The Annual Meeting

As shown on the Notice of Annual Meeting, the Annual Meeting will be held on Thursday, May 13, 2004, at The Andersons Headquarters Building in Maumee, Ohio. The Corporation's Code of Regulations requires that a majority of our Common Shares be represented at the Annual Meeting, either in person or by proxy, in order to transact business.

Abstentions and broker non-votes (proxies held in street name by brokers that are not voted on all proposals) will be treated as present for purposes of determining whether a majority is represented.

Table of Contents

There were no shareholder proposals submitted for the Annual Meeting. We must receive any shareholder proposals for the 2005 Annual Meeting at our principal offices in Maumee, Ohio by December 31, 2004.

Common Shares Outstanding

On February 27, 2004, The Andersons, Inc. had issued and outstanding 7,250,791 shares of common stock.

Voting

You are entitled to one vote at the Annual Meeting for each Common Share of The Andersons, Inc. that you owned of record as of the close of business on February 27, 2004.

How to Vote Your Shares

You may vote your shares at the Annual Meeting by proxy or in person. Even if you plan to attend the meeting, we urge you to vote in advance. If your shares are recorded in your name, you may cast your vote in one of these four ways:

Vote by telephone: You can vote by phone at any time by calling the toll-free number (for residents of the U.S.) listed on your proxy card. To vote, enter the control number listed on your proxy card and follow the simple recorded instructions. **If you vote by phone, you do not need to return your proxy card.**

Vote by mail: If you choose to vote by mail, simply mark your proxy card, and then date, sign and return it in the postage-paid envelope provided.

Vote via the internet: You can vote via the internet by accessing the following website www.computershare.com/us/proxy. Follow the simple instructions and be prepared to enter the code listed on your proxy card. **If you vote via the internet, you do not need to return your proxy card.**

Vote in person at the Annual Meeting

Shareholders who hold their shares beneficially in street name through a nominee (such as a bank or a broker) may be able to vote by telephone or the Internet as well as by mail. You should follow the instructions you receive from your nominee to vote these shares.

When you vote by proxy, the shares you hold will be voted in accordance with your instructions. Your telephone or mail proxy vote will direct the designated persons (known as proxies) to vote your shares at the Annual Meeting in accordance with your instructions. The Board has designated Beverly J. McBride, John P. Kraus and Matthew C. Anderson to serve as the proxies for the Annual Meeting.

How to Revoke Your Proxy

You may revoke your proxy at any time before it is exercised by any of the following means:

Table of Contents

Notifying Beverly J. McBride, our Corporate Secretary, in writing prior to the Annual Meeting;

Submitting a later dated proxy card or telephone vote;

Attending the Annual Meeting and revoking your proxy in writing. Your attendance at the Annual Meeting will not, by itself, revoke a proxy.

Voting at the Annual Meeting

Your shares will be voted at the meeting as directed by the instructions on your proxy card or voting instructions if: (1) you are entitled to vote, (2) your proxy was properly executed, (3) we received your proxy prior to the Annual Meeting, and (4) you did not revoke your proxy prior to the meeting.

The Board's Recommendations

If you send a properly executed proxy without specific voting instructions, the designated proxies will vote your shares for the election of the nominated directors and the ratification of the independent auditors.

Votes Required to Approve Each Item

The Code of Regulations also states that the nominees for director receiving the greatest number of votes shall be elected. Therefore, abstentions and broker non-votes will not count as a vote for or against the election of directors. The ratification of independent auditors requires a majority of the common shares present and eligible to vote. A broker non-vote or abstention will count as a vote against this proposal. The approval of the 2004 Employee Share Purchase Plan requires a majority of the common shares present and eligible to vote. A broker non-vote or abstention will count as a vote against this proposal.

Where to Find Voting Results

We will announce the voting results at the Annual Meeting and will publish the voting results in the Corporation's Form 10-Q for the second quarter ended June 30, 2004. We will file that Form 10-Q with the Securities and Exchange Commission in August 2004.

Proposals

The Board has nominated ten directors each for a one-year term. The Audit Committee has hired and the Board has approved PricewaterhouseCoopers LLP as the Corporation's independent auditors for the year 2004 and recommends that you vote for their ratification. Finally, the Board has adopted a new Employee Share Purchase Plan.

Election of Directors

The Board of Directors has nominated and recommends the election of each of the nominees listed below. Each Director that is elected will serve until the next Annual Meeting or until their earlier removal or resignation. Each of the nominees listed is currently a Director of the Corporation. The Board of Directors expects all nominees named below to be available for

Table of Contents

election. In case any nominee is not available, the proxy holders may vote for a substitute, unless the Board of Directors reduces the number of directors.

The Governance / Nominating Committee recommends the election to the Board of each nominee named in this Proxy Statement. The charter for the Governance / Nominating Committee is included in this document as Appendix C. All members of the Governance / Nominating Committee are independent as defined in the listing standards of the NASDAQ.

Audit Committee Report

The Audit Committee of The Andersons, Inc. Board of Directors is comprised of three independent directors and operates under a written charter (included in Appendix A). The Audit Committee appoints, compensates and oversees the Corporation's independent auditors. The Audit Committee's appointment is presented to the shareholders in the annual proxy statement for ratification.

Management is responsible for the Corporation's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The Corporation's independent auditors are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards and for issuing their report. The Audit Committee is responsible to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management, internal audit and the independent auditors. Management represented to the Audit Committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management, internal audit and the independent auditors. The Audit Committee also discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Corporation's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence.

The Audit Committee has also reviewed the services provided by the independent auditors (as disclosed below under the caption "Audit Fees") when considering their independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

Policy on Audit Committee Pre-Approval of Services Performed by the Independent Auditors

In accordance with the Securities and Exchange Commission's rules issued pursuant to the Sarbanes Oxley Act of 2002, which were effective as of May 6, 2003 and require, among other things, that the Audit Committee pre-approve all audit and non-audit services provided by the Corporation's independent auditors, the Audit Committee has adopted a formal policy on auditor independence requiring the approval by the Audit Committee of all professional services rendered by the Corporation's independent auditors. This policy specifically pre-approves at the beginning of each fiscal year all audit and audit-related services to be provided by the independent auditor during that fiscal year within a general budget. The Audit Committee is updated as to the actual billings for these items on a quarterly basis.

Table of Contents

Tax and all other services that are permitted to be performed by the auditor, but could also be performed by other service providers, require specific pre-approval by the Audit Committee after considering other bids and the impact of these services on auditor independence. If the Audit Committee pre-approves services in these categories obtained from the independent auditor, the Audit Committee is updated on a quarterly basis as to the actual fees billed under each project.

Since May 6, 2003, 100% of the tax and other fees were pre-approved by the Audit Committee. All fees noted above were for full-time, permanent employees of PricewaterhouseCoopers LLP.

2004 Employee Share Purchase Plan

Description of the Plan

The Board of Directors adopted the 2004 Employee Share Purchase Plan (2004 ESPP) on December 12, 2003, subject to approval by shareholders. This 2004 ESPP replaces the Employee Share Purchase Plan (ESPP) adopted by shareholders in 1995. Under the original ESPP, 300,000 Common Shares were reserved for purchase by employees. Most of these 300,000 Common Shares have now been distributed and the Board wishes to terminate the ESPP and transfer any remaining Common Shares to the 2004 ESPP. The 2004 ESPP will operate under the same general terms of the ESPP.

The 2004 ESPP permits employees of the Corporation who elect to participate (Participants) to purchase Common Shares under the 2004 ESPP through payroll deductions. The purpose of the 2004 ESPP is to enable and encourage employees to acquire an ownership interest in the Corporation through the purchase of Common Shares, thereby permitting employees to share in the growth of the Corporation. The following is a summary of the principal features of the 2004 ESPP. This summary is qualified in its entirety by the terms and conditions of the 2004 ESPP itself, a copy of which is attached hereto as Appendix B.

The 2004 ESPP will be administered by the Compensation Committee, which will have the authority, subject to certain limitations, to determine eligibility for participation in the plan and to prescribe the terms and conditions under which Common Shares may be purchased under the 2004 ESPP. All employees of the Corporation will be eligible to participate in the 2004 ESPP, subject to certain tax law limitations. As of December 31, 2003, the Corporation had 1,227 full-time and 1,661 part-time or seasonal employees.

Participants may direct the deduction of a specified percentage from their eligible compensation, to be used to purchase Common Shares under the 2004 ESPP. A Participant may cease contributions, re-enroll in the 2004 ESPP, or increase or decrease the rate of contributions during any plan period in accordance with the rules and procedures prescribed by the Compensation Committee from time to time. A Participant will automatically participate in each successive plan period until the time of such Participant's withdrawal from the 2004 ESPP. All deductions made from the eligible compensation of a Participant will be credited on the records of the Corporation and used by the Corporation to effect the purchases of Common Shares under the 2004 ESPP.

Each plan period lasts twelve months, beginning on January 1 of each year and ending on the following December 31. At the beginning of each plan period, each Participant will be deemed to have been granted an option to purchase, on the last day of the plan period, Common Shares at an exercise price to be determined by the Compensation Committee, which price shall be the lesser of (i) the fair market value of the Common Shares as of the first day of such plan

Table of Contents

period or (ii) the fair market value of the Common Shares as of the last day of such plan period, in each case less a discount to market as specified by the Committee from time to time, such discount not to exceed 15%. The Corporation does not currently intend to offer a discount to market as part of the 2004 ESPP. The total amount of consideration eligible for the exercise of such deemed option will not exceed the total amount credited to such Participant's account pursuant to the 2004 ESPP for such plan period.

The Corporation will effect purchases of Common Shares under the 2004 ESPP by allocating the appropriate number of Common Shares to each Participant's share account, until the maximum number of Common Shares available under the 2004 ESPP have been issued and purchased pursuant to the 2004 ESPP's terms. Participants will have all of the rights and privileges of any shareholder with respect to such shares. Any cash dividends paid with respect to a Participant's Common Shares will be either paid to Participant or credited to such Participant's account to be used to purchase Common Shares pursuant to the 2004 ESPP. All Common Share distributions or Common Share splits will be credited to a Participant's share account, which will be administered by the Compensation Committee. All Common Share rights and warrants will be distributed to a Participant as if such Participant were the record holder of the Common Shares in his or her share account. Upon termination of the Participant's employment with the Corporation or participation in the 2004 ESPP, all Common Shares credited to such account, and all uninvested cash credited to the Participant's account will be distributed to the Participant. The Corporation will pay the costs of administering the 2004 ESPP, including the fees and expenses of auditors and counsel in connection with the 2004 ESPP.

The Corporation will not grant to any Participant any right to purchase Common Shares if the exercise of such right would cause such Participant to own five percent or more of the combined voting power or value of all classes of the Corporation's capital shares. In addition, the number of shares which may be purchased by any Participant in any plan period cannot exceed the number of shares the fair market value of which, together with the fair market value of shares previously purchased by such Participant during such calendar year, in the aggregate exceeds \$25,000. For the preceding limitation, fair market value is measured on the first day of the plan period.

Subject to the provisions of Section 423 of the Code, the Corporation has the power to amend the 2004 ESPP, in its sole discretion, at any time in any respect, except that the Corporation may not make any such amendment if it would retroactively impair or otherwise adversely affect the rights of any person to benefits that have already accrued under the 2004 ESPP.

The aggregate number of Common Shares subject to issuance under the Share Purchase Plan is 300,000, subject to adjustment in the event of a share dividend, share split or similar change plus any remaining unissued Common Shares from the original ESPP. These Common Shares may be newly issued Common Shares or may be Common Shares purchased for the 2004 ESPP on the open market at the discretion of the Corporation.

The 2004 ESPP will terminate at such time as all of the Common Shares reserved for purchase under the plan have been purchased, or at any other time at the discretion of the Board of Directors.

Federal Income Tax Consequences

The following discussion is intended only as a general summary of the federal income tax consequences arising from the purchase of Common Shares pursuant to the

Table of Contents

2004 ESPP (Plan Shares) and the subsequent disposition of such Plan Shares, as based upon the Internal Revenue Code (the Code) as currently in effect. Because federal income tax consequences will vary as a result of individual circumstances, each employee participating in the 2004 ESPP should consult his or her tax advisor with respect to the tax consequences of the purchase or disposition of Plan Shares. Moreover, the following summary relates only to Participants federal income tax treatment. The state, local and foreign tax consequences may be substantially different.

The Corporation intends the 2004 ESPP to be an employee stock purchase plan as defined in Section 423 of the Code, and plans to report the tax consequences of rights to purchase shares and the exercise of such rights pursuant to the 2004 ESPP accordingly. If the 2004 ESPP is not so qualified for any reason, including failure to receive the requisite shareholder approval, then the grant of a right to purchase Plan Shares will generally not be taxable, but Participants will recognize ordinary compensation income on the Purchase Date equal to the difference between the price paid and the fair market value of the Plan Shares on that date, and the Corporation will be entitled to a deduction for the same amount. Thereafter, a Participant will be taxed as any other investor in Common Shares, as if the Participant had purchased the Plan Shares at fair market value. Except where noted otherwise, the following discussion assumes that the 2004 ESPP is so qualified.

Under applicable provisions of the Code, Participants remain taxable on all compensation income, including the amount of payroll deductions used to purchase Plan Shares. However, assuming the 2004 ESPP is qualified pursuant to Code Section 423, Participants will not recognize taxable income, and the Corporation will not be entitled to a deduction, on the date of grant (the Grant Date) or the date of exercise (the Purchase Date) of a right to purchase Plan Shares.

The tax treatment of a Participant who sells Plan Shares (or makes a taxable exchange of Plan Shares for other property) depends on how long the Participant holds those Plan Shares, measured from the Grant Date and the Purchase Date. If a Participant sells Plan Shares more than two years after the Grant Date and more than one year after the Purchase Date, the gain or loss on such sale is computed as the difference between the price paid and the sale price. If the Plan Shares are sold at a gain, a portion of the gain will be treated as ordinary compensation income equal to the lesser of (a) the difference between the fair market value of the Plan Shares on the Grant Date and the amount paid for such Plan Shares and (b) the difference, if any, between the fair market value of the Plan Shares on the date of disposition and the amount the Participant paid for such Plan Shares. If there is additional gain (in excess of the ordinary income amount), the remaining gain will be long-term capital gain. If the Plan Shares are sold at a loss, the loss will be a capital loss, and no portion of the loss will be treated as an ordinary loss or deduction. The Corporation will not be entitled to any deduction as a result of any such sale.

If a Participant sells Plan Shares within two years after the Grant Date or within one year after the Purchase Date (a disqualifying disposition), a two-step analysis is required. First, the Participant will recognize taxable, ordinary compensation income in the year of sale equal to the difference between the fair market value of the Plan Shares on the Purchase Date and the amount paid for such Plan Shares. This amount of ordinary compensation income is then treated as an additional amount paid for the Plan Shares, so that the Participant is deemed to have purchased the Plan Shares at their fair market value on the Purchase Date. Second, capital gain or loss will be computed as the difference between the actual sale price and the deemed purchase price (i.e., the difference between the actual sale price and the fair market value on the Purchase Date). The capital gain or loss will be long-term or short-term gain or loss depending on whether the Participant held the Plan Shares for more than one year after the Purchase Date. In the case of

Table of Contents

such a disqualifying disposition, the Corporation will be entitled to a deduction in the year of sale equal to the amount the Participant reports as ordinary income.

If a Participant makes a gift or otherwise disposes of Plan Shares other than in a taxable exchange or sale, the Participant may recognize taxable, ordinary compensation income in the year of such disposition. In the case of a disposition more than two years after the Grant Date and more than one year after the Purchase Date, if the fair market value of the Plan Shares on the date of disposition is greater than the amount the Participant paid for such Plan Shares, the amount of ordinary compensation income will be the lesser of (a) the difference between the fair market value of the Plan Shares on the Grant Date and the amount paid for such Plan Shares and (b) the difference between the fair market value of the Plan Shares on the date of disposition and the amount the Participant paid for such Plan Shares. If the fair market value of the Plan Shares on the date of disposition is not greater than the amount the Participant paid for such Plan Shares, the Participant does not recognize any ordinary compensation income. In the case of such a disposition within two years after the Grant Date or within one year after the Purchase Date (a disqualifying disposition), the amount of ordinary compensation income will be the difference between the fair market value of the Plan Shares on the Purchase Date and the amount paid for such Plan Shares.

If a Participant dies while still holding Plan Shares and the fair market value of the Plan Shares on the date of death is greater than the amount the Participant paid for such Plan Shares, the tax return for the year of death must include ordinary compensation income equal to the lesser of (a) the difference between the fair market value of the Plan Shares on the Grant Date and the amount paid for such Plan Shares and (b) the difference between the fair market value of the Plan Shares on the date of death and the amount the Participant paid for such Plan Shares. If the fair market value of the Plan Shares on the date of death is not greater than the amount the Participant paid for such Plan Shares, the tax return for the year of death will not include any ordinary income relating to the Plan Shares.

Any dividends paid on Plan Shares must be reported as ordinary income in the year paid, regardless of the fact that such dividends are reinvested in additional Plan Shares. The sale of Plan Shares purchased through dividend reinvestment is subject to the income tax rules that normally apply to the sale of securities.

As discussed above, the compensation to an employee related to the purchase and disposition of Plan Shares is only deductible to the Corporation if the employee makes a disqualifying disposition of the Plan Shares.

The discussion set forth above is intended only as a summary and does not purport to be a complete enumeration or analysis of all potential tax effects relevant to Participants under the 2004 ESPP. It is accordingly recommended that all Participants consult their own tax advisors concerning federal, state, local and foreign income and other tax considerations relating to the 2004 ESPP.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires officers and directors to file reports of securities ownership and changes in such ownership with the Securities and Exchange Commission. In addition, persons that are not officers or directors but who beneficially own more than ten percent of Common Shares, must also report under Section 16(a). Copies of all Section 16(a) forms filed by officers, directors and greater-than-10% owners are required to be provided to the Corporation.

We have reviewed the reports and written representations from the executive officers and directors. Based on our review, we believe that all filing requirements were met during 2003, except for Dan Anderson filing a late Form 4 for transfers to him of non-voting shares of Richard P. Anderson, LLP.

See (b) for a discussion of the annual growth factors used in calculating potential realizable value.

(b) Potential realizable value is based on the assumed annual growth of the Corporation's Common Shares for the option term. Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is pleased to present its report on executive compensation. The Committee exercises the Board's powers in reviewing all aspects of cash and long-term compensation for executive officers and other key employees. All members of the Compensation Committee are independent as defined by the Securities and Exchange Commission and the National Association of Securities Dealers.

Compensation Philosophy. Our compensation philosophy is to endeavor to directly link executive compensation to continuous improvements in corporate performance and increases in shareholder value. We have adopted the following objectives as guidelines for compensation decisions:

Display a willingness to pay levels of compensation that are necessary to attract and retain highly qualified executives.

Be willing to compensate executive officers in recognition of superior individual performance, new responsibilities or new positions.

Take into account historical levels of executive compensation and the overall competitiveness of the market for high quality executive talent.

Implement a balance between short- and long-term compensation to complement our annual and long-term business objectives and strategy and encourage executive performance in fulfilling those objectives.

Table of Contents

Provide variable compensation opportunities based on company performance, encourage share ownership by executives and align executive compensation with the interests of shareholders.

Compensation Program Components. We regularly review our compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the Corporation's performance. Elements of the compensation program for executive officers are further explained below.

Base Salary and Bonus. Base pay levels are largely determined by evaluating the responsibilities of the position held and the experience of the individual and by comparing the salary scale with that of companies of similar size and complexity. Actual base salaries are kept within a competitive salary range for each position that is established through job evaluation and market comparisons. Our bonus program considers a portion of this base salary at risk and determines how much of the at-risk dollars are awarded each year based on both quantitative and qualitative factors.

Long-Term Compensation Plan. We sponsor a long-term performance compensation plan that provides certain employees with share options and/or share awards based both on company and individual performance. The exercise price of options is the market price of the Common Shares on the grant date. Share awards may include restrictions that require continued employment prior to vesting.

Employee Benefit Plans. We also sponsor an Employee Share Purchase Plan that allows employees to purchase Common Shares at the lower of the beginning or end of the year market price. Funding of these purchases is made through payroll deductions.

Chief Executive Officer Compensation. We set the 2003 fiscal year cash compensation for Mr. Michael J. Anderson based on past compensation practices, policies and performance. Taking these factors into account, Mr. Anderson's annual base salary was set at \$348,000 for 2003. He also received a 2003 performance bonus of \$185,000 and a January 1, 2004 grant of 33,500 options. In the future, we will continue to take responsibility for establishing the Chief Executive Officer's annual cash and equity-based compensation. In doing so, the Committee will consider a number of factors, including prior compensation arrangements, corporate performance, individual performance and competitive standards.

Summary. After our review of all existing programs, we continue to believe that the total compensation program for executives is focused on increasing shareholder value and enhancing corporate performance. We currently believe that the compensation of executive officers is properly tied to share appreciation through the Amended and Restated Long-Term Performance Compensation Plan. We also believe that executive compensation levels are competitive with the compensation programs provided by our competitors. All members of the Committee have approved this report.

Audit Committee Charter**

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its responsibilities by reviewing the financial information which will be provided to the shareholders and others, the systems of internal control which management has established, the corporate accounting and reporting practices, and the internal and external audit processes. Additionally, the Committee is to provide an open avenue of communication between management, the independent auditors, the internal auditors, and the Board of Directors.

Composition of the Audit Committee

The members and Chairman of the Committee shall be elected and the Audit Committee Financial Expert designated at the annual organizational meeting of the Board.

Meetings to Be Held

The Committee shall meet at least three times annually. During at least two of these meetings, separate executive sessions will be held with the independent auditors, management, and the audit manager to discuss any matters that the Committee or each of these groups believe should be discussed privately. Further, the Committee shall meet with the members of the disclosure committee at least annually.

In addition to the aforementioned meetings, the Chairman of the Committee, or his or her designee, shall participate in the quarterly financial review meetings held with management and the independent auditors.

5.5 Purchase of Plan Shares and Plan Account Administration.

- (a) The Company will maintain a cash account (Cash Account) and a share account (Share Account) in the name of and for the benefit of each Participant, for bookkeeping purposes only. On each payday the amount deducted from each Participant's Compensation will be credited to such Participant's Cash Account.
- (b) As of the Purchase Date(s) with respect to each Plan Period, the number of Plan Shares purchased by a Participant during a Plan Period will be determined by converting the Participant's Cash Account balance at each Purchase Date into Plan Shares, based upon the Purchase Price for the Plan Period, and subject to the annual limitation (if any), set by the Committee on the number of Plan Shares which may be purchased by any Participant, the limitations set forth in Section VII hereof, and the limitation on the aggregate number of Common Shares subject to the Plan set forth in Section 4.1 hereof. In the event purchases by Participants at a particular Purchase Date would exceed such aggregate amount of Common Shares, allocations will be made among Participants, pro rata based on the outstanding amount in such Participant's Cash Account. If the Employee's Cash Account has a positive balance at the end of the Plan Period after being reduced by the total purchase price for the Plan Shares issued, the Employee shall receive the balance in cash.
- (c) As soon as practicable after all necessary Plan Shares have been purchased by the Committee (or its agent) for the benefit of Participants, or issued by the Company to Participants, the Committee will allocate such Shares to each Participant's Share Accounts in the following manner: (i) the Committee will allocate full Plan Shares and fractional Plan Shares to the Share Accounts of the individual Participants to the extent of the balances in their respective Cash Accounts. Each Cash Account will be charged with its pro rata share of the cost to Participants of all Plan Shares so allocated.
- (d) In the event that a Participant's Cash Account is not applied toward the purchase of Plan Shares at the end of a calendar quarter during the Plan Period (as set forth in Section 5.5(b) above), it shall be applied toward the purchase of a short term interest bearing investment. Any interest earned on such investment shall be credited to each Participant's Cash Account on a reasonable basis on the last day of the Plan Period.
- (e) Cash dividends attributable to Plan Shares allocated to a Participant's Share Account as of the record date for which such cash dividend is declared will be issued a check for the amount of the allocated cash dividends. Participants can request to have shares reinvested into the Participant's Share Account by

contacting the Plan Administrator. Share dividends or share splits attributable to Plan Shares allocated to a Participant's Share Account as of the record date for which such dividend or split is declared will be credited to Participant's Share Accounts as of the effective date of such split. All other distributions attributable to Plan Shares allocated to a Participant's Share Account will be distributed to such Participant pro rata in a manner to be determined by the Pension Committee, consistent with the terms hereof; provided such manner treats all holders of Plan Shares equally with respect to such distribution. No person shall have any right to sell, assign, mortgage, pledge, hypothecate or otherwise encumber any of the Plan Shares allocated to a Participant's Share Account.

- (f) The Plan Shares (including the right to fractional shares) purchased on behalf of a Participant shall initially be registered in the name of a Nominee. Share certificates shall be issued to each Participant for the Plan Shares held on such Participant's behalf in the name of the Nominee only upon the request of such Participant, but all rights accruing to an owner of record of such Plan Shares, including, without limitation, the rights set forth in Section 5.5(e) above, shall belong to the Participant for whose account such Plan Shares are held. Cash shall be paid to Participants in lieu of issuing share certificates for fractional shares.
- (g) Notwithstanding the foregoing, a Participant may elect, as of the first day of any calendar quarter, to have some or all of the non-fractional Plan Shares previously purchased and registered in the name of the Nominee on his or her behalf registered in the name of such Participant by giving written notification of such election to the Company or Nominee, specifying the number of full shares (if fewer than all) to be registered in the name of such Participant. In such case, the number of full shares of each class of the Company's capital shares held by the Nominee on behalf of such Participant and so specified in the Participant's notice shall be transferred to and registered in the name of such Participant as soon as administratively practicable.
- (h) Upon termination of employment for any reason, the Plan Shares held by the Nominee on behalf of such Participant shall be transferred to and registered in the name of such Participant as soon as administratively practicable. Any fractional shares remaining shall be paid in cash.

5.6 *Impact of Cessation of Contributions.* In the event that a Participant elects to cease elected contributions during a Plan Period, and while an Employee of the Company, all remaining contributions credited to the Participant's Cash Account during the Plan Period and not yet used to purchase Plan Shares will be applied toward the purchase of shares at the next Purchase Date unless the Participant elects in writing to receive payment of the Cash Account balance in cash without interest payment. Such cash payment will be made as soon as administratively practical following this election.

5.7 *Termination of Employment.*

- (a) In the event of termination of employment for reasons other than death, disability or retirement (i) the Plan Shares contained in a Participant's Share Account will automatically be distributed to the Participant and (ii) the cash in such Participant's Cash Account will automatically be distributed to the Participant with no interest payment.
- (b) In the event of termination of employment due to death, disability or retirement, the Participant (or his or her beneficiary in the event of death) may elect in writing to receive his or her Cash Account balance in cash with no interest payment, or to have the balance contained in his or her Cash Account applied toward the purchase of Plan Shares on the next applicable Purchase Date.

**SECTION VI
Rights Not Transferable**

The rights and interests of any Participant in the Plan, including any right to purchase Plan Shares, shall not be transferable other than by will or the applicable laws of descent and distribution and any such right to purchase shall be exercisable only during the lifetime of such Participant, and then only by such Participant.

**SECTION VII
Limitations on Share Ownership**

Notwithstanding any provision herein to the contrary, no Participant shall have a right to purchase Plan Shares if:

- (a) such Participant would, immediately after electing to purchase such shares, own Common Shares possessing 5% or more of the total combined voting power or value of all classes of capital shares of the Company or of any of its Subsidiaries, as defined by Section 424(f) of the Code; or

**The Andersons, Inc.
2004 Employee Share Purchase Plan**

(b) the rights of such Participant to purchase Plan Shares would accrue at a rate that exceeds \$25,000 of Fair Market Value of such Plan Shares (determined at the time or times such rights are granted) for each calendar year for which such rights are outstanding at any time.

For purposes of the foregoing clause (a), ownership of Common Shares shall be determined by the attribution rules of Section 424(d) of the Code and Participants shall be considered to own any Common Shares which they have a right to purchase under the Plan or any other share option agreement with the Company or its Subsidiary.

**SECTION VIII
Miscellaneous Provisions**

- 8.1 *Continued Employment.* Nothing in the Plan shall be construed to give any employee the right to be retained in the employ of the Company or a Subsidiary or to affect the right of the Company or any Subsidiary or a Participant to terminate such employment at any time with or without cause.
- 8.2 *Rights as Shareholder.* A Participant shall have no rights as a shareholder with respect to any Plan Shares which he or she may have a right to purchase under the Plan until the date such shares are registered in the name of such Participant or in the name of a Nominee on behalf of such Participant.
- 8.3 *Rights to Purchase Shares.* Each right to purchase Plan Shares under the Plan shall be subject to the requirement that if at any time the Committee or the Pension Committee shall determine that the listing, registration or qualification of such right to purchase or the Plan Shares subject thereto upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, such right to purchase or the issue of Plan Shares pursuant thereto, then, anything in the Plan to the contrary notwithstanding, no such right to purchase may be exercised in whole or in part, and no Plan Shares shall be issued, unless such listing, registration, qualification, consent or approval shall have been effected or obtained free from any conditions not reasonably acceptable to the Committee and the Pension Committee. the Pension Committee is authorized upon the advice of counsel to make such amendments to the Plan as may be necessary or desirable to facilitate obtaining an effective registration statement with the Securities and Exchange Commission under the Securities Act of 1933, as amended, covering Plan Shares issued pursuant hereto.
