grand HK expects that the market price of the Grand HK ADSs will be, affected by many factors, including:

fluctuations in Grand HK's financial results;

the actions of Grand HK's customers and competitors;

new regulations affecting foreign manufacturing;

other factors affecting the toy industry in general;

announcements of new products by Grand HK or its competitors,;

the operating and stock price performance of other companies that investors may deem comparable;

news reports relating to trends in its markets; and

sales of Grand HK ADSs into the public market.

Table of Contents

It may be difficult for Grand HK ADSs to be sold at attractive prices

Grand US common stock has generally experienced limited liquidity and trading volume, and it is likely that Grand HK ADSs will initially experience lack of liquidity, lack of volume and lack of coverage by analysts and market makers, which may or may not affect the future performance of the Grand HK ADSs. There can be no assurance that a more active trading market for the Grand HK ADSs will develop or that, if developed, will be sustained. Further, there is no public market for the ordinary shares of Grand HK underlying the ADSs. In the past several years, many foreign issuers with market capitalization similar to that of Grand HK have been unable to sustain an active trading market for their securities. The market price for the ADSs going forward may be highly volatile, as has been the case with the ADSs and the securities of other companies located in emerging market countries.

In addition, the stock market in general has experienced extreme volatility that often has been unrelated to the operating performance of any company. These broad market and industry fluctuations may result in the decline of the price of Grand HK ADSs, regardless of its operating performance.

Future sales of Grand HK ADSs by existing shareholders, option holders and warrant holders could result in a decline of the price of Grand HK ADSs

The market price of Grand HK ADSs could decline as a result of sales of a large number of its ADSs into the market after the exchange is completed, or the perception that these sales could occur. There are currently options and warrants to purchase 1,046,607 shares of Grand US common stock outstanding. All of these options and warrants will be converted into options and warrants to purchase the same number of Grand HK ADSs upon exercise. If and when these options and warrants are exercised, it might have a depressive impact on the market price of the Grand HK ADSs. This might make it more difficult for Grand HK to sell equity securities in the future at a time and at a price that it deems appropriate.

Grand HK does not expect to pay dividends on its stock

Neither Grand US nor Playwell has paid any cash or other dividends on its common stock and Grand HK does not expect to declare or pay any cash dividends in the foreseeable future.

It may be difficult to enforce civil liabilities against Grand HK

Grand HK is a Hong Kong company, and a substantial portion of its assets will be located outside the U.S. In addition, certain of Grand HK's directors and officers named herein are resident outside the U.S. (principally in Hong Kong and the People's Republic of China), and all or a substantial portion of the assets of such persons are or may be located outside the U.S. As a result, it may not be possible for investors to effect service of process within the U.S. upon such persons, or to enforce against them or Grand HK judgments obtained in the U.S. courts predicated upon the civil liability provisions of the U.S. securities laws. The availability in Hong Kong, in original actions or in actions for enforcement of judgments of U.S. courts, of remedies provided for under the U.S. securities laws may be subject to the discretion of the Hong Kong courts based on consideration of Hong Kong public policy.

Features of Hong Kong law which allow an acquiring party to compulsorily acquire shares held by minority shareholders may force minority shareholders of Grand HK to sell their shares under certain circumstances which may negatively impact the price and liquidity of the Grand HK ADSs

Hong Kong law allows a party to compulsorily acquire the shares of a Hong Kong company held by minority shareholders. These circumstances are described under the section titled "Compulsory Acquisition of Shares Held by Minority Shareholders" on page 64 of this proxy statement/prospectus. This in turn may discourage ownership of the

Grand HK ADSs and negatively impact the price and liquidity of the Grand HK ADSs. Mr. Jeff Hsieh, who will indirectly or directly control over 71% of the shares of Grand HK following the reorganization merger and the transactions contemplated by the subscription and exchange agreement, could potentially force the minority shareholders of Grand HK to sell their Grand HK ADSs pursuant to these provisions. Mr. Hsieh has informed Grand HK that he does not presently intend to initiate or support an effort to force the compulsory acquisition of shares using these provisions. Should he initiate or support such an effort in the future, minority shareholders may be forced to sell their Grand HK shares.

Table of Contents

Risks Specific to Grand US

In deciding whether to approve the reorganization merger and the issuance of Grand HK ADSs to Centralink, in addition to some of the risks described above, Grand US shareholders should consider the following risks of Grand US if these transactions are not approved and Grand US continues to operate as an independent company.

Doubts about Grand US ability to continue as a going concern could have a material adverse effect on its stock price and the liquidity of its shares

In Grand US audited financial statements for the year ended December 31, 2002 and 2001, it recognized that it had certain issues which raised substantial doubts about its ability to continue as a going concern. The reasons cited were its recurring losses and the insufficiency of its line of credit to fund its operations. This was included in the notes in, and in KPMG's audit report on, those financial statements. In mid-2002, Grand US implemented a plan to stem its losses and return to profitability and, at that time, secured an increase in its line of credit. These efforts led to Grand US return to profitability in 2003 and the absence of any going concern note in, and in KPMG's audit report on, Grand US financial statements for the year ended December 31, 2003. However, there can be no assurance that Grand US will be able to sustain profitability and if it cannot, whether Grand US would be able to continue to operate as a going concern.

Grand US has a recent history of losses which makes sustained profitability uncertain

Although Grand US had net earnings of \$236,228 and \$1,112,577, respectively, for the quarter ended March 31, 2004 and the year ended December 31, 2003, it incurred net losses of \$826,848 and \$1,371,492 for the years ended December 31, 2002 and 2001, respectively, and had not reported an annual profit since the year ended December 31, 1997. Grand US believes that its return to profitability in 2003 resulted from its recent focus on the distribution of products with higher profit margins and the reduction in expenses. Although these efforts were successful in 2003, Grand US cannot be sure that its efforts will result in continued profitability on an annual basis in the future.

Grand US shares may not continue to be listed on the Nasdaq SmallCap Market which could adversely affect the price and liquidity of its stock and its ability to obtain financing in the future

On January 9, 2004, Grand US was advised by Nasdaq that it failed to meet the requirements for continued listing on Nasdaq for failure to hold its 2003 annual meeting by December 31, 2003, and that its securities were therefore subject to delisting from the Nasdaq SmallCap Market. Grand US successfully appealed the Nasdaq Staff determination and Grand US shares will continue to be listed on the Nasdaq SmallCap Market. However, Grand US most recent appeal was the third time since 2001 that it was subject to potential delisting. There can be no assurance that Grand US will be able to continue to meet the requirements for continued listing or that Grand US could successfully appeal a delisting determination in the future. If Grand US shares were delisted, Grand US might be able to have its shares listed for quotation on the OTC Bulletin Board or other markets. However, the failure to have Grand US shares quoted on the Nasdaq market would likely have an adverse impact on the price and liquidity of Grand US shares and Grand US ability to obtain financing in the future.

A few customers account for a large portion of Grand US net sales and a substantial reduction in or termination of orders from its large customers could adversely affect its business, financial condition and results of operations

Grand US four largest customers accounted for approximately 54% and 65% of its net sales in 2003 and 2002, respectively. Except for outstanding purchase orders for specific products, Grand US does not have written contracts with or commitments from any of its customers. A substantial reduction in or termination of orders from any of its largest customers could adversely affect its business, financial condition and results of operations. In addition,

pressure by large customers seeking a reduction in prices, financial incentives, a change in other terms of sale or on Grand US to bear the risks and the cost of carrying inventory could also adversely affect Grand US business, financial condition and results of operations.

Table of Contents

The loss of Grand US right to distribute Toy Biz products would have a material adverse affect on its business, financial condition and results of operations

Grand US has operated without a written distribution agreement with Toy Biz Worldwide Ltd. since 2001. However, it has continued to distribute the product lines carried by Toy Biz during 2002 and 2003 and has accepted orders from Toy Biz in 2004. There can be no assurance that Grand US will be able to retain the right to distribute the Toy Biz product line or, even if Grand US does retain this right, that any of the products in this branded product line will retain their current popularity. The loss of Grand US distribution rights to any of these product lines or the decrease in the popularity of any one of these branded product lines would adversely affect Grand US business, financial condition and results of operations.

Non-compliance with certain Canadian government regulations could seriously harm our business

Most of Grand US business is currently conducted in Canada. Grand US is subject to the provisions of various laws, certain of which have been enacted by the federal government of Canada, the Province of Quebec and other Canadian provinces. The laws of Canada include the Hazardous Products Act which empowers the Canadian government to protect children from hazardous toys and other articles. Under that legislation, the Canadian government has the authority to exclude from the market those products which are found to be hazardous. Grand US is also subject to the Consumer Packaging and Labeling Act enacted by the government of Canada. This legislation prohibits the importation of prepackaged items and the sale or importation or advertising of items which have misleading information on their labels. As a result, if any Canadian governmental entities should allege that any of Grand US products are hazardous to children or the packaging is misleading, whether or not such items are dangerous or misleading, Grand US could be precluded from distributing entire lines of toys in Canada until a full investigation is completed. In such case, a significant portion of the value of the entire line could be lost during a time-consuming investigation because, as discussed above, the life cycle for toy products is usually very short.

Risks Related to Doing Business in China

Grand HK will be organized and based in Hong Kong, which is part of the People's Republic of China, and Grand HK is also expected to purchase most of its products from manufacturers in China. The following addresses some of the risks associated with doing business in China.

Playwell depends on certain of its related subsidiaries for producing its products. These related subsidiaries have large manufacturing operations in China and interruptions in the production capacity of these related subsidiaries will adversely affect Playwell's business and financial results.

Playwell sources most of its supplies of finished products and moulds for manufacturing from two subsidiaries of Cornerstone. Playwell Industry Ltd. and Zhejiang Playwell Toy Co. Ltd. Both of these companies have their manufacturing facilities in Mainland China. Should the production capacity of any of these companies be interrupted for whatever reason, including risks inherently associated with doing business in Mainland China, the operations of Playwell would be materially affected. The U.S. government is currently reviewing a number of commercial and legal practices widespread in China, such as China's handling of intellectual property and certain of its labor practices, and certain political and military actions taken or proposed by China. If the U.S. ultimately takes negative action against China's exports or its transaction of business with U.S. entities, then the cost of Chinese imports could increase significantly and the ability of Playwell to source its supplies of finished goods and moulds from China may be materially impaired. If the production capacity of any of the companies on which Playwell depends is interrupted for any reason, including the actions described above, there could be an adverse effect on Playwell's ability to develop and supply products until alternative manufacturing arrangements are made on economic, production and operational

terms at least as favorable as those currently in effect.

If current opposition to the extension of China's Normal Trade Relations, or NTR, status with the U.S. results in the loss of China's NTR status, or the tariff or trade policies between these two countries changes in a manner adverse to China, the loss of favorable import duties or other favorable trade policies could have an adverse impact on Grand HK's business

Grand HK expects to purchase a majority of its products from manufacturers in China and export them from Hong Kong and China to the U.S. and worldwide. On September 19, 2000, the US Senate voted to permanently normalize trade with China, which provides a favorable category of US import duties for products imported from China. In addition, on December 11, 2001, China was accepted into the World Trade Organization, or WTO, a global international organization of 144 countries that regulates international trade. As a result of opposition to certain policies of the Chinese government and China's growing trade surpluses with the U.S., there has been, and in the future may be, opposition to the extension of NTR status for China. The loss of NTR status for China, changes in current tariff structures or adoption in the U.S. of other trade policies adverse to China could have an adverse effect on Grand HK's business and results of operations.

Increased Sino-U.S. Political tension may make Grand HK less attractive to investors and clients

The relationship between the U.S. and China is subject to sudden fluctuations and periodic tension. For example, relations may be compromised if the U.S. becomes a more vocal advocate of Taiwan or proceeds to sell certain military weapons and technology to Taiwan. Any weakening of relations between the U.S. and China could have a material adverse effect on Grand HK's business. Anti-Chinese sentiment could make Grand HK and its shares less attractive. In addition, changes in political conditions in China and changes in the state of Sino-U.S. relations are difficult to predict and could adversely affect Grand HK's operations or cause the Greater China market to become less attractive to investors and clients because it operates in China.

Any change in the Chinese government's economic reform programs may have a negative impact on Grand HK's operating results

The success of Grand HK's current and future operations in China and Hong Kong is highly dependent on the Chinese government's continued support of economic reform programs that encourage private investment, and particularly foreign private investment. Although the Chinese government has adopted an "open door" policy with respect to foreign investments, there can be no assurance that such policy will continue. A change in policies by the Chinese government could adversely affect Grand HK by, among other things, imposing confiscatory taxation, restricting currency conversion, imports and sources of supplies, or expropriating private enterprises. Although the Chinese government has been pursuing economic reform policies for nearly two decades, no assurance can be given that the Chinese government will continue to pursue such policies or that such policies may not be significantly altered, especially in the event of a change in leadership or other social or political disruption.

Because China does not have a well developed, comprehensive system of laws, it may be difficult for Grand HK and its subsidiaries to protect or enforce their legal rights

As a result of the Centralink transaction, including the acquisition of Playwell, a majority of Grand HK's assets and operations will be located in Hong Kong, but certain of Playwell's related subsidiaries, on which Playwell depends, have large operations in China. For instance, Playwell Industry Ltd. and Zhejiang Playwell Toy Co. Ltd., from which Playwell sources most of its supplies of finished products and moulds for manufacturing, have their manufacturing facilities in Mainland China. While Hong Kong corporate law is based on English law and is well-developed, the Chinese legal system is a civil law system based on written statutes in which decided legal cases have little value as precedents, unlike the common law system in the U.S. China does not have a well-developed, consolidated body of law governing foreign investment enterprises. As a result, the administration of laws and regulations by government agencies may be subject to considerable discretion and variation.

In addition, the Chinese legal system relating to foreign investments is both new and continually evolving, and currently there can be no certainty as to the application of its laws and regulations in particular instances. Definitive regulations and policies with respect to such matters as the permissible percentage of foreign investment and permissible rates of equity returns have not yet been published, statements regarding these evolving policies have been conflicting, and any such policies, as administered, are likely to be subject to broad interpretation, discretion and modification, perhaps on a case-by-case basis. As the legal system in China develops with respect to these new types of enterprises, foreign investors may be adversely affected by new laws, changes to existing laws (or interpretations thereof) and the preemption of provincial or local laws by national laws. Enforcement of existing laws may be sporadic and implementation and interpretation thereof inconsistent. Furthermore, the Chinese judiciary is relatively inexperienced in enforcing the laws that exist, leading to a higher than usual degree of uncertainty as to the outcome of any litigation. Even where adequate laws exist in China, it may be impossible to obtain swift and equitable enforcement of such laws, or to obtain enforcement of a judgment by a court of another jurisdiction. It is widely believed that China's entry into the WTO should expedite the uniform interpretation and enforcement of laws

throughout China. However, there can be no assurance that Grand HK's current or future activities in China will have a high degree of certainty under China's legal system.

If Grand HK is not able to obtain appropriate governmental support and approvals in China, it may not be able to conduct its business activities as planned.

Grand HK's activities in China may by law be subject, in some circumstances, to administrative review and approval by various national and local agencies of the Chinese government. Although Grand HK believes that the present level of support from local, provincial and national governmental entities enjoyed by Playwell benefits Playwell's operations in connection with administrative review and the receipt of approvals, there is no assurance that such approvals, when necessary or advisable in the future, will be forthcoming. The inability to obtain such approvals could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Changes in laws relating to Chinese taxation could subject Grand HK to substantial future taxation

The Chinese tax system is subject to substantial uncertainties and has been subject to recently enacted changes, the interpretation and enforcement of which are also uncertain. There can be no assurance that changes in Chinese tax laws or their interpretation or their application will not subject Grand HK to substantial Chinese taxes in the future.

Any change in the political and economic situation in Hong Kong could have a significant impact on Grand HK's operations

After the reorganization merger and the acquisition of Playwell, a significant part of Grand HK's facilities and operations will be located in Hong Kong. On July 1, 1997, sovereignty over Hong Kong was transferred from the United Kingdom to the People's Republic of China, and Hong Kong became a Special Administrative Region, or SAR, of China. As provided in the Sino-British Joint Declaration on the Question of Hong Kong and the Basic Law of the Hong Kong SAR of China, Hong Kong is to have a high degree of autonomy from China except in matters related to foreign affairs and defense. Under the Hong Kong Basic Law, Hong Kong has its own legislature, legal and judicial systems and economic autonomy for 50 years. Based on current political conditions and Grand HK's understanding of the Hong Kong Basic Law, Grand HK does not believe that the transfer of sovereignty of Hong Kong will have a material adverse effect on Grand HK's business, financial condition or results of operations. There can be no assurance, however, that changes in political, legal or other conditions will not result in such an adverse effect.

If the Exchange Rate for the Hong Kong Dollar ceases to be fixed against the U.S. Dollar, Grand HK would be subject to potentially significant adverse exchange rate risks

The Hong Kong dollar has remained relatively constant against the U.S. dollar due to the U.S. dollar peg and currency board system that has been in effect in Hong Kong since 1983. One U.S. dollar is pegged to \$7.80 HK dollar under that system. There can be no assurance that the historical currency peg of the Hong Kong dollar to the U.S. dollar will be maintained in the future. With the anticipated location of Grand HK's corporate headquarters in Hong Kong after the reorganization merger, a large proportion of Grand HK's administrative and business expense will be denominated in Hong Kong dollars and a large proportion of its revenues is expected to be in U.S. Dollars from the sale of toy products to the U.S. Should the currency peg cease to be maintained and the exchange rate between the Hong Kong dollar and the U.S. dollar be allowed to float, Grand HK's business and results of operations may be negatively impacted.

A change in currency exchange rates could increase Grand HK's costs relative to its revenues

Grand HK's sales are expected to be mostly denominated in U.S. dollars or Euros. The majority of Grand HK's expenses are expected to be denominated in Hong Kong dollars, followed by Chinese renminbi, the currency of Mainland China, Euros and U.S. dollars. Grand HK is also expected to generate revenues, expenses and liabilities in other currencies such as Singapore dollars and New Taiwan dollars. As a result, Grand HK will be subject to the effects of exchange rate fluctuations with respect to any of these currencies and the related interest rate fluctuations. Fluctuations in the exchange rate of the U.S. dollar against the respective foreign currencies could have a significant impact on Grand HK's revenues, results and financial condition. A rise in the value of the foreign currencies relative to the U.S. dollar will increase Grand HK's relative production costs and decrease the relative value of its revenue, thereby reducing its operating margins. Furthermore, should the U.S. dollar weaken, Grand HK's products could become more expensive in the U.S. even if the prices of the products in Hong Kong dollars remain unchanged, which could further adversely affect Grand HK's revenues. Currently, Grand HK has not entered into agreements or purchase instruments to hedge its exchange rate risks.

Restrictions on Chinese currency exchange may affect Grand HK's results of operations

Although Chinese government policies were introduced in 1996 to allow greater convertibility of the renminbi, significant restrictions still remain and renminbi is not a freely convertible currency. Under the existing foreign exchange regulations in China, foreign exchange transactions for capital account purposes, including purchasing and selling the assets used in Playwell's operations, require the prior approval of the State Administration of Foreign Exchange of China, or SAFE, which is the Chinese government body responsible for regulating foreign currency in China. Approvals are granted by types of transactions and the procedures for obtaining these approvals are often changed, depending on the economic conditions. If Playwell is unable to obtain consent from SAFE to convert renminbi into foreign currencies for such purposes in a timely fashion, Playwell's capital expenditure plan and Playwell's results of operations and financial condition could be adversely affected. In addition, Grand HK can provide no assurance that the Chinese regulatory authorities will not impose greater restrictions on the convertibility of the renminbi in the future. Because a significant amount of Grand HK's future expenses and liabilities may be in the form of renminbi due to a majority of its manufacturing facility being in China, any unexpected limitation on the convertibility of renminbi and any additional restrictions in the future on currency exchanges may limit its ability to effectively produce its toy products in China, which in turn will negatively affect its business and results of operations.

PART II

THE REORGANIZATION AND THE PLAYWELL ACQUISITION AND SUBSCRIPTION

This section of this proxy statement/prospectus describes the background of the transaction, the agreement and plan of merger under which Grand US will reorganize into a subsidiary of Grand HK, a Hong Kong company and Grand US subsidiary prior to the reorganization merger, and the subscription and exchange agreement under which Grand HK will, after the reorganization merger, issue 10,000,000 Grand HK ADSs to Centralink in connection with the acquisition of Playwell and the additional investment by Centralink.

This discussion is a summary only and is qualified in its entirety by reference to the agreement and plan of merger and the subscription and exchange agreement, copies of which are included elsewhere in this proxy statement/prospectus as Annex A and Annex B.

Background of the Reorganization, the Acquisition of Playwell and the Subscription of Centralink

Grand US has, for over 40 years, been engaged in the distribution of toys and novelty products. Since Grand US went public in 1993, Grand US has sought to expand its operations beyond the Canadian toy distribution business. These expansion efforts have been focused on expanding product offerings through the development of proprietary products and expanding geographically outside of Canada. Grand US has, for many years distributed products for Toy Biz Worldwide, or Toy Biz, an entity affiliated with Playwell, including the Marvel line of products, the largest source of Grand US revenues during its past 4 years.

Playwell was formed in 2000 as a holding company for a principal operating subsidiary, Hong Kong Toy Centre Limited. Hong Kong Toy Centre Limited was formed in 1969 and has been active in the toy business for over 30 years.

The series of transactions described in this proxy statement/prospectus which, if approved by you, will fundamentally change the constitution and business of Grand US. The transaction consists of two separate elements. The first element is the reorganization of Grand US, involving a reorganization merger through which Grand US would become a wholly-owned subsidiary of Grand HK. Pursuant to the reorganization merger, all the stock of Grand US would be converted into ordinary shares of Grand HK which will be traded in the U.S. as Grand HK ADSs and will be evidenced by Grand HK ADRs. The second element is the acquisition of all of the issued and outstanding shares of Playwell from Centralink in exchange for 5,000,000 Grand HK ADSs and the issuance to Centralink of an additional 5,000,000 Grand HK ADSs for cash and other consideration in a total amount of \$11,000,000. As a result of these transactions, Grand HK will become the holding company for Grand US, Playwell and their respective operating subsidiaries. Unless shareholders approve both the reorganization merger and the Playwell acquisition and the additional Centralink subscription, neither of these transactions will be completed.

Following consummation of the transactions contemplated by the subscription and exchange agreement, there will be a change in control of Grand HK with Centralink owning a majority of the shares and Mr. Hsieh Cheng, also known as Mr. Jeff Hsieh, the ultimate beneficial owner of Centralink, having the right to control the business and affairs of Grand HK. The board of directors of Grand HK will initially consist of five directors, two of whom will be nominated by Centralink, two of whom will be nominated by Mr. David Mars and Mr. Stephen Altro, directors and significant shareholders of Grand US, and one of whom will be selected by the independent directors of Grand HK and must be acceptable to Centralink and Messrs. Mars and Altro. However, at least two directors may have conflicts of interest with Grand HK by virtue of contractual relations with Grand HK and Cornerstone or their affiliates.

Since 1996, Grand US has been the exclusive Canadian distributor of toy products for Toy Biz Worldwide. Sales of Toy Biz products, consisting primarily of action figures licensed from Marvel Enterprises, constituted 62%, 67% and 45% of sales by Grand US during the years ended December 31, 2003, 2002 and 2001, respectively. Grand US's distribution agreement with Toy Biz expired on December 31, 2001. Since January 1, 2002, Grand US has distributed Toy Biz products pursuant to an oral agreement. Toy Biz, like Centralink, is wholly-owned by Cornerstone Overseas Investments, Limited. Playwell Industry Limited, another entity owned by Cornerstone, and Toy Biz have manufactured products distributed by Grand US. During the year ended December 31, 2002, Grand US's sales of Hong Kong Toy Centre products were \$309,202. In 2002, Grand US received sales commissions from Hong Kong Toy Centre of \$29,505. Grand US paid commissions of \$91,770 and \$199,537 to Kidbest Ltd, a sister-company of Playwell, in 2003 and 2002, respectively. Except for these arrangements, there are no other contracts, arrangements or understandings between Grand US or its subsidiaries and Cornerstone, Centralink, Playwell or their respective subsidiaries.

Table of Contents

As early as late 2001, Mr. David Mars, a director of Grand US, and Mr. Elliot Bier, Grand US chairman, held discussions with Mr. Hsieh and his representatives about a possible combination of Toy Biz and Grand US. Grand US had been looking for ways to enhance its distribution business which had been declining for some time, by creating its own brands and proprietary products. Mr. Hsieh and Messrs. Mars and Bier, conscious of the growing consolidation in the toy industry, were interested in achieving the economies and higher margins associated with vertical integration of the manufacturing and distribution functions as well as the acquisition of additional proprietary products and enhanced brand recognition. At the time of these discussions in late 2001 and throughout the first quarter of 2002, Grand US was incurring significant losses which raised substantial doubt about its ability to continue as a going concern. Because of Grand US poor financial condition, the terms proposed by Mr. Hsieh and his representatives were not, in the opinion of Grand US management, in the best interests of its shareholders and the discussions were abandoned in late spring 2002.

Later in 2002, Grand US adopted a restructuring plan which resulted in Grand US return to profitability. As a result of these efforts, by late 2002, Grand US financial condition had improved significantly, allowing Grand US to be in a better position to negotiate acquisition terms which would be more favorable to the shareholders of Grand US. However, it was not until January, 2003 that renewed discussions with Mr. Hsieh, this time involving Playwell, began in earnest. Those discussions initially involved a third party, Fun-4-All Corp., a developer and marketer of toy products and concepts that is referred to as Fun-4-All. Grand US and Playwell were interested in Fun-4-All because of its proven history as a developer of the type of proprietary products being sought by Grand US. As conceived, Fun-4-All's products would be manufactured by Playwell and distributed by Grand US, thereby furthering the parties plan of vertical integration.

Grand US interests in Fun-4-All dated back to 1996 when Messrs. Mars and Bier, and Mr. Stephen Altro, another director of Grand US, negotiated with Mr. Scott Bachrach, the president and a shareholder of Fun-4-All, regarding Grand US potential acquisition of Fun-4-All. At that time, Grand US and Fun-4-All were not able to reach an agreement on valuation and the talks ended. Fun-4-All subsequently introduced a highly successful line of arts and crafts products.

In late December, 2002, Mr. Mars telephoned Mr. Hsieh to discuss a potential business combination in anticipation of Mr. Mars trip to Hong Kong. While Mr. Mars was in Hong Kong, Mr. Bachrach, who had become the sole shareholder of Fun-4-All, approached Mr. Mars about renewing discussions. It was during this visit that Mr. Mars introduced Mr. Bachrach to Mr. Hsieh. On or about January 5, 2003, Mr. Mars telephoned Mr. Henry Hu, then a consultant to Cornerstone, to introduce Mr. Bachrach. Mr. Mars suggested that Playwell consider a business combination with Fun-4-All. Shortly thereafter, Mr. Hu met Mr. Bachrach in Hong Kong.

Late in the week of January 5, 2003, Mr. Hu and Mr. Mars met at the Marco Polo Hotel in Hong Kong. At that meeting, it was agreed that the parties would explore the possibility of a three-way combination involving Grand US, Playwell and Fun-4-All. A few days after that meeting, Messrs. Hu, Mars and Bachrach met, again in Hong Kong, and agreed to exchange preliminary financial information, which was done shortly thereafter. From January, 2003 onward Grand US did not engage in discussions concerning possible business combinations with any parties other than Fun-4-All, Cornerstone and Centralink. Grand US management did not pursue these transactions with Playwell and Fun-4-All with a view to selling itself but to create a more valuable enterprise for its shareholders. Its long relationship with both Mr. Hsieh and Mr. Bachrach and the synergies that each of Playwell and Fun-4-All could bring to a combined company were, in the opinion of Grand US management, unique.

On January 22, 2003, Grand US retained the firm Piper Rudnick LLP to serve as its legal advisor in connection with the proposed transaction.

On January 25, 2003, a meeting was held in New York at the offices of Lazar Levine, an independent accounting firm, to discuss the terms of the potential combination. The meeting was attended by Mr. Bier, Mr. Mars and Mr. Altro; Mr. Hu, a representative of Centralink; Mr. Bachrach; Mr. Michael Dinkes of Lazar Levine; and counsel to Fun-4-All and Grand US. At this meeting, the parties outlined the material terms of the proposed transaction.

During the week of January 27, 2003, representatives of Piper Rudnick LLP circulated a draft letter of intent to those attending the January 25 meeting. Several e-mails were thereafter exchanged concerning the terms of the letter of intent.

On February 15, 2003, a meeting was held at the offices of Lazar Levine to discuss the potential transaction and to further negotiate the terms of the letter of intent. The meeting was attended by Messrs. Bier, Mars, Hu, Bachrach and Altro. At the meeting, substantially all of the terms of the transaction were agreed upon.

Between February 15, 2003 and February 26, 2003, drafts of a proposed form of letter of intent were circulated among the parties.

On February 26, 2003, Grand US, Cornerstone and Fun-4-All executed a letter of intent. The letter of intent contemplated that Grand US would acquire the stock of both Playwell and Fun-4-All. The financial terms of the Playwell acquisition covered by the letter of intent were substantially similar to those set forth in the subscription and exchange agreement, except that Cornerstone's subscription commitment was limited to 3,000,000 shares at a price of \$1.00 per share, which price reflected the market value of Grand US common stock at that time.

On March 3, 2003, Cornerstone retained Dorsey & Whitney to serve as its legal advisor in connection with the proposed transaction.

On March 22, 2003, Cornerstone retained BDO Seidman to perform a financial due diligence investigation of Grand US.

Table of Contents

During the month of March 2003, representatives of Grand US and Cornerstone commenced legal and financial due diligence on Playwell, Fun-4-All and Grand US.

On April 2, 2003, representatives of Dorsey & Whitney, Cornerstone's counsel, and Piper Rudnick LLP, Grand US counsel, met at the offices of Piper Rudnick LLP to discuss the progress of the due diligence. At the meeting, Cornerstone's counsel proposed a change to the structure of the transaction in which Grand US would reorganize outside of the U.S. Before the meeting the parties contemplated a transaction in which Grand US would acquire the shares of both Playwell and Fun-4-All and Grand US would remain the holding company for the combined company. However, Cornerstone concluded that this structure did not make sense for business reasons. Although Grand US is a Nevada company, nearly all of its current business is carried on in Canada through its Canadian subsidiary, and its headquarters are in Canada. Grand US has relatively little business activity in the United States. As a result of the contemplated transaction, including the acquisition of Playwell, the vast majority of Grand HK's assets and operations would be located in Hong Kong or in nearby Guangdong province in southern China, and the seat of management of Grand HK's operations would be in Hong Kong. Cornerstone's management determined that changing the corporate structure from a US holding company into a Hong Kong holding company would simplify corporate management and facilitate dealings with suppliers and customers in the region, who are accustomed to dealing with Hong Kong companies and sometimes hesitant to do business with United States companies, which are sometimes regarded as unduly litigious.

The reorganization outside of the U.S. also made sense from a tax standpoint. In fact, Centralink would not consummate the Playwell acquisition or the related subscription transaction without the reorganization merger. It would not have been logical for Centralink, a British Virgin Islands company, to transfer the shares of Playwell, a Hong Kong limited company, to a United States corporation. Hong Kong companies such as Playwell have a 17.5% tax rate on profits from Hong Kong operations only, and no capital gains, sales, turnover or similar taxes, compared to U.S. companies like Grand US, which generally pay an effective Federal tax of 35% on their worldwide income, including capital gains taxes, and may be subject to sales, use and other U.S. transaction taxes. Subjecting Playwell's income to U.S. corporate taxation would significantly reduce the after-tax returns of the Playwell business. The reorganization merger will not, of course, affect the tax position of the current Grand US business, which would continue to be operated through Grand US just as before.

On May 1, 2003, Tania M. Clarke, Grand US executive vice-president and chief financial officer, and representatives of Piper Rudnick LLP, Dorsey & Whitney and BDO Seidman, Cornerstone's independent accountants, met again at the offices of Piper Rudnick LLP to discuss in more detail the proposal to reorganize Grand US outside of the United States.

On May 7, 2003, Grand US, Cornerstone and Fun-4-All amended the letter of intent to extend the period for entering into definitive agreements to July 1, 2003.

On May 19, 2003, Mr. Hu met with Mr. Bier in Vancouver, Canada, to discuss some of the issues that had arisen during the course of the parties' due diligence. The topics discussed included the composition of the board of directors of Grand HK following the consummation of the transaction and lock-up arrangements for affiliates of Grand US and Cornerstone.

On May 22, 2003, a meeting was held at the offices of Dorsey & Whitney in New York. The meeting was attended by Messrs. Bier and Mars of Grand US, Mr. Hu, who had become executive director of Cornerstone during May 2003, Mr. Bachrach and Steve Krause of Fun-4-All and representatives of BDO Seidman, Lazar Levine, Dorsey & Whitney and Katten Muchin Zavis Rosenman. The latter firm had been retained by Grand US to replace Piper Rudnick LLP in connection with the transaction. At the meeting, all material business issues regarding the transaction were agreed upon and a schedule was provided for completing due diligence and preparing definitive documentation.

On May 30, 2003, Grand US retained J. Chan, Yip, So & Partners as special Hong Kong counsel in connection with the acquisition of Playwell.

On June 24, 2003, an initial draft of an exchange agreement was calculated to all parties. This document ultimately became the subscription and exchange agreement.

Between June 24, 2003 and November 13, 2003, representatives of Grand US, Cornerstone, Centralink and Fun-4-All and their respective legal counsel engaged in ongoing due diligence and negotiation of the subscription and exchange agreement and the related documentation.

On July 1, 2003, Grand US, Cornerstone and Fun-4-All executed a further amendment to the letter of intent which extended the deadline for entering into definitive agreements from July 1, 2003 to August 15, 2003, and extending the anticipated date of the closing from September 30, 2003 to November 30, 2003.

On July 16, 2003, Grand US retained KPMG to perform a financial due diligence investigation of Fun-4-All.

On August 5, 2003, Grand US retained KPMG to perform a financial due diligence investigation of Playwell.

On September 8 and 9, 2003, Mr. Bier, Mr. Bachrach and counsel for Grand US Centralink, Cornerstone and Fun-4-All met in New York to discuss the draft agreements and the open issues pertaining to the Fun-4-All transaction which had arisen during the course of Grand US due diligence. Mr. Hu participated in some of the discussion by telephone. At the time of the meeting, all of the material terms of the subscription and exchange agreement had been agreed upon by Grand US, Cornerstone and Centralink.

Between September 9, 2003 and November 5, 2003, Grand US, Centralink and Fun-4-All and their respective representatives negotiated the terms of an agreement for Grand HK to acquire Fun-4-All.

On November 5 and 6, 2003, meetings were held at the offices of Katten Muchin Zavis Rosenman in New York. The meetings were attended by Messrs. Bier and Mars of Grand US, Mr. Hu of Cornerstone, Mr. Bachrach of Fun-4-All and their respective legal counsel. The meetings were held to discuss and finalize any unresolved issues concerning the terms of the Fun-4-All transaction.

Table of Contents

On November 11, 2003, Grand US legal counsel circulated to the board of directors of Grand US the final version of the subscription and exchange agreement and the final version of an asset purchase agreement between Grand US and Fun-4-All, with a memorandum summarizing the terms of both transactions.

On November 12, 2003, the board of directors of Grand US held a telephonic meeting during which Mr. Bier reviewed the background and terms of the reorganization merger of Grand US, the acquisition of Playwell, the subscription by Centralink following the reorganization merger and the acquisition of Fun-4-All. Legal counsel reviewed in detail the terms of the subscription and exchange agreement with Centralink and the asset purchase agreement with Fun-4-All and the related documents, and reviewed with the directors their fiduciary duties. Mr. Bier and Grand US legal counsel answered questions from the directors with regard to the acquisitions. In response to some of the questions raised by members of the board, it was determined to adjourn the meeting to give the members of the board more time to review the terms of the transaction and ask follow up questions.

On November 14, 2003, the meeting of the board of directors of Grand US was reconvened by conference telephone. The directors continued to ask questions and discussed the terms of the Playwell transaction and the Fun-4-All transaction. Following the discussion, by unanimous vote, the Grand US board approved the terms of the reorganization merger and the other terms of the subscription and exchange agreement, subject to receipt of the opinion from Empire Valuation Consultants that the Playwell acquisition and related investment by Centralink pursuant to the subscription and exchange agreement is fair to the shareholders of Grand US from a financial point of view. On the same day, the subscription and exchange agreement was signed by Grand US, Grand HK and Centralink. The Board also approved the acquisition of the assets of Fun-4-All, but only if Fun-4-All could provide assurances that it would meet certain performance criteria and Grand US receives from Empire Valuation Consultants their opinion that the Fun-4-All acquisition, pursuant to the asset purchase agreement, is fair to the shareholders of Grand US from a financial point of view.

From November 14, 2003 until December 11, 2003, representatives of Grand US and Cornerstone and their counsel continued to negotiate with Fun-4-All and its counsel regarding the terms on which Fun-4-All might participate in the transaction.

On November 17, 2003, Empire Valuation Consultants was retained by Grand US to render an opinion regarding the fairness, from a financial point of view, of the consideration to be paid to Centralink in connection with the subscription and exchange agreement.

On December 10, 2003 and December 11, 2003, Mr. Bier and Mr. Hu again had meetings to discuss whether Fun-4-All might participate in the transaction and concluded that it could not.

On December 11, 2003, representatives of Katten Muchin Zavis Rosenman, counsel for Grand US, wrote to counsel for Fun-4-All notifying the latter on behalf of Grand US of the termination of negotiations concerning the participation of Fun-4-All in the proposed combination of Grand US and Playwell on the grounds that the board of directors of Grand US had determined that the transaction was not viable on the revised terms that had been negotiated since the meeting of September 8 and 9, 2003.

In late December, 2003, Grand US was orally advised by Nasdaq that its shares would be delisted as a result of its failure to hold its 2003 annual meeting of shareholders. Official notice from Nasdaq of this determination was received on January 9, 2004. Grand US had elected to defer the annual meeting to avoid the expense of holding two meetings, since the transactions contemplated by the subscription and exchange agreement would also require shareholder approval. Grand US successfully appealed the delisting determination. However, in the course of its appeal, Nasdaq raised issues about the continued listing of Grand HK's shares following consummation of the reorganization merger.

Nasdaq advised Grand US that Grand HK would need to meet all of the initial listing criteria required by Nasdaq. Beginning in late December, 2003, Mr. Hu and Mr. Bier engaged in numerous discussions on strengthening the financial condition of Grand HK to ensure that all Nasdaq listing criteria could be met. On a conference call during the week of January 5, 2004, Mr. Bier, Mr. Hu and Grand US and Centralink's counsel discussed the possibility of Centralink making an additional investment in Grand HK at the closing which would reflect the value of the combined companies.

During the week of January 12, 2004, Mr. Bier and Mr. Hu agreed in principal to a proposal in which Centralink would subscribe for an additional 2,000,000 Grand HK ADSs at a price of \$4.00 per share, or \$8,000,000 in the aggregate.

On February 12, 2004, the board of directors of Grand US held a special meeting. At the meeting, the additional investment by Centralink was discussed, representatives of Empire Valuation Consultants reported to the directors of Grand US on their financial analysis of the terms of the subscription and exchange agreement, including the additional subscription by Centralink, and delivered their oral opinion that, as of such date and based on and subject to the assumptions, qualifications and limitations set forth, in their opinion, it was their conclusion that the consideration to be exchanged by Grand HK and Centralink pursuant to the subscription and exchange agreement was fair to the shareholders of Grand US from a financial point of view.

On March 6, 2004, the subscription and exchange agreement was amended to extend the termination date to May 31, 2004.

On March 31, 2004, Empire Valuation Consultants delivered their written opinion that, as of such date and based on and subject to the assumptions, qualifications and limitations set forth in their opinion, it was their conclusion that the consideration to be exchanged by Grand HK and Centralink pursuant to the subscription and exchange agreement was fair to the shareholders of Grand US from a financial point of view.

On March 31, 2004, the subscription and exchange agreement was amended a second time. The amendment included Centralink's agreement to subscribe for an additional 2,000,000 Grand HK ADSs at a price of \$4.00 per Grand HK ADS and the agreement to provide the officers, directors and employees of Grand US indemnification and liability insurance for actions taken as officers, directors and employees of Grand US prior to reorganization merger.

On May 31, 2004, the subscription and exchange agreement was amended for the third time to extend the termination date to July 31, 2004.

Grand US Reasons for the Reorganization Merger and the Playwell Acquisition

In reaching its decision to approve the agreement and plan of merger and the acquisition of Playwell and the related investment by Centralink in Grand HK, the board of directors identified and considered a number of potential benefits for Grand US and its shareholders that supported the board's decision. The board also considered the risks of proceeding. These factors include both business and synergistic reasons.

Table of Contents

Business and Financial Benefits

The potential business and financial benefits include the following:

the implementation of the determination by Grand US board to find ways to enhance and diversify its business;

the opportunity for Grand US shareholders to participate in the future growth of Grand HK following consummation of the reorganization merger and the Playwell acquisition;

the potential for the combination of Playwell's financial resources and cost-management skills, and Grand US marketing and distribution presence in North America to create a vertically-integrated company with efficiencies of integration and scale that should provide a stronger vehicle for future expansion and product development;

the larger Grand HK group of companies would be able to further leverage on the existing relationships that Grand HK and Playwell have with licensors of proprietary names, characters and other intellectual property;

the wealth of toy industry experience in the new entity would allow Grand HK to significantly expand its product offerings from those currently offered by Grand US and Playwell;

the potential to facilitate Grand HK's expansion into Asian and other world markets where Playwell has a presence;

the potential of Grand HK to have better access to capital which in turn will improve Grand HK's balance sheet and make Grand HK more attractive to investors and customers, and potential acquisition candidates; and

the acquisition of Playwell and the related investment by Centralink would result in Grand HK being a much larger, financially more stable company than Grand US as it currently exists.

In addition to these potential benefits accruing to Grand US and its shareholders from the reorganization merger and the acquisition of Playwell and the related purchase of Grand HK ADSs by Centralink, the board of Grand US considered a number of additional factors that supported the transactions, including the following:

primarily a distributor of toys and related products, Grand US is disadvantaged by a lack of independent branding and proprietary products;

the absence of a long-term distribution agreement with Toy Biz and the potential impact that the loss of its largest account would have on Grand US;

the consolidation in the retail toy industry is allowing retailers to deal directly with manufacturers, and reducing the need for distributors such as Grand US;

management's view of the financial condition, results of operations and businesses of Grand US and Playwell before and after giving effect to the transactions, management's view of the business prospects of Grand US and Playwell as a combined company, and the board's view on the potential impact of the transaction on shareholder value;

the results of the due diligence investigation of Playwell conducted by Grand US management, accountants and legal counsel; and the financial analysis and presentation of Empire Valuation Consultants

Table of Contents

delivered to Grand US board of directors on February 12, 2004, as well as its opinion dated March 31, 2004 that the transactions were fair, from a financial point of view, to the shareholders of Grand US;

the contractual terms of the agreement and plan of merger, the subscription and exchange agreement and related transaction documents; and

the conflicts of interests that certain Grand US officers and directors may have as a result of the reorganization merger and the acquisition of Playwell and related transactions.

Reasons for the Reorganization Merger

The board of directors of Grand US is recommending the reorganization merger be undertaken as a part of the overall transaction on several related grounds:

Operational Convenience. As a result of the Playwell acquisition, a substantial majority of the assets, personnel and operations of Grand HK will be located in Hong Kong or nearby Guangdong province of southern China. Its banking relationships will likewise be in Hong Kong, as will the seat of its senior management. Accordingly, the reorganization merger will facilitate the business and financial operations of Grand HK by enabling its primary business partners to deal with a familiar local entity.

Essential Condition of the Playwell Acquisition. Centralink made it clear that it would not agree to transfer the shares of Playwell to Grand US in exchange for common stock of Grand US. This would have meant that profits of Playwell would be subjected to U.S. corporate income tax when distributed as dividends to Grand US and then again to U.S. withholding tax upon distribution of the same income as dividends from Grand US to Centralink. Since Centralink currently pays no corporate or withholding tax on dividends from Playwell, the result would have been to dramatically reduce the after-tax profitability of the Playwell business, which will become the largest part of the combined business of Playwell and Grand US, without any corresponding business advantage.

Enhanced Returns to Grand US Shareholders. While the reorganization merger will have no material effect on the current taxation of the income of Grand US and its subsidiaries, by keeping the lower tax rate of a Hong Kong company on the income of Playwell's business it will result in a lower average or effective tax rate on the combined income of Grand US and Playwell than would have been the case had Grand US acquired Playwell without first completing the reorganization merger. The result is that the current shareholders of Grand US, as holders of Grand HK ADSs, may benefit substantially from the reorganization merger in terms of enhanced returns and greater shareholder value. Thus, while the primary reason for the reorganization merger was to make possible the acquisition of Playwell and the concomitant diversification of the business and strengthening of the capital base, there is a secondary benefit to Grand US shareholders.

Key Element in Grand's Growth Strategy. Centralink and Grand US contemplate that Grand HK will in the future, as part of its growth strategy in the midst of consolidation in the global toy industry, acquire additional non-U.S. companies. Such companies could not be acquired by Grand US itself due to its capital limitations. In addition to providing the return necessary to justify investments in such companies, the improved profitability of Grand HK from that of Grand US has the potential to result in a higher market price for Grand HK ADSs, which could facilitate the use of Grand HK's equity as currency for acquisitions.

Potential Expansion of Investor Base. The board also believes that the reorganization merger will increase Grand HK's attractiveness to non-U.S. investors. The growth of the business will require substantial additional capital. Much of that capital is expected to be provided by non-U.S. investors, who in many cases will require a higher after-tax rate of return than could have been achieved in the absence of the reorganization merger. Apart from the enhanced profitability of the business itself, non-U.S. investors will avoid the U.S. withholding taxes to which dividends to non-U.S. shareholders by a U.S. corporation are generally subject, at rates of up to 30%. Under Hong Kong law, however, there will be no Hong Kong income or withholding tax on dividends paid by Grand HK. As a

Table of Contents

result, non-U.S. investors are likely to be significantly more receptive to an investment in Grand HK ADSs. This potentially increases the liquidity in the market for Grand HK ADSs.

Risks Considered

In reaching its decision to approve the agreement and plan of merger, the acquisition of Playwell and the related transactions, the board of Grand US also identified and considered a number of potentially negative factors that could result from the whole transaction, including the following:

the transactions will result in a change of control of Grand US. Mr. Jeff Hsieh, the ultimate controlling shareholder of Centralink, will control a majority of the outstanding shares of Grand HK;

as a result of Mr. Hsieh's ability to control Grand HK and the potential dilutive effect of the issuance of 10,000,000 Grand HK ADRs to Centralink, the share price of Grand HK may trade at a discount;

pending U.S. tax legislation could result in Grand HK not being able to realize the tax benefits of being a Hong Kong holding company, which could have unfavorable tax consequences for Grand HK;

if the IRS were to successfully challenge Grand HK's assessment of the tax treatment of the reorganization merger, you could be taxed on the receipt of Grand HK ADSs in exchange for your shares of Grand US common stock;

the issuance of the 10,000,000 Grand HK ADSs to Centralink may be below the market price of the Grand HK ADSs;

it is possible that Grand HK will not receive all or any of the benefits that it believes will occur by combining the operations of Grand US and Playwell;

Playwell's business is and will be dependent on transactions with related parties;

Grand HK's operating results will be significantly dependent on the sales of products licensed from Marvel Enterprises, Inc.;

the significant cost, which Grand HK and Grand US estimate to be \$3,500,000, that will be incurred by Grand US and Playwell in seeking to complete the reorganization merger and the acquisition of Playwell; and

the other risks described in this proxy statement/prospectus in the section entitled "Risk Factors."

Conclusion and Recommendation of the Board

Grand US board of directors evaluated all of the factors described above in light of their knowledge of Grand US business, financial condition and prospects, Playwell's business, financial condition and prospects, and the market for toy products. In view of the variety of factors considered by Grand US board of directors in its evaluation of the transactions, Grand US board of directors did not find it practicable to, and did not, quantify or otherwise assign relative weight to the specific factors considered in reaching its decision. In addition, individual members of Grand US board of directors may have given different weight to different factors. The list of factors described in this section as having been considered by Grand US board of directors is not intended to be the complete list of all factors considered but is believed to include all of the factors considered by Grand US board of directors to be material.

After considering all of the information and factors described in this section, Grand US board of directors unanimously approved the reorganization merger, the agreement and plan of merger, the subscription and exchange agreement and the other transactions contemplated by the agreement and plan of merger and the subscription and exchange agreement. Grand US board of directors believes that the transactions are fair to,

advisable and in the best interests of Grand US and its shareholders. Grand US board of directors has unanimously recommended that the Grand US shareholders vote FOR the adoption of the agreement and plan of merger (proposal 1) and the issuance of the shares to Centralink pursuant to the subscription and exchange agreement (proposal 2).

Although the Board's decision was unanimous, you should be aware that three of Grand US's seven directors have interests in the transaction that are different from yours, which may have created a conflict of interest in making their determinations.

Centralink's Reasons for the Subscription and Exchange Transaction

Playwell, Centralink, Cornerstone and their shareholders, have been seeking ways of growing the Playwell business, which consists principally of the manufacture and outsourcing of products for third parties on a private label basis and only secondarily on the manufacture of its small line of proprietary products, which it wants to expand. Also, in light of the rapid consolidation taking place in the toy industry, Playwell desires to achieve vertical integration through direct distribution in order to realize the higher margins associated with the marketing end of the business. The original concept of combining the distribution of Grand US and the manufacturing capability of Playwell with the creative product development skills of Fun-4-All was a natural way of achieving the objectives of both Grand US and Centralink. The failure of the Fun-4-All participation to materialize was a disappointment but did not invalidate the basic premise of the combination.

Table of Contents

Playwell and its shareholders believe that the combination of Playwell's financial resources and cost-management skills with Grand US' marketing and distribution presence in North America will create a vertically-integrated company with efficiencies of integration and scale that should provide a stronger vehicle for future expansion. Playwell and its shareholders believe that the combination will provide strategic and financial benefits to Grand HK by creating a toy company that has international coverage both in Asia and in North America. The combination should generate economies of scale and create a much larger and financially more stable company.

In rendering its opinion, Empire relied, without independent verification, on the accuracy and completeness of all the financial and other information, including without limitation the representations and warranties contained in the subscription and exchange agreement, that was furnished to Empire by Grand US, Playwell or their respective advisors. With respect to the financial projections examined by Empire, Empire assumed that they were reasonably prepared and reflected the best available estimates and good faith judgments of the management of Grand US and Playwell as to the future performance of Grand US and Playwell, respectively. Empire's opinion does not address the financial impact of any of the potential acquisitions that Cornerstone might make or is considering in the future. Empire did not make any independent appraisal of any of Grand US or Playwell's assets. In addition, Empire expressed no opinion as to the price at which Grand HK ADSs will trade at any time or as to the tax consequences of the reorganization merger to Grand US or any of its stockholders. Empire's fairness opinion is necessarily based upon market, economic, financial and other conditions as they existed as of the date of the opinion, and any change in such conditions would require a reevaluation of the opinion.

The following is a brief summary of the valuation methodologies employed by Empire in rendering its opinion. These analyses were also presented to the board of directors of Grand US at its meeting on February 12, 2004. This summary does not purport to be a complete description of analyses performed by Empire in arriving at its opinion.

Analyses were performed focusing on two scenarios:

excluding the impact of the Playwell acquisition and additional compensation to be tendered by Centralink (the Stand Alone Scenario), and

including the impact of the Playwell acquisition (the Post-merger Scenario). Empire also considered additional cash or bridge loan consideration offered by Centralink as part of the transaction and other factors pertinent to arriving at a fairness opinion. The following analyses were performed:

Guideline Company Analysis Using Hoover's Web site and Compact Disclosure's database, Empire conducted a search for publicly-traded comparable companies that were involved in distribution, manufacturing and/or marketing of toys and related products. This search yielded five companies:

Jakks Pacific, Inc.;

Playmates Holdings, Ltd.;

RCS Corp.;

Lung Cheong International Holdings Ltd.; and

Zindart, Ltd.

Empire's criteria for selecting guideline companies consisted of:

the company's sales could be no more than \$500 million;

the company's common equity had to be actively traded on a public market as of the Valuation Date;

the company's markets, operations, and types of products had to be similar to those of Grand US;

the company's primary products, services, and sales were not tied to a specific niche or single customer; and

sufficient information was publicly available with which to perform a thorough analysis.

Value was determined based on market value of invested capital or MVIC, as a multiple of trailing twelve month, or TTM, earnings before interest, taxes, depreciation and amortization or EBITDA for the five publicly traded companies identified as being most comparable to Grand US and Playwell, which are referred to as the comparable companies.

Adjustments were made to EBITDA when necessary, to account for extraordinary and/or non-recurring items. A range of MVIC to TTM EBITDA multiples of 5.9 to 10.7 times was calculated, and the median and average multiples were each approximately eight times. These multiples are summarized in the following table:

Guideline Company Multiples

Company	MVIC to TTM EBITDA Multiple
Jakks Pacific, Inc.	10.7
Playmates Holdings Ltd.	5.9
RC2 Corp.	9.0
Lung Cheong International Holdings Ltd.	8.2
Zindart Ltd.	6.8
Maximum	10.7
Minimum	5.9
Average	8.1
Median	8.2
Selected Multiple (Pre-Merger)	8.0
Selected Multiple (Post-Merger)	8.5

Empire derived indications of equity values by (i) applying selected MVIC/TTM EBITDA multiples in the range of 7.5 times to 8.5 times, for the Stand Alone Scenario, and in the range of 8.0 to 9.0 times, for the Post-merger Scenario and (ii) applying a control premium of 20%. This resulted in the aggregate value of equity of between \$5.6 million and \$6.3 million for the Stand Alone Scenario and between \$45 million and \$51 million for the Post-merger Scenario. Note that for all valuation analyses the calculated MVIC values equate to equity values due to the absence of debt.

Guideline Transaction Analysis Using Mergerstat's Database, the DoneDeals Database, and PrattStat's Database, Empire conducted a search for comparable transactions. The review of comparable transactions was limited to transactions involving companies that were involved in the sales of toys and related products. This search yielded eleven transactions. Value was determined based on MVIC to TTM EBITDA multiples and MVIC to TTM revenue multiples for the eleven acquired companies. Adjustments were made to EBITDA when necessary, to account for extraordinary and/or non-recurring items.

A range of MVIC to TTM EBITDA multiples (for companies with positive TTM EBITDA) of 2.6 to 23.6 times were calculated, with median and average multiples at 7.5 times and 9.9 times respectively. A range of MVIC to TTM revenue multiples of 0.2 to 2.8 times was calculated, with median and average multiples at 0.7 times and 0.8 times respectively. These multiples are summarized in the following table:

Guideline Transaction Multiples

Acquired Company	MVIC to TTM EBITDA Multiple	MVIC to TTM Sales
Toymax International, Inc.	0.69	Neg.
McGuggan, LLC	0.74	9.1
Marx Toys, Inc.	2.84	Neg.
Learning Curve International, Inc.	0.88	7.5
Meritus Industries, Inc.	0.43	23.6
Funline Merchandising Company, Inc.	1.02	N/A
Sassy, Inc.	1.02	N/A
Toymax International, Inc. (Monogram International, Inc. Unit Sold)	0.22	2.6
Irwin Toy, Ltd.	0.43	6.8
Montgomery Schoolhouse	0.49	Neg.
DaMert Co., Inc.	0.81	Neg.
Maximum	2.84	23.6
Minimum	0.22	2.6
Average	0.87	9.9
Median	0.74	7.5
Selected Multiple (Pre-Merger)	0.80	8.0
Selected Multiple (Post-Merger)	0.85	8.5

Empire derived indications of equity values for the Stand Alone Scenario by applying selected MVIC/TTM EBITDA multiples in the range of 7.5 times to 8.5 times and MVIC/TTM Revenues multiples in the range of 0.70 to 0.90 times to certain adjusted operating results for the latest twelve months ended December 31, 2003. Empire derived indications of equity values for the Post-merger Scenario by applying selected MVIC/TTM EBITDA multiples in the range of 8.0 times to 9.0 times and MVIC/TTM Revenues multiples in the range of 0.75 to 0.95 times to certain adjusted operating results for the latest twelve months ended December 31, 2003. This resulted in an aggregate equity value range of between \$6.3 million and \$7.7 million for the Stand Alone Scenario and between \$38 million and \$45 million for the Post-merger Scenario.

Discounted Cash Flow Analysis In determining values based on the discounted cash flow approach, Empire estimated the present value of: (i) Grand US unlevered cash flows (for both Scenarios) for the remainder of 2004 through December 31, 2008; and (ii) the value of Grand US (for both Scenarios) at 2008. Based on these analyses an equity value range (based on a range of selected discount rates and long term growth rates) of \$6.0 million to \$7.3 million was concluded for the Stand Alone Scenario and \$41 million to \$54 million for the Post-merger Scenario. Projections were provided to Empire by management of Grand US and Playwell.

The discount rates used for the analyses were developed using a weighted average cost of capital analysis and were based upon benchmark rates. Empire employed the Capital Asset Pricing Model and the Build-up Method to develop its discount rates. The long-term growth rate utilized by Empire of 4% was based upon long-term inflation and real GDP growth forecasts provided by Value Line, industry trends, and discussions with management on Grand US's long-term growth prospects.

Concluded values are based upon values arrived at for Grand US on a pre- and post-merger basis using the discounted cash flow, guideline company, and guideline transaction methods. As illustrated in the previous table, the analyses by Empire show that the value to Grand US's shareholders is higher on a post-merger basis than on a pre-merger basis. Also taken into consideration was that the concluded equity value to Grand US shareholders was higher than that reflected by its stock price.

Other Considerations Other factors considered included:

the use of operating metrics as a measure to consider the value contributed by each entity. This refers to the fact that the EBITDA, revenues, and book value contributed by Grand US was less in percentage terms than the equity ownership it received from the transaction. The review of these operating metrics should be considered as supplementary considerations by Empire;

the extremely competitive and challenging environment for toy distributors;

Grand US's declining revenue trend;

the strength in developing a vertically-integrated company;

the benefits from increased customer and product base diversification;

the greater access to financial resources through Playwell and its affiliates;

increased channels of distribution through Playwell and its affiliates; and

the enhanced ability to absorb fixed overhead costs (such as public company costs) provided by a larger operating entity.

The preparation of a fairness opinion is a complex process that involves various judgments and determinations as to the most appropriate and relevant methods of financial and valuation analysis and the application of those methods to the particular circumstances. The opinion is, therefore, not necessarily susceptible to partial analysis or summary description. Empire believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered, without considering all of the analyses and factors, would create a misleading and incomplete view of the processes underlying its opinion.

Fees

Pursuant to a letter agreement between Grand US and Empire, Grand US paid a \$32,500 engagement fee to Empire at the time the parties entered into the letter agreement and an additional \$32,500 upon delivery of the fairness opinion. In addition, Grand US has agreed to reimburse Empire for its reasonable expenses, including fees and expenses of its counsel, up to a maximum of \$5,000, and to indemnify Empire and its affiliates against certain liabilities and expenses related to their engagement, including liabilities under the federal securities laws. The terms of the fee arrangement with Empire, which Grand US and Empire believe are customary in transactions of this nature, were negotiated at arm's length between the Grand US board and Empire, and the Grand US board was aware of the nature of the fee arrangement.

Delisting and Deregistration of Grand US Common Stock

Grand US common stock is currently listed on the Nasdaq SmallCap Market under the symbol GRIN. There is currently no established public trading market for Grand HK's ordinary shares or the ADSs of Grand HK. Nasdaq Listing

Grand HK has applied to have the Grand HK ADSs approved for listing on the Nasdaq SmallCap Market immediately following the reorganization merger, subject to notice of issuance under the symbol GRIN, the same symbol under which Grand US common stock is currently listed.

Interest of Grand US Directors and Officers in the Reorganization Merger and Subsequent Operation of Grand HK and Potential Conflicts of Interest

Some officers and directors of Grand US have interests in the transactions described in this proxy statement/prospectus that are different from, or in addition to, the interests of Grand US shareholders generally. As described in detail below, there are substantial financial interests to be conveyed to certain executive officers and directors of Grand US in connection with the reorganization merger, the Playwell acquisition and the Centralink subscription.

Centralink purchase of Grand HK ADSs. It is a condition to the closing of the Playwell acquisition and the related Centralink subscription for Grand HK ADSs that Centralink purchase an aggregate of 924,187 Grand HK ADSs at a purchase price of \$4.00 per ADS from Mr. Altro, a director of Grand US and its acting president, and Mr. Mars, a director of Grand US. Messrs. Mars and Altro control the largest block of shares in Grand US. These shares represent in the aggregate one-half of the shares owned by Messrs. Mars, Altro and their affiliates. After the closing of the transactions described in this proxy statement/prospectus, Messrs. Altro and Mars will no

longer be directors or officers of Grand HK or any of its subsidiaries, including Grand US. As a result, Messrs. Mars and Altro would generally be free to sell all of their shares in Grand HK. Centralink, as the largest shareholder of Grand HK after the reorganization merger and the Playwell acquisition and related transaction, was concerned about the potential impact that the sale of a large block of Grand HK ADSs would have on the market for Grand HK's ADSs. Accordingly, it determined to purchase one-half of their respective interests in Grand HK ADSs as a way of mitigating this market risk. Remainder of the shares owned by Messrs. Mars, Altro and their affiliates cannot be sold for six months after the consummation of the Playwell acquisition. Although the purchase of the Grand HK ADSs from Messrs. Mars and Altro and their affiliates immediately after the closing will prevent them from sharing in the future appreciation in value of these ADSs, the purchase will also eliminate any risk resulting from a decrease in the market price on one half of the Grand HK ADSs owned by each of them and their affiliates.

Board representation. It is a condition to the closing of the Playwell acquisition and the related Centralink subscription that Centralink and Messrs. Mars and Altro enter into a shareholder's agreement. As more particularly described below in Management of Grand HK, Messrs. Mars and Altro will have the right, until Grand HK's 2005 annual meeting of shareholders, to designate two persons to Grand HK's five member board. It is expected that Elliot L. Bier, Grand US current Chairman, and Michael Kron, a current member of Grand US board, will be the two nominees of Messrs. Mars and Altro.

Engagement of Messrs. Mars and Altro as consultants. It is expected that Messrs. Mars and Altro will be retained as consultants to Grand Toy Ltd., Grand US Canadian subsidiary after the reorganization merger and Playwell acquisition. Messrs. Mars and Altro are currently negotiating the terms of their consulting agreements, although it has been agreed that Messrs. Mars and Altro will receive consulting fees of \$184,000 in the aggregate and be entitled to participate, at their own expense in the group insurance plan of Grand Toys Ltd. Messrs. Mars and Altro currently receive an aggregate of approximately \$78,000 per year of consulting fees from Grand Toys Ltd.

Employment of Grand US executives. It is expected that Elliot L. Bier, Grand US current chairman, and Tania M. Clarke, Grand US current executive vice-president and chief financial officer, will enter into employment agreements with Grand HK that will become effective when the reorganization merger and the Playwell acquisition are completed. Under the terms of the proposed employment agreements, Mr. Bier will

Table of Contents

serve as the paid vice-chairman of Grand HK and Ms. Clarke will serve as vice president of finance of Grand HK and chief financial officer of Grand US. Mr. Bier is not currently an employee of Grand US, although he receives chairman fees of \$42,000 per year and automatic director option grants of 125 options per quarter. Under Mr. Bier's employment agreement, he will receive an annual salary of not less than \$150,000 and options to purchase 300,000 Grand HK ADSs at an exercise price of \$2.95 per Grand HK ADS. Although Ms. Clarke is employed by Grand US, under her new employment agreement, her base salary will increase to \$170,000 per year, an increase of approximately \$56,000 per year over her existing salary, she will have the right to receive a bonus of up to 25% of her base salary and she will be granted options to purchase 50,000 Grand HK ADSs. Ms. Clarke's existing employment agreement does not contain specified bonus and option amounts. Mr. Bier's and Ms. Clarke's employment agreements are summarized under the section titled "Executive Employment Agreements" beginning on page 58. Furthermore, since January 1, 2004, Mr. Bier has also served as a paid consultant to Cornerstone.

Directors' and officers' insurance and indemnification. The subscription and exchange agreement provides that Grand US, as the surviving corporation in the reorganization merger, will purchase and maintain a directors' and officers' liability tail insurance policy to cover, for a period of six years, present and former directors, officers and employees of Grand US for acts and omissions of Grand US directors prior to the consummation of the reorganization merger and the Playwell acquisition. This insurance will have comparable coverage and amounts as the coverage currently provided by Grand US.

The subscription and exchange agreement requires Grand US, as the surviving corporation in the merger, to indemnify each past and present director, officer and employee of Grand US following the reorganization merger and the Playwell acquisition against all expenses or liabilities incurred in connection with any claim or investigation arising out of actions or omissions occurring before the merger to the fullest extent permitted under the laws of the State of Nevada and the Grand US articles of incorporation, as amended and amended and restated bylaws.

Reimbursement and indemnification agreement. As described under the section titled "Recent Developments" on page 18, Cornerstone has identified, and is pursuing discussions with a view to acquiring, other companies in the toy business. These companies may become part of Grand HK after the completion of the reorganization merger. Grand US and its directors, officers, employees and agents have performed services and contracted for services in connection with acquisition and financing initiatives for Cornerstone pending completion of the reorganization merger and the Playwell acquisition. Cornerstone has agreed to pay or reimburse Grand US for the obligations and liabilities incurred on behalf of Cornerstone and its affiliates in connection with the initiatives undertaken at the request of Centralink and its affiliates. Cornerstone has also agreed to indemnify the directors, officers, employees, agents and representatives of Grand US for actions taken in furtherance of such initiatives.

Grand US stock options and warrants. As a result of the pending reorganization merger, Grand US stock options and warrants will be assumed by Grand HK and the optionees and warrant holders will be entitled to receive Grand HK ADSs upon exercise of their options and warrants. Officers and directors of Grand US currently hold an aggregate of 46,125 options and 187,858 warrants to purchase Grand US common stock.

Management of Grand HK

Shareholders Agreement

As a result of the subscription and exchange agreement, the board of directors of Grand HK will be completely reconstituted from Grand US's current board following the reorganization merger and the acquisition of Playwell and the related subscription transaction and Centralink will own a majority of the shares of Grand HK. Accordingly, in order to assure an orderly transition of the newly combined companies, Centralink and Messrs. Mars and Altro, two directors and significant shareholders of Grand US, have agreed to enter into a shareholder's agreement. Under the shareholders' agreement, which is attached as Annex D to this proxy statement/prospectus, the parties have agreed that the provisions of the memorandum and articles of association of Grand HK limiting the size of its board of directors to 5 persons will not be varied and the shareholders will elect two directors nominated by Centralink and two directors nominated by Messrs. Mars and Altro. One designee of each of Centralink and Messrs. Mars and Altro must be independent within the meaning of current Nasdaq marketplace rules, as must the fifth director, who will be nominated by the other two independent directors and must be acceptable to Centralink and to Messrs. Mars and Altro. This arrangement will remain in place until Grand HK's 2005 annual general meeting of shareholders. It is expected that Elliot L. Bier, Grand US Chairman, and Michael Kron, current directors of Grand US, will be designated by Messrs. Mars and Altro with Mr. Kron being the independent nominee.

Accounting Treatment of the Reorganization

The reorganization of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of ADSs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction, and will be treated as a purchase with Playwell as the acquirer for accounting purposes (notwithstanding the fact that, as a legal matter, Grand HK is acquiring Playwell). Therefore, the purchase price will be allocated to Grand HK's assets and liabilities based on their estimated fair market values at the completion of the reorganization merger and related subscription and exchange. Any excess of the purchase price over these fair market values will be accounted for as goodwill.

PROPOSAL 1 ADOPTION AND APPROVAL OF THE AGREEMENT AND PLAN OF MERGER

The Agreement and Plan of Merger

Grand US, Grand HK and GTI Acquisition Corp. have entered into an agreement and plan of merger which is the legal document that governs the reorganization merger of Grand US into a subsidiary of Grand HK, Grand US and Grand HK recommend that you read carefully the complete agreement and plan of merger for the precise legal terms of the reorganization merger and other information that may be important to you. The agreement and plan of merger is included in this proxy statement/prospectus as Annex A.

Effective Time

If the agreement and plan of merger is approved by Grand US shareholders, the reorganization merger will become effective upon the date the articles of merger are filed with the Secretary of State of the State of Nevada in accordance

with Nevada law. Grand US expects to file the articles of merger and have the reorganization merger become effective as soon as practicable following approval of the agreement and plan of merger at the special meeting.

In the event the conditions to the subscription and exchange agreement are not satisfied, the reorganization merger may be abandoned or delayed even after the agreement and plan of merger has been approved by Grand US shareholders. In addition, the reorganization merger may be abandoned or delayed for any reason by the board of directors of Grand US or Grand HK at any time prior to its becoming effective, even though the agreement and plan of merger has been approved by Grand US shareholders and all conditions to the agreement and plan of merger and the subscription and exchange agreement have been satisfied.

Share Conversion; Exchange of Shares

Each share of Grand US common stock will automatically convert into the right to receive one Grand HK ordinary share, which will be traded in the U.S. as a Grand HK ADS, which will be evidenced by a Grand HK ADR upon the consummation of the reorganization merger.

If you desire to sell some or all of your Grand HK ADSs after the effective date of the reorganization merger, delivery of the stock certificate(s) which previously represented shares of Grand US common stock will be sufficient. Your right to sell shares of Grand US before the effective date of the reorganization merger will also not be affected. After the reorganization merger becomes effective, Grand US will not register any further transfers of shares of Grand US common stock. Any certificates for Grand US shares that you present for registration after the effective time of the reorganization merger will be exchanged for Grand HK ADRs.

We have appointed the Bank of New York as exchange agent to handle the exchange of Grand US stock certificates for Grand HK ADRs. Prior to the reorganization merger, Grand HK will deposit certificates representing a sufficient number of Grand HK ordinary shares with the exchange agent for the purpose of enabling shareholders to exchange their Grand US common stock certificates for Grand HK ADRs evidencing an equal number of Grand HK ADSs. Soon after the closing of the reorganization merger, the exchange agent will send you a letter of transmittal. This letter of transmittal is to be used to exchange Grand US stock certificates for certificates of Grand HK ADSs. The letter of transmittal will contain instructions explaining the procedure for surrendering Grand US stock certificates. ***You should not return your Grand US stock certificates with the enclosed proxy card.***

Once you have surrendered your stock certificates, together with a properly completed letter of transmittal, you will receive Grand HK ADSs which represent your interest in

Table of Contents

the ordinary shares of Grand HK into which your shares of Grand US have been converted in the reorganization merger. After the reorganization merger, each certificate that previously represented shares of Grand US common stock will represent only the right to receive Grand HK ADRs evidencing the Grand HK ADSs representing the Grand HK ordinary shares into which those shares of Grand US common stock have been converted.

If you surrender a Grand US stock certificate and request the new Grand HK ADR to be issued in a name other than the one appearing on the surrendered certificate, you must endorse the stock certificate or otherwise prepare it in proper form for transfer and furnish a signature guarantee.

Treatment of Grand US Stock Options and Warrants

Upon completion of the reorganization merger, each outstanding option or warrant to purchase Grand US common stock shall, upon exercise thereof, have the right to receive one Grand HK ordinary share, which shall be traded in the U.S. as a Grand HK ADS represented by a Grand HK ADR. The exercise price will be equal to the exercise price per share of the option or warrant for the Grand US common stock currently in effect. The other terms of each option and warrant and, if applicable, the Grand US option plans under which the options were issued will continue to apply in accordance with their terms, including any provisions providing for acceleration.

By a procedure under the Companies Ordinance known as a scheme of arrangement. Such an arrangement would be proposed by Grand HK to its shareholders and the Hong Kong Court of First Instance would order a meeting of the shareholders of Grand HK. If a majority in number representing three-fourths in value of the shareholders of Grand HK present and voting either in person or by proxy at the meeting agree to the arrangement, the arrangement would, if sanctioned by the Court, be binding on all the shareholders of Grand HK and on Grand HK itself. Under such an arrangement, minority shareholders of Grand HK could be compelled to sell their shares;

If another company makes an offer to shareholders of Grand HK and, within four months of making the offer, acquires not less than 90% of the shares in Grand HK for which the offer was made, the offeror may, at any time not later than five months after the offer was made, give a written notice to non-accepting shareholders of its desire to purchase their shares in Grand HK. Such non-accepting shareholders will then be bound to sell their shares in Grand HK on the terms of the offer. A non-accepting shareholder has a period of two months from the date of such written notice to apply to a court for an order that he shall not be bound to sell his shares in Grand HK or to order terms of acquisition different from those of the offer.

Following the consummation of the reorganization merger and the transactions contemplated by the subscription and exchange agreement, Mr. Jeff Hsieh will control over 71% of the outstanding capital shares of Grand HK. Mr. Hsieh has informed Grand HK that at this time, he does not intend to initiate or support a compulsory acquisition of Grand HK shares pursuant to either of the acquisition methods described above.

Transfer Agent

The transfer agent and registrar for the Grand HK ADSs will be The Bank of New York.

DESCRIPTION OF GRAND HK AMERICAN DEPOSITARY RECEIPTS

American Depositary Receipts

The Bank of New York, as depositary, will execute and deliver the Grand HK ADRs. Grand HK ADRs are American Depositary Receipts. Each Grand HK ADR is a certificate evidencing a specific number of American depositary shares, also referred to as Grand HK ADSs. Each Grand HK ADS will represent one ordinary share (or a right to receive one share) deposited with the principal Hong Kong office of Hong Kong & Shanghai Banking Corporation Limited, as custodian for the depositary in Hong Kong. Each Grand HK ADS will also represent any

other securities, cash or other property which may be held by the depositary. The depositary's office at which the Grand HK ADRs will be administered is located at 101 Barclay Street, New York, New York 10286.

Table of Contents

You may hold Grand HK ADSs either directly (by having a Grand HK ADR registered in your name) or indirectly through your broker or other financial institution. If you hold Grand HK ADSs directly, you are a Grand HK ADR holder. This description assumes you hold your Grand HK ADSs directly. If you hold the Grand HK ADSs indirectly, you must rely on the procedures of your broker or other financial institution to assert the rights of ADR holders described in this section. You should consult with your broker or financial institution to find out what those procedures are.

As a Grand HK ADR holder, Grand HK will not treat you as one of its shareholders and you will not have shareholder rights. Hong Kong law governs shareholder rights. The depositary will be the holder of Grand HK ordinary shares underlying your Grand HK ADSs. As a holder of Grand HK ADRs, you will have Grand HK ADR holder rights. A deposit agreement among Grand HK, the depositary and you, as a Grand HK ADR holder, and the beneficial owners of Grand HK ADRs set out Grand HK ADR holder rights as well as the rights and obligations of the depositary. New York law governs the deposit agreement and the Grand HK ADRs.

The following is a summary of the material provisions of the deposit agreement. For more complete information, you should read the entire deposit agreement and the form of ADR filed in the registration statement for which this proxy statement/prospectus is a part of. If you would like to obtain an extra copy of these documents, please contact Tania M. Clarke, executive vice-president and chief financial officer of Grand Toys International Inc. at 1710 Route Transcanadienne, Dorval, QC H9P 1H7 Canada, or by phone at (514) 685-2180, x233.

Dividends and Other Distributions

How will you receive dividends and other distributions on the shares?

The depositary has agreed to pay to you the cash dividends or other distributions it or the custodian receives on shares other deposited securities, after deducting its fees and expenses. You will receive these distributions in proportion to the number of shares your Grand HK ADSs represent.

Table of Contents

Cash. The depositary will convert any cash dividend or other cash distribution Grand HK pays on its shares into U.S. dollars, if it can do so on a reasonable basis and can transfer the U.S. dollars to the United States. If that is not possible or if any government approval is needed and can not be obtained, the deposit agreement allows the depositary to distribute the foreign currency only to those ADR holders to whom it is possible to do so. It will hold the foreign currency it cannot convert for the account of the ADR holders who have not been paid. It will not invest the foreign currency and it will not be liable for any interest.

Before making a distribution, the depositary will deduct any withholding taxes that must be paid. See Income Tax Consequences of the Reorganization beginning on page 78. It will distribute only whole U.S. dollars and cents and will round fractional cents to the nearest whole cent. If the exchange rates fluctuate during a time when the depositary cannot convert the foreign currency, you may lose some or all of the value of the distribution.

Shares. The depositary may distribute additional Grand HK ADSs representing any shares Grand HK distributes as a dividend or free distribution. The depositary will only distribute whole ADSs. It will sell shares which would require it to deliver a fractional ADS and distribute the net proceeds in the same way as it does with cash. If the depositary does not distribute additional ADRs, the outstanding ADSs will also represent the new shares.

Rights to purchase additional shares. If Grand HK offers holders of its securities any rights to subscribe for additional shares or any other rights, the depositary may make these rights available may make these rights available to you. If the depositary decides it is not legal and practical to make the rights available but that it is practical to sell the rights, the depositary may sell the rights and distribute the proceeds in the same way as it does with cash. The depositary will allow rights that are not distributed or sold to lapse. In that case, you will receive no value for them.

If the depositary makes rights available to you, it will exercise the rights and purchase the shares on your behalf. The depositary will then deposit the shares and deliver ADSs to you. The depositary will only exercise rights if you pay it the exercise price and any other charges the rights require you to pay.

Table of Contents

U.S. securities laws may restrict transfers and cancellation of the ADSs represented by shares purchased upon exercise of rights. For example, you may not be able to trade these ADSs freely in the United States. In this case, the depository may deliver restricted depository shares that have the same terms as the ADRs described in this section except for changes needed to put the necessary restrictions in place.

Other Distributions. The depository will send to you anything else Grand HK distributes on deposited securities by any means it thinks is legal, fair and practical. If it cannot make the distribution in that way, the depository has a choice. It may decide to sell what Grand HK distributed and distribute the net proceeds, in the same way as it does with cash. Or, it may decide to hold what Grand HK distributed, in which case Grand HK ADSs will also represent the newly distributed property. However, the depository is not required to distribute any securities (other than ADSs) to you unless it receives satisfactory evidence from Grand HK that it is legal to make that distribution.

The depository is not responsible if it decides that it is unlawful or impractical to make a distribution available to any ADR holders. Grand HK has no obligation to register ADSs, shares, rights or other securities under the Securities Act. Grand HK also has no obligation to take any other action to permit the distribution of ADRs, shares, rights or anything else to ADR holders. This means that you may not receive the distributions Grand HK makes on its shares or any value for them if it is illegal or impractical for Grand HK to make them available to you.

Deposit and Withdrawal

How are ADSs issued?

The depository will deliver ADSs if you or your broker deposits shares or evidence of rights to receive ADS with the custodian. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depository will register the appropriate number of ADSs in the names you request and will deliver the ADRs at its office to the persons you request.

How do ADS holders cancel an ADS and obtain shares?

You may surrender your ADRs at the depository's office. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depository will deliver the shares and any other deposited

Table of Contents

securities underlying the ADR to you or a person you designate at the office of the custodian. Or, at your request, risk and expense, the depositary will deliver the deposited securities at its office, if feasible.

Voting Rights

How do you vote?

You may instruct the depositary to vote the shares underlying your ADRs, but only if Grand HK asks the depositary to ask for your instructions. Otherwise, you won't be able to exercise your right to vote unless you withdraw the shares. However, you may not know about the meeting enough in advance to withdraw the shares.

If Grand HK asks for your instructions, the depositary will notify you of the upcoming vote and arrange to deliver our voting materials to you. The materials will describe the matters to be voted on and explain how you may instruct the depositary to vote the shares or other deposited securities underlying your ADSs as you direct. For instructions to be valid, the depositary must receive them on or before the date specified. The depositary will try, as far as practical, subject to Hong Kong law and the provisions of Grand HK's memorandum and articles of association, to vote or to have Grand HK's agents vote the shares or other deposited securities as you instruct.

Table of Contents

The depositary will only vote or attempt to vote as you instruct or as described in the preceding sentence.

Grand HK cannot assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your shares. In addition, the depositary and its agents are not responsible for failing to carry out voting instructions or for the manner of carrying out voting instructions. This means that you may not be able to exercise your right to vote and there may be nothing you can do if your shares are not voted as you requested.

Payment of Taxes

The depositary may deduct the amount of any taxes owed from any payments to you. It may also sell deposited securities, by public or private sale, to pay any taxes owed. You will remain liable if the proceeds of the sale are not enough to pay the taxes. If the depositary sells deposited securities, it will, if appropriate, reduce the number of ADSs to reflect the sale and pay to you any proceeds, or send to you any property, remaining after it has paid the taxes.

It may also deliver new ADSs or ask you to surrender your outstanding ADSs in exchange for new ADSs identifying the new deposited securities.</p>

Amendment and Termination

How may the deposit agreement be amended?

Grand HK may agree with the depositary to amend the deposit agreement and the ADRs without your consent for any reason. If an amendment adds or increases fees or charges, except for taxes and other governmental charges or expenses of the depositary for registration fees, facsimile costs, delivery charges or similar items, or substantially prejudices your rights, it will not become effective for outstanding ADRs until 30 days after the depositary notifies you of the amendment. At the time an amendment becomes effective, you are considered, by continuing to hold your ADR, to agree to the amendment and to be bound by the ADRs and the deposit agreement as amended.

How may the deposit agreement be terminated?

The depositary will terminate the deposit agreement if Grand HK asks it to do so. The depositary may also terminate the deposit agreement if the depositary has told Grand HK that it would like to resign and Grand HK has not appointed a new depositary bank within 60 days. In either case, the depositary must notify you at least 30 days before termination.

After termination, the depositary and its agents will do the following under the deposit agreement but nothing else:

advise you that the deposit agreement is terminated,

collect distributions on the deposited securities,

sell rights and other property, and

deliver shares and other deposited securities upon cancellation of ADRs.

One year or more after termination, the depositary may sell any remaining deposited securities by public or private sale. After that, the depositary will hold the money it received on the sale, as well as any other cash it is holding under the deposit agreement for the pro rata benefit of the ADR holders that have not surrendered their ADRs. It will not invest the money and has no liability for interest. The depositary's only obligations will be to account for the money and other cash. After termination, Grand HK's only obligations will be to indemnify the depositary and to pay fees and expenses of the depositary that Grand HK agreed to pay.

Limitations on Obligations and Liability

The deposit agreement expressly limits Grand HK's obligations and the obligations of the depository. It also limits Grand HK's liability and the liability of the depository. Grand HK and the depository:

are only obligated to take the actions specifically set forth in the deposit agreement without negligence or bad faith;

are not liable if either of Grand HK or the depository is prevented or delayed by law or circumstances beyond the control from performing the obligations of Grand HK or the depository under the deposit agreement;

are not liable if either of Grand HK or the depository exercises discretion permitted under the deposit agreement;

have no obligation to become involved in a lawsuit or other proceeding related to the ADRs or the deposit agreement on your behalf or on behalf of any other person;

may rely upon any documents Grand HK or the depository believe in good faith to be genuine and to have been signed or presented by the proper party.

In the deposit agreement, Grand HK has agreed to indemnify the depository for acting as depository, except for losses caused by the depository's own negligence or bad faith, and the depository agrees to indemnify Grand HK for losses resulting from its negligence or bad faith.

Requirements for Depository Actions

Before the depository will deliver or register a transfer of an ADS, make a distribution on an ADS, or permit withdrawal of shares or other property, the depository may require:

payment of stock transfer or other taxes or other governmental charges and transfer or registration fees charged by third parties for the transfer of any shares or other deposited securities;

satisfactory proof of the identity and genuineness of any signature or other information it deems necessary; and

compliance with regulations it may establish, from time to time, consistent with the deposit agreement, including presentation of transfer documents.

The depository may refuse to deliver ADSs or register transfers of ADSs generally when the transfer books of the depository or Grand HK's transfer books are closed or at any time if the depository or Grand HK thinks it advisable to do so.

Your Right to Receive the Ordinary Shares Underlying your Grand HK ADSs

You have the right to surrender your ADSs and withdraw the underlying shares at any time except:

When temporary delays arise because: the depository has closed its transfer books or Grand HK has closed its transfer books; the transfer of shares is blocked to permit voting at a shareholders' meeting; or Grand HK is paying a dividend on our shares.

When you or other Grand HK ADS holders seeking to withdraw shares owe money to pay fees, taxes and similar charges; or
When it is necessary to prohibit withdrawals in order to comply with any laws or governmental regulations that apply to ADSs or to the withdrawal of shares or other deposited securities.

This right of withdrawal may not be limited by any other provision of the deposit agreement.

Pre-release of ADSs

The deposit agreement permits the depository to deliver ADSs before deposit of the underlying shares. This is called a pre-release of the ADS. The depository may also deliver shares upon surrender of pre-released ADSs (even if the ADSs are surrendered before the pre-release transaction has been closed out). A pre-release is closed out as soon as the underlying shares are delivered to the depository. The depository may receive ADSs instead of shares to close out a pre-release. The depository may pre-release ADSs only under the following conditions:

before or at the time of the pre-release, the person to whom the pre-release is being made represents to the depository in writing that it or its customer owns the shares or ADSs to be deposited;

the pre-release is fully collateralized with cash or other collateral that the depository considers appropriate; and

the depository must be able to close out the pre-release on not more than five business days' notice.

In addition, the depository will limit the number of ADSs that may be outstanding at any time as a result of pre-release, although the depository may disregard the limit from time to time, if it thinks it is appropriate to do so.

**COMPARISON OF RIGHTS OF GRAND HK SHAREHOLDERS
AND GRAND US SHAREHOLDERS**

The rights of Grand US shareholders are currently governed by the Nevada Revised Statutes, or the NRS and Nevada common law which, together with the NRS represents Nevada law affecting Grand US, Grand US articles of incorporation, as amended and Grand US amended and restated by-laws. As a result of the reorganization merger, Grand US shareholders will receive Grand HK ADSs. The rights and privileges of the underlying ordinary shares of Grand HK will be governed by Grand HK s memorandum and articles of association, the Companies Ordinance of Hong Kong or the Companies Ordinance and Hong Kong common law (which, together with the Companies Ordinance represents Hong Kong law affecting the corporate organization and governance of Grand HK) and the depositary agreement among Grand HK, the Bank of New York, as depository, and Grand HK s shareholders. The Companies Ordinance is modeled after United Kingdom corporate law but does not follow recent United Kingdom statutory enactments and differs from laws applicable to Nevada corporations and their shareholders.

The following is a summary of material differences between the rights of holders of Grand HK ordinary shares under Grand HK s memorandum and articles of association and Hong Kong law and the rights of Grand US shareholders under Grand US articles of incorporation, as amended and amended and restated by-laws and Nevada law. This summary does not purport to be complete and is qualified in its entirety by reference to Grand HK s memorandum and articles of association, the Companies Ordinance and Grand US articles of incorporation, as amended and amended and restated by-laws. Copies of Grand HK s memorandum and articles of association and Grand US articles of incorporation, as amended and amended and restated by-laws. Copies of Grand US articles of incorporation, as amended and amended and restated by-laws are filed as exhibits to the registration statement of which this proxy statement/prospectus is a part.

APPROVAL OF BUSINESS COMBINATIONS

Grand US

Nevada law generally requires that a merger or exchange be approved by the directors and by a majority of the outstanding capital stock. A corporation s charter may require a greater vote. Under Nevada law, a surviving corporation need not obtain shareholder approval for a merger if:

the articles of incorporation of the surviving corporation will not differ from its articles before the merger;

each share of the surviving corporation s stock outstanding prior to the merger remains outstanding in identical form after the merger;

the number of voting shares outstanding immediately after the merger, plus the number of voting shares issued as a result of the merger, either by conversion of securities issued pursuant to the merger or the exercise of

Grand HK

Other than requirements contained in the listing and takeover standards for publicly listed Hong Kong companies, which Grand HK will not be, Hong Kong laws do not provide a statutory merger framework or procedure comparable to Nevada law. However, there are statutory provisions that facilitate the reconstruction and amalgamation of companies. The proposed arrangement must be approved by a majority in each class of shareholders with whom the arrangement is to be made, and who must in addition represent three-fourths in value of each such class of shareholders that are present and voting either in person or by proxy at a meeting, or meetings convened for that purpose. The convening of the meetings and subsequently the proposed arrangement must be sanctioned by the Hong Kong Court of First Instance. The court order must then be delivered to the Hong Kong Registrar of Companies and annexed to the company s memorandum and articles of

the number of participating shares outstanding immediately after the merger, plus the number of participating shares issuable issued pursuant to the merger or the exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 20 percent the total number of

APPRAISAL RIGHTS

Grand US

Under Nevada law, the right of dissenting shareholders to obtain the fair value for their shares is available in connection with some mergers or consolidations. Unless otherwise provided in the corporate charter, appraisal rights are not available to shareholders when no vote of its shareholders is required to approve the merger. In addition, no appraisal rights are available to holders of shares of any class of stock which is either:

listed on a national securities exchange or designated a national market system security on an interdealer quotation system by the National Association of Securities Dealers; or

held of record by more than 2,000 shareholders, unless those shareholders are required by the terms of the merger to accept anything other than (a) shares of stock of another corporation which, on the effective date of the merger or consolidation, are of the kind described above, (b) cash, owners' interests or owners' interests and cash in lieu of fractional shares of stock, or (c) any combination of the consideration set forth in (a) through (c).

In this merger, Grand US shareholders are not entitled to appraisal rights.

Grand HK

A dissenting shareholder may make an application to the Hong Kong Court of First Instance claiming the affairs of Grand HK are being or have been conducted in a manner unfairly prejudicial to the interests of the shareholders. Although dissenting shareholders do not have rights comparable to appraisal rights available to shareholders of US corporations, the Court has the power to utilize its discretion to make provisions for such dissenting shareholders.

In case of a successful takeover of a Hong Kong company whereby the acquiring company has obtained over 90% of the outstanding shares or class of shares, the Companies Ordinance allows the minority holders of such shares to require the acquiring company to buy them out as well.

If a Hong Kong company makes a general offer to purchase all of its shares or all of its shares of a particular class, and within the offer period, the repurchasing company obtains not less than 90% of its shares, the Companies Ordinance allows any shareholder to whom the offer relates to demand the repurchasing company buy them out at the offer terms or at any other terms agreed to by the parties or ordered by the courts.

Grand US

Under Nevada law, a corporation may provide for cumulative voting in the certificate of incorporation or articles of incorporation. Grand US' articles of incorporation, as amended does not provide for cumulative voting is not permitted in the election of

As long as the first annual general meeting of Grand HK is held within 18 months of the date of its incorporation, a general meeting need not be held within the year of, or within the year immediately following the company's incorporation. The annual general meeting must be held at such time and place as the board shall appoint. Additional general meetings may be convened by the board or by written request of shareholders holding not less than one-twentieth of the paid-up capital of Grand HK which carries the right of voting at general meetings of Grand HK.

QUORUM REQUIREMENTS

Grand US

Under the Grand US amended and restated by-laws, the presence, in person or by proxy, of the holders of a majority of the stock issued and outstanding and entitled to vote, constitutes a quorum for purposes of all meetings of the shareholders.

Grand HK

Under Grand HK's memorandum and articles of association, a quorum for all general meetings shall be the presence of at least two members, in person or by proxy, of shareholders who also hold at least a majority of Grand HK's stock issued and outstanding and entitled to vote.

ACTIONS BY WRITTEN CONSENT

Grand US

Under Nevada law, any action required or permitted to be taken at a meeting of the shareholders may be taken without a meeting if a written consent thereto is signed by shareholders holding at least a majority of the voting power, except that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consent is required.

Grand HK

Hong Kong law provides that shareholders may take action requiring a resolution without a meeting only by unanimous written consent, signed by all of the shareholders of Grand HK who are entitled to attend the meeting and vote on the day of the resolution. Grand HK's memorandum and articles of association authorizes actions by unanimous written consent of its shareholders.

misconduct, fraud or a knowing violation of law, or for the payment of dividends in violation of Nevada law.

CORPORATE GOVERNANCE

Grand US

Nevada law provides that the board of directors owe fiduciary duties to corporations for which they serve as directors. Directors are presumed to act on an informed basis, and in the best interests of the Corporation. Nevada law generally does not prohibit interested director transactions.

Grand HK

Hong Kong law generally prohibits loans to directors. Transactions between Grand HK and directors or parties related to directors are not prohibited, provided that such director must, if his interest in such contract or arrangement is material, declare the nature of his interest at the earliest meeting of the board of directors at which it is practicable for him to do so, either specifically or by way of a general notice stating that, by reason of the facts specified in the notice, he is to be regarded as interested in any contracts of a specified description which may subsequently be made by Grand HK. However, under Hong Kong common law, directors must exercise a duty of care and owe a fiduciary duty to the companies for which they serve as directors.

SHAREHOLDER SUITS

Grand US

Under Nevada law, a shareholder may bring a derivative action on behalf of the corporation to enforce the rights of the corporation. Nevada law expressly authorizes shareholder derivative suits on the condition that the shareholder either held the stock at the time of the transaction of which the shareholder complains, or acquired the stock thereafter by operation of law and continues to hold it throughout the duration of the suit.

Grand HK

In principle, a Hong Kong company will normally be the proper plaintiff in an action to enforce the rights of Grand HK, and a derivative action may not be brought by a minority shareholder. While Hong Kong law does not recognize shareholder derivative actions in the same manner that United States courts do, the Companies Ordinance permits a shareholder to apply for a court order when Grand HK's affairs are being or have been conducted in a manner unfairly prejudicial to the interests of all or some shareholders, including the shareholder making the claim. A court has wide discretion in granting relief.

RESTRICTIONS ON BUSINESS COMBINATIONS WITH INTERESTED SHAREHOLDERS

Grand US

Nevada law does not permit business combinations with interested shareholders for a period of three years following the date such shareholder became an interested shareholder. The Nevada law defines an

interested shareholder, generally, as a person who owns 10% or more of the outstanding shares of the corporation's voting stock.

In addition, Nevada law generally disallows the exercise of voting rights with respect to control shares of an issuing corporation held by an acquiring person, unless such voting rights are conferred by a majority vote of the disinterested shareholders. Acquiring person means (subject to

certain exceptions) any person who individually or in association with others, acquires or offers to acquire, directly or indirectly, a controlling interest in the issuing corporation. Control shares are the voting shares of an issuing corporation acquired in connection with the acquisition of a controlling interest. Controlling interest is defined in terms of threshold levels of voting share ownership of outstanding voting shares of an issuing corporation sufficient to enable the acquiring person, individually or in association with others, directly or indirectly, to exercise (i) one-fifth or more but less than one-third, (ii) one-third or more but less than a majority, or (iii) a majority or more of the voting power of the issuing corporation in the election of directors, and voting rights must be conferred by a majority of the disinterested shareholders as each threshold is reached and/or exceeded.

INSPECTION OF BOOKS AND RECORDS

Grand US

Under Nevada law, any person who has been a shareholder of record for at least six months immediately preceding his or her demand, or any person holding or authorized in writing by the holders of at least 15% of all of its outstanding shares, upon at least five days' written demand, is entitled to inspect in person or by agent or attorney, during usual business hours, the corporation's articles of incorporation and by-laws and all amendments thereto, and stock ledger.

Grand HK

Holders of Grand HK shares will have a general right under Hong Kong law to inspect or obtain copies of Grand HK's list of shareholders or minutes of any general meeting.

The Hong Kong Court of First Instance may appoint an inspector upon application of one hundred shareholders or one-tenth of the shareholders of a company or Grand HK itself may appoint an inspector by special resolution. The inspector will then inspect books and records and issue a report, to the Hong Kong Financial Secretary if the inspector is court appointed and to Grand HK if the inspector is company appointed. The report will be admissible as evidence in any legal proceedings.

INCOME TAX CONSEQUENCES OF THE REORGANIZATION MERGER

U.S. Federal Income Tax Consequences to Grand US Shareholders

The following discussion constitutes the opinion of Grand US and Grand HK tax counsel, Katten Muchin Zavis Rosenman, as to the material U.S. federal income tax consequences of the receipt of Grand HK ADSs as of the date hereof by you pursuant to the reorganization merger. The discussion below deals only with shares of Grand US common stock and Grand HK ADSs that are held as capital assets, and does not address all of the U.S. federal income tax consequences that may be relevant to you in light of your individual circumstances or to shareholders who, for U.S. federal income tax purposes, are subject to special rules, such as:

dealers or traders in securities or currencies;

tax-exempt entities;

banks, financial institutions or insurance companies;

grantor trusts;

Table of Contents

real estate investment trusts or regulated investment companies;

holders who hold Grand US common stock as part of a position in a straddle or as part of a hedging or conversion transaction for U.S. federal income tax purposes;

US holders (as defined below) whose functional currency is not the U.S. dollar; and

holders who acquired their Grand US common stock within twelve months of the effective date of the reorganization merger pursuant to the exercise of employee stock options or otherwise as compensation.

Further, this section does not address any U.S. federal estate and gift or alternative minimum tax consequences or any state, local or foreign tax consequences relating to the reorganization merger or the ownership and disposition of Grand HK ADSs, nor (except as expressly set forth herein) does this discussion address the tax consequences of the reorganization merger to Grand US or Grand HK.

Neither Grand US nor Grand HK will request any ruling from the IRS as to the U.S. federal income tax consequences of the reorganization merger. You are strongly urged to consult your own tax advisor as to the particular tax consequences to you of the receipt of Grand HK ADSs pursuant to the reorganization merger contemplated by this proxy statement/prospectus and the ownership and disposition of Grand HK ADSs, including the applicability and effect of federal, state, local and foreign income and other tax laws in your particular circumstances.

This Section is based on the Internal Revenue Code of 1986, as amended, which we refer to as the Code, the Treasury regulations promulgated thereunder and judicial and administrative interpretations thereof, in each case as in effect and available on the date of this proxy statement/prospectus. The Code, the treasury regulations and judicial and administrative interpretations are subject to change, which change could apply with retroactive effect and could affect the tax consequences described below.

For purposes of this proxy statement/prospectus, a U.S. holder is a beneficial owner of Grand US common stock who exchanges Grand US common stock for Grand HK ADSs and, for U.S. federal income tax purposes, is:

an individual who is a citizen or resident of the U.S.;

a corporation (including any entity treated as a corporation for U.S. income tax purposes) created or organized in or under the laws of the U.S. or any state thereof, including the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if such trust validly has elected to be treated as a U.S. person for U.S. federal income tax purposes, or if a U.S. court can exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of the substantial decisions of the trust.

If a partnership (including any entity treated as a partnership for U.S. income tax purposes) owns Grand US common stock, the tax consequences of the reorganization merger to a partner generally will depend upon the status of the partner and the activities of the partnership. If you are a partner in a partnership holding Grand US common stock, you should consult your own tax advisors.

The Reorganization Merger

In the opinion of Katten Muchin Zavis Rosenman:

The reorganization merger will constitute a reorganization within the meaning of Section 368 of the Code, and/or, when integrated with the issuance of Grand HK ADSs to Centralink, will be treated as a transaction described in Section 351(a) of the Code;

The exchange of Grand US common stock for Grand HK ADSs in the reorganization merger will not be subject to Section 367(a)(1) of the Code (other than with respect to a Grand US shareholder that is a 5% transferee shareholder within the meaning of U.S. Treasury Regulation Section 1.367(a)-3(c)(5)(ii), i.e., a U.S. holder who will own 5% or more of either the total voting power or the total value of the stock of Grand HK immediately after the reorganization merger, determined after taking into account applicable stock attribution rules); and

Each of Grand HK, GTI Acquisition and Grand US will be a party to the reorganization within the meaning of Section 368(b) of the Code.

Based on the foregoing opinions, the following additional material U.S. federal income tax consequences will result to U.S. holders from the reorganization merger (other than with respect to U.S. holders that are 5% transferee shareholders):

You will not recognize gain or loss on the exchange of Grand US common stock for Grand HK ADSs in the reorganization merger;

The tax basis to you of the Grand HK ADSs received in exchange for your Grand US common stock pursuant to the reorganization merger will equal your tax basis in the Grand US common stock surrendered in exchange therefor;

Your holding period for the Grand HK ADSs received pursuant to the reorganization merger will include the holding period of the Grand US common stock surrendered in exchange therefor; and

No income, gain or loss will be recognized by Grand HK, GTI Acquisition or Grand US as a result of the transfer to Grand ADSs to you pursuant to the reorganization merger.

Also based on the foregoing opinions, the following additional material U.S. federal income tax consequences will result from the reorganization merger to U.S. holders that are 5% transferee shareholders:

If you do not enter into a gain recognition agreement (as described below) you will recognize gain (but not loss) for U.S. federal income tax purposes on the exchange of Grand US common stock for Grand HK ADSs in the reorganization merger, measured by the difference (if any) between the value of the Grand HK ADSs received by you and your tax basis in the Grand US common stock exchanged for Grand HK ADSs. Any gain recognized will be capital gain, which, if you are a non-corporate taxpayer, will qualify for a reduced rate of U.S. federal income tax if your holding period in your Grand US common stock exceeds one year. If you recognize gain, then your tax basis in the Grand HK ADSs received in the reorganization merger will equal their fair market value when received and your holding period for the Grand HK ADSs received in the reorganization merger will begin with the day following the effective date of the reorganization merger; and

If you enter into a gain recognition agreement in accordance with Treasury Regulation Section 1.367(a)-8, you will not recognize gain or loss on the exchange of Grand

Table of Contents

US common stock for Grand HK ADSs, and you will have a tax basis and holding period for the Grand HK ADSs received in the reorganization merger as described above for Grand US shareholders that are not 5% transferee shareholders, provided you comply with the gain recognition agreement. This agreement, which must be signed under penalties of perjury and filed with your timely filed income tax return for the taxable year that includes the effective date of the reorganization merger, will require you to file annual certifications with your income tax return for each of the five years following the year of the reorganization merger, and to recognize any gain not recognized by you in the reorganization merger if Grand HK disposes of the Grand US common stock acquired by it in the reorganization merger at any time before the close of the foregoing five-year period following the year of the reorganization merger. Failure to comply with the gain recognition agreement could result in your having to report and pay tax on your gain (if any) on the receipt of Grand HK ADSs retroactively to the year in which the reorganization merger occurs.

The opinions of Katten Muchin Zavis Rosenman are based on, among other things: the facts set forth in this proxy statement/prospectus; the assumption that the reorganization merger is consummated in accordance with the terms of the agreement and plan of merger and the acquisition of Playwell and related Centralink subscription is consummated in accordance with the amended subscription and exchange agreement, respectively, without waiver or modification of any of the material terms and conditions thereof; the opinion of American Appraisal China Limited as to the value of Hong Kong Toy Centre Limited; and certain representations as to factual matters made by Grand US and Centralink, including representations by Grand US that it will comply with the reporting requirements of Treasury Regulation Section 1.367(a)-3(c)(6), and that Grand HK will satisfy the active trade or business test of Treasury Regulation Section 1.367(a)-3(c)(3). Any inaccuracy in such assumption or representations could jeopardize the conclusions reached in the opinions, and any factual determinations by Grand US or the valuation firm may be challenged by a taxing authority. Also, counsel's opinions are not binding on the IRS or the courts. A successful IRS challenge to counsel's conclusions could result in material adverse U.S. federal income tax consequences to you.

Grand HK ADSs

U.S. Holders

Distributions

Subject to the discussion below under **Passive Foreign Investment Company Considerations**, the gross amount of any distribution by Grand HK to you of cash or property (other than certain distributions, if any, of common stock distributed pro rata to all shareholders of Grand HK) with respect to Grand HK ADSs will be includible in your income as dividend income to the extent such distributions are paid out of the current or accumulated earnings and profits of Grand HK as determined under U.S. federal income tax principles. Such dividends generally will not be eligible for the dividends received deduction allowed to U.S. holders that are corporations, but (provided Grand HK ADSs are traded on a U.S. exchange) such dividends paid to you through 2008 will be eligible for the special 15% U.S. federal income tax rate applicable to qualifying dividends received by you, if you are a non-corporate U.S. holder who satisfies certain holding period requirements as to your Grand HK ADSs. Subject to the discussion below under **Passive Foreign Investment Company Considerations**, to the extent that the amount of any distribution by Grand HK exceeds Grand HK's current and accumulated earnings and profits as determined under U.S. federal income tax principles, the excess distribution will be treated first as a tax-free return of your adjusted tax basis in the Grand HK ADSs and thereafter as capital gain.

Amounts taxable to you as dividends generally will be treated as foreign source income for purposes of calculating your foreign tax credit limitation.

Sale or Exchange of Grand HK ADSs

Subject to the discussion below under Passive Foreign Investment Company Considerations, if you are a U.S. holder you generally will recognize gain or loss on a sale or exchange of Grand HK ADSs equal to the difference

Table of Contents

between the amount realized on such sale or exchange and your adjusted tax basis in such Grand HK ADSs. Such gain or loss will be capital gain or loss. If you are a non-corporate U.S. holder, the maximum marginal U.S. federal income tax rate applicable to such gain will be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if your holding period for your Grand HK ADSs exceeds one year. Gain or loss, if any, recognized by you generally will be treated as U.S. source income or loss for U.S. foreign tax credit purposes. The deductibility of capital losses is subject to limitations.

Passive Foreign Investment Company Considerations

A non-U.S. corporation like Grand HK will be classified as a passive foreign investment company (which is referred to as a PFIC) for U.S. federal income tax purposes in any taxable year in which, after applying certain look-through rules, either at least 75% of its gross income is passive income or at least 50% of the gross value of its assets is attributable to assets that produce passive income or are held for the production of passive income. Passive income for this purpose generally includes dividends, interest, royalties, rents, and gains from commodities and securities transactions.

Grand HK believes that it will not be classified as a PFIC for the taxable year in which the reorganization merger occurs. Grand HK's status in future years will depend on its assets and activities in those years. Grand HK has no reason to believe that its assets or activities will change in a manner that would cause it to be classified as a PFIC. However, the tests for determining PFIC status are applied annually, and it is difficult to accurately predict Grand HK's future income and assets, which are relevant to this determination. Accordingly, although not anticipated, Grand HK cannot assure you that it will not become a PFIC. If Grand HK were to become a PFIC, then, subject to the discussion below, you would be subject to imputed interest charges and other disadvantageous tax treatment with respect to any gain from the sale or exchange of, and certain distributions with respect to, your Grand HK ADSs.

Alternatively, if you are a U.S. holder you generally could elect, subject to certain limitations, to annually take into gross income the appreciation or depreciation in the value of the Grand HK ADSs during the tax year (which is referred to as the mark-to-market election). If you make the mark-to-market election, you will not be subject to the above-described rule, but will recognize each year an amount equal to the difference as of the close of the taxable year between the value of the Grand HK ADSs and your adjusted tax basis in the Grand HK ADSs. Losses would be allowed only to the extent of net gain previously included by you under the mark-to-market election for prior taxable years. Amounts included in or deducted from income under the mark-to-market election and actual gains and losses realized upon the sale or disposition of the Grand HK ADSs would be treated as ordinary income or loss.

You should consult your tax advisors regarding the tax consequences that would arise if Grand HK were treated as a PFIC.

Information Reporting and Backup Withholding Tax

Currently, any distributions with respect to Grand US common stock and the proceeds from the sale or redemption of Grand US common stock are subject to U.S. backup withholding tax and information reporting rules. After the reorganization merger, it is anticipated that the same rules will apply to distributions with respect to Grand HK ADSs and to proceeds from the sale or redemption of Grand HK ADSs.

In general, information reporting requirements will apply to dividends or sale proceeds paid within the U.S., and in some cases, outside of the U.S., to U.S. holders other than certain exempt recipients, such as corporations. In addition, backup withholding at the then applicable rate will apply to these payments unless you provide an accurate taxpayer identification number in the manner required by U.S. law and applicable regulations, certify that you are not subject to backup withholding, and you otherwise comply with applicable requirements of the backup withholding rules.

Amounts withheld under the backup withholding rules may be credited against your federal income tax liability, and you may obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for refund with the IRS.

Table of Contents

Non-U.S. holders

Distributions and Dispositions

In general, and subject to the discussion below under **Information Reporting and Backup Withholding Tax**, you will not be subject to U.S. federal income or withholding tax on income from distributions with respect to, or gain upon the disposition of, Grand HK ADSs, unless either (1) the income or gain is effectively connected with your conduct of a trade or business in the U.S. or (2) in the case of gain realized by an individual non-U.S. holder upon a disposition of Grand HK ADSs, you are present in the U.S. for 183 days or more in the taxable year of the sale and certain other conditions are met.

In the event that clause (1) in the preceding paragraph applies, such income or gain generally will be subject to regular U.S. federal income tax in the same manner as if such income or gain, as the case may be, were realized by a U.S. holder. In addition, if you are a corporation, such income or gain may be subject to a branch profits tax at a rate of 30%, although a lower rate may be provided by an applicable income tax treaty. In the event that clause (2), but not clause (1), in the preceding paragraph applies, the gain generally will be subject to tax at a rate of 30%, or such lower rate as may be provided by an applicable income tax treaty.

Information Reporting and Backup Withholding Tax

If your Grand HK ADSs are held through a non-U.S. and non-U.S. related broker or financial institution, information reporting and backup withholding generally would not be required with respect to distributions on and dispositions of Grand HK ADSs. Information reporting, and possibly backup withholding, may apply if Grand HK ADSs are held by you through a U.S. or U.S. related broker or financial institution and you fail to provide appropriate information. The amount of any backup withholding from a payment to you will be allowable as a refund or credit against your U.S. federal income tax liability, provided that the requested information or appropriate claim for refund is furnished to the IRS. If you are a non-U.S. holder, you should consult your tax advisors regarding the imposition of backup withholding and information reporting with respect to distributions on and dispositions of Grand HK ADSs.

Hong Kong Tax Consequences to Holders of Grand HK ADSs

Holders will generally not be liable for Hong Kong profits or withholding taxes on their receipt of Grand HK ADSs in the reorganization merger, on dividends received from Grand HK or on capital gains realized upon the sale of Grand HK ADSs. However, Hong Kong profits taxes may apply to holders who are engaged in Hong Kong in the trade or business of buying and selling shares. Grand HK ADSs held by an individual holder at the time of death may be treated as property for the purposes of Hong Kong estate duty.

RESTRICTIONS ON SALES OF GRAND HK ADSs RECEIVED IN THE REORGANIZATION MERGER

The Grand HK ADSs to be issued in the reorganization merger to Grand US shareholders generally will be freely transferable, except for Grand HK ADSs issued to any person who is deemed to be an affiliate of Grand US and Playwell under the Securities Act as of the date of the special meeting. Persons who may be deemed to be affiliates of Grand US and Playwell prior to the reorganization merger include individuals or entities that control, are controlled by, or are under common control with Grand US and Playwell prior to the reorganization merger and the consummation of the transactions contemplated by the subscription and exchange agreement, and may include officers and directors, as well as significant shareholders of Grand US and Playwell prior to the reorganization

Table of Contents

merger and the consummation of the transactions contemplated by the subscription and exchange agreement. Centralink and affiliates of Grand US and Playwell prior to the reorganization merger may not sell any of the Grand HK ADSs received by them in connection with the reorganization merger and the subscription and exchange agreement except pursuant to:

an effective registration statement under the Securities Act covering resale of those shares;

an exemption under paragraph (d) of Rule 145 under the Securities Act; or

any other applicable exemption under the Securities Act.

Grand HK's registration statement on Form F-4, of which this proxy statement/prospectus forms a part, does not cover the resale of Grand HK ADSs to be received by affiliates of Grand US and Playwell in the reorganization merger.

PROPOSAL 2 - ISSUANCE OF 10,000,000 ADSs OF GRAND HK TO CENTRALINK IN CONNECTION WITH THE ACQUISITION OF THE CAPITAL STOCK OF PLAYWELL INTERNATIONAL LIMITED

The Subscription and Exchange Agreement

Grand US, Grand HK and Centralink have entered into the subscription and exchange agreement which is the legal document that governs the acquisition of Playwell and the subscription by Centralink of an additional 5,000,000 Grand HK ADSs. The subscription and exchange agreement has been amended on three occasions by Grand US, Grand HK and Centralink. Grand US and Grand HK recommend that you read carefully the complete subscription and exchange agreement, as amended, for the precise legal terms of the subscription and exchange and other information that may be important to you. The subscription and exchange agreement and its amendments are included in this proxy statement/prospectus as Annex B.

The Playwell Acquisition and the Centralink Investment in Grand HK

Immediately after the completion of the reorganization merger, Grand HK will acquire Playwell in exchange for 5,000,000 Grand HK ADSs. The subscription and exchange agreement contemplated an adjustment in the number of Grand HK ADSs to be issued to Playwell in the event that Playwell and its subsidiaries did not achieve a target EBITDA of \$3,600,000 for the year ending December 31, 2003 or in the event that Grand US did not achieve a target EBITDA of \$675,000 or more (excluding up to \$750,000 of the costs that Grand US incurs as a result of being a public company) for the twelve months ended December 31, 2003. However, each of Grand US and Playwell exceeded its target EBITDA and, accordingly, the adjustment mechanism is not applicable.

In addition to the acquisition of the Playwell shares, Centralink has also agreed to subscribe for 5,000,000 Grand HK ADSs for an aggregate of \$11,000,000 in two tranches. Centralink will first purchase 3,000,000 Grand HK ADSs for \$3,000,000, or \$1.00 per Grand HK ADS, and will then purchase 2,000,000 Grand HK ADSs for \$8,000,000, or \$4.00 per Grand HK ADS. Centralink has the right to satisfy a portion of the subscription price by assigning to Grand HK up to \$2,300,000 of the loans that it advanced to Fun-4-All on the condition that if the loans are not repaid by December 31, 2004, Centralink will make an additional cash contribution to Grand HK in an amount equal to the unpaid balance of the loans in exchange for Grand HK assigning the right to collect the loans back to Centralink.

Grand US is permitted, in response to an unsolicited superior proposal that did not otherwise result from a breach of the subscription and exchange agreement to furnish information with respect to Grand US and the subsidiaries of Grand US to any person making such superior proposal, and, participate in discussions or negotiations regarding such superior proposal. In response to a superior proposal, Grand US may pursue discussions or negotiations with the person making such superior proposal, in which event either Grand US or Centralink may terminate the

subscription and exchange agreement. A superior proposal is any proposal made by a third party to acquire, directly or indirectly, more than fifty percent (50%) of the voting power of Grand US or at least 50% or more of the assets of Grand US if:

the proposal is otherwise on terms which the board of Grand US determines in its good faith judgment to be more favorable, taken as a whole, to Grand US shareholders than the transactions contemplated by the subscription and exchange agreement; and

the board of Grand US determines in good faith that participating in discussions or negotiations with respect to the superior proposal or withdrawing or modifying its recommendation with respect to or otherwise terminating, the subscription and exchange agreement is required for the board of Grand US to comply with its fiduciary duties under applicable law.

Conditions to Consummation of the Reorganization Merger and Acquisition

The subscription and exchange agreement may be terminated by either Grand US or Centralink and the acquisition of Playwell will not be completed unless, among other things, the following conditions are satisfied or, if allowed by law, waived:

the reorganization merger is completed in accordance with the agreement and plan of merger;

there is not enacted, entered, enforced, or deemed applicable any law or other action taken by a court or governmental authority which would have a material adverse effect on Grand US or Centralink's ability to conduct the business of Grand US or Playwell, as the case may be, or to enjoy the benefits to be derived from the reorganization merger;

the shareholders' agreement among Grand HK, Centralink, Mr. Altro, Mr. Mars and certain affiliates of these parties is executed;

none of the parties to the agreement and plan of merger is subject to any governmental decree, order or injunction that prohibits the consummation of any of the steps in the reorganization merger;

the registration statement of which this proxy statement/prospectus is a part is declared effective by the SEC, and no stop order is in effect and the Grand HK ADSs shall be listed for trading on Nasdaq or other nationally recognized stock exchange;

the U.S. Senate or House of Representatives or a committee of such body has not enacted or proposed any legislation which would materially and adversely affect the prospective tax treatment of Grand US which is different from any legislation currently in effect; and

receipt of all consents and approvals required by any governmental or regulatory agency and all other material third-party consents are received.

In addition to these mutual conditions, the subscription and exchange agreement may be terminated by Grand US if satisfaction of any of the conditions set forth below becomes impossible, other than through the failure of Grand US to comply with its obligations under the subscription and exchange agreement, and Grand US has not waived such condition on or before the closing of the transactions contemplated by the subscription and exchange agreement:

Expenses: Termination Fees

In the event the reorganization merger, Playwell acquisition and additional Centralink subscription are completed, all expenses paid by Centralink will be reimbursed by Playwell, Playwell shall cause to be paid all expenses incurred and estimated to be incurred by Centralink but unpaid prior to closing (including expenses associated with post-closing actions), and Centralink shall cause to be paid or reimbursed all expenses paid or incurred by Grand US prior to closing arising out of or related to the subscription and exchange agreement or the consummation of the transactions contemplated by the subscription and exchange agreement.

In the event that the subscription and exchange agreement is terminated by either Centralink or Grand US as a result of Grand US's decision to pursue a superior proposal, Grand US would be obligated to pay Centralink a fee of the greater of \$500,000 or the actual expenses incurred by Centralink in connection with the negotiation and consummation of the transactions contemplated in the subscription and exchange agreement. This will have a potentially chilling effect on Grand US's ability to find a suitor more favorable than Centralink, given Grand US's current valuation. Moreover, in the event that Grand US should fail to pay timely any amount due to Centralink, as a result of the termination of the subscription and exchange agreement, interest thereon shall accrue at the rate of 12% per annum from the date such payment is due until the date such payment is made. In the event the subscription and exchange agreement is terminated for any other reason, each party will be responsible for its own fees and expenses, except that the termination of the agreement as a result of a breach by either party will not relieve the breaching party from any liability that it may have for such breach.

**INFORMATION ABOUT GRAND TOYS INTERNATIONAL, INC.
AND PLAYWELL INTERNATIONAL LIMITED**

Business of Grand Toys International, Inc.

Introduction

Grand US is a Nevada corporation which, by itself and through its Canadian subsidiary, Grand Toys Ltd. (which is referred to as Grand Canada), has been engaged in the toy business for over 43 years. Grand US develops and distributes a wide variety of toys and fashion accessories throughout Canada and, to a lesser extent, the United States. Grand US' business consists of four areas of operation:

importing and distributing throughout Canada, on an exclusive and non-exclusive basis, a wide variety of well-known toy and leisure products and fashion accessories including party goods, stationery and accessories;

selling toy products and fashion accessories featuring popular characters licensed to Grand US;

earning commissions on the sale of products represented by Grand Toys Ltd. and shipped directly from an overseas vendor to Canadian customers; and

selling proprietary products such as I-screme cosmetics and Art X-press crafts.

On January 29, 2002, Grand US consolidated all of its Canadian operations into Grand Toys Ltd.

On June 14, 2002, Grand US sold all of the shares of one of its United States subsidiaries, Sababa Toys Inc., which commenced operations in 2000.

Unless the context otherwise requires, references herein to Grand US include Grand Toys International, Inc. and its operating subsidiary, Grand Toys Ltd. Grand US revenues are primarily derived from the operations of Grand Toys Ltd.

Products

Grand Canada imports into Canada for distribution select toys and fashion accessories from vendors who typically design, develop and sell their products in other countries.

In determining which items to import, Grand Canada examines such factors as consumer acceptance of the particular products in other countries, and Canadian consumer tastes for such products based on similar products distributed previously in Canada. In addition, prior to ordering a product, Grand Canada attempts to predict the potential demand for such product by exhibiting it to Grand Canada's existing customers.

The following table sets forth certain vendors whose products Grand Canada distributes in Canada, the type of products they manufacture, and the price range at which Grand Canada sells such products to retailers.

Table of Contents

Grand US business and operating results depend largely upon the appeal of the toy products developed and distributed by Grand US. A decline in the popularity of its existing products and product lines or the failure of new products and product lines to achieve and sustain market acceptance could result in reduced overall revenues and margins, which could have a material adverse effect on Grand US business, financial condition and results of operations. Grand US continued success will depend on its ability to redesign, restyle and extend its existing toy products and fashion accessories and to develop, introduce and gain customer acceptance of new toy products. However consumer preferences with respect to toy products and fashion accessories are continuously changing and are difficult to predict.

Design and Development

Grand Canada does not employ its own inventors of new concepts as is common in the toy and fashion accessory industries. Instead Grand Canada receives and develops new concepts in other ways including:

consideration of numerous concepts from unaffiliated third parties for new products. If it accepts and develops an inventor's concept for a new product, it will pay royalties to the inventor on sales from that product; and

Review by Grand US staff of trade and product developments within the recreational sector and determination if there is an opportunity that could be put into development.

Grand US staff then develops the new concepts by attending tradeshows worldwide, reading industry publications and communicating with our existing vendors and customers.

Grand US, through its United States subsidiary, Sababa Toys Inc., developed new concepts to be developed internally or by the other subsidiaries within the corporate group, to be sold to third parties. On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary.

Grand US also develops proprietary products and uses internal staff to develop these products to be sold to third parties.

All safety testing of Grand US products is done by the manufacturers at the manufacturers' factories and is designed to meet safety regulations imposed by the Canadian and United States governmental authorities. Grand US also

monitors quality assurance procedures of the manufacturers for Grand US products for safety purposes at Grand US warehouse facilities.

Sources of Product

Approximately 93% of Grand US gross sales in 2003 were from products supplied by the following five vendors: Toy Biz, Toy Tech, Barter, P & M Products and T-Ink Ltd. These products accounted for 62%, 13%, 11%,

Table of Contents

4% and 3%, respectively, of 2003 gross sales. If one or more of the remaining suppliers identified above were to terminate their relationship with Grand US, such termination may have a material adverse effect on Grand US. Other than the products from the above-mentioned vendors, no products from any other vendor or from Grand US proprietary products accounted for more than 3% of Grand US gross sales in 2003.

The products distributed by Grand US are manufactured for Grand US by unaffiliated third parties principally located in China, Hong Kong, Mexico, Spain, the United States and the United Kingdom. Grand US orders products from its vendors which in turn select product manufacturers on the basis of factors standard in the toy industry including price, payment terms, product quality, reliability and the ability of a manufacturer to meet delivery requirements. For licensed products, the licensors may have the right to approve the manufacturers selected by the vendors. The use of third-party manufacturers enables Grand US to avoid incurring fixed manufacturing costs, but also reduces its ability to control the timing and quality of the manufacturing process.

Grand US does not supervise the day-to-day manufacturing of its products. However, prior to the commencement of manufacturing, Grand US, the vendor and the manufacturer work together to design a prototype of the specific product and its packaging. The manufacturer is contractually obligated to manufacture the products in accordance with those prototype specifications. For licensed products, some licensors may be required to approve the prototype prior to production.

All manufacturing services performed overseas are generally paid for by either letter of credit or wire transfer. Payment for such manufacturing is made only upon the proper fulfillment of terms established by Grand US for each purchase order. These terms include adherence to product quality, design, packaging and shipping standards, as well as proper documentation relating thereto. Most product purchases are paid for in U.S. dollars.

Grand Canada is not a party to any long-term supply or requirements agreements with any specific manufacturer. All of Grand US manufacturers may subcontract the manufacture of components of their products to third parties who are not affiliated with Grand US.

Materials

The principal raw materials used in the production and sale of Grand US products are plastic, printed fabrics and paper products. These are all currently available at reasonable prices from a variety of sources. Because Grand US does not manufacture any of its products on site, it does not own any specialized tools or other production equipment.

Location

Grand Canada leases a building in suburban Montreal, Quebec, Canada, where Grand US executive and administrative offices are located as well as its distribution center. Grand US also had a sales office and showroom in Mississauga, Ontario, Canada. This location was closed on December 31, 2002 as part of Grand US restructuring efforts.

Licensing and Distribution Agreements

Character Licenses

Grand US product lines include products featuring well-known character properties created by others. In order to obtain the right to manufacture and sell products featuring such character properties, Grand Canada enters into license agreements with the owners of such properties. Under the terms of the character property license agreements, Grand Canada pays royalties to licensors that generally range from 6% to 15% of net sales of the products carrying these

character properties. To the extent that competition increases among companies to obtain character property licenses, Grand Canada may encounter increased difficulty in obtaining certain character licenses and may be required to pay greater minimum guaranteed royalty amounts.

Table of Contents

Generally, Grand US character property license agreements provide Grand US with the exclusive or non-exclusive right to sell only specific products featuring the particular character. These agreements typically limit the sale of such products to Canada. However, certain agreements allow distribution in the United States. They generally have terms of one to three years and are generally although not required by their terms, renewed upon payment of certain minimum guarantees or the attainment of specified sales levels.

The following table sets forth Grand US character licenses, the licensor for these character properties, the territory of sale, and the types of products that Grand US markets featuring these character properties.

Character Property	Licensor (Territory)	Product Featuring Property
Batman	Warner Bros. (CAN)	Kites, Balls
Bear In The Big Blue House	Venture (CAN)	Balls
Eye Scream	Excel Development (U.S. & CAN)	I-Screme cosmetics
Scooby Doo	Warner Bros. (CAN)	Balls
Hello Kitty, Pochacco	Sanrio Co. Ltd. (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles
Monsters, Winnie the Pooh, Toy Story, Standard characters	Disney (CAN)	Kites
Nintendo	G-Squared (CAN)	Balls
Pooch Patrol	Isovoy Inc. (U.S. & CAN)	Plush Toys
Bob the Builder	Hit Entertainment (CAN)	Kites, Suncatchers
Rugrats, Sponge Bob, Blues Clues Dora the Explorer, Jimmy Neutron	Studio Licensing (CAN)	Kites, Balls, Suncatchers, Bath Activity Toys
Sesame Street	E.M.G. (CAN)	Balls, Kites
Spider-man	Marvel, (CAN)	Ball, Stationery
Astrojax	Vele Marketing (CAN)	Astrojax product lines
Spiderman	Marvel (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles
X-Men	Marvel (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles

There is one particular character property license that resulted in sales in excess of 10% of Grand Canada's sales revenues for the year ended December 31, 2003. The Astrojax property represented 13% of Grand US Sales revenues and the loss of this licensed product would have a material adverse effect on Grand US operations.

All costs associated with licensing and distribution are expensed in the period incurred and are shown as royalty expense in the Statements of Operations. Total royalty expense for the years ended December 31, 2003, 2002 and 2001 was \$302,801, \$311,082 and \$252,506, respectively.

Distribution Arrangements with Toy Vendors

Grand Canada selects products from a master product list provided to it by the vendor. The purchase price, depending on the arrangement with the supplier, may consist of a fixed payment per item, specified minimum quantities to be purchased and other conditions, and occasionally a royalty fee.

Pursuant to these agreements, Grand Canada obtains either the exclusive or non-exclusive right to import and distribute throughout Canada the products selected by it. These agreements generally have terms of one to five years and are usually exclusive for a specified product or product line within a specific territory.

Grand Canada's distribution agreement with its largest vendor, Toy Biz Inc., accounted for 62% of Grand US 2003 sales volume. Grand's contract with this vendor renews on an annual basis. At December 31, 2003, the agreement is verbal in nature.

Generally, under Grand US distribution agreements, Grand Canada is responsible for paying shipping and other related costs upon the purchase of goods from the vendor. If Grand Canada were to be in default under a

Table of Contents

license or distribution agreement, such agreement could be terminated and Grand US could also incur liability for certain costs and penalties.

As a result of changing consumer preferences, many toy products are successfully marketed for only one or two years. There can be no assurances that any of Grand US current products or product lines will continue to be popular for any significant period of time; any new products or product lines introduced by Grand US will achieve an adequate degree of market acceptance; or any new product's life cycle will be sufficient to permit Grand US to recover development, manufacturing, marketing or other costs of the product.

In the event a new product does not receive sufficient market acceptance, Grand US may be required to sell inventory of such product at a substantial discount. Accordingly, Grand US success is dependent in large part on its ability to secure the rights to distribute new products and to secure new character and well-known brand name licenses for existing or new product lines, which cannot be assured. Therefore, Grand US cannot assume that any new products will be successful or meet with the same success as existing products.

Marketing, Sales and Distribution

Grand Canada markets its products throughout Canada via one employee sales representative and independent sales agents. Purchasers of the products include mass retailers, regional retail stores, toy specialty stores and wholesalers.

Grand Canada's three largest customers are: Toys R Us, Zellers, and Walmart, which for the year ended December 31, 2003 accounted for approximately 21%, 20% and 8%, respectively, of Grand US gross sales. No other customer accounted for more than 8% of gross sales in 2003. If one or more of the three customers identified above terminated its relationship with Grand Canada, a material adverse effect on Grand US may occur.

Grand Canada, in its regular business operations does not have long term order commitments from its customers. Grand US sells to its customers on open account, allowing customers to purchase products up to certain pre-established credit limits.

For the majority of its customers, Grand US enters into one-year term agreements. These agreements stipulate payment terms, shipping terms, allowances and rebates (i.e., a return on prices paid by the customer if it provides advertising, there are defective product returns or a high volume of product orders, as applicable). Payment terms typically vary between 30 and 90 days.

Customers generally can cancel purchase orders for which goods have been purchased. Grand US attempts to minimize this possibility by ensuring that customer orders are matched to product purchases.

In addition, pressure by large customers seeking a reduction in prices, financial incentives, a change in other terms of sale or for Grand US to bear the risks and the cost of carrying inventory could also adversely affect our business, financial condition and results of operations.

Grand Canada employs a sales and marketing staff of four, including one senior manager and one sales person who makes on-site visits to customers for the purpose of soliciting orders for products. Grand Canada markets products at major and regional toy trade shows in Canada. In addition, Grand Canada maintains a showroom at its headquarters in suburban Dorval, Quebec, Canada.

Grand Canada directly, or through outside salespersons, takes written orders for products from customers and submits the orders to Grand US vendors who then arrange for manufacture of the products. Customer order

cancellations are generally made in writing and Grand US will then notify the appropriate vendors of customer cancellations who in turn notify the manufacturers. This procedure allows Grand US to avoid adding products to inventory as a result of customer cancellations of orders.

Table of Contents

Returns are generally not accepted although consistent with industry practices, exceptions to this policy are made on a case-by-case negotiated basis. Those customers who are shipped defective products (per their term agreements) would claim product returns against the rebates. If a return is material, Grand Canada may have recourse against the manufacturer of the product.

Seasonality

Grand US business is seasonal, with a majority of sales occurring during the period from September through December in anticipation of the holiday season. Therefore its annual operating results will depend, in large part, on its sales during the relatively brief holiday season.

Further, this seasonality is increasing as large retailers become more efficient in their control of inventory levels through quick response management techniques. Retail sales of toy products are seasonal. These customers are timing reorders so that they are being filled by suppliers closer to the time of purchase by consumers, which to a large extent occurs during September through December, rather than maintaining large on-hand inventories throughout the year to meet consumer demand. While these techniques reduce a retailer's investment in inventory, they increase pressure on suppliers like Grand US to fill orders promptly and shift a significant portion of inventory risk and carrying costs to the supplier. The limited inventory carried by retailers may also reduce or delay retail sales. Additionally, the logistics of supplying more and more product within shorter time periods increase the risk that Grand US may fail to achieve tight and compressed shipping schedules.

This seasonal pattern requires significant working capital mainly to purchase inventory prior to the holiday season, and requires accurate forecasting of demand for products during the holiday season. Grand US failure to accurately predict and respond to consumer demand could result in our under-producing popular items and overproducing less popular items.

However management of Grand US attempts to offset the seasonal nature of the industry by seeking out non-seasonal product lines. The success of non-seasonal product lines, i.e., Spiderman and Lord of the Rings, has resulted in an appropriate seasonal, non-seasonal inventory concentration for the third and fourth quarters.

Product Liability

Grand US maintains product liability coverage for Grand US operations in the aggregate amount of Canadian \$12,000,000.

Competition

The industries in which Grand US competes are highly competitive. Grand US competes with many larger toy companies in the design and development of new toys, the procurement of licenses and for adequate retail shelf space for its products. The larger toy companies include Hasbro Inc., Mattel Inc., Playmates Inc. and Bandai Co. Many of these competitors have greater financial and other resources than Grand US. Grand US also faces competition from retailers who buy directly from the supplier rather than use a distributor like Grand US. Grand US remains competitive by offering full service to its customers, including marketing programs and customer service. The toy industry's highly competitive environment continues to place cost pressures on manufacturers and distributors. Discretionary spending among potential toy consumers is limited and the toy industry competes for those dollars along with the makers of computers and video games. Management believes that strong character and product licenses, Grand US reputation, the competence of its senior management and its operational controls have enabled Grand US to compete successfully.

Government Regulation

Grand US is subject to the provisions of various laws, certain of which have been enacted by the Federal Government of Canada and others which have been enacted by the Government of the Province of Quebec and other Canadian provinces, and the various states in the United States.

Table of Contents

Federal

The laws of the Government of Canada to which Grand Canada is subject include the *Hazardous Products Act* which empowers the Government to protect children from hazardous toys and other articles. Under that legislation the Government has the authority to exclude from the market those articles, which are found to be hazardous. Grand Canada is also subject to the *Consumer Packaging and Labeling Act* enacted by the Government of Canada, whose legislation prohibits the importation of prepackaged items into Canada, as well as the sale, importation, or advertising in Canada of items, which have misleading information on their label.

Provincial

The legislation enacted by the Government of the Province of Quebec in Canada to which Grand Canada is subject includes the *Consumer Protection Act* which prohibits the sale of hazardous toys and other articles, and also requires proper labeling and instructions to be included with the item being sold.

Grand Canada is also subject to the *Charter of the French Language*, which requires that all labeling and instructions appear in the French language, as well as the *Upholstery and Stuffed Articles Act*, which requires that stuffed articles conform to hygienic norms, and obligates companies to take measures against contamination during transportation and storage. Similar laws exist in several cities and provinces throughout Canada and in many jurisdictions throughout the world.

Grand US maintains a quality control program to ensure compliance with all applicable laws.

Employees

As of December 31, 2003, Grand US employed 23 full-time persons, including two executive officers, none of whom are represented by a union. Grand US believes that its relations with its employees are satisfactory.

Properties

Grand US principal executive offices are located in an approximately 105,000 square foot facility located at 1710 Route Trans-Canada, Dorval, Quebec, Canada. Grand US uses the facility for offices, showroom, warehousing and distribution.

The lease for the premises expires on September 30, 2004 but Grand US has the right to extend the lease for an additional five-year period, to September 30, 2009, which Grand US is considering exercising. The current monthly rent is \$25,315 and during the extension period shall be increased each year by a percentage that is equal to 75% of the percentage increase in the consumer price index for the greater Montreal, Canada area. On October 23, 2002, Grand US sub-let 56,132 square feet of this facility in order to maximize facility efficiency and reduce expenses. The sub-lease ends on November 30, 2008.

Grand US believes that its current facilities are satisfactory for its present needs and that its insurance coverage is adequate for the premises.

Legal Proceedings

On November 30, 1995, an involuntary petition under Chapter 7 of the United States Bankruptcy Code was filed against Grand Group Inc, a United States subsidiary of Grand US, in the United States Bankruptcy Court for the Southern District of New York (the Bankruptcy Proceeding). On January 4, 1996, the court entered an order for relief

under Chapter 7 of the United States Bankruptcy Code and a trustee was appointed to supervise the liquidation of Grand Group Inc. On November 21, 2003, the bankruptcy was discharged.

On May 10, 2000, a lawsuit for alleged breach of contract has been filed against Grand Canada by a former sales representative. In the opinion of Grand US management, this action has no merit. At this point in time it is difficult to ascertain or estimate the value of a settlement, if any.

Table of Contents

On May 21, 2003, Grand US was named in a lawsuit for an alleged defective product causing personal injury. Grand was acting as a distributor for the product. A defense has been filed denying liability and the claim is covered by insurance. At this point in time, it is difficult to ascertain or estimate the value of a settlement, if any.

On April 15, 2004, Grand US was named in a lawsuit for alleged non payment of commissions. In the opinion of Grand US management, it is difficult to ascertain or estimate the value of a settlement, if any.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information regarding beneficial ownership of Grand US common stock as of March 31, 2004 by

each person (or group of affiliated persons) who is known by Grand US to own beneficially more than 5% of the outstanding shares of Grand US common stock;

Management's Discussion and Analysis of Financial Condition and Results of Operations of Grand US

The following should be read in conjunction with Grand US consolidated financial statements included elsewhere in this proxy statement/prospectus.

Overview

For the quarter ended March 31, 2004, Grand US reported net earnings of \$236,228. For the year ended December 31, 2003 Grand US reported net earnings of \$1,112,577. Net losses of \$826,848 and \$1,371,492 were reported for the years ended December 31, 2002 and 2001, respectively. Prior to the year ended December 31, 2003, Grand US had not reported an annual profit since December 31, 1997. As a result of the restructuring plan put in place and management's focus on the sale of products with higher profit margins, profitability has been achieved. In spite of this, there can be no assurance that Grand US will remain profitable on an annual basis.

On November 14, 2003, Grand US, Grand HK and Centralink entered into the subscription and exchange agreement pursuant to which, among other matters:

Grand US will undertake a corporate reorganization pursuant to which Grand US and its operating subsidiaries will become subsidiaries of Grand HK, with each issued and outstanding share of Grand US common stock being converted into one Grand HK ADS, evidenced by a Grand HK ADR and representing beneficial ownership of one ordinary share of Grand HK, and each outstanding option and warrant to purchase Grand US common stock being converted into one option or warrant to purchase Grand HK ADSs representing beneficial ownership of one ordinary share of Grand HK;

Grand HK will acquire from Centralink all of the issued and outstanding capital stock of Playwell in exchange for the issuance to Centralink of 5,000,000 Grand HK ADSs representing beneficial ownership of 5,000,000 ordinary shares of Grand HK. Playwell is a holding company which owns four subsidiaries; Hong Kong Toy Centre Limited, a trading company which manufactures products designated by customers and Playwell branded items; Gatelink Mould Engineering Limited, a manufacturer of moulds for Playwell; Great Wall Alliance Limited, the holder of Playwell trademarks; and Asian World Enterprises Co., Limited, the holder of licenses for Walt Disney Company and Crayola branded products; and

Centralink will also subscribe for 5,000,000 Grand HK ADSs for cash and other consideration totaling \$11,000,000.

Net sales consist of sales of products to customers after deduction of customer cash discounts, freight and warehouse allowances, and volume rebate allowances. Sales are recorded when the merchandise is shipped.

The cost of goods sold for products imported as finished goods includes the cost of the product in the appropriate domestic currency, duty and other taxes, and freight and brokerage charges. Royalties payable to Grand US licensor-vendors which are not contingent upon the subsequent sales of the licensor-vendors' products are included in the price paid for such products.

Major components of selling, general and administrative expenses include: payroll and fringe benefits; advertising expense, which includes the cost of production of television commercials and the cost of air time; advertising allowances paid to customers for cooperative advertising programs; and royalty expenses. Royalties include payments by Grand Canada to licensors of character properties and to manufacturers of toy products if such payments are contingent upon subsequent sales of the products. Royalties are usually a percentage of the price at which the product is sold and are payable once a sale is made.

Table of Contents

The pricing of Grand US goods is affected by the price it obtains from its vendors (Cost of Goods Sold) and therefore dictates the selling price Grand US can charge its customers. Other factors that influence Grand US setting of the selling price is the condition of the current market and the nature of the item itself.

From a selling, general and administrative aspect, the pricing will impact selling (commission expense) and general and administrative (advertising expense). In addition, if a lower selling price is set then the related margin on the product will be reduced and therefore Grand US will look to rationalize other expenses, i.e. customer term packages.

Accounts receivable are receivables net of an allowance for doubtful accounts. The allowance is adjusted periodically to reflect the current status of receivables. Management believes that current reserves for doubtful accounts are adequate. Sales of products to retailers and distributors are on an irrevocable basis. Consistent with industry practices, Grand Canada may make exceptions to this policy on a case-by-case negotiated basis. Inventory is comprised of finished goods at landed cost.

Critical Accounting Policy

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses Grand US consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these consolidated financial statements requires Grand US management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, Grand US management evaluates its estimates and judgments, including those related to sales reserve for returns and allowances. Grand US management bases its estimates and judgments on the customer term agreements, historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. Grand US management believes that its critical accounting policy on sales reserves for returns and allowances, among others, affect its more significant judgments and estimates used in preparation of its consolidated financial statements. Grand US establishes sales reserves at the time of sale based on the terms indicated in the customer term agreements, historical experience of discounts and returns on related products. The return of non-defective product occurs infrequently in the United States.

On a monthly basis Grand US management reviews its inventory of products and makes an assessment of its realizable value. The factors considered include current market prices, the demand for and the seasonality of its products. If circumstances change (i.e. unexpected shift in market demand, pricing, trends etc.) there could be a material impact on the net realizable value of inventory.

Comparison of the three months ended March 31, 2004 to the three months ended March 31, 2003

Net Earnings:

Net earnings for the first quarter of 2004 were \$236,228, or \$0.04 per share, as compared to a net earnings of \$453,082, or \$0.16 per share, for the first quarter of 2003. Without the gain on discontinued operations, net earnings in the first quarter of 2003 would have been \$350,080 or \$0.13 per share.

Net earnings decreased during the quarter ended March 31, 2004 by \$216,854 compared with the first quarter of 2003 as a result of decreases in net sales and gross margins, increases in expenses, and the absence of a gain on discontinued operations.

Net Sales:

Net sales decreased for the first three months of 2004 by \$97,480, or by 3.30%, to \$2,853,615 from \$2,951,095 for the first quarter of 2003 due to the decrease in sales of the AstroJax product line.

Gross Profit:

Gross profit for Grand US decreased during the first three months of 2004 by \$82,567 compared to the prior quarter. As a percentage of sales, gross profit decreased from 42.75% in the first quarter of 2003 to 41.33% in the first quarter of 2004.

Gross profit decreased as a result of the sales and product mix in the first quarter of 2004, which is primarily due to the decrease in sales in 2004 of higher margin product lines.

General and Administrative Expenses:

General and administrative expenses decreased by \$33,518 to \$539,338, in the first quarter of 2004, from \$572,856 in the first quarter, of 2003. The decrease is consistent with management's emphasis on controlling costs.

During the first quarter of 2004, total advertising expense decreased by \$41,466 as a result of a decrease in media and cooperative advertising compared to last quarter. Of the total decrease, \$5,859 related to cooperative advertising.

Salaries and Fringe benefits:

Salaries and fringe benefits expenses increased by 14.51%, from \$294,702 for the quarter ended March 31, 2003 to \$337,889 for the quarter ended March 31, 2004.

The increase is due to a general increase in salaries of Grand US employees.

Royalties Expense:

Royalties expense decreased by 67.27%, from \$69,895 for March 31, 2003 to \$22,874, for the quarter ended March 31, 2004, as a result of the decrease in the sales of the Astrojax licensed product.

Bad Debts Expense:

The increase in bad debts expense of \$2,338 from \$10,601 for March 31, 2003 to \$12,939 in the quarter ended March 31, 2004 is due to the increase in the credit insurance rates premium.

Foreign Exchange (gain) loss:

As a result of the decline of the Canadian dollar in the first quarter of 2004, Grand US reported a foreign exchange loss of \$10,999 as compared to a gain of \$59,144 in the first quarter of 2003.

Gain on Discontinued Operation:

On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary. Sababa Toys, Inc. distributes proprietary products and develops product concepts to be sold to third parties. In consideration for the purchase of the shares, Grand US received a note in the principal amount of \$1,065,716. Payments under the note are to be made quarterly until June 30, 2005 when the unpaid principal balance is due.

As of June 14, 2002 Grand US recognized a gain on the sale of \$761,584. As of December 31, 2002, \$263,784 was recorded in the Statement of Operations, the balance deferred. For the first quarter 2003, Grand US recorded a gain of \$103,002. As of December 31, 2003 the balance of the gain has been fully recorded in income.

Comparison of the year ended December 31, 2003 to the year ended December 31, 2002

Net Loss:

Net earnings for 2003 was \$1,112,577, or \$0.36 earnings per share, as compared to a net loss of \$826,848, or \$(0.40) loss per share in 2002. Net earnings for the year ended December 31, 2003, included a gain of \$497,800 on the sale of discontinued operations. Without this gain, Grand US would have realized a net earnings of \$614,777 or \$0.20 earnings per share.

Increased gross profit and the recognition of the gain on the sale of Sababa Toys Inc., resulted in net earnings for the year as compared to 2002.

Table of Contents

Net Sales:

Net sales decreased by \$1,263,021 in 2003, or by 10.24%, to \$11,076,909 from \$12,339,930 for 2002. Net sales decreased primarily as a result of the decline in the following product lines: Spiderman and Lord of the Rings (Toy Biz and Playwell), Blopens (P & M Products Ltd.). These decreases are due to a shift in buying patterns of the retailers, such as the direct purchase from the vendor and the loss of product line distribution as a result of purchase by a competitor. The net sales of new product lines such as Art X-press, Astrojax and Hulk helped to offset the decrease in net sales from other product lines.

Gross Profit:

Gross profit for Grand US in 2003 increased by \$710,629 compared to 2002. As a percentage of sales, gross profit increased in 2003 from 32.55% to 42.67%. The increased gross profit in 2003 was due to the addition of higher margin product lines as a result of better pricing and tighter inventory controls.

General and Administrative Expenses:

General and administrative expenses decreased by \$94,169 to \$2,761,947, in 2003 from \$2,856,116 in 2002, as a result of the cost-cutting measures implemented.

During 2003, the following expenses increased:

Total advertising expense increased by \$247,871 as a result of additional expense related to the promotion of new and existing product lines. Of the total increase, \$69,449 related to cooperative advertising.

Insurance expense increased by \$73,335 as a result of the increase in insurance premiums.

Consulting expense increased by \$92,240 as a result of one-time consulting charge of \$60,000.

As a percentage of sales, general and administrative expenses increased by 1.79% from 23.14% in 2002 to 24.93% in 2003, due to the net sales reduction.

Salaries and Fringe benefits:

Salaries and fringe benefits decreased by \$696,614 or 41.36% from \$1,684,114 in 2002 to \$987,500 in 2003. The decrease is attributable to headcount reductions following the downsizing, which represented \$340,614 of the total decrease, and the recovery of \$356,000 in 2003 of payroll related taxes paid in a prior year.

Royalties:

Royalty expense decreased by \$8,281 or 2.67% to \$302,801 in 2003 from \$311,082 in 2002. The net decrease is a result of an increase in royalty expense tied to the Astrojax product line and a reduction in write offs of prepaid royalties related to non performing licenses.

Bad Debt Expense:

Bad debts increased by \$20,767 in 2003 as a result of an increase in the insurance rate premiums and the bankruptcy of one customer.

Depreciation and Amortization:

Depreciation and amortization expense decreased by \$20,160 as a result of the write-off of assets in 2002 and the declining balance method of depreciation used on most assets.

Interest Expense:

Interest expense increased by \$11,556 in 2003 as a result of a new loan received in August 2002.

Interest Revenue:

Interest revenue decreased by \$14,094 or 25.08% from \$70,287 in 2003 to \$56,193 in 2002. As a result of the renegotiation of the terms of the Limited Treasures receivable, interest income decreased by \$26,933. In addition, this decrease was offset by an increase in interest receivable on Grand US cash balance.

Foreign exchange (gain)/loss:

The gain of \$84,681 in foreign exchange in 2003 as compared to a loss of \$40,894 in 2002 was a result of the strengthening of the Canadian dollar against the US dollar.

Gain on Discontinued Operation:

On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary to Sababa Global Consumer Products, LLC. Sababa Toys, Inc. distributes proprietary products and develops product concepts to be sold to third parties. In consideration for the purchase of the shares, Grand US received a note in the principal amount of \$1,065,716. Payments under the note are to be made quarterly until June 30, 2005 when the unpaid principal balance is due. Grand US recognized a gain on the sale of \$761,584, of which \$497,800 has been recorded in the Statement of Operations. As of December 31, 2003, the balance of the gain has been fully recorded in income.

Comparison of the year ended December 31, 2002 to the year ended December 31, 2001

Net Loss:

Net loss for 2002 was \$826,848, or \$(0.40) loss per share, as compared to a net loss of \$1,371,492, or \$(1.16) loss per share in 2001. However, net loss for the year ended December 31, 2002, included a gain of \$263,784 on the sale of discontinued operations, offset by a \$66,492 loss from the operations of discontinued operations. Without this gain, Grand US would have incurred a net loss of \$(1,024,140) or \$(0.50) per share.

Increased gross profit and the recognition of the gain on the sale of Sababa Toys Inc., resulted in the significant decrease in the net loss for the year as compared to 2001. Grand US will have until 2008 to be able to apply unutilized tax losses against future taxable income.

Table of Contents**Net Sales:**

Net sales increased by \$4,061,595, or by 49.06%, to \$12,339,930 from \$8,278,335 for 2001. Net sales increased primarily as a result of the success in the following product lines: Spiderman and Lord of the Rings (Toy Biz and Playwell), Blopens (P & M Products Ltd.).

Gross Profit:

Gross profit for Grand US in 2002 increased by \$1,484,501. As a percentage of sales, gross profit increased in 2002 from 30.58% to 32.55% as a result of the sales mix in the product line. The increased gross profit in 2002 also was attributable to Grand US continued emphasis on higher margin sales.

As part of Grand US 2002 restructuring plan, Grand US abandoned the manufacturing and selling of certain of its proprietary product lines. In doing so Grand US incurred \$125,247 in expenses relating to write-offs of deferred product development and \$94,350 in negative margin due to reduced selling prices as a result of the decrease in customer interest.

In addition, commissions on FOB sales increased as compared to the same period of 2001, by 7.25% because our sales relating to the product line, Toys Biz increased by 169% over the same period in 2001.

General and Administrative Expenses:

General and administrative expenses decreased by \$23,858 to \$2,856,116, in 2002 from \$2,879,974 in 2001. As a percentage of sales, general and administrative expenses decreased by 11.65% from 34.79% in 2001 to 23.14% in 2002.

One-time charges incurred as a result of the implementation of Grand US restructuring plan resulted in a total expense of \$516,479. In 2002, Grand US closed two locations and reduced head count through employee and contract terminations. In line with the restructuring plan, Grand US discontinued the manufacture of certain proprietary licensed products.

One time restructuring expenses were:

Write-off of discontinued lines	\$ 172,864
Consulting	111,469
Legal fees	98,985
Severance & terminations	71,749
Location closing	61,412
	<hr/>
	\$ 516,479
	<hr/>

In 2002, Grand US incurred \$412,350 in bank financing expenses as a result of the high cost of financing through Grand US lender. In addition, Grand US incurred significant legal charges of \$246,758, relating to the settlement of legal issues, the filing of registration statements, financing documents and handling the NASDAQ de-listing issue.

Based on the above, Grand US has determined that of the total general and administrative expenses, \$516,479 are of an infrequent nature. The reasons for reclassifying these items as infrequent was based on the fact that these items were not previously incurred and related to, in Management's opinion, events that would not recur.

Salaries and Fringe benefits:

In 2002, the slight decrease of \$1,295 in the salaries and fringe benefits expense was a result of the downsizing efforts. The impact was minimal due to the severance costs of \$71,749 recorded. Without the downsizing efforts implemented, Grand US would have incurred an additional expense of \$78,071 in the last five months of the year. At December 31, 2002, there were no severance payments outstanding.

Royalties:

Royalty expense increased by \$58,576 largely due to write-off of prepaid royalties related a non-performing license.

Bad Debt Expense:

A decrease in bad debt expense of \$112,653 was a result of a receivable write-off of \$104,534 in 2001 and a reduction in credit insurance premiums for 2002.

Depreciation and Amortization:

Depreciation and amortization decreased by \$26,671 in 2002 as a result of the declining balance method of depreciation and amortization used on most assets.

Foreign Exchange Loss:

The loss in 2002 decreased due to the strengthening of the Canadian dollar.

Interest Expense:

The increase of \$32,759 is due to the higher financing cost associated with Grand US' current lender as compared to 2001.

Interest Revenue:

Interest revenue decreased by \$31,052 in 2002 due to a reduction in the interest charges on a receivable to reflect reductions in the prime rate.

Income tax Expense (recovery):

Income tax expense for 2002 is the actual tax expense incurred by Grand US for 2002. The 2001 income tax recovery includes the reversal of an accrual of \$309,345 as a result of a successful resolution, in Grand US' favor, of a tax case and offset by the write-off of \$185,411 due to recurring losses in the US companies and a refund of \$13,713 of taxes, overpaid in a prior year.

Gain on Discontinued Operation:

On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary to Sababa Global Consumer Products, LLC. Sababa Toys, Inc. distributes proprietary products and develops product concepts to be sold to third

parties. In consideration for the purchase of the shares, Grand US received a note in the principal

Table of Contents

amount of \$1,065,716. Payments under the note are to be made quarterly until June 30, 2005 when the unpaid principal balance is due. Grand US recognized a gain on the sale of \$761,584, of which \$263,784 has been recorded in the Statement of Operations. The balance of the gain has been deferred and will be recorded in income on a proportionate basis as the proceeds from the note receivable are received.

Liquidity and Capital Resources

Grand US generally finances its operations through borrowings under its line of credit facility with Montcap Financial Inc., and by cash flow from operations. In the past, it has also supplemented those sources through the sales of equity securities.

Grand US has a line of credit to finance its inventory and accounts receivable for advances of up to \$2,700,000 (CA\$3,500,000). The receivable loan has a discount fee of 2.0% and the inventory loan bears interest at Canadian prime plus 7.5%. The agreement is for a period of one year and is renewed automatically, unless prior notice is given by either party.

The loan is secured by a first ranking movable hypothec in the principal amount of \$3,085,000 (CA\$4,000,000) on the universality of all present and future assets of Grand US and the assignment of insurance. There are no debt covenants or cross-default provisions.

Accounts receivable at March 31, 2004 were \$1,984,671 compared to \$1,598,907 at December 31, 2003. The sales were mainly to mass retailers. Inventory at March 31, 2004 increased to \$1,726,062 from \$1,682,298 at December 31, 2003.

Working capital increased from \$3,495,070 at December 31, 2003 to \$3,851,101 at March 31, 2004. Net cash used for operating activities was \$768,431 in 2004 compared to net cash used for operating activities of \$318,926 in 2003. Cash for additions to equipment and leasehold improvements was \$7,261 in 2004 compared to \$530 for 2003.

Grand US accounts receivable level is subject to significant seasonal variations due to the seasonality of sales. As a result, Grand US working capital requirements are greatest during its third and fourth quarters. In addition, to the extent accounts receivable, inventories, guarantees and advance payments increase as a result of growth of Grand US business, Grand US could require additional working capital to fund its operations.

If the funds available to Grand US from current cash and cash equivalents are not sufficient to meet Grand US cash needs, Grand US may from time to time seek to raise capital from additional sources, including project-specific financing, additional public or private debt or equity financing.

Based on 2004 forecasts, the current credit facility appears to be sufficient to meet Grand US financial needs.

Grand US believes that in order to achieve its long-term expansion objectives and to enhance its competitive position in the U.S. market, it will need additional financial resources over the next several years. The precise amount and timing of Grand US future financing needs cannot be determined at this time and will depend upon a number of factors, including the demand for its products and the management of its working capital. Grand US may not be able to obtain additional financing on acceptable terms or at all. If Grand US is unable to obtain sufficient capital, it could be required to curtail its expansion.

Effects Of Inflation

Grand US does not believe that inflation has had a significant impact on its financial position or results of operations in the past three years.

Contractual Obligations

Grand US has entered into long-term leases with minimum annual rental payments approximately as follows:

The amounts of the operating lease obligations at march 31, 2004 reflect the lease for the premises and the office equipment.

Contractual Obligations	Less than 1 year	1-3 years	3-5 years	More than 5 years
Operating lease obligations	\$252,000	\$1,042,000	\$584,000	\$

New Accounting Pronouncements

Grand US has determined that the new pronouncements effective in the year 2003 will not have a significant impact on the financial statements.

The FASB s issued are as follows :

FAS No.148 *Accounting for Stock Based Compensation* . This provides alternative methods of transition for a voluntary change to fair value based method of accounting for stock based employee compensation and the effect of the method used on reported results. The standard also improves the prominence and clarity of the pro forma disclosures required by FAS No.123 by prescribing a specific tabular format and by requiring disclosure in the Summary of Significant Accounting Policies. In addition it improves the timeliness of those disclosures by requiring them in our quarterly reports.

Grand US has voluntarily changed to the fair value based method of accounting and the improved disclosure was adopted in Grand US 10-K 2003 and 10-Q March 2004. The impact of adopting the standard would be what is disclosed under FAS No.123 in the notes to Grand US Financial Statements.

FAS No.149 Amendment to FAS No.133 on Derivative Instruments and Hedging Activities .This standard amends FAS No.133 for a variety of issues. This is effective for any contracts entered into after June 30, 2003. To date FAS No.133 has not had an impact on Grand US as it does not hold derivatives and Grand US has not used hedge accounting.

Quantitative and Qualitative Disclosures About Market Risk

Grand US is exposed to certain market risks, which arise from transactions entered into in the normal course of business. Grand US primary exposures are changes in interest rates with respect to its debt and foreign currency exchange fluctuations. Grand US believes that its exposure is immaterial.

Interest Rate Risk

The interest payable on Grand US revolving lines-of-credit are variable based on the prime rate, and therefore, affected by changes in market interest rates. Grand US does not use derivative financial instruments.

Foreign Currency Risk

While Grand US product purchases are transacted in U.S. dollars, most transactions among the suppliers and subcontractors are effected in Hong Kong dollars. The exchange rate for the Hong Kong dollar is currently fixed against the U.S. dollar. If this changes in the future fluctuations in Hong Kong monetary rates may have an impact on Grand US cost of goods. Furthermore, appreciation of Chinese currency values relative to the Hong Kong dollar could increase the cost to Grand US of the products manufactured in the People's Republic of China, and thereby have a negative impact on Grand US. Since the majority of Grand US sales are in Canadian dollars, Grand US is at risk with regards to the conversion of Canadian dollars to U.S. dollars to pay its suppliers. Therefore, fluctuations in the conversion rate may have an impact on Grand US. Grand US may use derivative financial instruments solely to hedge the effects of such currency fluctuations.

PLAYWELL INTERNATIONAL LIMITED

Business of Playwell International Limited

Overview

Playwell is an international designer and supplier of plastic and wooden toys in the infant, preschool and activity toy categories, with distribution capabilities in key markets worldwide. It also supervises outsourced manufacturing of toy products of its own design for sale under the Playwell brand or designed by its customers for sale under those customer's own brand names. Playwell's operations are conducted through four subsidiaries: Hong Kong Toy Centre Limited, which develops products for sale under the Playwell brand and manages the outsourcing of toy manufacturing; Gatelink Mould Engineering Limited, a manufacturer of moulds; Great Wall Alliance Limited, the holder of Playwell's trademarks; and Asian World Enterprises Co., Limited, the holder of licenses from various entertainment companies, including certain licenses for Walt Disney Company and Crayola branded products. Playwell believes that the combination of its international distribution network, stable relationships with licensors of proprietary toy concepts, its financial resources and cost-management skills have contributed to its growth from a company with total revenue of approximately HK \$22.6 million (US \$2.9 million) and an operating loss of approximately HK \$6.2 million (US \$0.8 million) when the assets and businesses of Playwell were purchased in May of 2000, to a company with total revenue of approximately HK \$306.6 million (US \$39.4 million) and an operating profit of approximately HK \$28.2 million (US \$3.6 million) for the 2003 fiscal year. Certain translations of Hong Kong dollar amounts into U.S. dollar amounts at the rate of HK \$7.79 to U.S.\$1.00 have been done solely for your convenience. This does not mean that the results have been converted or could have been converted at that rate.

History and Corporate Organization

Playwell International Limited, or Playwell, is a Hong Kong limited company, founded in 2000 by Mr. Jeff Hsieh through a series of asset leases and stock acquisitions from Hong Kong Toy Centre Holdings Limited. Hong Kong Toy Centre Holdings Limited, or HKTC, is a Bermuda corporation with limited liability and at that time listed on the Stock Exchange of Hong Kong Limited. At that time, HKTC had two main operating subsidiaries—Playwell Industry Limited, or PIL, a Hong Kong limited company, which owned and operated certain toy manufacturing factories in China, and Hong Kong Toy Centre Limited, a Hong Kong limited company, which operated the trading side of the toy business. Hong Kong Toy Centre Limited was formed in 1969 and has been active in the toy business for over 30 years. The asset leases and stock acquisitions used to acquire control of the two operating subsidiaries of HKTC were accomplished through three subsidiaries of Playwell established especially for that purpose.

On May 27, 2000, Mr. Hsieh, through Asian World Enterprises Co., Ltd., leased all of the assets of Hong Kong Toy Centre Limited and through Gatelink Industries Ltd. leased all of the assets of PIL. A third company, Great Wall Alliance Ltd., was formed on April 3, 2000 as a subsidiary of Hong Kong Toy Centre Limited to hold the Playwell registered trademarks. The assets of Hong Kong Toy Centre Limited included a long-standing international sales network which has been built up over the years by Hong Kong Toy Centre Limited. These leasing transactions allowed Playwell to assume the businesses of the operating subsidiaries of HKTC from May 2000 to August 2001.

On August 3, 2001, Mr. Hsieh purchased all of the shares of both Hong Kong Toy Centre Limited and PIL from HKTC through Playwell. Once these acquisitions were closed, the asset leases were canceled and Hong Kong Toy Centre Ltd. and PIL resumed their businesses carried on prior to May of 2000. In this reorganization merger, certain mould manufacturing assets were transferred to Gatelink Industries Ltd. from PIL. Furthermore, the shares of Great Wall Alliance Ltd. were also sold to Playwell. After this reorganization merger, Hong Kong Toy Centre Limited again became the toy product trading arm of Playwell, PIL became the manufacturing arm of Playwell, Asian World Enterprises Co., Limited became the holder of third party licenses for the manufacture and trading of toys of Playwell,

Gatelink Industries Ltd. changed its name to Gatelink Mould Engineering Ltd. and became a stand-alone mould manufacturer supplying moulds to Hong Kong Toy Centre Limited and other related and unrelated entities. Finally, Great Wall Alliance Ltd. holds the Playwell registered trademarks for Playwell as its subsidiary. In May of 2003, Playwell transferred the shares of PIL to its parent company, Centralink, in preparation for this transaction. At March 31, 2004, Mr. Hsieh controls all of the outstanding capital stock of Playwell. Below is a graphic representation of the structure of Playwell as of December 31, 2003:

Products, Markets & Marketing Channels

Playwell toy products could be separated into two large categories – plastic toys and wooden toys. Playwell supplies several lines of plastic toys – toys for preschool children, water toys and toys for infants. Many of these plastic toys require sophisticated injection-mold production of specialty cartoon characters, such as Disney characters and Crayola characters. These character replicas come in various scales and are medium and high-feature products that must meet exacting standards. Many of these character replicas have complex designs, which require high-quality workmanship and decorative details. On the wooden products categories, Playwell supplies wooden toys, doll furniture, children’s furniture and rockers. Both plastic toys and wooden toys were products handled by Hong Kong Toy Centre Ltd. prior to its acquisition by Playwell. For the fiscal 2003, Playwell’s net revenues from its plastic toy categories was approximately HK\$67.7 million (US\$8.7 million) and its net revenues from its wooden toy categories was approximately HK\$30.3 million (US\$3.9 million).

Playwell’s products are sold in approximately 37 countries, with the United States accounting for over 12% of its net sales, the United Kingdom accounting for over 7% of its net sales and mainland China accounting for over 6% of its net sales in fiscal 2003. Playwell sells its products directly to over 30 active retailers in the U.S. and the U.K. and to approximately 6 distributors worldwide. Hong Kong Toy Centre Ltd. has 10 dedicated sales staff and it also has a long standing commission-based network of sales representatives in Europe and the U.S. Furthermore, it has access to the sales network of Toy Biz, which has 10 dedicated sales representatives in the United States. Toy Biz is also a subsidiary of Cornerstone, Playwell’s parent company.

Playwell also has access, through one of its sister subsidiaries, to established retail outlets in mainland China, including 95 self managed retail counters in established department stores, 50 consignment counters and over 150 active wholesale distribution customers. Playwell has access, through this sister subsidiary, to sales offices in Beijing, Shanghai, Nanjing, Guangzhou, Shengyang, Dalin, Hangzhou, Wuhan, Chongqing and Chengdu, major cities in mainland China. Hong Kong Toy Centre Ltd. also has long standing relationships with various large retail distributors like Target and Wal-Mart in the U.S. and Woolworth’s and Argos in Europe through which it sells its products. In fiscal 2003, the largest customer of Playwell, Toy Biz, accounted for 55% of its net revenues. All sales to third party distributors and retail customers are final upon transfer of title.

Playwell’s top five customers in fiscal 2003 were as follows:

Table of Contents

Customer	2003 Percentage of Net Revenues
Toy Biz Worldwide Ltd.	55%
Dongguan Bailiwei Plaything Co Ltd.	6%
Sandas S.A. (Vert Baudet)	4%
Lash Tamaron Distributors	3%
G.U.S. Trading Limited	
Argos	2%

Generally, once a Playwell toy product is developed, either through cooperation with an entertainment concept licensor or through internal design and development, and the decision is made to launch the product, a sample mould of this product is commissioned and produced by Gatelink Mould Engineering Ltd. The sample is then shown at the various toy fairs around the world and through Playwell's sales network. Playwell generally receives indications of interest for its toy products through these channels and after confirming the cost structure of their production, will start accepting purchase orders from customers. Until purchase orders are formally accepted, the indications of interest may be cancelled at any time. Accordingly, Playwell generally operates without a significant backlog of regular orders. The time required for the process of showing various new toy concepts or models through Playwell's distribution channels and various toy fairs and taking it through to actual production on average is approximately 3 months.

In certain instances, where retailers are unable to sell the quantity of products which have been ordered from Playwell, Playwell may, in accordance with industry practice, assist retailers to enable them to sell such excess inventory by offering discounts or accepting returns. A portion of firm orders, by their terms, may be canceled if the shipment is not made by a certain date. Playwell attempts to minimize the related costs of such discounts and returns by engaging personnel to visit selected customers and assist in the management of its product returns. Playwell establishes sales reserves at the time of sale based on historical experience of discounts and returns on related products. The return of non-defective product occurs infrequently in the U.S. In the U.K. market, accepting non-defective product is regular industry practice and Playwell establishes its return provisions on such sales based on experience. All reserves are reviewed regularly to ensure that they are adequate.

Competitive Strengths

Playwell believes that its main competitive strengths include:

its international distribution network;

its vertical integration of capabilities throughout the toy production cycle;

its executives' extensive experience in the toy industry and familiarity with the United States and European markets;

its focus on client service and competitive pricing;

its stable relationships with licensors of proprietary names, characters and other toy industry intellectual properties;

its financial resources and its demonstrated cost-management abilities;

its diversified core product base; and

its flexibility in adapting to the fast changing and trend based toy industry.

Playwell's Business Strategy

Playwell's goal is to be the leading seller of high-quality toy products for children ranging from infants to pre-teens. Playwell's strategy calls for increasing cooperation with proprietary toy concept licensors, diversifying its product range, continuous strengthening of its marketing network and relationships with its multi-national customers, expanding its distribution channels and increasing and diversifying of its customer base. To achieve these goals, Playwell has been focusing on the following:

Develop additional Co-operative Relationships with Toy Industry Licensing Houses

Playwell is aggressively seeking to enter into more development and licensing relationships with top toy industry licensing houses. In the past, Playwell has licensed the toy concept, developed the toy with the approval of the licensor and sold the product through Playwell's distribution channels. Playwell is currently focusing on partnering with toy licensing houses to not only license toy concepts, but provide the research and development function for these licensing houses to generate novel toy products that could be sold through both Playwell's marketing channels and through various marketing channels connected to these toy industry licensing houses.

Diversify product offerings

Playwell intends to further diversify its product offerings to include other toy products that utilize Playwell's current competitive advantages and production expertise. Playwell has long standing relationships with most major entertainment licensing houses and has good relationships with over 100 independent invention houses which supply it with product concepts and ideas, as well as technologies under licenses. Due to the relatively short product life cycle in the toy industry and the fact that it is very trendy and fashion driven, Playwell has traditionally employed, and plans to continue employing a diversified but risk calculated investment in the latest fashionable toy concepts. Furthermore, certain product lines in the toy industry are also very seasonal and new product lines are expected to help decrease seasonality in Playwell's operating results. By diversifying into product lines in which the demand timing varies from that of Playwell's traditional product lines, the utilization of Playwell's resources can improve, thereby improving profitability.

Playwell is currently focusing on increasing its cooperation with the entertainment licensing houses to increase its product offerings. It is also entering into the market for collectible figures. For example, Playwell recently entered into an oral understanding for an exclusive license to produce and sell collectible figurines for three soccer teams on the UEFA Champions League—Manchester United, Juventus and Real Madrid. Playwell expects to execute an exclusive license agreement in the near future. Finally, Playwell plans to further diversify its product portfolio and enter the pre-teen toy market.

Strengthen Marketing Network

Playwell will continue to strengthen its ties to its major customers in the U.S. and Europe. It will also maintain and expand on its commission based sales network in both of these regions. Furthermore, Playwell plans to increase its presence at the various toy shows around the world. Playwell's representatives attended multiple toy shows or exhibits in fiscal 2003. Finally, Playwell plans to increase its focus on partnering with various entertainment licensing houses whereby it actually has access to the marketing network of such houses.

Develop and Diversify Customer Base

Currently, Playwell is serving primarily as a producer and trader of toys. Playwell seeks to become partners with various entertainment licensing houses like Disney and major retailers like Wal-Mart so that it not only produces the

toys, but would provide services throughout the life-cycle of the toy. It will engage in the research and development of the toy product with the partner, provide the production capability and market such product both through Playwell's own marketing network and the licensee and distributor network of its partners. Playwell believes that its familiarity with the U.S. and European markets, its broad marketing network, its research and development capabilities both in Hong Kong and the U.S., its ability for sophisticated injection-mold

Table of Contents

production and its concentration on high safety standard at competitive prices would allow it to become more of a partner to its customers and diversify its customer base.

Product Development

At the end of 2003, Playwell's development department had 10 staff members worldwide. It also works with over 100 independent invention houses who supply it with a constant stream of new product concepts and ideas. Furthermore, due to Playwell's prompt commitment process, financial resources and its executive officers' strong ties with various licensing houses in the toy industry, it has historically competed with major toy manufacturers and distributors like Mattel, Hasbro, Jakks, Racing Champs and Lego in licensing novel toy properties.

Generally, Playwell's development department will design new toys using the various toy concepts that Playwell licenses. Once the initial design is completed, the development department will work with Playwell's engineering department to test the feasibility of the new development. The new development is then put through a cost analysis to determine the actual cost of its mass production and the development department will hand produce a model of this new toy. All the data generated and produced in this process is then analyzed by Playwell's management to decide whether the new toy will be launched. If it is to be launched, Playwell will generally commission Gatelink Mould Engineering Ltd. to manufacture a sample model, after which it could be shown at the various toy fairs around the world and through Playwell's sales network to solicit orders. In fiscal 2001, Playwell's research and development expenditure was immaterial. In fiscal 2002, Playwell spent approximately HK\$8.8 million (US\$1.1 million) for product development costs, largely attributable to development of the Spiderman & Friends line. The research and development expenditure in 2003 was immaterial. Playwell's research and development is heavily oriented toward market demand. Based on its ongoing contact with consumers, retailers and distributors worldwide, Playwell's sales and marketing departments seek to understand and assist the product development personnel in responding to consumer and retailer preferences. The sales department also targets certain retail price points for new products which drive Playwell's product development, with designs, features, materials, manufacturing and distribution all developed within the parameters of the target retail price.

Playwell has traditionally introduced new products to refresh and extend its product line each year. Traditionally, new product introductions are concentrated in the second and third quarters of the year in anticipation of the holiday shopping season at the end of the year. It is possible that Playwell will determine not to proceed with any given product or that one or more aspects necessary for introduction of the products in the future will be delayed, which could delay or prevent certain anticipated product introductions.

Intellectual Property

Playwell owns the registered Playwell trademark. It will continue to apply for intellectual property registrations on new products as it deems necessary. Playwell anticipates that trademarks, copyrights and other intellectual property rights will become increasingly important in the infant and pre-school toy industry in which it operates and the pre-teen toy market that it expects to enter, particularly since it expects to introduce a wider range of products. The Playwell trademark is registered in the main territories in which Playwell operates or distributes its products. Playwell's key employees have also entered into agreements to protect Playwell's intellectual property.

Playwell also relies heavily on licensed intellectual property relating to the name, logo, toy concepts and/or license of a character, person, company or brand in the creation of its products. During fiscal 2003, Playwell paid approximately HK\$1.3 million (US\$166,000) in royalty fees for these licenses to approximately 3 vendors. Among the licensors were the Walt Disney Company, Binny & Smith LLC (owner of the Crayola brand) and Marathon International (owner of the Totally Spies brand from its animated TV series). Playwell intends to continue incorporating these licenses into its future product lines and will pursue new licenses in instances where management

feels it will enhance the value and marketability of a particular product.

Competition

The infant and pre-school toy business is highly competitive. The infant and pre-school toy business is not dominated by any major toy producers. However, there are many smaller competitors that are active in the market, quite a few of which have manufacturing facilities in China. The barriers for new producers to enter the infant and

Table of Contents

pre-school toy business and markets are relatively low. Playwell does have brand protection in its proprietary trademarks and the production of its various products are generally pursuant to licensed intellectual properties, but Playwell does not characterize its business as proprietary. Accordingly, additional participants may enter the market at any time. Playwell competes for consumer purchases on the basis of price, quality and toy features and for retail shelf space also on the basis of service, including reliability of delivery, and breadth of product line. Some competitors offer products at lower prices than Playwell, are better established in the toy industry and are larger than Playwell. As Playwell enters other infant, pre-school and pre-teen toy related markets and businesses, it expects to face continued strong competition.

Manufacturing And Materials

Historically, Playwell manufactures a majority of its plastic products in a factory in Zhengmutou, Dongguan operated by a Cornerstone subsidiary, PIL, and its wooden products in certain factories in Zhejiang, operated by Zhejiang Playwell Toy Co., Ltd., a sister company, Gatelink Mould Engineering Ltd. and certain of their sister subsidiaries owned by Centralink. These factories have the capacity to produce approximately HK\$482 million (US\$62 million) worth of toy products annually. Playwell expects to source most of its toy products through these factories. PIL has a processing license with the local government in Zhengmutou, Dongguan, where the factory is located and has all necessary permits to export the toy products.

Even though PIL or Centralink own these factories, in practice, Playwell may play a part in operating these factories, including hiring, paying and terminating workers. Most of the workers at these factories are hourly employees and are provided room and board in addition to their wages. Playwell may be required to bear certain other costs of operating these factories, including utilities and certain employee social welfare charges established by the local government. Many aspects of the operation of these factories are dependent on Playwell's and Centralink's relationship with the local government and existing trade practices. Playwell believes that its relationship and Centralink's relationship with the local government are good.

Major components used in Playwell's products are wood and molded plastic parts. These are mostly commodity products that Playwell believes are readily available on the market. Playwell and Centralink have long standing relationships with vendors in Hong Kong, China and Taiwan that have historically supplied its factories. Playwell ensures that these suppliers and factories engage in quarterly stock checks to maintain and control inventory costs.

Product Liability

Playwell maintains product liability coverage for Playwell operations in the aggregate of approximately HK\$23.3 million (US\$3.0 million).

Properties And Employees

Playwell operates from a leased facility at Suite UG202, Floor UG2, Chinachem Golden Plaza, 77 Mody Road, Tsimshatsui East, Kowloon. This facility is approximately 16,500 square feet. As of December 31, 2003, Playwell has 7 departments with 30 employees (Production, Sales and Marketing, Research and Development, Finance, Operations, MIS, Human Resources and Administration). None of Playwell's employees are subject to a collective bargaining agreement and Playwell has never experienced a work stoppage. Playwell's management believes that its employee relations are satisfactory.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Playwell

Overview

It also supervises outsourced manufacturing of toy products of its own design for sale under the Playwell brand or designed by its customers for sale under those customer's own brand names. The registered office of Playwell International Limited is located at Room UG202, Floor UG2, Chinachem Golden Plaza, 77 Mody Road, Tsimshatsui East, Kowloon, Hong Kong.

Critical Accounting Policy

This Management's Discussion and Analysis of Financial Condition and Results of Operations discusses Playwell's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in Hong Kong, or HK GAAP, and reconciled with accounting principles generally accepted in the United States, or US GAAP. This reconciliation and a summary of the significant differences between the accounting principles under these two reporting systems are presented in Footnote 29 to Playwell's audited financial statement attached to this proxy statement/prospectus. After the consummation of the reorganization merger and the transactions contemplated by the subscription and exchange agreement, it is expected that Grand HK will report its financial results in U.S. Dollars and in accordance with US GAAP.

The preparation of these consolidated financial statements requires Playwell's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, Playwell's management evaluates its estimates and judgments, including those related to sales reserve for returns and discounts. Playwell's management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Playwell's management believes that its critical accounting policy on sales reserves for returns and discounts, among others, affect its more significant judgments and estimates used in the preparation of its consolidated financial statements. Playwell establishes sales reserves at the time of sale based on historical experience of discounts and returns on related products. The return of non-defective products occurs infrequently in the United States. In the United Kingdom market, accepting non-defective products is regular industry practice and Playwell establishes its return provisions on such sales based on experience.

Net Revenues:

Net revenues for the three months ended March 31, 2004 were HK\$51.7 million, compared to HK\$38.7 million for the three months ended March 31, 2003, an increase of HK\$13.0 million, or 33.6%. Net revenues increased primarily due to an increase in sale of OEM products related to the Spiderman-2 movie, which is scheduled to be released in June 2004.

Net Sales:

The product mix for goods sold by the Company for the three months ended March 31, 2004 and 2003 are as follows:

	2004	2003
	HK\$	HK\$
Playwell brand products	6,945	12,638
OEM products	39,789	23,973
Mould income and other related services	4,940	2,059

The Playwell brand products are divided into plastic and wooden toys. The Playwell plastic toy sales decreased 37.1% from approximately HK\$9.7 million in 2003 to HK\$6.1 million in 2004 primarily attributable to the fact that no new Playwell plastic toys were introduced during the period and an increase of product returns. The Playwell wooden toy sales decreased 69.0% from approximately HK\$2.9 million in 2003 to approximately HK\$0.9 million in 2004 due to decreased demand and an increase of product returns. The OEM product sales increased 66.0% from approximately HK\$24.0 million in 2003 to approximately HK\$39.8 million in 2004 due to the increase in demand of Toy Biz items, which represents approximately HK\$34.9 million, or 67.5% of the 2004 revenue. Mould income, which represents amounts charged to related parties for the design and development of tooling, increased approximately 140.0% from HK\$2.1 million in 2003 to HK\$4.9 million in 2004.

Cost of Sales:

Playwell's gross margin improved slightly from 23.8% in the quarter ended March 31, 2003 to 24.3% in the quarter ended March 31, 2004. The associated royalty expense for the 2004 period was approximately HK\$0.4 million and is included in the cost of sales for 2004. No royalty expense was incurred in the first quarter of 2003 due to the fact that no licensed products were being sold during that period.

Product development costs are also included in the cost of sales. In the quarter ended March 31, 2003, product development costs were approximately HK\$0.1 million. No product development cost was incurred in the quarter ended March 31, 2004.

Administrative Expenses:

Administrative expenses increased from approximately HK\$4.7 million in the quarter ended March 31, 2003 (12.2% of net revenues) to approximately HK\$5.4 million in the quarter ended March 31, 2004 (10.5% of net revenues). The increase from 2003 to 2004 is primarily related to the increase of office rental payments.

Selling and Distribution Expenses:

Selling and distribution expenses decreased from approximately HK\$0.6 million in the quarter ended March 31, 2003 (1.5% of net revenues) to HK\$0.5 million in the quarter ended March 31, 2004 (0.9% of net revenues) primarily attributable to a decrease in shipping and cargo expenses.

Finance Cost:

Finance costs decreased from approximately HK\$0.3 million in the quarter ended March 31, 2003 (0.7% of net revenues) to approximately HK\$0.1 million in the quarter ended March 31, 2004 (0.3% of net revenues). The decrease in finance costs from the first quarter of 2003 to the first quarter of 2004 is primarily due to the reduced use of bills transactions.

Income Taxes:

Income taxes consist of income tax and deferred tax as follows:

Playwell's net revenues for 2003 were HK\$306.6 million as compared to net revenues for 2002 of HK\$280.7 million. The increase in revenues from 2002 to 2003 was largely attributable to the introduction of Hulk Hands product in 2003.

The Playwell brand products are divided into plastic and wooden toys. Playwell's plastic toy sales decreased by 18.7% from HK\$83.2 million in 2002 to HK\$67.7 million in 2003. The decrease is largely attributable to a reduction in volume of units sold due to no significant new Playwell plastic toys being introduced in the 2002 and 2003 periods. Playwell's wooden toy sales decreased 46.6% from HK\$56.8 million in 2002 to HK\$30.3 million in 2003 due to decreased demand. OEM product sales increased significantly from HK\$31.7 million in 2002 to HK\$197.6 million in 2003 due primarily to the introduction of the Hulk Hands product in 2003, which represents approximately HK\$159.5 million, or 53% of the 2003 revenue. The 2002 period included revenue of approximately HK\$97.8 million for the Spiderman & Friends product line, which did not recur in 2003. There were no other materials sales in 2002 or 2003. Mould income, which represents amounts charged to related parties for the design and development of tooling, remained relatively consistent at HK\$9.8 million and HK\$10.9 million for 2002 and 2003, respectively.

Cost of Sales:

Playwell's gross margin decreased from 22.5% in 2002 to 15.8% in 2003, due primarily to the inclusion of the Spiderman & Friends products in 2002. The Spiderman & Friends licensed products

Table of Contents

represented approximately 35% of 2002 sales and had a high gross margin of approximately 50% without taking into account deduction of the associated royalty expense of HK\$13.4 million, which is included in the cost of sales for 2002. The sales volume of the Spiderman & Friends product line was favorably affected by the theatrical release of Spiderman in 2002, and the decrease in gross margin in 2003 was largely attributable to a change in product mix, primarily from the decreased sales of Spiderman & Friends products.

Royalty expense is included in the cost of sales. In 2002, Playwell's royalty expense was HK\$13.4 million, or 4.8% of net revenues, and was primarily related to the Spiderman & Friends products. In 2003, the royalty expense decreased by 87% to approximately HK\$1.8 million, or 0.5% of net revenues, and was related to sales of Walt Disney, Crayola and Totally Spies products.

Product development costs are also included in the cost of sales. In 2002, the product development cost was approximately HK\$8.8 million, or 3.2% of net revenues, and was largely attributable to development of the Spiderman & Friends product line. In 2003, product development costs were less than HK\$0.8 million, representing a decrease of 91%, which was due to a decrease in costs associated with the Spiderman & Friends product line.

Administrative Expenses:

Administrative expenses decreased from HK\$28.4 million in 2002 (10.1% of net revenues) to approximately HK\$20.4 million in 2003 (6.7% of net revenues). The decrease is largely attributable to a decrease in office rental payments resulting from the combining of office and showroom space and the effective implementation of a cost reduction strategy. In addition to the combination of the office and showroom premises in 2003, staff in the Engineering and Purchasing departments of Hong Kong Toy Centre Limited were transferred to a sister subsidiary of Playwell. With the implementation of an effective cost reduction strategy, other expenses, such as legal and professional fees, insurance and the operating expenses for the France office, decreased by approximately HK\$1.9 million from 2002 to 2003.

Selling and Distribution Expenses:

Selling and distribution expenses decreased from approximately HK\$12.7 million in 2002 (4.5% of net revenues) to HK\$7.0 million in 2003 (2.3% of net revenues). The decrease is largely attributable to a decrease in the commission paid during 2003 for the Playwell branded products. In addition, the associated shipment charges and cargo expenses for the sales of Hulk items in 2003 were borne by the customer; thus, reducing the operation cost for 2003 as compared with 2002.

Finance Costs:

Finance costs decreased from HK\$1.1 million in 2002 (0.4% of net revenues) to less than 0.1% of net revenues in 2003. The decrease from 2002 to 2003 is primarily due to the assignment of certain loans to a related company, as the original funds provided by such loans had been used to finance the working capital of that related company in 2001 and 2002.

These amounts are reported separately for US GAAP purposes when computing net earnings.

Comparison of the year ended December 31, 2002 to the year ended December 31, 2001**Net Revenues:**

Playwell's net revenues for 2002 were HK\$280.7 million as compared to net revenues for 2001 of HK\$302.5 million. The decrease in revenues from 2001 to 2002 was largely attributable to Other Material sales in 2001 that did not recur in 2002.

The Playwell brand products are divided into plastic and wooden toys. Playwell's plastic toy sales decreased by 19.5% from HK\$103.5 million in 2001 to HK\$83.2 million in 2002. The decrease is largely attributable to a reduction in volume of units sold due to no significant new Playwell plastic toys being introduced in 2002. Playwell's wooden toy sales increased 25.9% from HK\$45.1 million in 2001 to HK\$56.8 million in 2002 due to increased sales in the U.S. OEM product sales decreased 70.0% from HK\$107.5 million in 2001 to HK\$31.7 million in 2002, due primarily to the introduction of the Spiderman & Friends product line in 2002. Other material sales represented HK\$36.5 million in 2001 and did not recur in 2002. Mould income, which represents amounts charged to related parties for the design and development of tooling, remained relatively consistent at HK\$9.3 million and HK\$9.8 million for 2001 and 2002, respectively.

Cost of Sales:

Playwell's gross margin increased from 11.1% in 2001 to 22.5% in 2002, due primarily to the inclusion of the Spiderman & Friends products in 2002. The Spiderman & Friends licensed products represented approximately 35% of 2002 sales and had a high gross margin of approximately 50% without taking into account deduction of the associated royalty expense of HK\$13.4 million, which is included in the cost of sales for 2002. The sales volume of the Spiderman & Friends product line was favorably affected by the theatrical release of Spiderman in 2002.

There was no royalty expense incurred in 2001, and as noted above, Playwell's 2002 royalty expense was HK\$13.4 million, or 4.8% of net revenues, and was primarily related to the Spiderman & Friends products.

Playwell incurred no product development costs in 2001, but in 2002 incurred HK\$8.8 million in product development costs, or 3.2% of net revenues, which was largely attributable to development of the Spiderman & Friends product line.

Administrative Expenses:

Administrative expenses decreased from HK\$36.7 million in 2001 (12.1% of net revenues) to HK\$28.4 million in 2002 (10.1% of net revenues). The decrease is largely attributable to a decrease in provision for bad debt and the loss on disposal of fixed assets amounted to HK\$4.3 million and HK\$0.9 million in 2001 and 2002, respectively.

Selling and Distribution Expenses:

Selling and distribution expenses increased from approximately HK\$6.3 million in 2001 (2.1% of net revenues) to HK\$12.7 million in 2002 (4.5% of net revenues). The increase resulted primarily from an increase in the commission paid during 2002 for the Playwell branded products.

Finance Costs:

Finance costs decreased from HK\$1.4 million in 2001 (0.5% of net revenues) to HK\$1.1 million in 2002 (0.4% of net revenues). The decrease is primarily due to decreased borrowings during 2002.

Income Taxes:

Income taxes for 2001 and 2002 consist of income tax and deferred tax as set forth below:

Liquidity and Capital Resources

Playwell generally finances its operations through cash flow from operations and borrowings from a related party.

The Company generated cash from operations of HK\$3.7 million for the three month period ended March 31, 2004. During the three month period of 2004, the cash was used for normal business activities and no material amounts were used for capital expenditures. Playwell generated cash from operations of HK\$105.7 million in 2003 and HK\$57.8 million in 2002. The cash generated in 2003 was primarily advanced to a related party, with approximately HK\$3.5 million used for capital expenditures. The cash generated in 2002 was primarily used to repay a related-party loan from the prior year, while HK\$5.7 million was used for capital expenditures. Any interim cash needs are funded by a related party.

Playwell's cash and cash equivalents are maintained in Hong Kong dollars. As of March 31, 2004 and December 31, 2003, Playwell had bank balances and cash of HK\$18.5 million and HK\$14.9 million, respectively, on deposit in major, multinational, high credit quality, financial institutions.

There are no legal or economic restrictions on the ability of Playwell's subsidiaries to transfer funds to Playwell.

Playwell's level of borrowing, as of March 31, 2004 and December 31, 2003, is immaterial and it does not anticipate any significant borrowings in the future.

Accounts receivable at December 31, 2003 were HK\$6.8 million compared to HK\$14.7 million at December 31, 2002 due to fewer sales concentrated in the last few weeks of the year in 2003. Inventory remained at an immaterial level at December 31, 2003 of HK\$0.5 million vs. HK\$0.4 million at December 31, 2002.

Working capital is HK\$37.7 million at March 31, 2004, HK\$29.2 million at December 31, 2003 and a deficit of HK\$16.5 million at December 31, 2002.

At this time, Playwell believes that it has sufficient working capital to finance its future needs based on expected cash generated from future operations and continued financial support from its parent company. If the funds available to Playwell from current cash and cash equivalents are not sufficient to meet Playwell's cash needs, Playwell may from time to time seek to raise capital from additional sources, including project-specific financing or public or private debt or equity financing.

Effect of Inflation

Playwell does not believe that inflation has had a significant impact on its financial position or results of operations

in the past three years.

INFORMATION ABOUT THE SPECIAL MEETING AND VOTING

This proxy statement/prospectus is being furnished in connection with the solicitation of proxies from the holders of Grand US common stock by the Grand US board of directors relating to the reorganization merger, issuance of 10,000,000 Grand HK ADSs to Centralink and other matters to be voted upon at the special meeting and at any adjournment or postponement of the meeting. This proxy statement/prospectus is also a prospectus for the Grand HK ADSs to be issued pursuant to the reorganization merger.

Time and Place of the Special Meeting

The special meeting of shareholders will be held at [time], local time, on [Month day], 2004 at the offices of Katten Muchin Zavis Rosenman, 575 Madison Avenue, New York, New York 10022.

What will be Voted Upon

At the special meeting, you will be asked to consider and vote upon the following items:

- (1) To approve the agreement and plan of merger, substantially in the form attached to the accompanying proxy statement/prospectus as Annex A, between GTI Acquisition Corp., Grand Toys International, Inc., which is referred to as Grand US and Grand Toys International Limited, which is referred to as Grand HK. Under the agreement and plan of merger, Grand US will become the subsidiary of its Hong Kong subsidiary, Grand HK, by merging GTI Acquisition Corp., a wholly-owned subsidiary of Grand HK, into Grand US. In the reorganization merger, each share of common stock of Grand Toys International, Inc., will automatically convert into the right to receive one American depositary share, or ADS, evidenced by one American depositary receipt, or ADR, of Grand HK. These ADSs represent beneficial ownership of one ordinary share of Grand HK. Each outstanding option and warrant to purchase shares of Grand US will be converted into the right to acquire, upon exercise, the same number of Grand HK ADS.
- (2) To approve the issuance of 10,000,000 ADRs of Grand HK to Centralink Investments Limited in exchange for all the shares of Playwell International Limited and cash and other consideration in a total amount of \$11,000,000 pursuant to a subscription and exchange agreement by and among Grand US, Grand HK and Centralink.
- (3) To transact such other business as may properly come before the meeting or any adjournment or postponement thereof. Shareholders of record at the close of business on June 15, 2004 are entitled to vote at the meeting.

Only Grand US Shareholders of Record as of June 15, 2004 are Entitled to Vote

Grand US has only one class of shares outstanding. Only shareholders of record at the close of business on June 15, 2004, as shown in Grand US records, will be entitled to vote, or to grant proxies to vote, at the meeting. On the record date, there were 5,355,244 shares of Grand US common stock outstanding and entitled to vote at the special meeting.

Majority of Outstanding Shares Must be Represented for a Vote to be Taken

In order to have a quorum, a majority of the voting power of Grand US must be represented in person or by proxy at the special meeting. If a quorum is not present, a majority of shares that are represented may adjourn or postpone the special meeting.

Table of Contents

Vote Required for Approval

Approval of the agreement and plan of merger requires the affirmative vote of a majority of the voting power of Grand US outstanding as of the record date. The issuance of 10,000,000 Grand HK ADRs to Centralink requires the affirmative vote of a majority of the voting power present in person or represented by proxy, at the Special Meeting. For registered holders and holders for whom brokers hold their shares in street name, failure to submit a proxy or to vote will have the effect of a vote against the reorganization and the related Centralink transactions. In addition, for all shareholders abstentions will have the effect of a vote against the reorganization merger.

As of the record date, there were Grand US shares outstanding and entitled to vote. As of the record date, directors and executive officers of Grand US and their affiliates owned and had the right to vote, in the aggregate, approximately 2,032,822 Grand US shares, which represents 38% of the outstanding Grand US shares. These persons have informed Grand US that they intend to vote their shares in favor of the proposals to approve the agreement and plan of merger and issuance of 10,000,000 Grand HK ADSs to Centralink.

Voting Your Shares Registered in Your Name or Held in Street Name

The Grand US board of directors is soliciting proxies from the Grand US shareholders. This will give you the opportunity to vote at the special meeting. When you deliver a valid proxy, the shares represented by that proxy will be voted in accordance with your instructions. If you do not vote by proxy or attend the special meeting and vote in person, it will have the same effect as voting against the approval of the agreement and plan of merger or the subscription and exchange agreement.

If you hold your Grand US shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee when voting your shares. To be effective, a form of proxy must be received by us prior to the beginning of voting at the special meeting.

Changing Your Vote

If you are a registered holder, there are two ways in which you may revoke your proxy and change your vote:

First, you may complete and submit a new later-dated proxy. The latest dated proxy actually received by Grand US in accordance with the instructions for voting set forth in this proxy statement/prospectus prior to the special meeting will be the one that is counted, and all earlier proxies will be revoked.

Second, you may attend the special meeting and vote in person. Simply attending the meeting, however, will not revoke your proxy. You must vote in person at the meeting to revoke your proxy.

If your shares are held in street name and you have instructed a broker to vote your shares, you must follow the directions you receive from your broker to change or revoke your proxy with respect to those shares.

How Proxies are Counted

If shares are registered in your name and you return a signed and dated proxy card but do not indicate how the shares are to be voted, those shares represented by your proxy card will be voted as recommended by the Grand US board of directors. A valid proxy also gives the individuals named as proxies authority to vote in their discretion when voting the shares on any other matters that are properly presented for action at the special meeting. A properly executed proxy marked ABSTAIN will not be voted. However, it may be counted to determine whether there is a quorum present at the special meeting. Accordingly, since the affirmative vote of a majority of the voting power of

Grand US at the special meeting is required to approve the agreement and plan of merger, a proxy marked ABSTAIN will have the effect of a vote against the reorganization merger. The Nasdaq Marketplace Rules do not permit brokers and nominees to vote the shares that they hold beneficially either for or against the approval of the agreement and plan of merger or the share issuance without specific instructions from the person who beneficially owns those shares. Therefore, if your shares are held by a broker or other nominee and you do not give them

Table of Contents

instructions on how to vote your shares, this will have the same effect as a vote against the reorganization merger and the issuance of the Grand HK ADSs to Centralink.

Cost of Solicitation

Grand US will pay the cost of soliciting proxies. In addition to solicitation by mail, telephone, the Internet or other means, Grand US will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxy material to beneficial owners. Grand US will, upon request, reimburse these institutions for their reasonable expenses which we estimate to be \$15,000.

Shareholder Proposals

The board of directors of Grand US is not aware of any matters that are expected to come before the special meeting other than those referred to in this proxy statement/prospectus. If other matters should properly come before the meeting, the persons named in the proxy intend to vote the proxies in accordance with their best judgment.

Other Matters

We know of no other matters to be brought before the special meeting. If other matters should properly come before the special meeting, proxies will be voted on such matters in accordance with the best judgment of the persons appointed by the proxies.

Proposal 3 Grant of Authority to Adjourn or Postpone the Special Meeting

If there are not sufficient votes at the originally scheduled time of the Grand US special meeting to approve each proposal, the Grand US shareholders will be asked to vote on whether to grant to the Grand US board of directors the discretionary authority to adjourn or postpone the special meeting, in order to permit Grand US to solicit additional proxies for adoption and approval of the agreement and plan of merger and the subscription and exchange agreement, as well as for approval of each of the other proposals.

The grant to the Grand US board of directors of discretionary authority to adjourn or postpone the Grand US special meeting can only be approved by the affirmative vote of the majority of shares present in person or represented by proxy at the meeting. Broker non-votes are not treated as votes cast for this purpose and have no effect on the outcome of the vote. Accordingly, you are urged to return the enclosed proxy card marked to indicate your vote.

**PLAYWELL INTERNATIONAL LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIODS ENDED MARCH 31, 2004 AND 2003
(in HK\$)**

1 GENERAL

The financial statements of Playwell International Limited for the periods presented represent consolidated operations of the following four companies, all under common ownership:

Asian World Enterprises Co. Limited, a Belize company in the business of holding licenses
Gatelink Mould Engineering Limited, a Hong Kong company in the business of manufacturing moulds
Hong Kong Toy Centre Limited, a Hong Kong company in the business of trading of toys
Great Wall Alliance Limited, a British Virgin islands company in the business of holding trademarks

2 PRINCIPAL ACCOUNTING POLICIES

The consolidated financial statements have been prepared under the historical cost convention and in accordance with accounting principles generally accepted in Hong Kong. The principal accounting policies adopted are as follows:

The consolidated financial statements incorporate the financial statements of all companies listed above and all significant intercompany transactions and balances within the group have been eliminated in consolidation.

Negative goodwill is presented as a deduction from assets. To the extent that such negative goodwill is attributable to losses or expenses anticipated at the date of acquisition, it is released to income in the period in which those losses or expenses arise. The remaining negative goodwill is recognized as income on a straight-line basis over the remaining average useful life of the identifiable acquired depreciable assets. To the extent that such negative goodwill exceeds the aggregate fair value of the acquired identifiable non-monetary assets, it is recognized in income immediately.

Sales of goods are recognized when goods are delivered and title has passed. Reserves for sales returns and allowances are recorded at the time of shipment.

Cost of sales includes manufacturing costs of products sold, in-bound freight charges and direct costs associated with the delivery services, including salaries, benefits and overhead costs associated with employees providing the related services.

Shipping and handling costs are classified as distribution costs and presented separately on the consolidated statement of operations.

Advertising costs are expensed as incurred and classified together with distribution costs.

Property, plant and equipment are stated at cost less depreciation and accumulated impairment losses. Depreciation is provided to write-off the cost of the property, plant and equipment over the estimated useful lives (4 - 10 years depending on the type of asset) using the straight-line method.

Trademark is measured initially at cost and amortized on a straight-line basis over the estimated useful life.

At each balance sheet date, the group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the difference is expensed immediately as an impairment loss.

Inventories are stated at the lower of cost and net realizable value. Cost is calculated using the first-in, first-out method. Net realizable value represents the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Taxation represents the sum of the tax currently payable and deferred tax.

Transactions in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Gains and losses arising on exchange are included in the net profit or loss for the period.

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

INDEPENDENT AUDITORS REPORT

TO THE DIRECTORS OF PLAYWELL INTERNATIONAL LIMITED

(incorporated in Hong Kong with limited liability)

We have audited the accompanying consolidated balance sheets of Playwell International Limited and its subsidiaries as of December 31, 2002 and 2003, and the related consolidated statements of operations and consolidated cash flow statements for the period from May 12, 2000 to December 31, 2001 and years ended December 31, 2002 and 2003, all expressed in Hong Kong dollars. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Playwell International Limited and its subsidiaries as of December 31, 2002 and 2003 and the consolidated results of their operations and their cash flows for the period from May 12, 2000 to December 31, 2001 and years ended December 31, 2002 and 2003 in conformity with accounting principles generally accepted in Hong Kong.

As discussed in note 2 to the financial statements, as a result of a transaction between entities under common control in 2003, certain former subsidiaries are no longer consolidated and as such the Company has retroactively restated the 2001 and 2002 financial statements for the effect of this change in reporting entity.

Accounting principles generally accepted in Hong Kong vary in certain significant respects from accounting principles generally accepted in the United States of America. The application of the latter would have affected the determination of net income for the years ended December 31, 2002 and 2003, and the determination of shareholders equity and financial position as of December 31, 2002 and 2003, to the extent summarized in note 29.

On January 23, 2003, China World transferred 100 Shares to Centralink Investment Limited (Centralink) and Great Asian transferred its one Share to China World, which holds the Share on trust for Centralink.

The Company had not commenced business since incorporation until August 2001. On August 3, 2001, the Company entered into agreements with an independent third party to acquire the equity interest in Playwell Industry Limited (PIL), Hong Kong Toy Centre Limited (HKTC) and Great Wall Alliance Limited (Great Wall) (collectively referred to as the Acquiree Companies); and the right, interest, benefit and title in and to the shareholder loans made to the Acquiree Companies together with interest accrued thereon for total consideration of HK\$30,474,897. Of the total cost, HK\$8,425,822 is related to the acquisition of HKTC and Great Wall and the remaining balance was related to the acquisition of PIL. The Acquiree Companies are principally engaged in the manufacturing and trading of toys.

In addition, on August 13, 2001, PIL and the Company acquired equity interests of 99% and 1%, respectively, in Gatelink Mould Engineering Limited for consideration of HK\$2.

These transactions were accounted for as acquisitions and as such, the amounts assigned to the assets acquired and liabilities assumed were, with the exception of the trademark acquired, based on their respective estimated fair values on the date of acquisition.

Asian World Enterprises Co. Limited (Asian World) was incorporated on May 12, 2000. Two bearer shares of US\$1 each were issued and held by Mr. Hsieh Cheng. On August 11, 2001, the Company acquired 100% equity interest in Asian World at a consideration of US\$2. This transfer of interest was accounted for in a manner similar to a pooling of interest as a transaction between entities under common control and as such, all assets and liabilities received by the Company have been recognized at their carrying amounts in the financial statements of Asian World at the date of transfer. The consolidated statements of operations have been incorporated to include the results of Asian World from the date of incorporation May 12, 2000. No audited financial statements have been prepared for the period up to December 31, 2000. As permitted under accounting principles generally accepted in Hong Kong, the consolidated statement of operations for the period ended December 31, 2001 has covered a period of more than 12 months which is from May 12, 2000. For comparative purposes, the Company has set out in note 30 the unaudited consolidated statements of operations of the Company for the period ended December 31, 2000 and the 12 months ended December 31, 2001.

3. ADOPTION OF STATEMENT OF STANDARD ACCOUNTING PRACTICE

In the current year, the Group has adopted Statement of Standard Accounting Practice (SSAP) 12 (Revised) *Income Taxes* . The principal effect of the implementation of SSAP 12 (Revised) is in relation to deferred tax. Prior to the period/years ended December 31, 2001, 2002 and 2003, partial provision was made for deferred tax using the income statement liability method, i.e. a liability was recognized in respect of timing differences arising, except where those timing differences were not expected to reverse in the foreseeable future. SSAP 12 (Revised) requires the adoption of a balance sheet liability method, whereby deferred tax is recognized in respect of all temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, with limited exceptions. In the absence of any specific transitional requirements in SSAP 12 (Revised), the new accounting policy has been applied retrospectively. The adoption of this revised SSAP has had no material effect on the results for the current or prior accounting periods. Accordingly, no prior period adjustment has been required.

4. PRINCIPAL ACCOUNTING POLICIES

The consolidated financial statements have been prepared under the historical cost convention and in accordance with accounting principles generally accepted in Hong Kong. The principal accounting policies adopted are as follows:

Basis of preparation of consolidated financial statements

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to December 31 each year.

The results of subsidiaries acquired, other than those related to a group reconstruction, or disposed of during the period/year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate.

A group reconstruction, which is a business combination resulting from transactions among enterprises under common control, is accounted for by using merger accounting if merger relief is taken advantage of; the ultimate shareholders remain the same, and the rights of each such shareholder, relative to the others, are unchanged; and any minority interest in the net assets of the group is unaltered by the transfer. Acquisition accounting is used for all group reconstructions that are not accounted for by using merger accounting.

All significant intercompany transactions and balances within the Group have been eliminated on consolidation.

Negative goodwill

Negative goodwill represents the excess of the Group's interest in the fair value of the identifiable assets and liabilities of a subsidiary at the date of acquisition over the cost of acquisition.

Negative goodwill is presented as a deduction from assets. To the extent that such negative goodwill is attributable to losses or expenses anticipated at the date of acquisition, it is released to income in the period in which those losses or expenses arise. The remaining negative goodwill is recognized as income on a straight line basis over the remaining average useful life of the identifiable acquired depreciable assets. To the extent that such negative goodwill exceeds the aggregate fair value of the acquired identifiable non-monetary assets, it is recognized in income immediately.

Revenue recognition

Sales of goods are recognized when goods are delivered and title has passed. Reserves for sales returns and allowances are recorded at the time of shipment.

Interest income from bank deposits is accrued on a time basis by reference to the principal outstanding and at the interest rate applicable.

Commission income, which is earned from purchase orders generated on behalf of PIL, a related party, is recognized when services are rendered.

4. SIGNIFICANT ACCOUNTING POLICIES continued

Cost of Sales

Cost of sales includes manufacturing costs of products sold, in-bound freight charges and direct costs associated with the delivery services, including salaries, benefits and overhead costs associated with employees providing the related services.

Distribution Costs

The Group does not separately bill its customers for shipping and handling costs. Shipping and handling costs are classified as distribution costs and presented separately on the consolidated statement of operations.

Advertising Costs

Advertising costs are expensed as incurred and classified together with distribution costs. Advertising expense was HK\$100,000 and HK\$76,000 for the years ended December 31, 2003 and 2002, respectively and HK\$77,000 for the period ended December 31, 2001.

Property, plant and equipment

Property, plant and equipment are stated at cost less depreciation and accumulated impairment losses.

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives, using the straight line method, at the following rates per annum:

Leasehold improvement	Over the unexpired terms of the leases or ten years, whichever is the shorter
Plant and machinery	10%
Furniture, fixtures and equipment	10% - 33 1/3%
Motor vehicles	25%
Moulds and loose tools	10% - 25%

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the income statement.

Trademark

Trademark is measured initially at cost and amortized on a straight-line basis over their estimated useful lives.

Impairment

Table of Contents

PLAYWELL INTERNATIONAL LIMITED

At each balance sheet date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment losses are recognized as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income immediately.

Leased assets

Leases are classified as finance leases when the terms of the lease transfer substantially all the risks and rewards of ownership of the assets concerned to the Group. Assets held under finance leases are capitalised at their fair values at the date of acquisition. The corresponding liability to the lessor, net of interest charges, is included in the consolidated balance sheet as a finance lease obligation. Finance costs, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are charged to the consolidated income statement over the period of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

Table of Contents

PLAYWELL INTERNATIONAL LIMITED

4. SIGNIFICANT ACCOUNTING POLICIES continued

Operating leases

Rentals payable on properties under operating leases are charged to the consolidated income statement on the straight line basis over the relevant lease term.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises raw materials used for manufacturing of moulds and merchandise held for resale. Cost, is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Taxation

Taxation represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the period/year. Taxable profit differs from net profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other periods/years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognized if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are recognized for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to the consolidated income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Foreign currencies

Transactions in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Gains and losses arising on exchange are included in the net profit or loss for

the period.

Retirement benefit costs

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

29. SUMMARY OF SIGNIFICANT DIFFERENCES BETWEEN ACCOUNTING PRINCIPLES GENERALLY ACCEPTED IN HONG KONG (HK GAAP) AND GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN UNITED STATES (US GAAP) AND ADDITIONAL DISCLOSURES REQUIRED UNDER US GAAP

(a) Summary of Significant Differences Between HK GAAP and US GAAP

The Company's consolidated financial statements are prepared in accordance with HK GAAP which differ in certain significant respects from US GAAP. Differences which have a significant effect on the consolidated net profit/loss and shareholders' equity are set out below.

(i) Accounting for the spin-off of a subsidiary

Under HKGAAP, the disposal of interests in PIL and Toy Biz to the holding companies of the Company by way of transferring shares in these two companies at par value is considered as a transaction under common control and accounted for on a de-merger basis with restatement of the comparative financial statements by excluding the results, assets and liabilities of PIL and Toy Biz as if they had not been part of the consolidated group in prior periods. The cost of the initial investments in PIL and Toy Biz has been presented in the Consolidated Statement of Changes in Equity as a Special Reserve until 2003 when it was offset against payables to holding companies.

Under US GAAP, a company generally may not characterize the spin-off transaction as resulting in a change in the reporting entity and restate its historical financial statements. As the spin-off transactions of the Company do not meet the requirements of the Securities and Exchange Commission of the United States of America to be accounted for as a change in reporting entity, the Company will account for the spin-offs in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets . Under SFAS 144, assets which are to be distributed to owners in a spin-off, are disposed of when they are exchanged or distributed.

(ii) Goodwill

HK GAAP requires goodwill arising from an acquisition to be capitalized and amortized over its estimated useful life. Negative goodwill is presented as a deduction from positive goodwill and is released to income based on an analysis of the circumstances from which the balances of negative goodwill resulted. The negative goodwill of the Group is being released to income on a straight-line basis from the date of acquisition over the remaining weighted average useful life of the assets acquired. In addition, at each balance sheet date, the goodwill must be tested for impairment and any impairment loss should be taken to the income statement.

Under US GAAP effective from January 1, 2002, SFAS No. 142, Goodwill and Other Intangible Assets , requires that goodwill and other indefinite life assets acquired in a business combination no longer be amortized, instead, these assets must be tested for impairment at least annually. The excess fair value of net assets

PLAYWELL INTERNATIONAL LIMITED

acquired over the purchase price shall be allocated as a pro rata reduction of the amounts that otherwise would have been assigned to all of the acquired assets except financial assets other than investments accounted for by the equity method, assets to be disposed of by sale, deferred tax assets, prepaid assets relating to pension or other post retirement benefit plans, and any other current assets. If any excess remains after reducing to zero the amounts that otherwise would have been assigned to those assets, that remaining excess shall be recognized as an extraordinary gain.

29. SUMMARY OF SIGNIFICANT DIFFERENCES BETWEEN ACCOUNTING PRINCIPLES GENERALLY ACCEPTED IN HONG KONG (HK GAAP) AND GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN UNITED STATES (US GAAP) AND ADDITIONAL DISCLOSURES REQUIRED UNDER US GAAP
continued

(a) Summary of Significant Differences Between HK GAAP and US GAAP continued

(iii) Intangible asset

Under HK GAAP, in applying the purchase method of accounting, if the fair value of an intangible asset cannot be measured by reference to an active market, the amount recognized for that intangible asset at the date of the acquisition should be limited to an amount that does not create or increase negative goodwill that arises on the acquisition.

Under US GAAP, effective from January 1, 2002, in accordance with SFAS No. 141, *Business Combination*, an acquiring entity shall allocate the cost of an acquired entity to the assets acquired and liabilities assumed based on their estimated fair values at date of acquisition. Prior to that allocation, the acquiring entity shall (a) review the purchase consideration if other than cash to ensure that it has been valued in accordance with the requirements of the Standard and (b) identify all of the assets acquired and liabilities assumed, including intangible assets that meet the recognition criteria in the Standard, regardless of whether they had been recorded in the financial statements of the acquired entity.

(iv) Impairment of long-lived assets

HK GAAP requires that an enterprise assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the enterprise should estimate the recoverable amount of the asset. Impairment loss is the amount by which the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. A reversal of previous impairment provisions is allowed to the extent of the loss previously recognized as expense in the income statement.

Under US GAAP, in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, long-lived assets (except goodwill and other indefinite life assets) are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognized if the expected future cash flows (undiscounted) are less than the carrying amount of the assets. The impairment loss is measured based on the fair value of the asset (less disposal cost if to be disposed of).

(v) Accounting for transfers of bills of exchange

The Group enters into sale transactions with customers whereby the customer arranges for a line of credit with its banks. Under such arrangements, the Company is entitled to collect amounts owed directly from the customers' banks when the invoice becomes due. The Company, in certain circumstances, has arranged to transfer, with recourse on a revolving basis, certain of its bills receivable to its banks, which in turn pays a discounted amount to the Group and collects the

Table of Contents

PLAYWELL INTERNATIONAL LIMITED

amount owed from the customers' banks. Payment terms typically vary between 30 to 90 days.

Under HK GAAP, upon payment from its banks, the Group removes the related receivables from its balance sheet. Under US GAAP, such transfers would not qualify for sales treatment under SFAS No. 140,

Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities and therefore the related receivables and debt are included in the Consolidated Balance Sheets until the amounts are collected from the customers' banks.

(h) New pronouncements

- (i) In June 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities , which addresses accounting for restructuring and similar costs. SFAS No. 146 supersedes previous accounting guidance, principally Emerging Issues Task Force Issue (EITF) No. 94-3. The Company will adopt the provisions of SFAS No. 146 for restructuring activities initiated after December 31, 2002. SFAS No. 146 requires that the liability for costs associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of commitment to an exit plan. SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. Accordingly, SFAS No. 146 may affect the timing of recognizing future restructuring costs as well as the amounts recognized. The Company does not believe the adoption of such pronouncement will have a material impact on its results of operations or financial position.

- (ii) In November 2002, the FASB issued Interpretation (FIN) No. 45, Guarantor s Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (FIN 45). This interpretation requires certain disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The disclosure requirements of FIN 45 are effective for interim and annual periods after December 15, 2002 and the Company has opted those requirements for these financial statements. The initial recognition and initial measurement requirements of FIN 45 are effective prospectively for guarantees issued or modified after December 31, 2002. The Company does not believe the adoption of such interpretation will have a material impact on its results of operations or financial position.

- (iii) In January 2003, the FASB published FIN No. 46 Consolidation of Variable Interest Entities an interpretation of ARB No. 51 , which clarifies the application of the consolidation rules to certain variable interest entities which do not qualify as qualifying special purpose entities. FIN No. 46 applies immediately for variable interest entities created after January 31, 2003. By issuing FASB Staff Position (FSP) FIN 46-6 Effective Date of FASB s Interpretation No. 46, Consolidation of Variable Interest Entities , the FASB deferred the effective date for initial application of FIN No. 46 for Variable Interest Entities created before February 1, 2003 to December 31, 2003. In December 2003, the FASB issued FIN 46 (revised December 2003). According to FIN 46 (revised December 2003), the provisions of FIN 46 or FIN 46 (revised December 2003) shall be applied to all variable interest entities no later than the end of the first reporting period that ends after March 15, 2004. The US GAAP reconciliation is not affected by the FASB rules, since the Company holds no investment that is classified as a qualifying special purpose entity or a variable interest entity.

Notes to Unaudited Consolidated Financial Statements

Grand Toys International, Inc. (the Company), a Nasdaq SmallCap listed Company, is organized under the laws of the State of Nevada. Its principal business activity, through its wholly-owned Canadian and US operating subsidiaries, is the distribution of toys and related items.

1. Significant accounting policies:

(a) Principles of consolidation:

These consolidated financial statements, presented in US dollars and in accordance with accounting principles generally accepted in the United States, include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated.

(b) Revenue recognition:

Sales are recognized at the time of shipment of products. The Company estimates liabilities and records provisions for customer allowances as a reduction of revenue, when such revenue is recognized.

Net Sales include gross revenues and FOB commissions, net of allowances and discounts such as defectives, returns, volume rebates, cash discounts, customer fines, new store allowance, markdowns, freight and warehouse allowance.

(c) Cost of goods sold:

Cost of sales include cost of merchandise, duties, brokerage fees, inbound freight, packaging, product development and provision on slow-moving inventory.

(d) General and administrative costs:

General and administrative costs include advertising expense, royalties, rent, insurance costs, travel and entertainment, utilities, courier, repairs and maintenance, communications expense, office supplies, professional fees, dues and memberships, bank charges and property taxes expense.

Shipping and handling costs are included in general and administrative expense. For the period ended March 31, 2004, freight in was \$2,025 and freight out was \$16,567 for a net freight expense of \$14,542.

(e) Inventory:

Inventory is valued at the lower of cost, determined by the first in, first out method, and net realizable value. The only significant class of inventory is finished goods.

(f) Prepaid expenses:

Prepaid expenses primarily include insurance, advances on inventory purchases, current portion of royalties and real estate taxes. Insurance costs are written off over the term of the respective policies.

Prepaid royalties relate to licensing agreements for character properties. These contracts can extend for up to three years. Total expense for the three-month period ended March 31, 2004 was \$22,874 (2003 \$69,895) and is shown as royalty expense in the statements of operations.

Prepaid taxes are amortized on a straight-line basis over the period to which they relate. The amount expected to be recognized in the statement of operations in 2004 is \$86,937.

(g) Other assets:

Prepaid royalties are capitalized and amortized as earned in relation to product sales, over a period not to exceed the term of the related agreements. The amounts expected to be recognized in the statement of operations during the remainder of 2004 and the year 2005 are \$1,610 and \$12,700, respectively.

Product development costs for proprietary product lines are capitalized and written off over a period of twenty-four months, the estimated life of a new product. If a product is abandoned the related costs are written off immediately.

Notes to Unaudited Consolidated Financial Statement

1. Significant accounting policies (continued):

(h) Equipment and leasehold improvements:

Equipment and leasehold improvements are stated at cost less accumulated depreciation.

Depreciation methods and annual rates adopted by the Company are as follows:

<u>Asset</u>	<u>Method</u>	<u>Rate/period</u>
Computer equipment	Declining balance	30%
Machinery and equipment	Declining balance	20%
Furniture and fixtures	Declining balance	20%
Trucks and automobiles	Declining balance	30%
Telephone equipment	Declining balance	30%
Leasehold improvements	Straight-line	Term of lease plus one renewal term

(i) Incomes taxes:

The Company follows the asset and liability method of accounting for income taxes. Under the asset and liability method, the change in the net deferred tax asset or liability is included in the computation of net income. Deferred tax assets and liabilities are measured using enacted or substantively tax rates expected to apply to taxable income in the years in which temporary differences are expected to be recovered or settled. Deferred tax assets are evaluated and, if realization is not considered to be more likely than not, a valuation allowance is provided.

(j) Foreign currency translation:

i) Grand Toys Ltd., a wholly-owned Canadian subsidiary, uses the Canadian dollar as its functional currency. Financial statements of the self-sustaining foreign operation are translated into US dollars using the exchange rate prevailing at the balance sheet date for assets and liabilities and the average exchange rate for the year for revenues, expenses and cash flows. The resulting currency translation adjustments are accumulated and reported in other comprehensive income.

ii) Other monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate prevailing at the balance sheet date. Revenues and expenses denominated in foreign currencies are translated at the rate of exchange prevailing at the transaction dates. All exchange gains and losses are included in income.

(k) Guarantees:

In November 2002, the Financial Accounting Standards Board (FASB) Interpretation No.45, *Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness to Others*, was issued. 8. Stock options and warrants (continued)

The pro-forma amounts include compensation cost as calculated using the Black-Scholes option pricing model with the following assumptions:

	March 31, 2004	March 31, 2003
Weighted average expected life (years)	3.0	3.0
Risk-free interest rate	2.10%	1.98%
Volatility factor of expected market price of Company's common stock	119%	142%
Dividend rate	—	—
	March 31, 2004	March 31, 2003
Weighted average grant date fair value of options and warrants	\$ 2.14	\$ 1.47

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect their fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock options.

Compensation expense of \$424 and \$930 was recorded for the three-month periods ended March 31, 2004 and 2003, respectively, as a result of the application of variable accounting to modified awards.

9. Discontinued operations:

On June 14, 2002, the Company sold its investment in its wholly-owned subsidiary, Sababa Toys Inc. (Sababa), to the subsidiary's management for \$1,065,716. Consideration received by the Company was a promissory note secured by the shares of Sababa. The assets and liabilities of Sababa, together with the sales and expenses for the period to June 14, 2002 and the comparative figures for the year ended December 31, 2001, have been classified as discontinued operations.

The promissory note is being repaid using cash collected on accounts receivable and inventories, net of liabilities existing as at June 14, 2002, and 10% of net sales of inventories acquired after that date. Any balance owing will

be due on June 30, 2005.

The Company calculated the cost of its investment in Sababa using the equity method and recorded a gain on the sale of \$761,584 of which \$497,800 was deferred as at December 31, 2002. In 2003, the

14. Contingencies:

- (a) A lawsuit for alleged breach of contract has been filed against the Canadian subsidiary by a former sales representative. In the opinion of management, this action has no merit. At this point in time, it is difficult to ascertain or estimate the value of a settlement, if any.
- (b) On May 21, 2003, the Company was named in a lawsuit for alleged defective product causing personal injury and was acting as an agent for the vendor. A defense has been filed denying liability and the claim is covered by insurance. At this point in time, it is difficult to ascertain an estimate of the value of a settlement, if any.

- (c) The Company's Canadian subsidiary is contingently liable for an outstanding letter of credit of \$500,000 as at March 31, 2004. The short-term deposit has been pledged as collateral for this letter of credit.

17. Financial instruments:

(a) Fair values:

Fair value estimates are made as of a specific point in time, using available information about the financial instruments. These estimates are subjective in nature and often cannot be determined with precision.

(b) Credit risk and economic dependence:

Notes to Consolidated Financial Statements

Years ended December 31, 2003, 2002 and 2001

Grand Toys International, Inc. (the Company), a Nasdaq Small Cap listed company, is organized under the laws of the State of Nevada. Its principal business activity, through its wholly-owned Canadian and US operating subsidiaries, is the distribution of toys and related items.

1. Significant accounting policies:

(a) Principles of consolidation:

These consolidated financial statements, presented in US dollars and in accordance with accounting principles generally accepted in the United States, include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated.

(b) Revenue recognition:

Sales are recognized at the time of shipment of products. The Company estimates liabilities and records provisions for customer allowances as a reduction of revenue, when such revenue is recognized.

Net sales include gross revenues and FOB commissions, net of allowances and discounts such as defectives, returns, volume rebates, cash discounts, customer fines, new store allowance, markdowns, freight and warehouse allowance.

(c) Cost of Goods Sold

Cost of Sales include cost of merchandise, duties, brokerage fees, inbound freight, packaging, product development and provision on slow-moving inventory.

(d) General and Administrative Costs

General and administrative costs include advertising expense, royalties, rent, insurance costs, travel and entertainment, utilities, courier, repairs and maintenance, communications expense, office supplies, professional fees, dues and memberships, bank charges and property taxes expense.

Shipping and handling costs are included in general and administrative expense. For 2003, freight in was \$13,410 and freight out was \$52,951 for a net freight expense of \$39,541.

(e) Inventory:

Inventory is valued at the lower of cost, determined by the first in, first out method, and net realizable value. The only significant class of inventory is finished goods.

(f) Prepaid expenses:

Prepaid expenses primarily include insurance, advances on inventory purchases, current portion of royalties and real estate taxes. Insurance costs are written off over the term of the respective policies.

Prepaid royalties relate to licensing agreements for character properties. These contracts can extend up to three years. Total expense for the year ended December 31, 2003 is \$302,801 (2002 \$311,082; 2001 \$252,506) and is shown as royalty expense in the statements of operations.

Prepaid taxes are amortized on a straight-line basis over the period to which they relate. The amount expected to be recognized in the statement of operations in 2004 is \$4,279.

1. Significant accounting policies (continued):

(g) Other assets:

Prepaid royalties are capitalized and amortized as earned in relation to product sales, over a period not to exceed the term of the related agreements. The amounts expected to be recognized in the statement of operations for 2004 and 2005 are \$2,541 and \$12,281, respectively.

Product development costs for proprietary product lines are capitalized and written off over a period of twenty-four months, the estimated life of a new product. If a product is abandoned the related costs are written off immediately.

(h) Equipment and leasehold improvements:

Equipment and leasehold improvements are stated at cost less accumulated depreciation. Depreciation methods and annual rates/periods adopted by the Company are as follows:

<u>Asset</u>	<u>Method</u>	<u>Rate/period</u>
Computer equipment	Declining balance	30%
Machinery and equipment	Declining balance	20%
Furniture and fixtures	Declining balance	20%
Trucks and automobiles	Declining balance	30%
Telephone equipment	Declining balance	30%
Leasehold improvements	Straight-line	Term of lease plus one renewal term

(i) Incomes taxes:

The Company follows the asset and liability method of accounting for income taxes. Under the asset and liability method, the change in the net deferred tax asset or liability is included in the computation of net income. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which temporary differences are expected to be recovered or settled. Deferred tax assets are evaluated and, if realization is not considered to be more likely than not, a valuation allowance is provided.

1. Significant accounting policies (continued):

(j) Foreign currency translation:

- (i) Grand Toys Ltd., a wholly-owned Canadian subsidiary, uses the Canadian dollar as its functional currency. Financial statements of the self-sustaining foreign operation are translated into US dollars using the exchange rate prevailing at the balance sheet date for assets and liabilities and the average exchange rate for the year for revenues, expenses and cash flows. The resulting currency translation adjustments are accumulated and reported in other comprehensive income.
- (ii) Other monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate prevailing at the balance sheet date. Revenues and expenses denominated in foreign currencies are translated at the rate of exchange prevailing at the transaction dates. All exchange gains and losses are included in income.

(k) Guarantees:

In November 2002, FASB Interpretation No.45, Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness to Others, was issued. This Interpretation enhances the disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under guarantees issued. The Interpretation also clarifies that a guarantor is required to recognize, at inception of a guarantee, a liability for the fair value of the obligation undertaken. The initial recognition and measurement provisions of the Interpretation were applicable to guarantees issued or modified after December 31, 2002 and the disclosure requirements were effective for financial statements of interim or annual periods ending after December 15, 2002. The Company was not a party to any guarantees as at December 31, 2003 and 2002.

(l) Earnings per share:

- (i) Basic earnings per share are determined by dividing the weighted average number of common shares outstanding during the period into net earnings (loss).
- (ii) Diluted earnings per share gives effect to all potentially dilutive common shares that exist at the balance sheet date.

6. Bank indebtedness:

The Company has a line of credit to finance its inventory and accounts receivable for advances of up to \$2,700,000 (CA\$3,500,000). The receivable loan has a discount fee of 2.0% and the inventory loan bears interest at Canadian prime plus 7.5%. The agreement is for a period of one year and is renewed automatically, unless prior notice is given by either party.

The loan is secured by a first ranking movable hypothec in the principal amount of \$3,085,000 (CA\$4,000,000) on the universality of all present and future assets of the Company and the assignment of insurance. There are no debt covenants or cross-default provisions.

As at December 31, 2003, the Company had approximately \$1,120,000 (2002 - \$555,000) of credit available under this facility, subject to the availability of eligible inventory and accounts receivable.

7. Long-term debt and Series A cumulative redeemable preferred shares:

In connection with the acquisition by a subsidiary in 1999 of all the assets of Ark Foundation LLC, the Company issued 200,000 non-voting Series A convertible preferred shares having a stated value of \$5.00 per share or \$1,000,000 in total and an interest bearing promissory note of the subsidiary in the principal amount of \$1,500,000. The note was secured by the pledge of 93,750 shares of the Company's common stock. In 2000, the Company terminated the operations of the subsidiary after it was determined that it was not financially viable and recognized the permanent impairment in the value of goodwill and intangibles of \$2,253,516.

As a result of the cessation of the subsidiary's business, it ceased making the interest payments required under the note. Pursuant to the default by the subsidiary, the holder of the note caused the 93,750 pledged shares to be registered in its name in February 2001. As a result of these events, the Company eliminated the liability associated with the promissory note in June 2001, and recognized an amount of \$1,195,123 as a gain on forgiveness of long-term debt based on the difference between the principal amount of the promissory note and the value of the pledged shares.

The Series A shares rank senior to the common stock. The Series A shares have a cumulative preferred quarterly dividend of 5% per annum of the par value, payable in cash, contingent upon company declaration. The Series A shares were redeemable and convertible at determinable prices on determinable dates. If upon conversion, the market value of the common stock of the Company was less than \$5.00 per share, the Company was obligated to make up the difference between the market price on the conversion date and \$5.00 in cash.

9. Stock options and warrants (continued):

The pro-forma amounts include compensation cost as calculated using the Black-Scholes option pricing model with the following assumptions:

	<u>2003</u>	<u>2002</u>	<u>2001</u>
Weighted average expected life (years)	3.0	3.0	3.0
Risk-free interest rate	5.05%	5.63%	2.57%
Volatility factor of expected market price of Company's common stock	142%	149%	154%
Dividend rate	—	—	—
	<u>2003</u>	<u>2002</u>	<u>2001</u>
Weighted average grant date fair value of options and warrants	\$2.01	\$1.47	\$1.14

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect their fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock options.

For most options outstanding at the time of the reverse stock split, modifications were made to the exercise price and to the number of shares, such that the option holder's economic position was maintained. However, certain warrants issued by the Company were designed so that only their exercise price be modified in the case of stock splits or stock combinations. This modification resulted in additional compensation expense being recorded in the financial statements in the amount of \$37,340 in 2001. Modifications were also made in 2001 to reduce the exercise price of certain awards. Compensation expense of \$31,395 was recorded as a result of these changes.

Additional compensation expense (recovery) of \$9,563 and (\$9,919) was recorded in 2003 and 2002, respectively, as a result of the application of variable accounting to some of the modified awards.

Compensation was recorded in the 2001 financial statements in relation to options granted to a non-employee. Those options had a three-year vesting period and consequently, amounts of \$1,712, \$29,046 and \$88,266 were capitalized as part of prepaid royalties in 2003, 2002 and 2001, respectively and will be written off over the term of the related agreements.

In 2002, compensation expense in the amount of \$35,200 was recorded in relation to options granted to a non-employee.

11. Discontinued operations:

On June 14, 2002, the Company sold its investment in its wholly-owned subsidiary, Sababa Toys Inc. (Sababa), to the subsidiary s management for \$1,065,716. Consideration received by the Company was a promissory note secured by the shares of Sababa. The assets and liabilities of Sababa, together with the sales and expenses for the period to June 14, 2002 and the comparative figures for the year ended December 31, 2001, have been classified as discontinued operations.

The promissory note is being repaid using cash collected on accounts receivable and inventories, net of liabilities existing as at June 14, 2002, and 10% of net sales of inventories acquired after that date. Any balance owing will be due on June 30, 2005.

The Company calculated the cost of its investment in Sababa using the equity method and recorded a gain on the sale of \$761,584 of which \$497,800 was deferred as at December 31, 2002. In 2003, the conditions which existed at the date of sale which required the initial deferment of the gain were removed. As a result, the company recognized the balance of the gain in the statement of operations during the year.

The table below summarizes the periods in which the gain was recorded and cash applied against the note receivable:

The deposit made by Grand HK, pursuant to this Section 3.2(a) is hereinafter referred to as the Exchange Fund. The Exchange Agent shall cause the Exchange Fund to be (i) held for the benefit of the holders of Grand US Common Stock, Grand US Options and Grand US Warrants and (ii) applied promptly to making the exchange provided for in Section 3.1(a) and Section 3.1(e). Upon surrender to the Exchange Agent of a Nevada Certificate (or evidence of loss in lieu thereof) for cancellation together with such letter of transmittal, duly executed in accordance with the provisions of this Section 3.2(b), the holder of such Nevada Certificate shall be entitled to receive in exchange therefor the Merger Consideration that such holder is entitled to receive pursuant to this Article III, and the Nevada Certificate so surrendered shall forthwith be cancelled. In the event of a transfer of ownership of shares of Grand US Common Stock that is not registered in the transfer records of Grand US, the Merger Consideration may be issued to such a transferee if the Nevada Certificate formerly representing such shares of Grand US Common Stock is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer, and the person requesting such issuance pays any transfer or other taxes required by reason of the delivery of the Merger Consideration to a person other than the registered holder of such Nevada Certificate or establishes to the satisfaction of Grand HK and Grand US that such tax has been paid or is not applicable.

ARTICLE VI

COVENANTS OF CENTRALINK

6.01 Noncompetition by Centralink and its Affiliates. Centralink acknowledges that an important part of the benefits which Grand will receive in connection with the Transaction is the ability to carry on the Business of the Company and each Subsidiary of the Company free from competition from Centralink and its Affiliates, that an absence of such competition is an essential premise of the bargain between Centralink and Grand, and that Grand would be unwilling to enter into this Agreement in the absence of the promises contained in this Section 6.01. Accordingly, Centralink agrees that, for a period commencing on the Closing Date and ending on the second anniversary of the Closing Date, neither Centralink nor any of its Affiliates, will, directly or indirectly, alone or in association with any other Person (including by way of investment in or ownership of the securities of any Person), without the prior written consent of Grand, engage any place in the world in any business which develops, manufactures, promotes or distributes products that are competitive with those that are marketed by Grand, the Company or any Subsidiary of either the Company or Grand, or those products which are then under active development by Grand, the Company or any Subsidiary of either the Company or Grand; provided, however, that the foregoing prohibitions will not preclude Centralink or any of its Affiliates from continuing to engage in any business in which it is currently engaged or acquiring or from holding not more than 1% of any class of equity securities of any publicly-traded corporation engaged in a Competitive Business.

6.02 Non-Solicitation . For a period commencing on the Closing Date and ending on the second anniversary of the Closing Date, Centralink agrees that neither it nor any of its Affiliates will, directly or indirectly, for its, his or her own benefit or as agent for another, without the prior written consent of Grand, hire any Person who, as of the date hereof, is an officer, director or employee of Grand, the Company or any Subsidiary of Grand or the Company, or persuade or solicit any Person who, at the date of this Agreement, is an officer, director or employee of Grand or the Company, or any Subsidiary of either Grand or the

Company, to leave the employ of such company or to become employed by any Person other than Grand, the Company or any Subsidiary of either Grand or the Company or solicit or induce any customer or supplier from or to Grand or any Subsidiary of Grand to cease purchasing from or supplying products to Grand or any Subsidiary of Grand; provided, however, that, such covenants will not restrict Centralink or any of its Affiliates from (i) conducting a general solicitation of employment by means of newspaper, periodical or trade publication advertisements or similar methods of solicitations by search firms which are not specifically directed by Centralink and its Affiliates toward the officers, directors or employees described above (provided, that no any Person who, as of the date hereof, is such an officer, director or employee may be hired as a result of such general solicitation or otherwise without the prior consent of Grand); or (ii) soliciting the employment of or hiring individuals who have not been in the employ of Grand, the Company or any Subsidiary of either the Company or Grand within the twelve months preceding the time of such solicitation.

6.03 No-Shop. From the date of this Agreement until the earlier of the Closing Date or the date of termination of this Agreement pursuant to Section 11.01, neither Centralink nor any of its Affiliates, nor any of their respective Representatives, will, directly or indirectly (i) solicit, initiate or encourage the submission of inquiries, proposals or offers from any Person relating to the acquisition of the Company or any Subsidiary of the Company, or any equity interest in any of them, or the Business or assets of any of them or any part thereof (a Company Acquisition Proposal), (ii) enter into or participate in any discussions or negotiations regarding any Company Acquisition Proposal or (iii) otherwise cooperate with, or assist or participate in, facilitate or encourage, any effort or attempt by any Person to make a Company Acquisition Proposal or to effect a transaction inconsistent with the Transaction.

6.04 Books and Records. On the Closing Date, Centralink will cause all Books and Records belonging or relating to the Company or any Subsidiary of the Company to be in the possession of the Company or any Subsidiary of the Company, as may be appropriate, and Centralink will make such Books and Records available to the directors appointed to succeed any outgoing directors of the Company or any Subsidiary of the Company.

6.05 Confidentiality.

(a) From and after the Closing Date, Centralink will, and will cause its Affiliates and any of their respective Representatives to, hold in strict confidence all Confidential Information pertaining to the business, operations, assets, financial condition and prospects of Grand, the Company and the Subsidiaries of Grand and the Company and to refrain from using such Confidential Information to compete with (including, planning, marketing, product development or pricing), or in any other manner that is, directly or indirectly, detrimental to the interests of, Grand, the Company or any Subsidiary of either Grand or the Company. The immediately preceding sentence shall not be construed or applied to prevent Centralink, its Affiliates or their respective Representatives from disclosing to relevant Governmental Entities any and all information that is reasonably necessary in order to understand and evaluate the United States federal income tax treatment or structure of the Transaction.

(b) In the event that Centralink or any of its Affiliates should be required by Law to disclose any of such Confidential Information, Centralink will promptly notify Grand in writing

so that Grand may seek a protective Order to prevent the production or disclosure of such Confidential Information. If such Order or Action has been denied or dismissed, then Centralink or its Affiliate, as the case may be, may disclose only that portion of the Confidential Information: (i) which in the written opinion of Centralink's outside legal counsel is required by Law to be disclosed, provided, however, that Centralink will in such case use all commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information; or (ii) which Grand consents, in writing, to having disclosed. Neither Centralink nor any of its Affiliates will, nor will they not permit any of their Representatives to, oppose any motion for a protective Order brought by Grand or the Company. Centralink will continue to be bound by its obligations pursuant to this Section as to any Confidential Information the disclosure of which is not permitted under this Section or which is covered by a protective Order.

6.06 Injunctive Relief. Without intending to limit the remedies available to Grand, Centralink agrees that violation of any provision of Sections 6.01, 6.02, 6.03 or 6.05 by Centralink or any of its Affiliates would result in irreparable injury to Grand, that damages at law would be an inadequate remedy to Grand, and that Grand will be entitled to injunctive relief or other equitable remedies to enforce any of such provisions. If any of such provisions are held to be unenforceable because of the scope, term or areas of their applicability, then it is the intent and desire of the Parties that the court, arbitrator or other tribunal making such determination modify such scope, term or area or any of them to the extent necessary to render such Section enforceable under applicable Law and enforce such provisions in such modified form.

6.07 Reorganization of Gatelink.

(a) Prior to the Closing Date, the Company shall transfer to Centralink (or any designee that is not a Subsidiary of the Company) the entire issued share capital of Gatelink at a price of one Hong Kong dollar (HK \$1.00).

(b) Prior to the Closing Date, Centralink at its sole cost and expense shall cause HKTC to (i) acquire from Gatelink (at not more than fair market value) any and all plant, machinery or other tangible assets located outside the PRC that are owned by Gatelink, (ii) assume any relevant Contract rights or Liabilities as against or toward third Persons, which Liabilities shall be the sole liabilities of HKTC on the Closing Date and shall not include any Tax Liabilities or any other Liabilities relating to Gatelink's operations in the PRC, and (iii) enter into Contracts with Gatelink on terms and conditions that substantially preserve the current economic benefits to the Company of the operations of Gatelink.

6.08 Grand ADRs issuable to Chan. Centralink agrees that any shares issued or issuable to Chan pursuant to that certain agreement dated September 1, 2003 by and between Chan and HKTC shall be payable solely from the Grand ADRs to be issued to Centralink pursuant to this Agreement or otherwise acquired by Centralink.

6.09 Provision of Information. Centralink shall provide to the valuation firm referenced in Section 13.10 such factual information and will make such representations as such valuation firm and Grand's counsel shall reasonably require in order to satisfy the closing condition specified in Section 10.13.

7.02 No-Shop. From the date of this Agreement until the earlier of the Closing Date or the date of termination of this Agreement pursuant to Section 11.01, neither Grand nor any Affiliates of Grand, nor any of their respective Representatives, will, directly or indirectly (i) solicit, initiate or encourage the submission of inquiries, proposals or offers from any Person relating to the acquisition of Grand or any Subsidiary of Grand, or any equity interest in any of them, or the Business or assets of any of them or any part thereof (a Grand Acquisition Proposal), (ii) enter into or participate in any discussions or negotiations regarding any Grand Acquisition Proposal or (iii) otherwise cooperate with, or assist or participate in, facilitate or encourage, any effort or attempt by any Person to make a Grand Acquisition Proposal or to effect a transaction inconsistent with the Transaction; provided, however, that at any time prior to the date of the Grand Special Meeting, Grand may, in response to a Superior Proposal that was not solicited by it or any of its Affiliates or Representatives and that did not otherwise result from a breach of this Section 7.02, (i) furnish information with respect to Grand and the Subsidiaries of Grand to any Person making such Superior Proposal pursuant to a customary confidentiality agreement, and (ii) subject to the following sentence, participate in discussions or negotiations regarding such Superior Proposal. In response to a Superior Proposal which was not solicited by Grand and which did not otherwise result from a breach of this Section 7.02, Grand may, upon notice to Centralink, pursue discussions or negotiations with the Person making such Superior Proposal, in which event either Grand or Centralink may terminate this Agreement subject to the provisions of Section 11.02(b). For purposes of this Agreement, a Superior Proposal shall mean any proposal made by a third Person to acquire, directly or indirectly, more than fifty percent (50%) of the combined voting power of the shares of Grand US or at least 50% or more of the assets of Grand US if (i) the proposal is otherwise on terms which the Board of Directors of Grand US determines in its good faith judgment to be more favorable, taken as a whole, to Grand US's shareholders than the Transaction and (ii) the Board of Directors determines in good faith that participating in discussions or negotiations with respect to the Superior Proposal or withdrawing or modifying its recommendation with respect to the Transaction or termination of this Agreement is required for the Board of Directors of Grand US to comply with its fiduciary duties to Grand US and its shareholders under applicable law.

7.03 Grand Shareholders Meeting.

(a) In accordance with the provisions of Section 8.10, Grand US shall call and hold a special meeting of its shareholders (the Grand Special Meeting) for the purpose of voting upon the approval of the Transaction, including the Reincorporation Merger, pursuant to the Proxy Statement, as soon as practicable after the date on which the Registration Statement shall have become effective. Organizational Documents to effect the Transaction, including the Reincorporation Merger. Grand shall use all reasonable efforts to solicit from its shareholders proxies in favor of the approval and adoption of this Agreement and the Transaction, including the Reincorporation Merger, pursuant to the Proxy Statement and shall take all other action necessary or advisable to secure the vote or consent of shareholders required by applicable Law or the requirements of NASDAQ to obtain such approval, including any necessary adjournments in order to obtain the requisite number of proxies to approve the Transaction and the Reincorporation Merger.

(b) The Proxy Statement for the Grand Special Meeting shall include, with respect to Grand US and its shareholders, (i) the approval and adoption of the Transaction, including the Reincorporation Merger, and, subject to Section 7.02, the recommendation of the board of directors of Grand US to Grand US's shareholders that they vote in favor of approval of the Transaction, including the Reincorporation Merger, and (ii) the fairness opinion referred to in Section 10.13.

7.04 Confidentiality.

(a) From and after the Closing Date, Grand will, and will cause the Affiliates of Grand and any of their respective Representatives to, hold in strict confidence all Confidential Information pertaining to the business, operations, assets, financial condition and prospects of Centralink and its Affiliates and to refrain from using such Confidential Information in any manner that is, directly or indirectly, detrimental to the interests of, Centralink and its Affiliates. The immediately preceding sentence shall not be construed or applied to prevent Grand, its Affiliates and their respective Representatives from disclosing to relevant Governmental Entities any and all information that is reasonably necessary in order to understand and evaluate the federal income tax treatment or federal income tax structure of the Transaction.

(b) In the event that Grand or any of its Affiliates should be required by Law to disclose any of such Confidential Information, Grand will promptly notify Centralink in writing so that Centralink may seek a protective Order to prevent the production or disclosure of such Confidential Information. If such Order or Action has been denied or dismissed, then Grand or its Affiliate, as the case may be, may disclose only that portion of the Confidential Information (i) which in the written opinion of Grand's outside legal counsel is required by Law to be disclosed, provided, however, that Grand will in such case use all commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information; or (ii) which Centralink consents, in writing, to having disclosed. Neither Grand nor any of its Affiliates will, nor will they not permit any of their Representatives to, oppose any motion for a protective Order brought by Centralink or any of its Affiliates. Grand will continue to be bound by its obligations pursuant to this Section as to any Confidential Information the disclosure of which is not permitted under this Section or which is covered by a protective Order.

7.05 Injunctive Relief. Without intending to limit the remedies available to Centralink, Grand agrees that violation of any provision of Sections 7.02 or 7.04 by Grand or any of its Affiliates would result in irreparable injury to Centralink, that damages at law would be an inadequate remedy to Centralink, and that Centralink will be entitled to injunctive relief or other equitable remedies to enforce any of such provisions. If any of such provisions are held to be unenforceable because of the scope, term or areas of their applicability, then it is the intent and

7.06 Options and Warrants. (i) Promptly after receipt by an Indemnitee of notice of the commencement of any Action by a third party (a Third Party Claim) with respect to any matter for which indemnification is or may be owing pursuant to Section 12.02, the Indemnitee will give notice thereof to the Indemnitor; provided, however, that the failure of the Indemnitee to notify the Indemnitor will not relieve the Indemnitor of any of its obligations hereunder, except to the extent that the Indemnitor demonstrates that the defense of such Third Party Claim has been actually prejudiced by the Indemnitee's failure to give such notice.

(ii) If any Action referred to in Section 12.02(b) 2(b)(a) (i) is brought against an Indemnitee and it gives notice to the Indemnitor of the commencement of such Action, the Indemnitor will, unless the Action involves Taxes, be entitled to participate in such Action, and (unless (x) the Indemnitor is also a party to such Action and the Indemnitee determines in good faith that joint representation would be inappropriate upon the advice of outside counsel that a conflict of interest exists between the Indemnitee and the Indemnitor with respect to such Action, or (y) the Indemnitor fails to provide reasonable assurance to the Indemnitee of its financial capacity to defend such Action and provide indemnification with respect to such Action) may assume the defense of such Action with counsel satisfactory to the Indemnitee and, after notice from the Indemnitor to the Indemnitee of its election to assume the defense of such Action, the Indemnitor will not, as long as it diligently conducts such defense, be liable to the Indemnitee under this Article XII for any fees of other counsel with respect to the defense of such Action, in each case subsequently incurred by the Indemnitee in connection with the defense of such Action.

(iii) If the Indemnitor assumes the defense of an Action, (x) no compromise or settlement of the Third Party Claim or Action may be effected by the Indemnitor without the Indemnitee's consent unless (A) there is no finding or admission of any violation of Law or any violation of the rights of any Person and the compromise or settlement will have no effect on, or provide, grounds for the basis of, any other Third Party Claims that may be made against the Indemnitee, and (B) the sole relief provided is monetary damages that are paid in full by the Indemnitor; and (y) the Indemnitee will have no Liability with respect to any compromise or settlement of such Claims or Action effected without Indemnitee's consent. Notwithstanding the assumption by the Indemnitor of the defense of any Claim or Action as provided in this Section 12.02(b)(b)(a) (iii), the Indemnitee will be permitted to join in such defense and to employ counsel at its own expense. If notice pursuant to Section 12.02(b) (b)(a) (i) is given to an Indemnitee of the commencement of any Action and the Indemnitor does not, within ten (10) days after such Indemnitee's notice is given, give notice to the Indemnitee of its election to assume the defense of such Action, the Indemnitor will be bound by any determination made in such Action or any compromise or settlement effected by the Indemnitee.

(iv) Notwithstanding the foregoing, if the Indemnitee determines in good faith that there is a reasonable probability that an Action may adversely affect it or its Affiliates other than as a result of monetary Damages for which it would be entitled to indemnification under this Agreement, the Indemnitee may, by notice to the Indemnitor, assume the exclusive right to

defend, compromise or settle such Action, but the Indemnitor will not be bound by any determination of an Action so defended or any compromise or settlement effected without its consent, which may not be unreasonably withheld.

(v) Indemnitor and Indemnitee agree to provide each other with reasonable access during regular business hours to the properties, Books and Records and Representatives of the other, as reasonably necessary in connection with the preparation for an existing or anticipated Action involving a Third Party Claim and its obligations with respect thereto pursuant to this Article XII.

(b) Direct Claims. Any claim by an Indemnitee for indemnification not involving a Third Party Claim (a Direct Claim) may be asserted by giving the Indemnitor notice thereof. If the Indemnitor does not notify the Indemnitee within thirty (30) calendar days following its receipt of such notice that the Indemnitor disputes its Liability to the Indemnitee under Section 12.02, the claim specified by the Indemnitee in such notice will be conclusively deemed a Liability of the Indemnitor under Section 12.02 and the Indemnitor will pay the amount of such Liability to the Indemnitee on demand or, in the case of any notice in which the amount of the claim (or any portion thereof) is estimated, on such later date as the amount of such claim (or such portion thereof) becomes finally determined.

12.04 Payment. With respect to any Third Party Claim for which indemnification is payable hereunder, Indemnitor will pay Indemnitee promptly after (i) the entry of judgment against the Indemnitee and the expiration of any applicable appeal period; (ii) the entry of a non-appealable judgment or final appellate decision against the Indemnitee; or (iii) the execution of any settlement agreement with respect to such Third Party Claim.

12.05 Right to Indemnification Not Affected by Knowledge or Waiver.

(a) The right to indemnification, payment of Damages or other remedy based upon breach of representations, warranties, covenants, agreements or obligations will not be affected by any investigation conducted with respect to, or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the Closing Date, with respect to the accuracy or inaccuracy of or compliance with any such representation, warranty, covenant, agreement or obligation.

(b) The waiver of any condition based on the accuracy of any representation or warranty, or on the performance of or compliance with any covenant, agreement or obligation, will not affect the right to indemnification, payment of Damages or other remedy based on such representations, warranties, covenants, agreements and obligations.

12.06 Sole and Exclusive Remedy. Except as otherwise expressly provided herein, in the absence of fraud or intentional misrepresentation or intentional breach of warranty or covenant, indemnification pursuant to this Article XII will be the exclusive remedy of each Party against the others for the matters subject to indemnification set forth in this Article XII and will be in lieu of other remedies with respect thereto.

12.07 Limitations on Liability.

(a) No Person seeking to be indemnified hereunder will be entitled to any recovery from the proposed Indemnitor unless a claim for indemnification, specifying the factual basis of that claim in reasonable detail to the extent then known, is made on or before the expiration of time period for survival set forth in Section 12.01.

(b) Neither Party shall be liable to indemnify the other Party for Damages in excess of two million four hundred thousand United States dollars (US\$2,400,000) or the equivalent thereof in other currencies with respect to a Direct Claim based upon the circumstances described in clause (i) of Section 12.02. The foregoing limitation shall not apply to any claim for indemnification pursuant to either of clauses (ii) or (iii) of Section 12.02, with respect to any Third Party Claim or with respect to any Liability resulting from a breach of Sections 3.11(h) and Sections 3.11(k)-(m).

(c) (i) Grand HK shall have the right, at its option, to satisfy any Direct Claim subject to the limitation set forth in the first sentence of Section 12.07(b) by causing to be issued to Centralink that number of Grand ADRs which shall be equal, at the Market Price, to the amount of the Damages subject to indemnification.

(ii) Centralink shall have the right, at its option, to satisfy any Direct Claim subject to the limitation set forth in the first sentence of Section 12.07(b) by surrendering to Grand HK that number of Grand ADRs which shall be equal, at the Market Price, to the amount of the Damages subject to indemnification.

12.08 Indemnification Threshold. In the absence of fraud or intentional misrepresentation or intentional breach of warranty, the Liability of an Indemnitor with respect to any claim for indemnification under Section 12.02 shall not be payable unless and until the aggregate amount of Damages suffered or incurred by Indemnitee shall exceed one hundred fifty thousand United States dollars (US\$150,000) or the equivalent thereof in other currencies, in which event the said amount shall be deducted from the actual amount of the Damages so suffered or incurred.

INFORMATION NOT REQUIRED IN THE PROSPECTUS**

Item 20. Indemnification of Directors and Officers

Under the articles of association of Grand HK, every director, managing director, agent, auditor, secretary and other officer for the time being of Grand HK shall be indemnified out of Grand HK's assets against any liability incurred by him or her in relation to Grand HK in defending any proceedings, whether civil or criminal, in which judgment is given in his or her favor or in which he or she is acquitted or in connection with any application under section 358 of the Hong Kong Companies Ordinance in which relief is granted to him or her by a Hong Kong court. Section 358 (1) provides that if, in any proceeding for negligence, default, breach of duty, or breach of trust against any officer or auditor of a company, it appears to the court hearing the case that that person is or may be liable in respect of the negligence, default, breach of duty or breach of trust, but that he has acted honestly and reasonably, and that, having regard to all the circumstances of the case, including those connected with his appointment, he ought fairly to be excused for the negligence, default, breach of duty or breach of trust, that court may relieve him, either wholly or partly, from his liability on such terms as the court may think fit.

Section 165(1) of the Hong Kong Companies Ordinance states that any provision, whether contained in the articles of a company or in any contract with a company or otherwise, for exempting any officer or auditor of the company from, or indemnifying him against, any liability to the company or a related company (being a subsidiary or holding company of the company or a subsidiary of such holding company) that by virtue of any rule of law would otherwise attach to him in respect of any negligence, default, breach of duty or breach of trust of which he may be guilty in relation to the company or related company shall, subject to the matters referred to in the previous and following paragraphs, be void.

Section 165(3) of the Hong Kong Companies Ordinance permits a company to purchase and maintain for any officer or auditor of the company insurance against (a) any liability to the company, a related company or any other party in respect of any negligence, default, breach of duty or breach of trust (save for fraud) of which he may be guilty in relation to the company or a related company; and (b) any liability incurred by him in defending any proceedings, whether civil or criminal, taken against him for any negligence, default, breach of duty or breach of trust (including fraud) of which he may be guilty in relation to the company or a related company.

Notwithstanding the foregoing; any increase or decrease in volume of securities offered (if the total dollar value of securities offered (if the total value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b), if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) that, for purposes of determining any liability under the Securities Act, each such post effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) to remove from registration by means of a post effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) to file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering.
- (5) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
