- (a) Non-income producing security.
- (f) All or a portion of the security has been segregated as collateral for an open futures contract.
- (g) The rate shown represents a weighted average coupon rate on settled positions at period end.
- (i) Interest only security for which the trust receives interest on notional principal (Par amount on notional principal and does not reflect the cost of the security).
- (k) As of January 31, 2007, the trust held securities fair valued in accordance with the policies of the Trustee, aggregating \$484,636,050 and 91.26% of market value. An independent pricing service valued 89.95% of the market value.
- (n) Securities exempt from registration under Rule 144A of the Securities Act of 1933. These securities are sold in the ordinary course of business in transactions exempt from registration, normally to qualified institutional investors. At period end, the aggregate value of these securities was \$56,517,396, representing 10.6% of net assets.
- (r) Remaining maturities of floating rate loans may be less than stated maturities shown as a result of prepayments by the borrower. Such prepayments cannot be predicted with certainty. These loans are sold on resale. Floating rate loans generally have rates of interest which are determined periodically as the lending rate plus a premium.
- (y) The rate shown represents an annualized yield at time of purchase.
- (z) Restricted securities are not registered under the Securities Act of 1933 and are subject to resale restrictions. These securities generally may be resold in transactions exempt from registration or to the public if subsequently registered. Disposal of these securities may involve time-consuming negotiations and an acceptable price may be difficult. The trust holds the following restricted securities:
