PROXY STATEMENT

The Board of Directors of BankAtlantic Bancorp, Inc. (the Company) is soliciting proxies to be used at the Annual Meeting of Shareholders of the Company (the Annual Meeting) to be held at the Signature Grand, 6900 State Road 84, Davie, Florida 33317 on May 20, 2003 at 5:45 p.m., and at any and all postponements or adjournments of the Annual Meeting, for the purposes set forth in the accompanying Notice of Meeting.

This Proxy Statement, Notice of Meeting and accompanying proxy card are being mailed to shareholders on or about April 15, 2003.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS

AND THE ANNUAL MEETING

What is the purpose of the meeting?

At our Annual Meeting, shareholders will act upon the election of directors, as well as any other matters which may properly be brought before the meeting. Also, management will report on the Company's performance during the last fiscal year and respond to appropriate questions from shareholders.

Who is entitled to vote at the meeting?

Record holders of the Company's Class A common stock (Class A Stock) and record holders of the Company's Class B common stock (Class B Stock) at the close of business on April 9, 2003 may vote at the meeting.

On April 9, 2003, 53,526,846 shares of Class A Stock and 4,876,124 shares of Class B Stock were outstanding and, thus, are eligible to vote at the meeting.

What are the voting rights of the holders of Class A Stock and Class B Stock?

Holders of Class A Stock and holders of Class B Stock will vote as one class on the matters to be voted upon at the meeting. Holders of Class A Stock are entitled to one vote per share, with all holders of Class A Stock having in the aggregate 53% of the general voting power; holders of Class B Stock have the remaining 47% of the general voting power.

The number of votes for each share of Class B Stock is calculated each year in accordance with the Company's Amended and Restated Articles of Incorporation. At this year's meeting, each outstanding share of Class B Stock will be entitled to 9.7346 votes on each matter.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of shares representing a majority of the aggregate voting power (as described above) of the common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business.

Table of Contents

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name with American Stock Transfer & Trust Company, the Company's stock transfer agent, you are considered the shareholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of these shares but not the shareholder of record, and your shares are held in street name.

How do I vote my shares?

If you are a shareholder of record, you can give a proxy to be voted at the meeting by mailing in the enclosed proxy card.

If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker or nominee. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Can I vote my shares in person at the meeting?

Yes. If you are a shareholder of record, you may vote your shares at the meeting by completing a ballot at the meeting.

However, if you are a street name holder, you may vote your shares in person only if you obtain a signed proxy from your broker or nominee giving you the right to vote the shares.

Even if you currently plan to attend the meeting, we recommend that you also submit your vote by proxy or by giving instructions to your broker or nominee as described above so that your vote will be counted if you later decide not to attend the meeting.

What are my choices when voting?

In the election of directors, you may vote for all nominees, or your vote may be withheld with respect to one or more nominees. The proposal related to the election of directors is described in this proxy statement beginning at p. 3.

What is the Board's recommendation?

The Board of Directors recommends a vote **FOR** all of the nominees for director.

What if I do not specify how I want my shares voted?

If you do not specify on your proxy card (or when giving your proxy by telephone or over the Internet) how you want to vote your shares, we will vote them **FOR** all of the nominees for director.

Can I change my vote?

Yes. You can revoke your proxy at any time before it is exercised in any of three ways:

by submitting written notice of revocation to the Company's Secretary;

by submitting another proxy by mail that is dated later and is properly signed; or

by voting in person at the meeting.

What vote is required for a proposal to be approved?

For the election of directors, the affirmative vote of a plurality of the votes cast at the meeting is required. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Table of Contents

If you hold your shares in street name through a broker or other nominee, your broker or nominee will be permitted to exercise voting discretion with respect to the election of directors. Thus, even if you do not give your broker or nominee specific instructions, your shares may be voted in your broker's or nominee's discretion. However, because shares held by brokers or nominees will not be considered entitled to vote on matters as to which the brokers withhold authority (so-called broker non-votes), broker non-votes will have no effect on the outcome of the election of directors.

Are there any other matters to be acted upon at the meeting?

We do not know of any other matters to be presented or acted upon at the meeting. If any other matter is presented at the meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the person or persons voting those shares.

Employment Agreements

Effective January 1, 2000, the Company and BankAtlantic entered into an employment agreement with James A. White relating to his employment as Executive Vice President and Chief Financial Officer. The agreement is for a term of four years and provides Mr. White with an annual base salary of \$250,000 with discretionary annual adjustments. Mr. White was granted initial stock options to purchase 20,000 shares of the Company's Class A Stock at the then market price. Mr. White is eligible to receive annual bonuses based upon mutually determined performance goals. Mr. White was paid \$100,000 as a signing bonus in the form of a forgivable non-interest bearing loan which has been and will continue to be forgiven ratably over the four year term. Mr. White's employment may be terminated with or without cause at any time. If Mr. White is terminated without cause, then the Company and BankAtlantic must pay Mr. White his then current annual base salary for the remainder of his employment term.

By letter agreement dated April 18, 2001 and effective June 4, 2001, BankAtlantic entered into an employment agreement with Lloyd DeVaux relating to his employment as Executive Vice President and Chief Information Officer. The agreement provides Mr. DeVaux with an annual base salary of \$288,750, with discretionary annual adjustments and incentive compensation based on the achievement of certain performance goals of up to 50% of base salary, which maximum incentive compensation amount was payable in full for 2002 and on a pro rata basis for 2001. Mr. DeVaux also received a one-time payment of \$100,000 and 195,000 restricted shares of the Company's Class A Stock, which restricted shares vest 10% per year for 10 years beginning one year from Mr. DeVaux's employment date, subject to acceleration in the circumstances described below. Mr. DeVaux is entitled to the dividends on all such shares as such dividends are paid. In the event of a change of control of BankAtlantic, which is defined as 50% or more of BankAtlantic's stock being acquired by a third party which did not, as of the date of Mr. DeVaux's employment, hold such stock, any unvested restricted shares vest immediately. In addition, if Mr. DeVaux resigns within one year after such change of control, or if his employment is terminated without cause prior to December 31, 2004, he will be entitled to a payment equal to two times his annual salary plus two times the higher of his preceding two years' cash incentive compensation. In the event that Mr. DeVaux's employment is terminated without cause prior to December 31, 2004, 78,000 restricted shares, in addition to those which have theretofore vested, will immediately vest. If Mr. DeVaux's employment is terminated without cause after December 31, 2004, he will be entitled to a payment equal to his annual salary plus the higher of his preceding two years' cash incentive

compensation, and 39,000 restricted shares, in addition to those which have theretofore vested, will immediately vest.

Annual Incentive Program

Each of the executive officers named in the Summary Compensation Table, above, is eligible for a bonus which is determined based upon the achievement of certain specified individual and corporate competencies or goals. These competencies and goals are established each year for each such officer, and the Compensation Committee reviews the performance of each officer against such competencies and goals each year. The amounts set forth under Bonus in the Summary Compensation Table, above, is the amount earned by each officer named in the table under this bonus program with respect to 2002.

Retirement Benefits

Alan B. Levan and John E. Abdo are participants in the Retirement Plan for Employees of BankAtlantic (the Retirement Plan), which is a defined benefit plan. Effective December 31, 1998, the Company froze the benefits under the Retirement Plan. Participants who were employed at December 31, 1998, or who had been terminated in the Company's reduction in force that took place in December 1998 became fully vested in their benefits under the Retirement Plan. While the Retirement Plan is frozen, there will be no future benefit accruals. None of the other individuals named in the Summary Compensation Table is a participant in the Retirement Plan. The Retirement Plan is designed to provide retirement income based on an employee's salary and years of active service, determined as of December 31, 1998. The cost of the Retirement Plan is paid by BankAtlantic and all contributions are actuarially determined. BankAtlantic's contributions to the Retirement Plan for benefits to be paid to Mr. Alan B. Levan and Mr. Abdo cannot readily be separated or individually calculated by the Plan's actuaries. At December 31, 1998, Mr. Alan B. Levan had 26 years of service credited under the Retirement Plan and Mr. Abdo had 14 years of service credited under the Plan.

In general, the Retirement Plan provides for monthly payments to or on behalf of each covered employee upon such employee's retirement (with provisions for early or postponed retirement), death or disability. As a result of the freezing of future benefit accruals, the amount of the monthly payments is based generally upon two factors: (1) the employee's average regular monthly compensation for the five consecutive years out of the last ten years ended December 31, 1998, or prior retirement, death or disability, that produces the highest average monthly rate of regular compensation and (2) upon the employee's years of service with BankAtlantic at December 31, 1998. Benefits are payable for the retiree's life, with ten years' worth of payments guaranteed. The benefits are not subject to any reduction for Social Security or any other external benefits.

In 1996, BankAtlantic amended the Retirement Plan and adopted a supplemental benefit for certain executives, as permitted by the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code (the Code). This was necessary because of a change in the Code that operated to restrict the amount of the executive's compensation that may be taken into account for Plan purposes, regardless of the executive's actual compensation. The intent of the supplemental benefit, when added to the regular Plan benefit, was to provide to certain executives the same retirement benefits that they would have received had the Code limits not been enacted, subject to other requirements of the Code. The approximate targeted percentage of pre-retirement compensation for which Mr. Alan B. Levan will be eligible under the Retirement Plan as a result of the supplemental benefit at age 65 is 33%. No other individuals named in the Summary Compensation Table are entitled to the supplemental benefit. The supplemental benefit also was frozen as of December 31, 1998. Because the percentage of pre-retirement compensation payable from the Retirement Plan to Mr. Alan B. Levan, including the Plan's supplemental benefit, fell short of the benefit that Mr. Alan B. Levan would have received under the Plan absent the Code limits, BankAtlantic adopted the BankAtlantic Split-Dollar Life Insurance Plan, an employee benefit plan described below.

Table of Contents

The following table illustrates annual pension benefits at age 65 for various levels of compensation and years of service at December 31, 1998, the date on which Retirement Plan benefits were frozen.

Split-Dollar Life Insurance Plan

BankAtlantic adopted the Split-Dollar Life Insurance Plan (the Split-Dollar Plan) in 1996 to provide for additional retirement benefits to Alan B. Levan, whose monthly benefits under the Retirement Plan were limited by changes to the Code. Under the Split-Dollar Plan and its accompanying agreement with Mr. Levan, BankAtlantic arranged for the purchase of an insurance policy (the Policy) insuring the life of Mr. Levan. Pursuant to its agreement with Mr. Levan, BankAtlantic will make premium payments for the Policy. The Policy is anticipated to accumulate significant cash value over time, which cash value is expected to supplement Mr. Levan's retirement benefit payable from the Retirement Plan. Mr. Levan owns the Policy but BankAtlantic will be reimbursed for the amount of premiums that BankAtlantic pays for the Policy upon the earlier of his retirement or death. The portion of the amount paid in prior years attributable to the 2000, 2001 and 2002 premiums for the Policy that is considered compensation to Mr. Levan is included in the Summary Compensation Table. The Split-Dollar Plan was not included in the freezing of the Retirement Plan and BankAtlantic has continued to make premium payments for the Policy since 1998.

Compensation Committee Interlocks and Insider Participation

The Board of Directors has designated Directors DiGiulian, Winningham, Coldren and Ginestra, none of whom are employees of the Company or any of its subsidiaries, to serve on the Compensation Committee. Director DiGiulian is of counsel to Ruden, McCloskey, a law firm to which certain of the Company's subsidiaries paid fees aggregating \$1,025,791 in 2002. The Company's executive officers are also executive officers of BankAtlantic or Levitt Corporation and are compensated by those subsidiaries, as applicable, and receive no additional compensation from the Company.

COMPENSATION COMMITTEE REPORT ON

EXECUTIVE COMPENSATION

The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

Executive Officer Compensation

The Company's compensation program for executive officers consists of three key elements: a base salary, an incentive bonus and periodic grants of stock options. In addition, a long-term incentive compensation program was formerly offered to executive officers, and Messrs. Alan B. Levan and Abdo continue to receive compensation deferred in prior years under that program. The Compensation Committee believes that this approach best serves the interests of shareholders by ensuring that executive officers are compensated in a manner that advances both the short and long term interests of the Company and its shareholders. Thus, compensation for the Company's executive officers involves a portion of pay which depends on incentive payments which are generally earned based on an assessment of performance in relation to corporate goals, and stock options, which directly relate a significant portion of an executive officer's long term remuneration to stock price appreciation realized by the Company's shareholders. Messrs. Alan B. Levan and John Abdo each hold positions in, and therefore receive compensation from, both BankAtlantic and Levitt Corporation.

Base Salary

The Company offers competitive salaries based on a review of market practices and the duties and responsibilities of each officer. In setting base compensation, the Compensation Committee periodically examines market compensation levels and trends observed in the labor market. Market information is used as an initial frame of reference for annual salary adjustments and starting salary offers. Salary decisions are determined based on an annual review by the Compensation Committee with input and recommendations from the CEO. Base salary determinations are made based on, among other things, the decision making responsibilities of each position, and the contribution, experience and work performance of each executive officer.

Annual Incentive Program

The Company's management incentive program is designed to motivate executives by recognizing and rewarding performance. The annual incentive program is a discretionary bonus plan used to compensate executives generally based on the Company's profitability and the achievement of individual performance competencies and goals. Generally, a minimum corporate profitability threshold must be achieved before any bonus will be paid.

Each participant's bonus is intended to take into account corporate and individual components, which are weighted according to the executive's sphere of responsibility. Discretionary bonuses of \$1,548,501 were paid to the named executive officers based on their individual performances during 2002.

Stock Options

Executive officers of the Company were granted stock options to purchase Class A Stock during 2002. All of the stock options were granted with an exercise price equal to at least 100% of the market value of the Class A Stock on the date of grant. The higher the trading price of the Class A Stock, the higher the value of the stock options. The granting of options is totally discretionary and options are awarded based on an assessment of an executive officer's contribution to the success and growth of the Company. Grants of stock options to executive officers, including the named executive officers (other than the CEO), are generally made upon the recommendation of the CEO based on the level of an executive's position with the Company, BankAtlantic, Levitt Corporation or Ryan Beck & Co., Inc., an evaluation of the executive's past and expected

Table of Contents

performance, the number of outstanding and previously granted options and discussions with the executive. The Board of Directors believes that providing executives with opportunities to acquire an interest in the growth and prosperity of the Company through the grant of stock options will enable the Company to attract and retain qualified and experienced executive officers and offer additional long term incentives. The Board of Directors believes that utilization of stock options more closely aligns the executives' interests with those of the Company's shareholders, since the ultimate value of such compensation is directly dependent on the stock price.

Long-Term Incentive Plan

The Long-Term Incentive Compensation Plan was formerly the primary vehicle for providing long-term compensation to those officers who had a material impact on creating shareholder value. Executive officers were eligible to receive on an annual basis, subject to five year vesting, deferred compensation if certain long-term corporate profits were achieved. No further awards are anticipated to be made under this program, and no such awards were made in 2002. Previously-earned deferred compensation in the amount of \$20,000 was paid to each of Mr. Alan B. Levan and Mr. Abdo during 2002. No amounts were paid under this plan during 2002 to any of the other named executive officers.

Compensation of the Chairman and Chief Executive Officer

As previously indicated, the Compensation Committee believes that the Company's total compensation program is appropriately based upon business performance, market compensation levels and personal performance. The Compensation Committee reviews and fixes the base salary of the CEO at both BankAtlantic and Levitt Corporation based on those factors described above for other executive officers as well as the Compensation Committee's assessment of Mr. Alan B. Levan's past performance as CEO and its expectation as to his future contributions. In 2002, Mr. Alan B. Levan received a 4% base salary increase from BankAtlantic and commenced receiving a base salary from Levitt Corporation. This increase was consistent with the increases given to other members of executive management and was considered appropriate based on Mr. Levan's efforts and contributions to the Company.

As discussed under Split-Dollar Life Insurance Plan, Mr. Alan B. Levan benefited from the establishment of a Split-Dollar Life Insurance Plan. This plan was originally established to restore retirement benefits which were limited under changes to the Internal Revenue Code (the Code). Mr. Alan B. Levan is currently the only participant under this Split-Dollar Life Insurance Plan and his 2000, 2001 and 2002 benefits are shown in the Summary Compensation Table. The Split-Dollar Plan was not included in the freezing of the pension plan.

The Compensation Committee also took note of Mr. Alan B. Levan's leadership during 2002. Specifically, it acknowledged his successful leadership in the building of the current management team, continuing to increase the visibility of and institutional interest in the Company and creating and leading BankAtlantic's branding initiative. The Committee believes that the Company's 2002 results (net earnings of \$50.3 million, an increase of 57% over the prior year) were largely the results of his efforts and awarded him an aggregate bonus of \$506,300. Future salary increases and bonuses will continue to reflect the amounts paid to chief executive officers at other public companies, as well as the Company's financial condition, operating results and attainment of strategic objectives.

Internal Revenue Code Limits on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met.

The Compensation Committee believes that it is generally in the Company's best interest to attempt to structure performance-based compensation, including stock option grants or performance-based restricted stock or restricted stock unit awards and annual bonuses, to executive officers who may be subject to

Table of Contents

Section 162(m) in a manner that satisfies the statute's requirements. However, the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet Section 162(m) standards when necessary to enable the Company to meet its overall objectives, even if the Company may not deduct all of the compensation. Accordingly, the Compensation Committee reserves the authority to approve non-deductible compensation in appropriate circumstances. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the Company's efforts, that compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The charter of the Audit Committee of the Board of Directors, as revised in March 2003, specifies that the purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibilities. The Audit Committee's primary duties and responsibilities are to:

Monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and regulatory compliance;

Monitor the qualifications, independence and performance of the Company's independent auditors and internal audit function; and

Provide an avenue of communication among the independent auditors, management, the internal auditing department and the Board of Directors.

In carrying out these responsibilities, the Audit Committee, among other things:

Monitors preparation of quarterly and annual financial reports by the Company's management;

Supervises the relationship between the Company and its independent auditors, including making decisions with respect to their appointment or removal, reviewing the scope of their audit services, approving significant non-audit services, and confirming the independence of the independent auditors; and

Oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance and conflicts of interests and review of the Company's internal auditing program.

A copy of the Audit Committee Charter is attached to this Proxy Statement as Appendix A.

The Audit Committee is currently composed of three independent directors. During 2002, the members of the Committee were Steven Coldren, Chairman, Jonathan Mariner and Charlie Winningham, II. Jonathan Mariner became Chairman of the Committee in November 2002. D. Keith Cobb became a member of the Committee in January 2003, replacing Charlie Winningham II, who resigned from the Committee effective following the Committee's March 4, 2003 meeting. The Board of Directors, in its business judgment, has determined that each Audit Committee member is independent as such term is defined by New York Stock Exchange listing standards.

The Audit Committee held eight meetings during 2002. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, management, the internal auditors and the Company's independent auditors for 2002, KPMG LLP (KPMG). The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits and met with the internal and independent auditors, with and without management present, to discuss the results of their examinations and their evaluations of the Company's internal controls. The Audit Committee also took a lead role in interviewing and reviewing presentations by all of the four major accounting firms prior to its decision in January 2003 to engage PricewaterhouseCoopers LLP for the Company's fiscal 2003 audit.

The Audit Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2002 with management, internal auditors and KPMG.

The Audit Committee also discussed with the independent auditors matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*.

Table of Contents

The Company's independent auditors also provided to the Audit Committee the written disclosures and the letter required by *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*, and the Audit Committee discussed with KPMG its independence from the Company. When considering KPMG's independence, the Audit Committee considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. The Audit Committee also reviewed, among other things, the amount of fees paid to KPMG for audit and non-audit services.

Based on these reviews and meetings, discussions and reports, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2002 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

Submitted by the Members of the Audit Committee:

Jonathan D. Mariner, Chairman

Steven M. Coldren
D. Keith Cobb

The aggregate fees for professional services rendered by KPMG in connection with their audit of the Company's consolidated financial statements, the financial statements of the Company's subsidiaries and reviews of the consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q for the 2002 fiscal year were approximately \$878,400. KPMG also served as independent auditor for BFC for the 2002 fiscal year. The aggregate fees for professional services rendered by KPMG in connection with their audit of BFC's consolidated financial statements and reviews of the consolidated financial statements included in BFC's Quarterly Reports on Form 10-Q for the 2002 fiscal year were approximately \$92,000.

All Other Fees. The aggregate fees for all other services rendered by KPMG in the 2002 fiscal year were approximately \$628,600 and can be sub-categorized as follows:

Attestation Fees. The aggregate fees for attestation services rendered by KPMG for matters such as comfort letters and consents related to SEC and other registration statements, audits of employee benefit plans, agreed-upon procedures, due diligence pertaining to acquisitions and consultation on accounting standards or transactions were approximately \$374,100.

The Audit Committee has determined that the provision of the services, other than audit services, described above are compatible with maintaining the principal independent auditor's independence.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors is not aware of any matters, other than those referred to in the accompanying Notice of Meeting, that may be brought before the Annual Meeting.

INDEPENDENT PUBLIC ACCOUNTANTS

KPMG served as the Company's independent public accountants for the year ended December 31, 2002. No representative of KPMG is expected to be present at the Annual Meeting. On January 7, 2003, the Company dismissed KPMG as its independent public accountants, effective upon completion of the audit of the fiscal year ended December 31, 2002. KPMG served as independent public accountants through the filing of all required reports covering operations for fiscal year 2002, including the Annual Report on Form 10-K. The reports of KPMG on the Company's financial statements for the past two years ended December 31, 2002 and 2001 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that in 2002, the Company changed its method of accounting for goodwill and intangible assets and for gains and losses on the extinguishment of debt and in 2001, the Company changed its method of accounting for derivative instruments and hedging activities. The decision to change accountants was approved by the Audit Committee of the Board of Directors of the Company. In connection with its audits for the two most recent fiscal years ended December 31, 2002 and 2001, and through the date of this proxy statement, there have been no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, auditing scope or procedure, which disagreements if not resolved to the satisfaction of KPMG would have caused them to make reference thereto in their report on the financial statements for such years.

PricewaterhouseCoopers LLP has been engaged by the Company's Audit Committee effective as of January 1, 2003 to serve as independent public accountants for the 2003 fiscal year. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he desires to do so, and will be available to respond to appropriate questions from shareholders. During the two most recent fiscal years and through January 7, 2003, the Company had not consulted with PricewaterhouseCoopers LLP regarding either (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304 (a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item (a)(1)(v) of Regulation S-K.

ADDITIONAL INFORMATION

Householding of Proxy Materials The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice

Table of Contents

from your broker or our transfer agent, American Stock Transfer & Trust Company (AST), that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or AST if you hold registered shares. You can notify AST by sending a written request to American Stock Transfer & Trust Company, 59 Maiden Lane Plaza Level, New York, NY 10038, attention Karen A. Lazar, Vice President.

Shareholder Proposals for the 2004 Annual Meeting. Shareholders interested in submitting a proposal for inclusion in the proxy materials for the annual meeting of shareholders in 2004 may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion, shareholder proposals must be received by the Company's Secretary no later than December 17, 2003 at the Company's main offices, 1750 East Sunrise Boulevard, Fort Lauderdale, Florida 33304. If such proposal or proposals are in compliance with applicable rules and regulations, they will be included in the Company's proxy statement and form of proxy for that meeting. Shareholder proposals submitted outside the processes of SEC Rule 14a-8 will be considered untimely if the Company does not receive notice thereof by March 1, 2004. This requirement is separate from and in addition to the SEC's requirements that a shareholder must meet in order to have a shareholder proposal included in the Company's proxy statement.

Proxy Solicitation Costs. The Company will bear the expense of soliciting proxies and of reimbursing brokers, banks and nominees for the out-of-pocket and clerical expenses of transmitting copies of the proxy materials to the beneficial owners of shares held of record by such persons. The Company does not currently intend to solicit proxies other than by use of the mail, but certain directors, officers and regular employees of the Company or its subsidiary, BankAtlantic, without additional compensation, may solicit proxies personally or by telephone, fax, special letter or otherwise.
