THE FIRST AMERICAN CORPORATION
3,000,000 SHARES OF COMMON STOCK

We are offering up to 3,000,000 of our common shares, par value \$1 per share, for issuance from time to time as full or partial consideration for the acquisition of businesses, assets or securities of other business entities.

People who receive shares of our common stock in connection with an acquisition may be permitted by us to use this prospectus and a prospectus supplement to resell their shares. You should read the section titled "Selling Shareholders" to find out more information about resales, if any, including the amount of securities being resold.

The specific terms of each acquisition will be determined at or near the time of the acquisition by negotiations with the owners of the businesses, assets or securities to be acquired. Shares of our common stock issued hereunder will be valued at approximately the market value at the time the terms of the acquisition are tentatively or finally agreed to, when the acquisition is completed, or during a specific period of time before we deliver the shares.

We may be required to provide further information by means of a post-effective amendment to the registration statement of which this prospectus forms a part or a prospectus supplement once we know the actual information concerning a specific acquisition. We urge you to read this prospectus, any accompanying prospectus supplement and the information described under the heading "Documents Incorporated By Reference" before you make your investment decision.

We do not expect to receive any cash proceeds from the sale of our common shares pursuant to this prospectus, or to use an underwriter or pay underwriting discounts or commissions with respect to such shares.

to real property, and provides other related services. The specialty insurance segment provides home warranties, which protect homeowners against defects in home fixtures, and also offers property and casualty insurance. The trust and other services segment provides trust, banking and investment advisory services. The mortgage information segment primarily provides to mortgage lender customers flood zone determination reports that provide information on whether or not a property is in a special flood hazard area, the status of tax payments on real property securing loans, default services, and other mortgage information services. The property information segment supplies core real estate data, providing, among other things, property valuation information, title information, tax information and imaged title documents. The credit information segment provides conventional credit information as well as sub-prime credit information. The screening information segment, which comprises First Advantage Corporation, a Nasdaq-listed company, provides drug testing and other occupational health services, pre-employment screening, tenant screening, motor vehicle reports and consumer location services.

We operate through networks of offices nationwide. We provide our title services through both direct operations and agents throughout the United States. We also offer title services in Australia, the Bahama Islands, Canada, Guam, Hong Kong, Ireland, Mexico, New Zealand, Puerto Rico, South Korea, the United Kingdom, the U.S. Virgin Islands and other countries abroad. This prospectus and each prospectus supplement (if any) is part of a registration statement on Form S-4 that we filed with the Securities and Exchange Commission using a "shelf" registration process. Under the shelf registration process, we may offer and sell, from time to time, in one or more offerings, up to a total of 3,000,000 of our common shares for use in connection with acquisitions by us of other businesses, assets or securities of other business entities. The consideration offered by us in such acquisitions, in addition to any shares of common stock offered by this prospectus, may include cash, certain assets and/or assumption by First American of liabilities of the businesses, assets or securities being acquired.

The terms of acquisitions involving the issuance of the shares of common stock covered by this prospectus are expected to be determined by direct negotiations with the owners or controlling persons of the assets, businesses or securities to be acquired. Factors taken into account in acquisitions may include, among other factors, the quality and reputation of the business to be acquired and its management, the strategic market position of the business to be acquired, its proprietary assets, earning power, cash flow and growth potential, and the market value of its equity securities when pertinent. It is anticipated that shares of our common stock issued in any such acquisition will be offered at approximately the then current market value of the common stock. The value will be determined either when the terms of the acquisition are tentatively or finally agreed to, when the acquisition is completed, or during a period of time before we deliver the shares.

We do not expect to pay underwriting discounts or commissions, although we may pay finders' fees from time to time in connection with certain acquisitions. Any person receiving finders' fees may be deemed to be an "underwriter" within the meaning of the Securities Act, and any profit on the resale of shares of common stock purchased by them may be considered underwriting commissions or discounts under the Securities Act.

This prospectus provides you with a general description of the securities we may sell. If necessary, each time we sell securities under this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus, the applicable prospectus supplement and the information incorporated by reference. See "Documents Incorporated by Reference" on page 8.

We may also permit individuals or entities who have received or will receive shares of our common stock in connection with the acquisitions described above, or their transferees or successors-in-interest, to use this prospectus to cover their resale of such shares. See "Selling Shareholders," as it may be amended or supplemented from time to time, for a list of those individuals or entities who are authorized to use this prospectus to sell their shares of our common stock.

In making your investment decision, you should rely only on the information contained or incorporated by reference in this prospectus. We have not authorized anyone to provide you with any other information. If you receive any unauthorized information, you must not rely on it. This prospectus is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state or jurisdiction where the offer or sale of these securities is not permitted. You should not assume that the information contained or incorporated by reference in this prospectus is accurate as of any date other than the date on which it is released by First American.

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

RISK FACTORS

You should carefully consider each of the following risk factors, as well as the other information contained elsewhere in this prospectus, each prospectus supplement and the information incorporated by reference before deciding to purchase any of our common shares. We face risks other than those listed here, including those that are unknown to us and others of which we may be aware but, at present, consider immaterial. Because of the following factors, as well as other variables affecting our operating results, past financial performance may not be a reliable indicator of future performance, and historical trends should not be used to anticipate results or trends in future periods.

CERTAIN RECURRING TRENDS GENERALLY RESULT IN A DECREASE IN THE DEMAND FOR OUR PRODUCTS

Demand for our products generally decreases as the number of real estate transactions in which our products are purchased decreases. We have found that the number of real estate transactions in which our products are purchased decreases in the following situations:

- o when mortgage interest rates are high;
- o when the mortgage fund supply is limited; and
- o when the United States economy is weak.

We believe that this trend will recur.

CHANGES IN GOVERNMENT REGULATION COULD PROHIBIT OR LIMIT OUR OPERATIONS

Our title insurance, property and casualty insurance, home warranty, thrift, trust and investment businesses are regulated by various federal, state and local governmental agencies. Many of our other businesses operate within statutory guidelines. Changes in the applicable regulatory environment or statutory guidelines could prohibit or restrict our existing or future operations. Such restrictions may restrict our ability to implement rate increases, acquire assets or businesses or otherwise have a negative impact on our ability to generate revenue and earnings.

WE MAY BE SUBJECT TO INCREASED REGULATION REGARDING THE USE OF PERSONAL INFORMATION

Certain data and services we provide are subject to regulation by various federal, state and local regulatory authorities. Compliance with existing federal, state and local laws and regulations has not had a material adverse effect on our results of operations or financial condition to date. Nonetheless, federal, state and local laws and regulations in the United States designed to protect the public from the misuse of personal information in the marketplace and adverse publicity or potential litigation concerning the commercial use of such information may increasingly affect our operations and could result in substantial regulatory compliance expense, litigation expense and a loss of revenue.

WE MAY NOT BE ABLE TO PURSUE OUR ACQUISITION STRATEGY

We intend to continue to grow through acquisitions. We may not be able to identify suitable acquisition candidates or complete acquisitions on satisfactory terms. A number of our competitors also have adopted the strategy of expanding and diversifying through acquisitions. We will continue to experience competition in our effort to execute on our acquisition strategy. As a result, we may be unable to continue to make acquisitions or may be forced to

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

pay more for the companies we are able to acquire.

THE INTEGRATION OF COMPANIES WE ACQUIRE MAY BE DIFFICULT AND MAY RESULT IN A FAILURE TO REALIZE SOME OF THE ANTICIPATED POTENTIAL BENEFITS OF ACQUISITIONS

When companies are acquired, we may not be able to integrate or manage these businesses so as to produce returns that justify the investment. Any difficulty in successfully integrating or managing the operations of the

-3-

businesses could have a material adverse effect on our business, financial condition, results of operations or liquidity, and could lead to a failure to realize any anticipated synergies. Our management also will be required to dedicate substantial time and effort to the integration of our acquisitions. These efforts could divert management's focus and resources from other strategic opportunities and operational matters.

OUR EARNINGS MAY BE REDUCED IF ACQUISITION PROJECTIONS ARE INACCURATE

Our earnings have improved since 1991 in large part because of our acquisition and integration of non-title insurance businesses. These businesses generally have higher margins than the title insurance businesses. For example, pre-tax margins for the title insurance and services segment were 11.1% in 2003, while pre-tax margins for the segments in our information technology group in the same year were 27.6%. The success or failure of acquisitions in this group has depended in large measure upon the accuracy of our projections. These projections are not always accurate. Inaccurate projections have historically led to lower than expected earnings.

AS A HOLDING COMPANY, WE DEPEND ON DISTRIBUTIONS FROM OUR SUBSIDIARIES, AND IF DISTRIBUTIONS FROM OUR SUBSIDIARIES ARE MATERIALLY IMPAIRED, OUR ABILITY TO DECLARE AND PAY DIVIDENDS MAY BE ADVERSELY AFFECTED

First American is a holding company whose primary assets are the securities of its operating subsidiaries. Our ability to pay dividends is dependent on the ability of our subsidiaries to pay dividends or repay funds to us. If our operating subsidiaries are not able to pay dividends or repay funds, we may not be able to declare and pay dividends to our shareholders. Moreover, pursuant to insurance and other regulations under which our insurance subsidiaries operate, the amount of dividends, loans and advances available is limited. Under such regulations, the maximum amount of dividends, loans and advances available to us from our insurance subsidiaries in 2004 is \$313.4 million.

CERTAIN PROVISIONS OF OUR CHARTER AND RIGHTS PLAN MAY MAKE A TAKEOVER OF OUR COMPANY DIFFICULT EVEN IF SUCH TAKEOVER COULD BE BENEFICIAL TO SOME OF OUR SHAREHOLDERS

Our restated articles of incorporation authorize the issuance of "blank check" preferred stock with such designations, rights and preferences as may be determined from time to time by our board of directors. Accordingly, our board is empowered, without further shareholder action, to issue shares or series of preferred stock with dividend, liquidation, conversion, voting or other rights that could adversely affect the voting power or other rights, including the ability to receive dividends, of our common shareholders. The issuance of such preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying or preventing a change in control. In conjunction with the rights plan discussed below, we have authorized the issuance of our Series A Junior Participating Preferred Shares. Although we have no present intention of issuing any additional shares or series of preferred

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

stock, we cannot guarantee that we will not make such an issuance in the future.

We have adopted a rights plan which could, alone or in combination with our restated articles of incorporation, discourage transactions involving actual or potential changes of control, including transactions that otherwise could involve payment of a premium over prevailing market prices to our shareholders for their common shares.

SELLING SHAREHOLDERS

Certain persons who receive our common shares may want to resell those securities in distributions that would require the delivery of a prospectus. With our consent, this prospectus, as supplemented hereby, may be used by certain shareholders who wish to sell our common stock. As used in this prospectus, "selling shareholders" may include shareholders who receive our common shares hereunder in connection with an acquisition and donees and pledgees selling shares received from such people. We may limit our consent to a specified time period and subject our consent to certain limitations and conditions, which may vary by agreement.

Selling shareholders may sell our common shares in any combination of the following:

- o through the New York Stock Exchange or any national securities exchange on which our common stock has been approved for listing in the future;
- o directly to purchasers in negotiated transactions;
- o by or through brokers or dealers, in ordinary brokerage transactions or transactions in which the broker solicits purchases;
- o in block trades in which the broker or dealer will attempt to sell securities as an agent but may position and resell a portion of the block as principal;
- o in a transaction in which a broker or dealer purchases as principal for resale for its own account; or
- o through underwriters or agents.

Resales by selling shareholders may be made directly to investors or

Edgar Filing: FIRST AMERICAN CORP - Form 424B3

through securities firms acting as underwriters, brokers or dealers. The fees earned by or paid to the securities firm may be the normal stock exchange commission or negotiated commissions or underwriting discounts to the extent permissible. Shares of our common stock may be sold at a fixed offering price, which may be changed, at the prevailing market price at the time of sale, at prices related to such prevailing market price or at negotiated prices. The securities firm may resell the shares through other securities dealers, and commissions or concessions to those other dealers may be allowed. Such selling shareholders may indemnify any securities firm participating in such transactions against certain liabilities, including liabilities under the Securities Act and to reimburse them for any expenses in connection with an offering or sale of securities.

The selling shareholders and any broker-dealers who act in connection with the sale of shares hereunder may be deemed to be an "underwriter" within the meaning of the Securities Act. Any commissions received by them and profit on any resale of such shares as principal may be deemed to be underwriting discounts and commissions under the Securities Act.

Selling shareholders may also offer shares of common stock covered by this prospectus by means of prospectuses under other registration statements or pursuant to exemptions from the registration requirements of the Securities Act, including sales that meet the requirements of Rule 144 or Rule 145(d) under the Securities Act. Selling shareholders should seek the advice of their own counsel about the legal requirements for such sales.

-6-

In connection with resales of shares sold under this prospectus, a prospectus supplement, if required, will be filed under Rule 424(b) under the Securities Act, to disclose the identity of the selling shareholders, the number of shares to be sold by the selling shareholders, any material relationship a selling shareholder may have with us, and other details of the resale to the extent appropriate. Information concerning the selling shareholders will be obtained from the selling shareholders.

We will not receive any part of the proceeds from the resale by the selling shareholders of any shares under this prospectus. We will bear all expenses other than selling discounts and commissions and fees and expenses of the selling shareholders in connection with the registration of the shares being reoffered by the selling shareholders.
