PROXY STATEMENT

FOR THE 2008 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Synergetics USA, Inc., a Delaware corporation (the Company), 3845 Corporate Centre Drive, O Fallon, Missouri, 63368, for use at the 2008 Annual Meeting of Stockholders to be held on December 11, 2008, at 6:00 p.m. Central Time at The Doubletree Hotel and Conference Center located at 16625 Swingley Ridge Road, Chesterfield, Missouri 63017. The Board of Directors of the Company urges you to promptly execute and return your proxy in the enclosed envelope, even if you plan on attending the Annual Meeting. This is designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

Any stockholder submitting a proxy may revoke such proxy at any time prior to its exercise by notifying the Secretary of the Company, in writing, prior to the Annual Meeting. Any stockholder attending the Annual Meeting may revoke his or her proxy and vote personally by notifying the Secretary of the Company at the Annual Meeting. Only stockholders of record at the close of business on November 10, 2008, will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof. At the close of business on November 10, 2008, the Company had 24,354,295 outstanding shares of Common Stock, \$0.001 par value per share (the Common Stock). Each share of Common Stock entitles the holder thereof to one vote.

If the accompanying proxy card is signed and returned, the shares represented thereby will be voted in accordance with the directions on the proxy card. Unless a stockholder specifies otherwise therein, the proxy will be voted in accordance with the recommendations of the Board of Directors on all proposals. The presence in person or by proxy of a majority of the voting power represented by outstanding shares of Common Stock will constitute a quorum for the transaction of business at the Annual Meeting.

Directors will be elected by a plurality of the voting power represented and entitled to vote at the meeting. The passage of any other proposal will be determined by the affirmative vote of the majority of the voting power represented and entitled to vote at the meeting. In the election of directors, abstentions and broker non-votes will not affect the outcome except in determining the presence of a quorum; they will not be counted toward the number of votes required for any nominee's election. An instruction to abstain from voting on any other proposal will have the same effect as a vote against the proposal. Broker non-votes will not be considered as present and entitled to vote on the proposals; therefore, broker non-votes will have no effect on the number of affirmative votes required to adopt such proposal.

This Proxy Statement and the enclosed proxy card are being mailed to the stockholders of the Company on or about November 17, 2008.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Amended and Restated Bylaws provide that the Board shall consist of not less than five nor more than 11 members, the exact number of which shall be determined by the Board. The number of directors on the Company's Board of Directors is currently set at seven directors, divided into three classes with each class serving three-year staggered terms.

Effective July 31, 2008, Gregg D. Scheller resigned as the Company's President, Chief Executive Officer and Chairman of the Board. Under the Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the Board has the authority to fill the vacancy caused by Mr. Scheller's resignation by a

Table of Contents

majority vote of the directors then in office, even if less than a quorum. The Nominating and Corporate Governance Committee of the Board has not made an appointment as of the date of this proxy statement. Therefore, the Company's Board currently consists of six directors and contains one vacancy.

Mr. Scheller's term as director would have expired at the 2008 Annual Meeting, but for his earlier resignation. The Company's Nominating and Corporate Governance Committee has not identified a qualified candidate for nomination for election as a director to fill the vacancy caused by Mr. Scheller's resignation, and the Company has not received any additional proper nominations from stockholders. Therefore, only two nominees stand for election to the Board at the 2008 Annual Meeting, as discussed below. The Board intends to appoint a successor to Mr. Scheller pursuant to its authority under the Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws. Pursuant to the terms of the Amended and Restated Certificate of Incorporation, when appointed, Mr. Scheller's successor will have the same remaining term as that of his or her predecessor. Therefore, Mr. Scheller's successor will serve until the annual election of directors in 2011, or until his or her successor is duly elected and qualified, or his or her earlier death, resignation or removal. Proxies cannot be voted for a greater number of persons than the number of nominees named.

The terms of Kurt W. Gampp, Jr. and Jerry L. Malis also expire at the 2008 Annual Meeting. Messrs. Gampp and Malis have been nominated for re-election. The Board of Directors of the Company recommends a vote FOR the two nominees. If re-elected, each nominee will serve until the annual election of directors in the year 2011 or until his successor is duly elected and qualified, or his earlier death, resignation or removal. If any of the nominees are unavailable for election, an event which the Board of Directors of the Company does not presently anticipate, the persons named in the enclosed proxy intend to vote the proxies solicited hereby FOR the election of such other nominee or nominees as may be nominated by the Board of Directors.

Based on the recommendation of the Nominating and Corporate Governance Committee, both of the nominees have been approved unanimously by the Board of Directors of the Company for re-election. Set forth below is information concerning the two nominees for director and the directors whose terms are continuing.

CORPORATE GOVERNANCE

The Company's Board of Directors met six times during the fiscal year ended July 31, 2008, two of which were special meetings. Each of our directors attended at least 75% of all the meetings of the Board and those committees on which he or she served during fiscal year 2008 either in person or telephonically. The Board of Directors encourages all members to attend stockholder meetings, but has not adopted a formal policy regarding attendance. All of the Company's directors attended last year's annual stockholders meeting.

Table of Contents

The Board of Directors has determined that each of the directors other than Messrs. Gampp and Malis satisfies the definition of an independent director set forth in the listing standards of The NASDAQ Stock Market, Inc. (Nasdaq) and the Company s Corporate Governance Guidelines, available on the Company s website at www.synergeticsusa.com. In addition, the Board of Directors has determined that each of the members of the Audit Committee satisfies the additional conditions for independence for Audit Committee members required by Nasdaq.

The Board is in process of hiring a successor to Mr. Scheller to serve as Chief Executive Officer. Until his successor is appointed, Messrs. Cardinale, Dick and Guarch and Ms. Hinshaw each visit the Company on a weekly rotating basis to provide general oversight of the Company s operations. These directors are also compensated for their services as discussed in the section Director Compensation below. The Board has considered this arrangement in light of the applicable Nasdaq rules, the Company s Corporate Governance Guidelines and applicable rules of the Securities and Exchange Commission (SEC) and has concluded that Messrs. Cardinale, Dick and Guarch and Ms. Hinshaw meet the definitions and other conditions for independence promulgated by these rules.

The Company s Corporate Governance Guidelines also state that the independent directors should meet each time that a regularly scheduled Board meeting is held, in addition to holding other meetings as needed. During fiscal 2008, the independent directors held eight meetings of which four were in conjunction with regularly scheduled Board meetings and four were special meetings.

The Board of Directors maintains three standing committees, including an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these committees operates pursuant to a written charter setting forth the functions and responsibilities of the committee, which may be reviewed on our website at www.synergeticsusa.com and are also available to stockholders in print upon request.

Audit Committee

The Audit Committee is responsible for the appointment, evaluation, compensation and oversight of the work of the independent registered public accounting firm and, where appropriate, the dismissal of the independent registered public accounting firm. Furthermore, the Audit Committee is responsible for meeting with the independent registered public accounting firm and other corporate officers to review matters relating to financial reporting and accounting procedures and policies. Among other responsibilities, the Audit Committee also reviews financial information provided to stockholders and others, assesses the adequacy of financial, accounting, operating and disclosure controls, evaluates the scope of the audits of the independent registered public accounting firm and internal auditors, and reports on the results of such audits to the Board of Directors. The current members of the Audit Committee are Ms. Hinshaw (Chairperson), Mr. Dick, and Mr. Cardinale, all of whom meet all applicable standards for Audit Committee membership under the Nasdaq listing standards and SEC rules. The Board of Directors has determined that Ms. Hinshaw qualifies as an audit committee financial expert because she has served in oversight roles in finance and accounting. The Audit Committee held five meetings during the last fiscal year.

Compensation Committee

The Compensation Committee is composed entirely of independent directors, as defined by The Nasdaq Stock Market listing standards and SEC rules, and is responsible for administering the Company s compensation programs and recommending to the Board of Directors other compensation and benefits of the Chief Executive Officer and all named executive officers. The current members of the Compensation Committee are Mr. Dick (Chairperson), Mr. Cardinale and Mr. Guarch. The Compensation Committee held four meetings during the last fiscal year.

The Compensation Committee meets at the end of each fiscal year to determine and recommend to the Board for approval the compensation packages for executive officers in light of the Company s compensation philosophy and

objectives as presented in the Compensation Discussion and Analysis below. Until July 31, 2008, the Compensation Committee considered recommendations from the Chief Executive Officer as to compensation for each executive officer based upon their performance against Company and personal objectives, other than himself.

Table of Contents

The Compensation Committee has full responsibility to recommend to the independent directors of the Board the compensation package of the Chief Executive Officer.

Nominating and Corporate Governance Committee

The members of the Company's Nominating and Corporate Governance Committee are Mr. Cardinale (Chairperson), Mr. Dick and Mr. Guarch, all of whom meet the independence requirements of The Nasdaq Stock Market listing standards and SEC rules. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board of Directors, recommending to the Board of Directors the director nominees to be proposed for election by the stockholders and recommending to the Board of Directors corporate governance guidelines and procedures applicable to the Company. The Nominating and Corporate Governance Committee held four meetings during the last fiscal year.

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders of the Company. Each stockholder must comply with applicable requirements of the Company's Amended and Restated Bylaws and the Exchange Act with respect to the nomination of, or proposal of, nominees for election as directors of the Company. Stockholders should submit any such nominations, together with appropriate biographical information and a description of the nominee's qualifications to serve as director, to the Chairperson of the Nominating and Corporate Governance Committee, c/o Pamela G. Boone, Secretary, Synergetics USA, Inc., 3845 Corporate Centre Drive, O'Fallon, Missouri 63368. As stated in the Company's Governance Guidelines, the Nominating and Corporate Governance Committee has established general qualifications for director nominees that it recommends to the Board of Directors. These guidelines require that the candidate for the position of independent director be able to demonstrate: (i) independence as defined above, (ii) integrity, (iii) leadership ability, (iv) sound judgement, (v) prior experience operating at policy-making levels, preferably in a public company, and (vi) experience in the medical device field, preferably in the Company's field of microsurgery, or related medical fields. Final approval of a candidate is determined by the full Board of Directors. Nominees to be evaluated by the Nominating and Corporate Governance Committee for future vacancies on the Board of Directors will be selected by the Committee from candidates recommended by multiple sources, including members of the Board of Directors, senior management, independent search firms, stockholders and other sources, all of whom will be evaluated based on the same criteria.

Code of Conduct and Ethics

The Company has established a Code of Business Conduct and Ethics, which is applicable to all of its employees, officers and directors. The Code is available on the Company's website at www.synergeticsusa.com and also available to stockholders in print upon request. We intend to post any future amendments and revisions to the Code of Business Conduct and Ethics on our website.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As of July 31, 2008, the members of the Compensation Committee for Synergetics USA, Inc. were Mr. Robert H. Dick (Chairperson), Mr. Lawrence C. Cardinale and Mr. Guy R. Guarch.

No member of the Compensation Committee of the Company during fiscal 2008 was an employee or officer of the Company or any of its subsidiaries. During the year ended July 31, 2008, no executive officer of the Company served as a member of (i) the compensation committee of another entity for which one of the executive officers of such entity served on the Company's Compensation Committee, (ii) the Board of Directors of another entity for which one of the executive officers of such entity served on the Company's Compensation Committee, or (iii) the compensation committee of another entity for which one of the executive officers of such entity served as a member of the Company's Board of Directors.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Stockholders may communicate directly with the Board of Directors, as a group, or any individual director by submitting written correspondence addressed to the Board or an individual director at Synergetics USA, Inc., 3845 Corporate Centre Drive, O Fallon, Missouri 63368.

DIRECTOR COMPENSATION

Directors who are neither employees of the Company nor an immediate family member of an officer of the Company are paid \$750 for each meeting of the Board of Directors and each meeting of a committee of the Board of Directors that they attend. The Chairperson of the Audit Committee receives \$2,250 for each meeting of the Audit Committee. In addition, all directors are entitled to reimbursement for travel and lodging expenses incurred in connection with their attendance at meetings.

Compensation for members of the Board has been established and will be reviewed annually by the Compensation Committee. The Compensation Committee may not delegate its authority regarding director compensation, and no executive officer plays a role in determining the amount of director compensation. The Compensation Committee considers the amount of time directors dedicate to Company matters and the need to attract and retain qualified directors when determining Board compensation. For example, the Compensation Committee has approved additional compensation for the Audit Committee Chairperson in recognition of the time commitment required by such position.

To align the interests of directors with those of the Company's stockholders, each independent director also receives an option to purchase 10,000 shares of the Company's Common Stock each year in which he or she is elected, appointed, or re-elected to serve as a director pursuant to the Amended and Restated 2005 Non-Employee Directors' Stock Option Plan, which is discussed in more detail under PROPOSAL 2 APPROVAL OF AMENDMENT NO. 1 TO THE AMENDED AND RESTATED 2005 NON-EMPLOYEE DIRECTORS' STOCK OPTION PLAN below.

As noted above, Mr. Scheller resigned as the Company's President, Chief Executive Officer and Chairman of the Board, effective July 31, 2008. Subsequently, the Board appointed Mr. Dick to serve as the Chairman of the Board. Until a successor to Mr. Scheller is hired, each of the independent directors visits the Company on a weekly rotating basis, as discussed in the section CORPORATE GOVERNANCE above. The independent directors are compensated for these services and receive at the standard Board meeting rate of \$750 per day for each day spent at the Company and each day spent away from personal business on Company business. In addition, the independent directors receive \$500 per meeting for each meeting of the independent directors. This compensation arrangement has been approved by the management directors.

The following table discloses compensation paid for the fiscal year ended July 31, 2008 to the directors for serving as members of the Board. Directors who are also employees of the Company do not receive compensation for their services as members of the Board of Directors. Therefore, there is no director compensation to report for Messers. Gampp, Malis and Scheller during the fiscal year ended July 31, 2008.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers.

Executive Compensation Philosophy and Objectives

The Compensation Committee believes that compensation paid to our named executive officers should accomplish the following objectives:

Reflect the accomplishment of corporate and individual objectives, and

Assist the Company in attracting, motivating and retaining superior talent.

Our compensation program is intended to motivate our named executive officers to achieve our business objectives and to align their financial interests with those of our stockholders. These objectives are furthered by a compensation

philosophy that is based on the following:

Accountability and Recognition for Individual and Corporate Performance: Compensation should depend, in part, on the Company's overall performance and on each executive officer's performance in order to motivate and reward success. The Compensation Committee has provided for a portion of the overall compensation packages to be tied to performance through the payments of annual incentive awards in the form of cash bonuses and the grant of long-term incentive awards in the form of stock options and restricted stock.

Competition with the Market: Base salaries should generally be competitive with officers with similar positions at companies within our industry and market, subject to individual adjustments as discussed below.

Compensation Determination Process

Our Compensation Committee is responsible for establishing, implementing and monitoring our executive compensation program. The Compensation Committee consists of Messrs. Dick, Cardinale and Guarch, each of whom is an independent director. The Compensation Committee typically meets following each fiscal year end to (i) consider and approve salary changes and annual incentive bonuses, if any; (ii) determine and approve long-term incentive awards, if any; and (iii) establish goals for the annual incentive program.

In making its determinations regarding compensation, the Compensation Committee evaluates corporate performance and each executive officer's individual performance. In addition, although the Company does not engage in any formal benchmarking, the Compensation Committee does review compensation data from the following companies (collectively, the Peer Companies):

Alphatec Holdings, Inc. is a medical technology company focused on the design, development, manufacturing and marketing of products for the surgical treatment of spine disorders, with approximately \$80 million in annual revenue as reported in the December 31, 2007 Form 10-K.

Bovie Medical Corporation is actively engaged in the business of manufacturing and marketing medical products related to electrosurgery and developing related technologies and has approximately \$29 million in annual revenue as reported in the December 31, 2007 Form 10-K.

Iridex Corporation is a leading worldwide provider of therapeutic based laser systems and delivery devices used to treat eye diseases in ophthalmology and skin conditions in dermatology with approximately \$56 million in annual revenue as reported in the December 29, 2007 Form 10-K.

Orthovita, Inc. is a spine and orthopedic biosurgery company with proprietary biomaterials and biologic technologies for the development and commercialization of synthetic, biologically active, tissue engineering products with approximately \$58 million in annual revenue as reported in the December 31, 2007 Form 10-K.

SenoRx, Inc. develops, manufactures and sells minimally-invasive medical devices that are used in the diagnosis of breast cancer and has approximately \$35 million in annual revenue as reported in the December 31, 2007 Form 10-K.

StereoTaxis, Inc., a St. Louis-based company, designs, manufactures and markets an advanced cardiology instrument control system for use in a hospital's interventional surgical suite and has approximately \$30 million in annual revenue as reported in the December 31, 2007 Form 10-K.

Thermage, Inc. designs, develops, manufactures and markets medical devices for the non-invasive treatment of wrinkles and has approximately \$63 million in annual revenue as reported in the December 31, 2007 Form 10-K.

Vascular Solutions, Inc. is a medical device company focused on bringing clinically advanced solutions to interventional cardiologists and interventional radiologists worldwide with approximately \$53 million in annual revenue as reported in the December 31, 2007 Form 10-K.

The Compensation Committee reviews the executive officer compensation packages of the Peer Companies in connection with its executive officer compensation determinations. Although the Compensation Committee does not formally benchmark against the Peer Companies, or target a median or other point for the executive officer

compensation packages, it does utilize the Peer Companies' compensation data for purposes of setting executive officer compensation.

The mix of the Company's cash and non-cash compensation and short- and long-term compensation is not subject to a specific policy. Instead, the Compensation Committee considers the Peer Companies' compensation data in light of the Company's compensation philosophies and objectives outlined above, as well as corporate and individual performance, and makes gradual changes over time as necessary to further these compensation goals. The methodology provides for the Chief Executive Officer to make recommendations to the Compensation Committee regarding proposed salary changes, bonuses and equity compensation awards, if any, for each executive officer other than himself. The Chief Executive Officer also participates in the setting of Company performance

Table of Contents

goals on which part of each officer's total compensation is based. The Compensation Committee considers these recommendations from the Chief Executive Officer, as well as other factors it believed are relevant, and determines the compensation packages of the executive officers, including the Chief Executive Officer. Because the Company's Chief Executive Officer resigned on July 31, 2008, the Compensation Committee determined fiscal 2009 compensation with no recommendations from a named executive officer, based on the factors described herein.

Elements of Compensation

Base Salary. The base salaries of each of Messrs. Scheller, Gampp and Malis and Ms. Boone in fiscal 2008 are reflected in the Summary Compensation Table and were established pursuant to employment terms negotiated with each of these officers at the time of the merger of Synergetics, Inc. and Valley Forge, before the current Compensation Committee of the Board of Directors of the Company had been formed. The employment agreements with Messrs. Scheller, Gampp and Malis were entered into in September 2005 in anticipation of the completion of the merger and provided for minimum base salaries of \$377,000, \$346,000 and \$230,000, respectively. Messrs. Gampp's and Malis' employment agreements expired on September 21, 2008 according to their terms. The negative covenants provisions in these agreements survive. Base salary changes for Messrs. Gampp and Malis for fiscal 2008 were based upon their accomplishments and the analysis of the range of salaries for the named executive officers as they relate to the Peer Companies.

Ms. Boone joined the Company in May 2005, and her employment terms provided for a minimum base salary of \$175,000. Ms. Boone's 2008 salary was increased to \$232,000 pursuant to the then Chief Executive Officer's recommendations and approved by the Compensation Committee based upon her accomplishments during the year and the range of salaries for the Chief Financial Officers of the Peer Companies.

For fiscal 2009, the Compensation Committee reviewed and recommended to the full Board of Directors base salary increases for each of the named executive officers. These salary increases were based on the Company's desire that base salaries remain competitive to attract, retain and motivate named executive officers as well as reward performance.

When evaluating competitiveness, the Compensation Committee evaluates the salaries of officers with similar positions at the Peer Companies. As noted above, in reviewing comparative data, the Compensation Committee does not engage in benchmarking for the purpose of establishing salary levels relative to any predetermined point. In the Compensation Committee's view, this external data provides insight into competitiveness, but is not an appropriate single factor in determining base salaries. Rather, the Compensation Committee, as noted above, takes into account overall performance of the named executive officers and the Company.

As noted above, the Compensation Committee bases salary decisions on a combination of Company and individual performance and peer company salary ranges. Company performance is based on the achievement of the Company's goals as set forth in its annual financial plan, which is discussed in further detail below. The Compensation Committee establishes specific individual performance objectives for purposes of determining salary increases, but bases its decisions on its evaluation of (i) each named executive officer's general performance over the prior fiscal year, taking into consideration the accomplishment scores each receive, as more fully described below; (ii) the scope of each officer's duties and responsibilities; (iii) each officer's experience and expertise; and (iv) the peer range data for similar positions. In the past, the Compensation Committee sought input from Mr. Scheller in evaluating the named executive officers other than himself.

Based on the factors discussed above, the Compensation Committee increased the base salaries for the named executive officers for fiscal 2009 as illustrated in the table below:

Name	Fiscal 2008 Salary	2007 Peer Group Range	Percentile in 2007 Peer Group Range	Fiscal 2009 Percentage Salary Increase	Fiscal 2009 Salary
Kurt W. Gampp, Jr.	\$ 359,840	\$ 166,000 to \$341,000	105%	1%*	\$ 363,437
Jerry L. Malis	\$ 240,240	\$ 195,000 to \$294,000	82%	5%	\$ 252,252
Pamela G. Boone	\$ 232,000	\$ 94,000 to \$309,000	75%	5%	\$ 243,600
Dave Dallam	\$ 215,000	\$ 195,000 to \$294,000	82%	4%	\$ 223,600

Table of Contents

* The increase of 1% reflects Mr. Gampp's current salary as compared to the Peer Companies comparison and is not an indication of Mr. Gampp's performance during fiscal 2008.

Bonus Compensation. Prior to fiscal 2007, bonuses to executive officers were discretionary, based on the Compensation Committee's evaluation of each executive officer's individual performance and the Company's overall performance. Determinations regarding bonuses were based on qualitative criteria, including the achievement of sales forecasts and successful transition after Synergetics, Inc.'s merger with Valley Forge and compliance with public company reporting requirements. The Compensation Committee and Company management believes the establishment of clear objectives with periodic measurement of results is an effective method for focusing resources, communicating mission and strategy for the period, and in determining the individual named executive officer's contribution to the achievement of Company goals. Accordingly, beginning in fiscal 2007, the Company implemented a method for establishing clear, measurable objectives for the named executive officers, divided into two categories:

Company-wide objectives, and

Functional and personal development objectives.

The objectives of each category are a function of the individual's responsibilities and span of control. For the named executive officers, Company-wide objectives are weighed more heavily than functional and personal development objectives in evaluating performance. The Compensation Committee is involved in the establishment and approval of the Company-wide objectives, as well as functional and personal objectives for the executive officers and, in the past, sought the recommendations of the Chief Executive Officer in determining these objectives for named executive officers other than himself. Since Mr. Scheller's resignation, the Chief Financial Officer assists the Compensation Committee in determining Company-wide financial objectives.

Original Company-wide objectives established for fiscal 2008 include for the named executive officers the achievement of the following goals:

Sales Forecast of approximately \$54 million

Gross Profit Margin of approximately \$32 million

Operating Income of approximately \$6 million

Earnings per Share of \$0.14

These goals are set at aggressive levels each year to motivate the named executive officers to succeed and focus on both short- and long-term Company objectives. Target goals are designed to be challenging and as such, the Committee believes that the Company's target performance would not be achieved all of the time, but that the payout relating to these goals should be appropriate for the performance, regardless of how often target levels are reached.

In addition, each named executive officer has both functional and personal developmental goals which include projects within their functional areas of the Company and individual growth goals.

Table of Contents

Accomplishments at the end of the period are compared to objectives set at the beginning of the period with scoring of each objective relative to 100% accomplishment of the objective. The scores for each category are then averaged, and the average score is translated to a percentage of base salary in accordance with the following scale:

Average Accomplishment Score	Percent of Base Salary	
	Chief Executive Officer*	Other Named Executives
91%	2%	1%
92%	3%	2%

116-125%	40%	25%
126-130%	48%	30%

* Standard Percentage plus 60% rounded up to the next percentile.

For the named executive officers, the accomplishment scores are also considered generally in compensation decisions for base salary adjustments and equity award grants, if any.

The Compensation Committee has made its determinations regarding executive officer incentive bonuses for the fiscal year ended July 31, 2008, as disclosed in the Summary Compensation Table. The executive officers received bonuses based upon their percentage of objectives achieved in the Company-wide objectives and the functional and personal development objectives. Though the Company fell slightly short in meeting certain Company-wide financial objectives, each of the continuing named executive officers largely met his or her functional and personal development objectives, resulting in the bonuses disclosed in the Summary Compensation Table. In addition to the incentive bonuses awarded, each executive officer was awarded a \$5,000 non-incentive, non-discretionary holiday bonus during fiscal 2008, with the exception of Mr. Dallam who received a \$500 non-incentive, non-discretionary holiday bonus. These holiday bonuses are reflected in the Summary Compensation Table.

Equity Awards. Equity compensation is currently not a major component of the Company's executive compensation program. Rather, the Compensation Committee grants equity-based compensation pursuant to established employment terms, in the case of Ms. Boone and Mr. Dallam, or for exceptional performance based upon the scores discussed above. The Compensation Committee does not intend to grant any equity awards based on fiscal 2008 performance. The Compensation Committee did award Mr. Dallam 5,792 shares of restricted stock in January 2008 pursuant to the

terms of his letter agreement and did award Ms. Boone 15,263 shares of restricted stock in August 2008 pursuant to the terms of her employment agreement.

Mr. Dallam's and Ms. Boone's restricted Common Stock was granted under our 2001 Plan. Furthermore, any equity awards, if any, to be made based on fiscal 2008 performance will be made under the 2001 Plan. Pursuant to the 2001 Plan, employees, including our executive officers, of, and consultants and advisors to, our Company and its subsidiaries are eligible to receive awards of incentive and non-statutory stock options, restricted stock and

Table of Contents

unrestricted Common Stock. While the Compensation Committee considers the recommendations of management, the Compensation Committee has the exclusive authority and sole discretion to administer the 2001 Plan, including the power to determine eligibility, the types and sizes of awards, the price and timing of awards and the acceleration or waiver of any vesting restriction, subject to the limitations set forth in the 2001 Plan.

Pursuant to the terms of the 2001 Plan, stock options with respect to no more than 100,000 shares of Common Stock may be granted to any individual participant during any one calendar year period. Options granted pursuant to the 2001 Plan are subject to the terms of the option agreement related to the specific grant; *provided, however*, that (i) the term of any incentive stock option granted to a non-10% stockholder of the Company pursuant to the 2001 Plan may be no more than 10 years from the date of grant, and (ii) the term of any incentive stock option granted to a 10% stockholder of the Company pursuant to the 2001 Plan may be no more than five years from the date of grant.

Incentive stock options must be granted at no less than the fair market value of the Company's Common Stock on the grant date; *provided, however*, that incentive stock options granted to 10% stockholders must be granted at no less than 110% of such fair market value. Non-statutory stock options must be granted at no less than 85% of the fair market value of the Company's Common Stock on the date of grant.

Generally, to the extent that an optionee's employment with the Company is terminated other than for cause, the optionee may, but only within 90 days (or such other period of time as determined by the Board of Directors) after such date of termination, but in no event later than the expiration date of the option as set forth in the respective option agreement, exercise his or her options to the extent the optionee was entitled to exercise the option at the date of termination.

Pursuant to the terms of the 2001 Plan, restricted stock awards may also be granted. Restricted stock awards are subject to such restrictions and conditions as the Compensation Committee determines. Such conditions may be based on continuing employment and/or achievement of pre-established performance goals and objectives. If the recipient violates any of the restrictions during the period specified by the committee or the performance standards fail to be satisfied, the restricted stock is forfeited.

Other Employment Benefits. Synergetics' named executive officers are provided with a limited number of perquisites. In fiscal 2008, the Company provided an automobile allowance with respect to Dr. Malis, but it was less than \$10,000 in the aggregate for fiscal 2008.

Severance and Other Post-Termination Benefits. During fiscal 2008, Messrs. Scheller, Gampp and Malis each had an employment agreement with the Company. These employment agreements provided for certain payments upon termination, depending on the circumstances of termination. Messrs. Gampp's and Malis' employment agreements expired on September 21, 2008 according to their terms. The negative covenants provisions in these agreements survive. As such, neither Mr. Gampp nor Dr. Malis have agreements with the Company providing for severance payments or post-termination benefits.

Ms. Boone's employment agreement with the Company is still in effect and also provides for certain payments upon termination of her employment, depending on the circumstances. Ms. Boone's agreement and Mr. Dallam's letter agreement also provide for certain payments to be made to each of them upon a change of control. Furthermore, if any of the named executive officers' employment is terminated upon a change of control, all options to purchase Common Stock and all restricted stock shall vest. These provisions are discussed later in this proxy statement.

Impact of Tax Treatments of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a publicly held corporation will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). In general, stock options granted under our 2001 Equity Incentive Plan are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such stock options. In fiscal 2007, no executive officer received compensation that triggered the applicability of Section 162(m). The

Table of Contents

Compensation Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering our compensation programs.

EMPLOYMENT AGREEMENTS AND SEVERANCE AGREEMENTS

Ms. Boone entered into three-year employment agreement with the Company on August 1, 2007. Pursuant to her agreement, Ms. Boone's base salary is \$232,000. In addition, Ms. Boone receives such other benefits that the Company provides to its executive officers, including healthcare, life insurance, disability and 30 days of paid vacation. Ms. Boone is eligible to receive an annual bonus, as may be determined in the sole discretion of the Compensation Committee of the Company's Board of Directors.

If Ms. Boone is terminated without cause or within twelve months following a change of control, or if she resigns for good reason, she shall be entitled to her base salary and health care benefits for a 15-month period following termination. As used in the employment agreement, cause means (1) the executive officer's conviction of any felony, or conviction for embezzlement or misappropriation of Company money or other property; (2) any act of gross negligence in performing the executive officer's duties; (3) the executive officer's willful refusal to execute her duties (other than for disability); or (4) the executive officer's breach of the non-competition terms contained in

Table of Contents

her employment agreement. Termination for the events described in clauses (2) and (3) above will not constitute termination for cause unless the executive officer is provided written notice reasonably detailing such occurrence and is given five business days after receipt of such notice to cure such event and an opportunity to be heard before the Company's Board of Directors.

As used in the employment agreement with Ms. Boone, the term "good reason" means (1) failure to pay, or a reduction, by the Company of the executive officer's base salary; (2) the failure or refusal by the Company to provide the executive officer with the benefits set forth in her employment agreement; (3) the assignment to the executive officer of any duties materially inconsistent with the duties set forth in the employment agreement, which assignment is not cured within five business days of written notice to the Company; (4) a requirement imposed by the Company on Ms. Boone that results in her being based at a location that is outside a 35-mile radius from the Company's current corporate offices in O'Fallon, Missouri; (5) a change in the executive officer's title; (6) any material breach by the Company of the employment agreement, which breach is not cured within five business days after receipt of written notice from the executive officer; or (7) the termination of the executive officer's employment other than for cause, death or disability.

Change of control is defined in Ms. Boone's employment agreement to mean a change in the ownership or effective control of the Company, or a change in the ownership of a substantial portion of the Company.

The employment agreement for Ms. Boone contains non-competition covenants, depending on the circumstances of any termination of employment, and non-solicitation provisions. Furthermore, Ms. Boone is subject to an agreement that any products, inventions, discoveries and improvements made by her during the employment term shall be the property of the Company.

POST-TERMINATION PAYMENTS

Ms. Boone's employment agreement provides for certain payments to be made to her upon termination of her employment without cause or her resignation for good reason. Ms. Boone's agreement also states that she shall receive payments if her employment is terminated within 12 months of a change of control, but that no payments upon termination or resignation as described above shall be received upon her breach of the non-competition and non-solicitation provisions of her employment agreement. Mr. Dallam's letter agreement provides for a severance package of one year's salary in the event there is a change of control. Furthermore, if any of the named executive officers' employment is terminated upon a change of control, all options to purchase Common Stock and all restricted stock shall vest.

Assuming that the triggering event for post-termination payments occurred on the last business day of the Company's fiscal 2008, the named executive officers would receive the following payments:

Named Executive Officer	Salary	Stock Compensation	Total
Pamela G. Boone(1)	\$ 304,500	\$ 129,450	\$ 433,950
Dave Dallam(1)	\$ 223,600	\$ 17,202	\$ 240,802

- (1) The salary calculations for Ms. Boone and Mr. Dallam include 15 months of salary and 12 months of salary, respectively, as these are the required payments per Ms. Boone's employment contract and Mr. Dallam's letter agreement. In addition, Ms. Boone would receive 15,263 shares of restricted stock which had not been awarded

as of July 31, 2008.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since the late 1960 s, the late Dr. Leonard Malis, one of Valley Forge s former directors, on an individual basis has been a party to consulting and other agreements with Codman & Shurtleff, Inc., the Company s principal customer. Since 1983, Dr. Leonard Malis has been a party to an agreement with Codman under which Dr. Leonard Malis received royalty payments for the use of the Malis® trademark on certain products sold by Codman to end users, including products Valley Forge sold to Codman. Dr. Leonard Malis developed passive hand instruments for Codman with no pecuniary benefits to Valley Forge. On October 22, 2004, Valley Forge entered into an option agreement with Dr. Leonard Malis under which

Table of Contents

Valley Forge was granted an option to acquire the Malis® trademark from Dr. Leonard Malis at any time over a period of five years.

On October 12, 2005, the Company exercised its option with respect to the Malis® trademark. We paid the estate of Dr. Leonard I. Malis \$159,904 in cash and the remainder in a \$3,997,600 promissory note which will be paid in 25 equal quarterly installments of \$159,904. The Company has made four quarterly payments on this note during the year ended July 31, 2008. The promissory note is secured by a security interest in the trademark and our DualWave™ patents.

To identify and address any concerns regarding related party transactions and ensure their proper disclosure, the Company requires such transactions to be reported in its questionnaires distributed to directors and officers each year and mandates that all employees and directors report to a manager, supervisor or other appropriate personnel all transactions presenting potential conflicts of interest pursuant to its Code of Business Conduct & Ethics. It is the policy that the Company's Audit Committee review and approve all material related party transactions required to be reported pursuant to Item 404(a) of Regulation S-K.

PROPOSAL 2 APPROVAL OF AMENDMENT NO. 1 TO THE AMENDED AND RESTATED 2005 NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN

On October 7, 2008, the Board of Directors adopted, subject to stockholder approval, Amendment No. 1 (Amendment No. 1) to the Amended and Restated Synergetics USA, Inc. 2005 Non-Employee Directors Stock Option Plan (the 2005 Directors Plan). If adopted by the stockholders, Amendment No. 1 would increase the number of shares authorized for issuance under the 2005 Directors Plan from 200,000 to 400,000.

The 2005 Directors Plan enhances the flexibility of our Board of Directors in granting stock options to the non-employee directors of the Board and ensures that the Company can continue to grant stock options to such persons at levels determined appropriate by the Board based on comparable Company and other market data. The Company believes that stock options are a critical component of the compensation package offered to non-employee directors and are important tools in the Company's ability to attract and retain talented and experienced non-employee directors. The Company further believes that the granting of stock options to non-employee directors links the personal interests of such non-employee directors with the Company's stockholders.

A copy of Amendment No. 1 is attached as Appendix A to this proxy statement. The following summary of the material terms of the 2005 Directors Plan, as amended by Amendment No. 1, is qualified in its entirety by reference to the full text of the 2005 Directors Plan, as amended.

Administration

The 2005 Directors Plan is administered by the Board of Directors. Except for automatic grants of stock options, the Board, or a committee appointed by the Board, has the exclusive authority and sole discretion to administer the 2005 Directors Plan, including the power to determine eligibility, the types and sizes of awards, the price and timing of awards and the acceleration or waiver of any vesting restriction, subject to the limitations set forth in the 2005 Directors Plan.

Eligibility

Persons eligible to participate in the 2005 Directors Plan include all directors of the Company who are not either employees of the Company or any of its subsidiaries or members of the immediate family of an employee or director of the Company or any of its subsidiaries. As of the record date, there were four non-employee directors of the

Company.

Number of Shares Subject to the 2005 Directors Plan

The maximum number of shares of the Company's Common Stock that may be issued under the 2005 Directors Plan is currently 200,000. If Amendment No. 1 is approved by the stockholders, the maximum number of

Table of Contents

shares authorized for issuance under the 2005 Directors' Plan will be increased to 400,000. As of November 10, 2008, the market value of a share of the Company's Common Stock was \$1.20.

Stock Option Grants

Under the 2005 Directors' Plan, a non-employee director is entitled to two types of automatic grants, as well as discretionary grants by the Board of Directors or a committee appointed by the Board.

The first type of automatic grant is an initial option grant to the Company's non-employee directors the next business day after their initial election or appointment to the Company's Board of Directors. These initial option grants are for 10,000 shares, have a term of ten years and are immediately vested and exercisable with an exercise price equal to the fair market value of a share of the Company's Common Stock on the date of grant. The unexercised options will be exercisable for two years after a non-employee director ceases to be a director.

The second type of automatic option grant is the annual option grant to each non-employee director on the first business day following the annual meeting of the Company's stockholders at which the non-employee director is re-elected as a director of the Company. The annual meeting option grants are for 10,000 shares, have a term of ten years and vest pro-ratably over the next twelve months. The exercise price is equal to the fair market value of a share of the Company's Common Stock on the date of grant. The unexercised options will be exercisable for two years after a non-employee ceases to be a director with certain exceptions.

The 2005 Directors' Plan also provides for the discretionary grant of options to non-employee directors.

The grant of an option to a non-employee director under the 2005 Directors' Plan will not produce any taxable income to the director, and the Company will not be entitled to a deduction at that time. On the date the option is exercised, the director will recognize ordinary income equal to the difference between the fair market value of the Company's Common Stock on the date of exercise and the exercise price. The Company will be entitled to a corresponding deduction in the same amount and in the same year in which the director recognizes income.

Transferability

Stock options granted pursuant to the 2005 Directors' Plan are transferable by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order. The Board may, in its discretion, provide that stock options granted to a non-employee director may be transferred, in whole or in part, to one or more transferees provided that (i) any such transfer must be without consideration; (ii) each transferee must be a member of the non-employee director's immediate family or a trust, family limited partnership or other estate planning vehicle established for the exclusive benefit of one or more members of the non-employee director's family; and (iii) such transfer must be specifically approved by the Board.

Amendment and Termination

The Board of Directors may terminate, amend or modify the 2005 Directors' Plan at any time. However, stockholder approval is required for any amendment to the extent necessary or desirable to comply with any applicable law, regulation or stock exchange rule.

Unless otherwise terminated earlier by the Board of Directors, the 2005 Directors' Plan shall terminate on May 30, 2015, ten years after the effective date.

New Plan Benefits

Under the terms of the 2005 Directors Plan, each of the non-employee directors will receive an automatic grant of an option to purchase 10,000 shares of Common Stock on the first business day following the 2008 Annual

Meeting. The following table discloses the annual grants of options to purchase Common Stock that will be received by the non-employee directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF AMENDMENT NO. 1 TO THE 2005 DIRECTORS PLAN

Table of Contents**PROPOSAL 3 RATIFICATION OF THE APPOINTMENT OF THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

On January 10, 2007, the Audit Committee of the Company terminated the engagement of McGladrey & Pullen, LLP (McGladrey) as the Company s independent registered public accounting firm. McGladrey s reports on the Company s financial statements for the fiscal year ended July 31, 2006 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. Furthermore, no disagreements with McGladrey on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of McGladrey, would have caused it to make reference to the subject matter of the disagreement in connection with its reports on the Company s financial statements for such periods. None of the reportable events described in Item 304(a)(1)(v) of Regulation S-K occurred during McGladrey s engagement.

Effective January 9, 2007, the Audit Committee appointed UHY as the Company s new independent registered public accounting firm. Prior to the aforementioned engagement, the Company did not consult with UHY with respect to any of the matters or reportable events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

The firm of UHY acts as our principal independent registered public accounting firm. Through and as of October 14, 2008, UHY had a continuing relationship with UHY Advisors, Inc. (Advisors) from which it leased auditing staff who were full-time, permanent employees of Advisors and through which UHY s partners provide non-audit services. UHY has only a few full-time employees. Therefore, few, if any, of the audit services performed were provided by permanent, full-time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

The following table shows fees billed for professional services rendered by UHY for fiscal 2007 and fiscal 2008:

	Fiscal Year Ended July 31, 2008	Fiscal Year Ended July 31, 2007
Audit Fees(1)	\$ 282,206	\$ 280,000
Audit-Related Fees	10,150	
Tax Fees(2)		
All Other Fees		
Total	\$ 292,356	\$ 280,000

(1) Audit Fees for the fiscal years ended July 31, 2008 and 2007 include services for the audit of the consolidated financial statements, report on management s assessment of the Company s internal control over financial reporting, the review of the quarterly financial statements and consultation concerning financial accounting and reporting standards.

(2) Tax Fees are comprised of fees relating to income tax matters, planning and advice.

Pursuant to the Audit Committee s charter, all audit and permissible non-audit services provided by the independent registered public accounting firm must be pre-approved. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of service. The independent registered public accounting firm and

management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with the policies set forth in the Audit Committee charter. Consistent with the Audit Committee's policy, all audit and permissible non-audit services provided by McGladrey & Pullen, LLP and UHY during the fiscal year ended July 31, 2007, and UHY exclusively for the fiscal year ended July 31, 2008, were pre-approved by the Audit Committee.

Table of Contents

In considering the nature of the services provided by the independent registered public accounting firm, for the fiscal year ended July 31, 2008 the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent registered public accounting firm and management for the fiscal year ended July 31, 2008 to determine that they are permitted under the rules and regulations concerning auditors' independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as rules of the American Institute of Certified Public Accountants.

UHY acted as the Company's independent registered public accounting firm for the 2008 fiscal year. The Audit Committee selected UHY to act as the Company's independent registered public accounting firm for the 2009 fiscal year. UHY representatives are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Company is asking its stockholders to ratify the selection of UHY as the Company's independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of UHY to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

REPORT OF THE AUDIT COMMITTEE

The Audit Committee (the "Committee") oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including internal control systems. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles and reporting on management's assessment of the Company's internal control over financial reporting.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements in the Annual Report on Form 10-K for the year ended July 31, 2008, including a discussion of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

In addition, the Committee discussed with the independent registered public accounting firm their judgments as to the Company's accounting principles and such other matters as are required to be discussed with the Committee under standards of the Public Company Accounting Oversight Board (United States) and SAS 61 (Codification of Statements on Auditing Standards). The Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Committee has received from the independent registered public accounting firm a formal written statement describing all relationships between the firm and the Company that might bear on the independence of the independent registered public accounting firm consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed with the independent registered public accounting firm any relationships that may impact their objectivity and independence and satisfied itself as to their independence.

Table of Contents

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended July 31, 2008, filed with the SEC.

OTHER MATTERS

Management does not know of any other business that may be considered at the Annual Meeting. However, if any matters other than those referred to above should properly come before the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment.

The Company will bear the costs of its solicitation of proxies. In addition to the use of the mails, proxies may be solicited by electronic mail, personal interview, telephone, telegram and telefax by the directors, officers and employees of the Company. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and the Company may reimburse such custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

FORM 10-K

Along with mailing the proxy materials, we have included a copy of our Annual Report on Form 10-K for the fiscal year ended July 31, 2008. We will provide stockholders with additional copies of our Annual Report on Form 10-K for the fiscal year ended July 31, 2008, without charge, upon written request to Pamela G. Boone, Secretary, Synergetics USA, Inc., 3845 Corporate Centre Drive, O Fallon, Missouri, 63368.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our Common Stock, they should submit a written request to our transfer agent, American Stock Transfer &

Trust Company, 6201 15th Avenue, Brooklyn, New York, 11219. To delist yourself from householding in the future you may write the Company at 3845 Corporate Centre Drive, O Fallon, Missouri, 63368, Attention: Pamela G. Boone. Upon request, we will deliver promptly a separate copy of the proxy statement.
